Item 1. Security and Issuer.

This statement relates to the common stock, \$2.50 par value (the "Common Stock"), of Eastman Kodak Company, a New Jersey corporation ("the Issuer"), whose principal executive offices are located at 343 State Street, Rochester, NY 14650.

Item 2. Identity and Background.

This statement is filed by Franklin Mutual Advisers, LLC ("FMA").

The principal business address of FMA is 101 John F. Kennedy Parkway, Short Hills, NJ 07078. FMA is an investment adviser registered with the U.S. Securities and Exchange Commission and investment adviser to Franklin Mutual Series Fund. FMA is a Delaware limited liability company.

The names, addresses, principal occupations and citizenship of each executive officer and director and each controlling person, if any, of FMA are set forth in Exhibit A attached hereto.

Neither FMA nor, to the best of its knowledge, any of the persons listed in Exhibit A has, during the last five years, been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors) or been a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, Federal or State securities laws or finding any violation with respect to such laws.

Item 3. Source and Amount of Funds or Other Consideration.

The securities reported in Item 5 as beneficially owned by FMA were acquired with funds of approximately \$259.2 million (including brokerage commissions), all of which funds were provided from investment capital of certain of FMA's respective investment management clients (the "Investment Management clients").

Item 4. Purpose of Transaction.

FMA purchased the Common Stock in the ordinary course of business for its Investment Management clients for the purpose of investment.

On June 17, 2008, FMA sent a letter to the Issuer's Board (the "June 17 letter", a copy of which is attached as Exhibit C hereto) suggesting that the Issuer should return its substantial excess cash to shareholders rather than make a potentially dilutive acquisition. On June 24, 2008, the Issuer announced a \$1 billion share repurchase program, over half of which would be funded by additional cash (not already reflected on the balance sheet) resulting from a tax settlement with the IRS. Consistent with the recommendations made in the June 17 letter, FMA believes that the \$1 billion share repurchase program needs to be expanded and/or supplemented to provide an additional return of capital to shareholders.

Other than as described above, FMA does not currently have any plans or proposals that relate to or would result in any of the actions described in paragraphs (a) through (j) of the instructions to Item 4 of Schedule 13D. FMA may in the future purchase additional shares of Common Stock or other securities of the Issuer, in the open market, in privately-negotiated purchases or otherwise, or sell some or all of its Common Stock.

Item 5. Interest in Securities of the Issuer.

(a), (b) Certain Investment Management clients of FMA own 15,575,778 shares of Common Stock. Investment management contracts with FMA's Investment Management clients grant to FMA sole voting and investment discretion over the securities owned by the Investment Management clients. Therefore, FMA may be deemed to be, for purposes of Regulation 13D-G under the Act, the beneficial owner of 15,575,778 shares, representing approximately 5.4% of the outstanding shares of Common Stock.

FMA is a limited liability company, the managing member and sole member of which is Franklin/Templeton Distributors, Inc., which in turn is a wholly-owned subsidiary of Franklin Resources, Inc. ("FRI"). Beneficial ownership by investment management subsidiaries and other affiliates of FRI is being reported in conformity with the guidelines articulated by the SEC staff in Release No. 34-39538 (January 12, 1998) relating to organizations, such as FRI, where related entities exercise voting and investment powers over the securities being reported independently from each other. The voting and investment powers held by FMA are exercised independently from FRI (FMA's parent holding company) and from all other investment management subsidiaries of FRI (FRI, its affiliates and investment management subsidiaries other than FMA are, collectively, "FRI affiliates"). Furthermore, internal policies and procedures of FMA and FRI establish informational barriers that prevent the flow between FMA and the FRI affiliates of information that relates to the voting and investment powers over the securities owned by their respective Investment Management clients. Consequently, FMA and the FRI affiliates report the securities over which they hold investment and voting power separately from each other for purposes of Section 13 of the Act.

Charles B. Johnson and Rupert H. Johnson, Jr. (the "Principal Shareholders") each own in excess of 10% of the outstanding common stock of FRI and are the principal stockholders of FRI. However, because FMA exercises voting and investment powers on behalf of its Investment Management clients independently of FRI, the Principal Shareholders, and their respective affiliates, beneficial ownership of the securities being reported by FMA is being attributed only to FMA. FMA disclaims any pecuniary interest in any of the Securities. In addition, the filing of this statement on behalf of FMA should not be construed as an admission that it is, and it disclaims that it is, the beneficial owner, as defined in Rule 13d-3, of any of the Securities.

Furthermore, FMA believes that it is not a "group" with FRI, the Principal Shareholders, or their respective affiliates within the meaning of Rule 13d-5 under the Act and that none of them are otherwise required to attribute to each other the beneficial ownership of the Securities held by any of them or by any persons or entities for whom or for which FRI subsidiaries provide investment management services.

(c) Other than the transactions described in Exhibit B of this statement, neither FMA nor, to the best of its knowledge, any of the persons listed in Exhibit A, have effected any transactions in the Common Stock during the 60-day period preceding the date this statement was filed.

(d) No person other than the Investment Management clients of FMA is known to have the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, the securities being reported herein.

(e) Not applicable.

Item 6. Contracts, Arrangements, Understandings or Relationships With Respect to Securities of the Issuer.

Not applicable.

Item 7. Material to be Filed as Exhibits.

[FRANKLIN MUTUAL ADVISERS, LLC LETTERHEAD]

June 17, 2008

Presiding Director
Eastman Kodak Co.
P.O. Box 92818,
Rochester, NY 14650

Copy via email to: presiding-director@kodak.com

To the Board of Directors of Eastman Kodak:

Franklin Mutual Advisers is investment adviser to accounts that own in excess of 14 million shares of Eastman Kodak.

Our interest in Kodak has been stimulated by your multi-year restructuring program that has yet to deliver value to shareholders either in the form of earnings per share growth or total return to shareholders. In fact, since 2003 shareholders have experienced a share price decline of greater than 60% as well as a significant dividend cut. Perhaps it should not be a surprise to see that in the first quarter of 2008, each of the top five shareholders of the company has been a seller of the shares—not much of a statement of confidence from its largest owners.

The Board has before it an enormous opportunity to act in the interests of its shareholders and begin to stem the loss of confidence in management and the Board. As of the end of the first quarter of 2008, the company had \$2.2 billion of cash. Given management's track record, shareholders and prospective investors are legitimately concerned that a dilutive, over-priced acquisition is in the offing. We suggest that this cash could, and should, be returned to shareholders via a \$6 per share special dividend or Dutch auction. The Dutch auction option could retire almost 50% of the outstanding shares. Even with a cash distribution of this magnitude (and according to the company's own projections), this would leave the company a cash cushion of approximately \$500 million and total debt to EBITDA coverage of approximately 3.0 times.

We are hard pressed to see how any potential acquisition could be more compelling than a repurchase of the company's own shares at this time. If that is not the case, management owes a comprehensive explanation to its owners about the merits of the extensive, expensive and extremely time consuming restructuring efforts over the last five years. This company's track record certainly does not indicate that it has the experience or expertise at this juncture to add value via the major acquisition route.

We would be happy to elaborate our views on this at your convenience and can be reached by telephone at (973) 912-2048 or by fax at (973) 921-8655.

Sincerely yours,

Peter A. Langerman
Chief Executive Officer
