EASTMAN KODAK COMPANY
NOTES TO FINANCIAL STATEMENTS (Unaudited)

NOTE 1: BASIS OF PRESENTATION AND RECENT ACCOUNTING PRONOUNCEMENTS

BASIS OF PRESENTATION

The consolidated interim financial statements are unaudited, and certain information and footnote disclosures related thereto normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) have been omitted in accordance with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. In the opinion of management, the accompanying unaudited consolidated interim financial statements reflect all adjustments necessary to present fairly the results of operations, financial position and cash flows of Eastman Kodak Company (“EKC” or the “Company”) and all companies directly or indirectly controlled, either through majority ownership or otherwise, (collectively, “Kodak”). The results of operations for the interim periods are not necessarily indicative of the results for the entire fiscal year. These consolidated interim financial statements should be read in conjunction with Kodak’s Annual Report on Form 10-K for the year ended December 31, 2012.

Effective August 31, 2013, Kodak sold certain utilities and related facilities and entered into utilities supply and servicing arrangements with RED-Rochester, LLC (“RED”), a variable interest entity (“VIE”). Kodak determined that it was the primary beneficiary of the VIE. Therefore, Kodak consolidated RED’s assets, liabilities, and results of operations, which are immaterial to Kodak’s financial position as of August 31, 2013 and September 30, 2013 and Kodak’s results of operations and cash flows for the one month ended September 30, 2013.

On January 19, 2012 (the “Petition Date”), the Company and its U.S. subsidiaries (collectively, the “Debtors”) filed voluntary petitions for relief (the “Bankruptcy Filing”) under chapter 11 of the United States Bankruptcy Code (the “Bankruptcy Code”) in the United States Bankruptcy Court for the Southern District of New York (the “Bankruptcy Court”). The cases (the “Chapter 11 Cases”) were jointly administered as Case No. 12-10202 (ALG) under the caption “In re Eastman Kodak Company”. The Debtors operated their businesses as “debtors-in-possession” under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of chapter 11 of the Bankruptcy Code and the orders of the Bankruptcy Court until their emergence from bankruptcy. The Company’s foreign subsidiaries (collectively, the “Non-Filing Entities”) were not part of the Chapter 11 Cases, and continued to operate in the ordinary course of business.

Upon emergence from bankruptcy on September 3, 2013, Kodak adopted fresh-start accounting which resulted in Kodak becoming a new entity for financial reporting purposes. Kodak applied fresh start accounting as of September 1, 2013. As a result of the application of fresh start accounting and the effects of the implementation of the plan of reorganization, the financial statements on or after September 1, 2013 are not comparable with the financial statements prior to that date. Refer to Note 3, “Fresh Start Accounting” for additional information.

Subsequent to the Petition Date, all expenses, gains and losses directly associated with the reorganization proceedings are reported as Reorganization items, net in the accompanying Consolidated Statement of Operations. In addition, Liabilities subject to compromise during the chapter 11 proceedings were distinguished from liabilities of the Company’s foreign subsidiaries that were not part of the Chapter 11 Cases, fully-secured liabilities that were not expected to be compromised and from post-petition liabilities in the accompanying Consolidated Statement of Financial Position.

The accompanying consolidated financial statements have been prepared assuming that Kodak will continue as a going concern and contemplate the realization of assets and the satisfaction of liabilities in the normal course of business. During the chapter 11 proceedings, Kodak’s ability to continue as a going concern was contingent upon its ability to comply with the financial and other covenants contained in its debtor-in-possession credit agreements, the Bankruptcy Court’s approval of Kodak’s plan of reorganization and Kodak’s ability to successfully implement the plan of reorganization, among other factors. As a result of the execution of the plan of reorganization there is no longer substantial doubt about Kodak’s ability to continue as a going concern.

References to “Successor” or “Successor Company” relate to the financial position and results of operations of the reorganized Kodak subsequent to September 1, 2013. References to “Predecessor” or “Predecessor Company” refer to the financial position and results of operations of Kodak prior to September 1, 2013.

[Table of Contents](#)

Certain amounts for prior periods have been reclassified to conform to the current period classification due to the presentation of discontinued operations, assets held for sale, to reflect workers compensation obligations gross of recoveries, and for a change in the segment measure of profitability. Refer to Note 22, “Segment Information” and Note 24, “Discontinued Operations” for additional information.

RECENTLY ADOPTED ACCOUNTING PRONOUNCEMENTS

In February 2013, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2013-02, “Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income.” ASU No. 2013-02 requires presentation of reclassification adjustments from each component of Accumulated other comprehensive income either in a single note or parenthetically on the face of the financial statements, for those amounts required to be reclassified into net income in their entirety in the same reporting period. For amounts that are not required to be reclassified in their entirety in the same reporting period, cross-reference to other disclosures is required. The changes to the Accounting Standards Codification (“ASC”) as a result of this update are effective prospectively for interim and annual periods beginning after December 15, 2012 (January 1, 2013 for Kodak). The adoption of this guidance required changes in presentation only and did not have an impact on Kodak’s Consolidated Financial Statements.

In July 2012, the FASB issued ASU No. 2012-02, “Intangibles-Goodwill and Other (ASC Topic 350) – Testing Indefinite-Lived Intangible Assets for Impairment.” ASU No. 2012-02 amends the impairment test for indefinite-lived intangible assets by allowing companies to first assess the qualitative factors to determine if it is more likely than not that an indefinite-lived intangible asset might be impaired as a basis for determining whether it is necessary to perform the quantitative impairment test. The changes to the ASC as a result of this update are effective prospectively for annual and interim impairment tests performed for fiscal years beginning after September 15, 2012 (January 1, 2013 for Kodak). The adoption of this guidance did not impact Kodak’s Consolidated Financial Statements.

In December 2011, the FASB issued ASU No. 2011-10, “De-recognition of In-Substance Real Estate – a Scope Clarification,” which amends ASC Topic 360, “Property, Plant and Equipment.” ASU No. 2011-10 states that when an investor ceases to have a controlling financial interest in an entity that is in-substance real estate as a result of a default on the entity’s nonrecourse debt, the investor should apply the guidance under ASC Subtopic 360-20, Property, Plant and Equipment – Real Estate Sales to determine whether to derecognize the entity’s assets (including real estate) and liabilities (including the nonrecourse debt). The changes to the ASC as a result of this update are effective prospectively for deconsolidation events occurring during fiscal years, and interim periods within those years, beginning on or after June 15, 2012 (January 1, 2013 for Kodak). The adoption of this guidance did not impact Kodak’s Consolidated Financial Statements.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In July 2013, the FASB issued ASU No. 2013-11, “Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists”. The ASU provides that a liability related to an unrecognized tax benefit would be offset against a deferred tax asset for a net operating loss carryforward, a similar tax loss or a tax credit carryforward if such settlement is required or expected in the event the uncertain tax position is disallowed. In that case, the liability associated with the unrecognized tax benefit is presented in the financial statements as a reduction to the related deferred tax asset for a net operating loss carryforward, a similar tax loss or a tax credit carryforward. In situations in which a net operating loss carryforward, a similar tax loss or a tax credit carryforward is not available at the reporting date under the tax law of the jurisdiction or the tax law of the jurisdiction does not require, and the entity does not intend to use, the deferred tax asset for such purpose, the unrecognized tax benefit will be presented in the financial statements as a liability and will not be combined with deferred tax assets. The guidance is effective prospectively for fiscal years and interim periods within those years beginning after December 15, 2013 (January 1, 2014 for Kodak). The guidance will not have an impact on Kodak’s Consolidated Financial Statements.

In March 2013, the FASB issued ASU No. 2013-05, “Foreign Currency Matters (Topic 830)—Parent’s Accounting for the Cumulative Translation Adjustment upon De-recognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity or of an Investment in a Foreign Entity.” ASU No. 2013-05 specifies that a cumulative translation adjustment (CTA) should be released into earnings when an entity ceases to have a controlling financial interest in a subsidiary or group of assets within a consolidated foreign entity and the sale or transfer results in the complete or substantially complete liquidation of the foreign

[Table of Contents](#)

entity. For sales of an equity method investment that is a foreign entity, a pro-rata portion of CTA attributable to the investment would be recognized in earnings upon sale of the investment. When an entity sells either a part or all of its investment in a consolidated foreign entity, CTA would be recognized in earnings only if the sale results in the parent no longer having a controlling financial interest in the foreign entity. The changes in the ASC are effective prospectively for annual and interim periods beginning after December 15, 2013 (January 1, 2014 for Kodak). Kodak does not expect the adoption of the guidance will have a material impact on its Consolidated Financial Statements.

In February 2013, the FASB issued ASU No. 2013-04, "Liabilities (Topic 405)—Obligations Resulting from Joint and Several Liability Arrangements for Which the Total Amount of the Obligation Is Fixed at the Reporting Date." ASU No 2013-04 requires an entity to measure obligations resulting from joint and several liability arrangements for which the total amount of the obligation within the scope of this guidance is fixed at the reporting date, as the sum of the following: the amount the reporting entity agreed to pay on the basis of its arrangement among its co-obligors and any additional amount the reporting entity expects to pay on behalf of its co-obligors. The guidance in this ASU also requires an entity to disclose the nature and amount of the obligation as well as other information about those obligations. The amendments in this update are effective retrospectively for fiscal years, and interim periods within those years, beginning after December 15, 2013 (January 1, 2014 for Kodak). Kodak does not expect the adoption of the guidance will have a material impact on its Consolidated Financial Statements.

NOTE 2: EMERGENCE FROM VOLUNTARY REORGANIZATION UNDER CHAPTER 11 PROCEEDINGS

PLAN OF REORGANIZATION

On August 23, 2013, the Bankruptcy Court entered an order (the "Confirmation Order") confirming the revised First Amended Joint Chapter 11 Plan of Reorganization of Eastman Kodak Company and its Debtor Affiliates (the "Plan"). On September 3, 2013 (the "Effective Date"), the Plan became effective and the Debtors emerged from the Chapter 11 Cases.

Backstop Commitment Agreement and Rights Offering

On June 26, 2013, the Bankruptcy Court approved the Company's entry into a backstop commitment agreement (the "Backstop Commitment Agreement") with GSO Capital Partners LP, on behalf of various managed funds, BlueMountain Capital Management, LLC, on behalf of various managed funds, George Karfunkel, United Equities Commodities Company, Momar Corporation and Contrarian Capital Management, LLC, on behalf of Contrarian Funds, LLC (collectively, the "Backstop Parties"), associated with rights offerings to offer eligible creditors, including the Backstop Parties, up to 34 million shares of common stock for the per share purchase price of \$11.94, or an aggregate purchase price of approximately \$406 million.

A portion of the shares issued in the rights offerings are restricted securities for purposes of Rule 144 under the Securities Act of 1933 and may not be offered, sold or otherwise transferred absent registration under the Securities Act of 1933 or an applicable exemption from registration requirements. The shares issued to participants in the rights offerings were issued in reliance upon the exemption from registration under the Securities Act of 1933 provided by Regulation D thereunder and/or Section 4(a)(2) thereof; or under Section 1145 of the Bankruptcy Code as securities of a debtor issued principally in exchange for claims against a debtor and partly in exchange for cash pursuant to a plan of reorganization, the Backstop Commitment Agreement and the rights thereunder are further described in Kodak's Form 8-K filed June 21, 2013 with the Securities and Exchange Commission.

Registration Rights Agreement

On the Effective Date, the Company and the Backstop Parties executed a registration rights agreement (the "Registration Rights Agreement"). The Registration Rights Agreement, among other rights, provides the Backstop Parties with certain registration rights with respect to the common stock.

Following the earlier of the filing of Kodak's annual report on Form 10-K as of and for the year ending December 31, 2013 or June 30, 2014, stockholders holding registrable securities representing 25% of the outstanding common stock as of the Effective Date may require the Company to facilitate a registered offering of registrable securities; provided that if such registration has not been consummated prior to the second anniversary of the Effective Date, stockholders holding registrable securities representing 10% of the outstanding common stock as of the Effective Date may require the Company to facilitate such an offering (such offering, the "Initial Registration"). The registrable securities requested to be sold in the initial registration must have an aggregate market value of at least \$75 million.

Following the initial registration, stockholders holding 10% or more of the outstanding registrable securities may demand that the Company file a shelf registration statement and effectuate one or more takedowns off of such shelf, or, if a shelf is not available, effectuate one or more stand-alone registered offerings, provided that such non-shelf registered offerings or shelf takedowns may not be requested more than four times and, in each case, shall include shares having an aggregate market value of at least \$75 million. Beginning on the second anniversary of the Effective Date, upon request of a stockholder, the Company shall amend its existing shelf registration statement to register additional registrable securities as set forth in the Registration Rights Agreement. Stockholders also have the right to include their registrable securities in the initial registration or any other non-shelf registered offering or shelf takedown of the common stock by the Company for its own account or for the account of any holders of common stock.

KPP Global Settlement

The Company had previously issued (pre-petition) a guarantee to Kodak Limited (the "Subsidiary") and KPP Trustees Limited ("KPP" or the "Trustee"), as trustee for the U.K. Pension Plan. Under that arrangement, EKC guaranteed to the Subsidiary and the Trustee the ability of the Subsidiary, only to the extent it became necessary to do so, to (1) make contributions to the U.K. Pension Plan to ensure sufficient assets existed to make plan benefit payments, as they became due, if the Subsidiary otherwise would not have sufficient assets and (2) make contributions to the U.K. Pension Plan such that it would achieve fully funded status by the funding valuation for the period ending December 31, 2022.

The Subsidiary agreed to make certain contributions to the U.K. Pension Plan as determined by a funding plan agreed to by the Trustee. The Subsidiary did not pay the annual contributions due by the funding plan for 2012 or 2013. The Trustee asserted an unsecured claim against the Company of approximately \$2.8 billion under the guarantee. The Subsidiary also asserted an unsecured claim under the guarantee for an unliquidated amount. The Trustee also asserted an unliquidated claim against all Debtors, as financial support direction and contribution notice claims.

Table of Contents

On April 26, 2013, Eastman Kodak Company, the Trustee, Kodak Limited and certain other Kodak entities entered into a global settlement agreement (the “Global Settlement”) that resolved all liabilities of Kodak with respect to the U.K. Pension Plan. The Global Settlement also provided for the acquisition by KPP and/or its subsidiaries of certain assets, and the assumption by KPP and/or its subsidiaries of certain liabilities of Kodak’s Personalized Imaging and Document Imaging businesses (together the “Business”) under a Stock and Asset Purchase Agreement dated April 26, 2013 (the “SAPA”). The underfunded position of the U.K. Pension Plan of approximately \$1.5 billion was included in Liabilities held for sale presented in the Consolidated Statement of Financial Position as of December 31, 2012.

On August 30, 2013, the Company entered into an agreement (the “Amended SAPA”) amending and restating the SAPA. The Amended SAPA provides for, among other things, a series of deferred closings that will take place in certain foreign jurisdictions following the initial closing under the Amended SAPA. The deferred closings will implement the legal transfer of the Business to KPP subsidiaries in the deferred closing foreign jurisdictions in accordance with local law. Pursuant to the Amended SAPA, Kodak will operate the Business relating to the deferred closing jurisdictions, subject to certain covenants, until the applicable deferred closing occurs, and will deliver to (or receive from) a KPP subsidiary at each deferred closing a payment reflecting the actual economic benefit (or detriment) to the Business in the applicable deferred closing jurisdiction(s) from September 1, 2013 through the time of the applicable deferred closing. Up to the time of the deferred closing, the results of the operations of the Business will be reported as Earnings (loss) from discontinued operations, net of income taxes in the Consolidated Statement of Operations and the assets and liabilities of the Business will be categorized as Assets held for sale or Liabilities held for sale in the Consolidated Statement of Financial Position, as appropriate.

On the Effective Date, the following occurred pursuant to the Amended SAPA and Global Settlement:

- The acquisition by KPP Holdco Limited (“KPP Holdco”), a wholly owned subsidiary of KPP, and certain direct and indirect subsidiaries of KPP Holdco (together with KPP Holdco, the “KPP Purchasing Parties”), of certain assets of the Business, and the assumption by the KPP Purchasing Parties of certain liabilities of the Business, for a total purchase price, exclusive of the assumption of liabilities, of \$650 million, of which a gross \$525 million was paid in cash (net cash consideration of \$325 million) and the balance of which was settled by a \$125 million note issued by the KPP (the “KPP Note”).
 - The KPP Note was cancelled after being assigned by the Company to the Subsidiary and subsequently assigned by the Subsidiary to KPP as settlement, by way of setoff, of an equal amount of outstanding pension liabilities of the Subsidiary to KPP.
 - The cash consideration was comprised of \$325 million sourced from assets of the U.K. Pension Plan and \$200 million sourced from a payment by the Subsidiary to KPP as payment for outstanding pension liabilities of the Subsidiary to KPP.
 - Up to \$35 million in aggregate of the purchase price is subject to repayment to KPP if the Business does not achieve certain annual adjusted EBITDA targets over the four-year period ending December 31, 2018.

SECTION 363 ASSET SALES

On February 1, 2013, Kodak entered into a series of agreements related to the monetization of certain of its intellectual property assets, including the sale of its digital imaging patents. Under these agreements, Kodak received approximately \$530 million, a portion of which was paid by twelve licensees that received a license to the digital imaging patent portfolio and other patents owned by Kodak. Another portion was paid by Intellectual Ventures Fund 83 LLC (“Intellectual Ventures”) and Apple, Inc., each of which acquired a portion of the digital imaging patent portfolio, subject to the licenses granted to the twelve new licensees, and previously existing licenses. In addition, Kodak retained a license to the digital imaging patents for its own use. In connection with this transaction, the Company entered into a separate agreement with FUJIFILM Corporation (“Fuji”) whereby, among other things, Fuji granted Kodak the right to sub-license certain Fuji patents to businesses Kodak ultimately sold as part of the Plan. The Debtors also agreed to allow Fuji a general unsecured claim against the Debtors in the amount of \$70 million that was discharged pursuant to the terms of the Plan.

EASTMAN BUSINESS PARK SETTLEMENT AGREEMENT

On June 17, 2013 the Company, the New York State Department of Environmental Conservation and the New York State Urban Development Corporation, d/b/a Empire State Development entered into a settlement agreement, subsequently amended on August 6, 2013 (the "Amended EBP Settlement Agreement"), which resolves certain of the Company's historical environmental liabilities at Eastman Business Park ("EBP") through the establishment of a \$49 million environmental remediation trust (the "EBP Trust"). Upon the satisfaction or waiver of certain conditions, (i) the EBP Trust will be responsible for investigation and remediation at EBP arising from the Company's historical environmental liabilities in existence prior to the effective date of the EBP Settlement, (ii) the Company will fund the EBP Trust with a \$49 million payment and transfer of certain equipment and fixtures used for remediation at EBP, and (iii) in the event the historical liabilities exceed \$99 million, the Company will become liable for 50% of the portion above \$99 million.

Approximately \$31 million was already held in a separate trust to support the environmental liabilities related to EBP and is recorded within Other long-term assets in Kodak's Consolidated Statement of Financial Position. An escrow account of \$18 million was established on the Effective Date for the balance of the EBP Trust obligation and is reported within Restricted cash in Kodak's Consolidated Statement of Financial Position. The Amended EBP Settlement Agreement is not yet effective and is subject to the satisfaction or waiver of certain conditions including the receipt of a covenant not to sue from the U.S. Environmental Protection Agency with respect to liabilities that are addressed in the Amended EBP Settlement Agreement.

OTHER POSTEMPLOYMENT BENEFITS

On November 7, 2012, the Bankruptcy Court entered an order approving a settlement agreement between the Debtors and the Official Committee of Retired Employees appointed by the U.S. Trustee under the chapter 11 proceedings (the "Retiree Committee"). Under the settlement agreement, the Debtors no longer provide retiree medical, dental, life insurance and survivor income benefits to current and future retirees after December 31, 2012 (other than COBRA continuation coverage of medical and/or dental benefits or conversion coverage as required by applicable benefit plans or applicable law), and the Retiree Committee established a trust from which some limited benefits for some retirees may be provided after December 31, 2012. The trust or related account was funded by the following contributions from the Debtors: \$7.5 million in cash paid by the Company in the fourth quarter of 2012, an administrative claim against the Debtors in the amount of \$15 million that was paid on the Effective Date, and a general unsecured claim against the Debtors in the amount of \$635 million that was discharged upon emergence pursuant to the terms of the Plan.

RETIREES' SETTLEMENT

The Debtors' estimated allowed claims for pre-petition obligations for the Kodak Excess Retirement Income Plan (the "KERIP"), the Kodak Unfunded Retirement Income Plan (the "KURIP"), the Kodak Company Global Pension Plan for International Employees, and individual letter agreements with certain current and former employees that provided for supplemental non-qualified pension benefits have been reported as Liabilities subject to compromise in the accompanying Consolidated Statement of Financial Position during the chapter 11 proceedings.

On April 30, 2013, Eastman Kodak Retirees Association Ltd. and certain holders of KERIP and KURIP claims (together with the Debtors, the "Settlement Parties") filed a motion (the "Motion") requesting that the Bankruptcy Court appoint a committee pursuant to section 1102(a)(2) of the Bankruptcy Code, to represent the interests of the holders of the KERIP and KURIP claims, and asserted that they and certain other holders of the KERIP and KURIP claims disagreed with the underlying discount rates and mortality tables used by the Debtors to calculate the KERIP and KURIP estimated allowed claim amounts. Subsequent to the filing of the Motion, the Settlement Parties entered into a stipulation (the "Stipulation") approved by an order of the Bankruptcy Court, which became effective on July 18, 2013, for a total allowed claim of approximately \$244 million. During August 2013 a provision for expected allowed claims of approximately \$27 million was reflected in Reorganization Items, net in the accompanying Consolidated Statement of Operations to increase the recorded liability to what was ultimately agreed to in the Stipulation.

On the Effective Date, the claim was discharged upon emergence pursuant to the terms of the Plan.

NOTE 3: FRESH START ACCOUNTING

In connection with the Company's emergence from chapter 11 Kodak applied the provisions of fresh start accounting to its financial statements as (i) the holders of existing voting shares of the Predecessor Company received less than 50% of the voting shares of the emerging entity and (ii) the reorganization value of Kodak's assets immediately prior to confirmation was less than the post-petition liabilities and allowed claims. Kodak applied fresh start accounting as of September 1, 2013.

Upon the application of fresh start accounting, Kodak allocated the reorganization value to its individual assets based on their estimated fair values. Reorganization value represents the fair value of the Successor Company's assets before considering liabilities. The excess reorganization value over the fair value of identified tangible and intangible assets is reported as goodwill.

Reorganization Value

In support of the Plan, the enterprise value of the Successor Company was estimated to be in the range of \$875 million to \$1.4 billion. Based on the estimates and assumptions used in determining the enterprise value, as further discussed below, Kodak estimated the enterprise value to be \$1 billion.

In order to determine the reorganization value, Kodak estimated the enterprise value of the Successor Company utilizing the guideline public company method and discounted cash flow method. The use of each approach provides corroboration for the other approach.

To estimate fair value utilizing the guideline public company method, Kodak applied valuation multiples, derived from the operating data of publicly-traded benchmark companies, to the same operating data of Kodak. The comparable public company analysis identified a group of comparable companies giving consideration to lines of business and markets served, size and geography. The valuation multiples were derived based on projected financial measures of revenue and earnings before interest, taxes, depreciation and amortization ("EBITDA") and applied to projected operating data of Kodak. The range of multiples for the comparable companies was between .2x-.9x of revenue and 2.5x-8.0x of EBITDA.

To estimate fair value utilizing the discounted cash flow method, Kodak established an estimate of future cash flows for the period ranging from September 1, 2013 to December 31, 2022 and discounted the estimated future cash flows to present value. The expected cash flows for the period September 1, 2013 to December 31, 2017 were based on the financial projections and assumptions utilized in the disclosure statement. The expected cash flows for the period January 1, 2018 to December 31, 2022 were derived from earnings forecasts and assumptions regarding growth and margin projections, as applicable. A terminal value was included, calculated using the constant growth method, based on the cash flows of the final year of the forecast period.

The discount rate of 29% was estimated based on an after-tax weighted average cost of capital ("WACC") reflecting the rate of return that would be expected by a market participant. The WACC also takes into consideration a company specific risk premium reflecting the risk associated with the overall uncertainty of the financial projections used to estimate future cash flows.

As the valuation approaches produced comparable ranges of enterprise value, Kodak selected equal weighting of the guideline public company method and discounted cash flow method to estimate the enterprise value.

The following table reconciles the enterprise value to the estimated fair value of Successor common stock as of the Effective Date:

(in millions, except share and per share value)	
Enterprise value	\$ 1,000
Plus: Cash and cash equivalents	898
Less: Other non-operating liabilities	18
Less: Fair value of debt and capitalized lease obligations	734
Less: Fair value of pension and other postretirement obligations	533
Less: Fair value of warrants	24
Fair value of Successor common stock	\$ 589
Shares outstanding at September 3, 2013	41,753,211
Per share value	\$ 14.11

[Table of Contents](#)

The fair value of debt and capitalized lease obligations represents \$44 million of short term borrowings, \$14 million of capitalized lease obligations and \$676 million of long-term debt. The fair value of long-term debt was determined based on a market approach utilizing market yields and was estimated to be approximately 97% of par value. The fair value of capitalized lease obligations was determined based on market rents while the fair value of short term debt approximated its carrying value.

The fair value of pension and other post retirement obligations was determined based on a discounted cash flow method of expected cash contributions for the period of September 1, 2013 to December 31, 2099. The expected cash contributions were discounted to present value using a discount rate of 3.5%.

The fair value of the warrants was estimated using a Black-Scholes pricing model with the following assumptions: implied stock price of \$14.11; strike price of \$14.93 for 125% warrants and \$16.12 for 135% warrants; expected volatility of 47% for 125% warrants and 48% for 135% warrants; expected dividend rate of 0.0%; risk free interest rate of 1.67%; expiration date of five years.

The following table reconciles the enterprise value to the estimated reorganization value as of the Effective Date:

(in millions)	
Enterprise value	\$ 1,000
Plus: Cash and cash equivalents	898
Plus: Fair value of noncontrolling interests	10
Plus: Fair value of non-debt liabilities	2,088
Less: Fair value of pension and other postretirement obligations	533
Reorganization value of Successor assets	<u>\$ 3,463</u>

The fair value of non-debt liabilities represents total liabilities of the Successor Company on the Effective Date less Short term borrowings and current portion of long-term debt, Long-term debt, net of current portion, \$14 million in capital lease obligations and \$18 million in other non-operating liabilities.

Consolidated Statement of Financial Position

The adjustments set forth in the following consolidated Statement of Financial Position reflect the effect of the consummation of the transactions contemplated by the Plan (reflected in the column "Reorganization Adjustments") as well as fair value adjustments as a result of the adoption of fresh start accounting (reflected in the column "Fresh Start Adjustments"). The explanatory notes highlight methods used to determine fair values or other amounts of the assets and liabilities as well as significant assumptions or inputs.

Fresh Start adjustments

21. An adjustment of \$67 million was recorded to increase the net book value of inventories to their estimated fair value, which was determined as follows:

- Fair value of finished goods inventory were determined based on the estimated selling price less costs to sell including disposal and holding period costs, and a reasonable profit margin on the selling and disposal effort.
- Fair value of work-in-process was determined based on the estimated selling price once completed less total costs to complete the manufacturing effort, costs to sell including disposal and holding period costs, and a reasonable profit on the remaining manufacturing, selling and disposal effort.
- Fair value of raw materials was determined based on current replacement costs.

The following table summarizes the components of inventory as of August 31, 2013, and the fair value at September 1, 2013:

(in millions)	Successor As of September 1, 2013	Predecessor As of August 31, 2013

24. An adjustment of \$220 million was recorded to increase the net book value of property, plant and equipment to estimated fair value. Fair value was determined as follows:
- The market, sales comparison or trended cost approach was utilized for land, buildings and building improvements. This approach relies upon recent sales, offerings of similar assets or a specific inflationary adjustment to original purchase price to arrive at a probable selling price.
 - The cost approach was utilized for machinery and equipment. This approach considers the amount required to construct or purchase a new asset of equal utility at current prices, with adjustments in value for physical deterioration, and functional and economic obsolescence. Physical deterioration is an adjustment made in the cost approach to reflect the real operating age of an asset with regard to wear and tear, decay and deterioration that is not prevented by maintenance. Functional obsolescence is the loss in value or usefulness of an asset caused by inefficiencies or inadequacies of the asset, as compared to a more efficient or less costly replacement asset with newer technology. Economic obsolescence is the loss in value or usefulness of an asset due to factors external to the asset, such as the economics of the industry, reduced demand, increased competition or similar factors.

The following table summarizes the components of property, plant and equipment, net as of August 31, 2013, and the fair value at September 1, 2013:

During the first quarter of 2013, Kodak concluded that the carrying value of goodwill for its Intellectual Property reporting unit exceeded the implied fair value of goodwill. The fair value of the Intellectual Property reporting unit was estimated using an income approach in which the future cash flows, including a terminal value at the end of the projection period, were discounted to present value. Kodak recorded a pre-tax impairment charge of \$77 million that is included in Other operating (income) expenses, net in the Consolidated Statement of Operations.

Prior to the application of fresh start accounting, goodwill represents the excess of the amount Kodak paid to acquire businesses over the fair value of their net assets at the date of the acquisition. Kodak adjusted the carrying value of goodwill upon application of fresh start accounting (see Note 3, "Fresh Start Accounting"). Kodak tests goodwill for impairment annually or whenever events occur or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount. Upon application of fresh start accounting, the annual assessment date for goodwill impairment is changed to October 1.

Goodwill relating to the Personalized and Document Imaging Segment was reported as a component of assets held for sale in the accompanying Consolidated Statement of Financial Position.

As part of fresh start accounting, Kodak wrote-off existing intangibles and accumulated amortization and recorded an adjustment of \$235 million to reflect the fair value of intangibles. Refer to Note 3, "Fresh Start Accounting."

On February 1, 2013, Kodak entered into a series of agreements under which it received approximately \$530 million of proceeds, net of withholding taxes, a portion of which was paid by intellectual property licensees and a portion of which was paid by the acquirers of Kodak's digital imaging patent portfolio. Approximately \$419 million of the proceeds were used to prepay the term loan under the Original Senior Debtor-in-Possession ("DIP") Credit Agreement. The Company paid the remaining outstanding term loan balance, in full, upon entering into the Junior DIP Credit Agreement. Kodak recognized a loss on early extinguishment of debt of the term loan of approximately \$6 million in the first quarter of 2013.

On March 22, 2013, the Company and certain subsidiary guarantors entered into a Debtor-in-Possession Loan Agreement (the "Junior DIP Credit Agreement") with the lenders signatory thereto. Pursuant to the terms of the Junior DIP Credit Agreement, the lenders provided the Company with term loan facilities in an aggregate principal amount of approximately \$848 million consisting of approximately \$473 million of new money term loans (the "New Money Loans"), comprised of approximately \$455 million original principal and approximately \$18 million of additional paid-in-kind of fees, and \$375 million of junior term loans (the "Junior Loans"). Upon issuance of the New Money Loans, Kodak received net proceeds of approximately \$450 million (\$455 million original principal less 1% stated discount). The Junior Loans were issued in exchange for the same principal amount of a combination of the 2018 secured term notes and the 2019 secured term notes (collectively the "Second Lien Notes") pursuant to an offer by the Company to holders of the outstanding Second Lien Notes. The maturity date of the loans made under the Junior DIP Credit Agreement was the earliest to occur of (i) September 30, 2013, (ii) the effective date of the Company's plan of reorganization and (iii) the acceleration of such loans.

[Table of Contents](#)

On the Effective Date, in accordance with provisions in the Plan, the Company made payments totaling \$1,221 million to repay, in full, the Second Lien Notes and the Junior DIP Credit Agreement. The payments for discharge of existing debt also consist of \$5 million in exit fees. In addition, \$683 million of debt classified as liabilities subject to compromise was discharged pursuant to the Plan.

On the Effective Date, the Company entered into (i) a Senior Secured First Lien Term Credit Agreement (the "First Lien Term Credit Agreement") with the lenders party thereto (the "First Lien Lenders"), JPMorgan Chase Bank, N.A., as administrative agent, and J.P. Morgan Securities LLC, Barclays Bank PLC, and Merrill Lynch, Pierce, Fenner & Smith Inc. as joint lead arrangers and joint bookrunners, and (ii) a Senior Secured Second Lien Term Credit Agreement (the "Second Lien Term Credit Agreement," and together with the First Lien Term Credit Agreement, the "Term Credit Agreements"), with the lenders party thereto (the "Second Lien Lenders," and together with the First Lien Lenders, the "Term Credit Lenders"), Barclays Bank PLC, as administrative agent, and J.P. Morgan Securities LLC, Barclays Bank PLC and Merrill Lynch, Pierce, Fenner & Smith Inc. as joint lead arrangers and joint bookrunners. Additionally, the Company and its U.S. subsidiaries (the "Subsidiary Guarantors") entered into an Asset Based Revolving Credit Agreement (the "ABL Credit Agreement", and together with the Term Credit Agreements, the "Credit Agreements") with the lenders party thereto (the "ABL Lenders" and together with the First Lien Lenders and the Second Lien Lenders, the "Lenders") and Bank of America N.A., as administrative agent and collateral agent, Barclays Bank PLC as syndication agent and Merrill Lynch, Pierce, Fenner & Smith Inc., Barclays Bank PLC and J.P. Morgan Securities LLC as joint lead arrangers and joint bookrunners. Pursuant to the terms of the Credit Agreements, the Term Credit Lenders provided the Company with term loan facilities in an aggregate principal amount of \$695 million, consisting of \$420 million of first-lien term loans (the "First Lien Loans") and \$275 million of second-lien term loans (the "Second Lien Loans"). Net proceeds from the Term Credit Agreements were \$664 million (\$695 million aggregate principal less \$15 million stated discount and \$16 million in debt transaction costs). The ABL Lenders will make available asset-based revolving loans in an amount of up to \$200 million (the "ABL Loans"). The maturity date of the loans made under the Term Credit Agreements is the earlier to occur of (i) September 3, 2019 (in case of First Lien Loans) or September 3, 2020 (in case of Second Lien Loans) and (ii) the acceleration of such loans due to an event of default (as defined in the Term Credit Agreements). The maturity date of the loans made under the ABL Credit Agreement is the earlier to occur of (i) September 3, 2018 and (ii) the date of termination of the commitments in accordance with the terms of the ABL Credit Agreement. The ABL Credit Agreement also provides for the issuance of letters of credit of up to a sublimit of \$150 million. The Company has issued approximately \$123 million of letters of credit under the revolving credit facility as of September 30, 2013. Under the ABL Loans borrowing base calculation, the Company had approximately \$49 million available under the revolving credit facility as of September 30, 2013. Availability is subject to borrowing base calculation, reserves and other limitations.

The First Lien Loans bear interest at the rate of LIBOR plus 6.25% per annum, with a LIBOR floor of 1% or Alternate Base Rate (as defined in the First Lien Term Credit Agreement) plus 5.25%. The Second Lien Loans bear interest at the rate of LIBOR plus 9.5% per annum, with a LIBOR floor of 1.25% or Alternate Base Rate (as defined in the Second Lien Term Credit Agreement) plus 8.5%. The ABL Loans (other than initial borrowings) bear interest at the rate of LIBOR plus 2.75%-3.25% per annum or

Base Rate (as defined in the ABL Credit Agreement) plus 1.75%-2.25% per annum, based on Excess Availability (as defined in the ABL Credit Agreement). Each existing and future direct or indirect U.S. subsidiary of the Company (other than immaterial subsidiaries, unrestricted subsidiaries and certain other subsidiaries) have agreed to provide unconditional guarantees of the obligations of the Company under the Credit Agreements. Subject to certain exceptions, obligations under the First Lien Term Credit Agreement and the Second Lien Term Credit Agreement are secured by: (i) a first lien and a second lien, respectively, on all assets of the Company and the Subsidiary Guarantors, other than the ABL Collateral (as defined below), including a first and a second lien, respectively, on 100% of the stock of material domestic subsidiaries and 65% of the stock of material first-tier foreign subsidiaries (the "Term Collateral") and (ii) a second lien and a third lien, respectively, on the ABL Collateral (as defined below). Obligations under the ABL Credit Agreement are secured by: (i) a first lien on cash, accounts receivable, inventory, machinery and equipment (the "ABL Collateral") and (ii) a third lien on the Term Collateral.

The Company may voluntarily prepay the First Lien Loan subject to a premium payable of 2% of the principal amount being prepaid if the prepayment is made prior to the first anniversary of the Closing Date and if such prepayment is made on or after the first anniversary of the Closing Date but prior to the second anniversary of the Closing Date 1% of the principal amount being prepaid. The Company may not prepay the Second Lien Loan prior to the first anniversary of the Closing Date. After the first anniversary of the Closing Date and prior to the second anniversary date voluntary prepayments or mandatory prepayments of the Second Lien Note require a prepayment premium of 3% of the principal amount prepaid. On and after the second anniversary and prior to the third anniversary of the Closing Date a prepayment premium of 1% of the principal amount prepaid is required with respect to the Second Lien Loan.

As defined in each of the Term Credit Agreements, the Company is required to prepay loans with net proceeds from asset sales, recovery events or issuance of indebtedness, subject to, in the case of net proceeds received from asset sales or recovery events, reinvestment rights by the Company in assets used or usable by the business within certain time limits. On an annual basis, starting with the fiscal year ending on December 31, 2014, the Company will prepay on June 30 of the following fiscal year loans in an amount equal to a percentage of Excess Cash Flow ("ECF") as defined in each of the Term Credit Agreements, provided no such prepayment is required if such prepayment would cause U.S. liquidity (as defined in each of the Term Credit Agreements) to be less than \$100 million. Any mandatory prepayments as described above shall be reduced by any mandatory prepayments of the First Lien Loan.

The Credit Agreements limit, among other things, the Company's and the Subsidiary Guarantors' ability to (i) incur indebtedness, (ii) incur or create liens, (iii) dispose of assets, (iv) make restricted payments and (v) make investments. Under the Term Credit Agreements, the Company is required to maintain minimum U.S. Liquidity (as defined therein) through 2014 and starting December 31, 2014, tested on a quarterly basis, Net Secured Leverage (as defined therein) not to exceed specified levels. Under the ABL Credit Agreement, if Excess Availability is less than 15% of commitments available, the Company would be required to maintain a minimum Fixed Charge Coverage Ratio (as defined therein). Kodak was in compliance with all covenants under the Term Credit Agreements and the ABL Credit Agreement as of September 30, 2013.

Events of default under the Credit Agreements include, among others, failure to pay any loan, interest or other amount due under the applicable credit agreement, breach of specific covenants and a change of control of the Company. Upon an event of default, the applicable lenders may declare the outstanding obligations under the applicable credit agreement to be immediately due and payable and exercise other rights and remedies provided for in such credit agreement.

For the two months ended August 31, 2013, the difference between Kodak's recorded provision and the provision that would result from applying the U.S. statutory rate of 35.0% is primarily attributable to: (1) losses generated within certain jurisdictions outside the U.S. for which no benefit was recognized due to management's conclusion that it was more likely than not that the tax benefits would not be realized, (2) a benefit associated with foreign withholding taxes on undistributed earnings, (3) tax accounting impacts related to items reported in Accumulated other comprehensive loss in the Consolidated Statement of Financial Position, and (4) a provision associated with the establishment of a deferred tax asset valuation allowance in certain jurisdictions outside the U.S.

The KPP Global Settlement provided for the acquisition by the KPP of certain assets, and the assumption by the KPP of certain liabilities of Kodak's Personalized Imaging and Document Imaging businesses. The underfunded position of the U.K. Pension Plan of approximately \$1.5 billion was included in Liabilities held for sale as presented in the Consolidated Statement of Financial Position as of December 31, 2012. Kodak Limited held a deferred tax asset related to the pension liability of \$329 million. As a result of the KPP Global Settlement and the release from the pension liability to the KPP, Kodak Limited has reversed the corresponding deferred tax asset.

During the two months ended August 31, 2013, Kodak determined that it was more likely than not that a portion of its deferred tax assets outside the U.S. would not be realized due to changes in the business resulting from the KPP Global Settlement and the related sales of the Business. As a result, Kodak recorded a tax provision of \$100 million associated with the establishment of a valuation allowance on those deferred tax assets.

Under the Plan, a substantial portion of the Company's pre-petition debt securities, revolving credit facility and other obligations were extinguished. Absent an exception, a debtor recognizes cancellation of indebtedness income ("CODI") upon discharge of its outstanding indebtedness for an amount of consideration that is less than its adjusted issue price. The Internal Revenue Code of 1986, as amended ("IRC"), provides that a debtor in a bankruptcy case may exclude CODI from taxable income but must reduce certain of its tax attributes by the amount of any CODI realized as a result of the consummation of a plan of reorganization. The amount of CODI realized by a taxpayer is the adjusted issue price of any indebtedness discharged less the sum of (i) the amount of cash paid, (ii) the issue price of any new indebtedness issued and (iii) the fair market value of any other consideration, including equity, issued. As a result of the market value of equity upon emergence from chapter 11 bankruptcy proceedings, the estimated amount of U.S. CODI is approximately \$821 million, which will reduce the value of our current U.S. net operating losses that had a value of \$2,790 million as of December 31, 2012. These estimates are subject to revision, as the actual reduction in tax attributes does not occur until the first day of the Company's tax year subsequent to the date of emergence, or January 1, 2014.

IRC Sections 382 and 383 provide an annual limitation with respect to the ability of a corporation to utilize its tax attributes, as well as certain built-in-losses, against future U.S. taxable income in the event of a change in ownership. The Debtors' emergence from chapter 11 bankruptcy proceedings is considered a change in ownership for purposes of IRC Section 382. The limitation

[Table of Contents](#)

under the IRC is based on the value of the corporation as of the emergence date. However, the ownership changes and resulting annual limitation will result in the expiration of an estimated \$692 million of net operating losses, \$564 million of foreign tax credits and \$21 million of research and expenditure credits. The expiration of these tax attributes was fully offset by a corresponding decrease in Kodak's U.S. valuation allowance, which results in no net tax provision.

Kodak files numerous consolidated and separate income tax returns in the U.S. federal jurisdiction and in many state and local jurisdictions. As a result of the emergence from bankruptcy, Kodak has substantially concluded all U.S. federal, state and local income tax matters through 2011.

The application of fresh-start accounting on September 3, 2013 resulted in the re-measurement of deferred income taxes associated with the revaluation of Kodak's assets and liabilities (see Note 3, "Fresh Start Accounting"). As a result, net deferred income tax assets were decreased in the amount of \$67 million.

For the one month ended September 30, 2013, the difference between Kodak's recorded provision and the benefit that would result from applying the U.S. statutory rate of 35.0% is primarily attributable to losses generated within certain jurisdictions outside the U.S. for which no benefit was recognized due to management's conclusion that it was more likely than not that the tax benefits would not be realized.

For the eight months ended August 31, 2013, the difference between the Company's recorded provision and the provision that would result from applying the U.S. statutory rate of 35.0% is primarily attributable to: (1) losses generated within certain jurisdictions outside the U.S. for which no benefit was recognized due to management's conclusion that it was more likely than not that the tax benefits would not be realized, (2) a provision associated with withholding taxes on the sale of intellectual property, (3) a benefit associated with the tax impact of the goodwill impairment recognized during the quarter (4) a provision associated with withholding taxes on foreign dividends paid, (5) a benefit associated with foreign withholding taxes on undistributed earnings, (6) a provision associated with the establishment of a deferred tax asset valuation allowance outside the U.S., (7) tax accounting impacts related to items reported in Accumulated other comprehensive loss in the Consolidated Statement of Financial Position, and (8) changes in audit reserves.

For the three months ended September 30, 2012, the difference between the Company's recorded provision and the benefit that would result from applying the U.S. statutory rate of 35.0% is primarily attributable to: (1) losses generated within the U.S. and certain jurisdictions outside the U.S. for which no benefit was recognized due to management's conclusion that it was more likely than not that the tax benefits would not be realized, (2) a provision associated with legislative tax rate changes in a jurisdiction outside the U.S., and (3) tax accounting impacts related to items reported in Accumulated other comprehensive loss in the Consolidated Statement of Financial Position.

In March 2011, the Company filed a Request for Competent Authority Assistance with the United States Internal Revenue Service (IRS). The request related to a potential double taxation issue with respect to certain patent licensing royalty payments received by the Company in 2009 and 2010. In the nine months ended September 30, 2012, the Company received notification that the IRS had reached agreement with the Korean National Tax Service (NTS) with regards to the Company's March 2011 request. As a result of the agreement reached by the IRS and NTS, the Company was due a partial refund of Korean withholding taxes in the amount of \$123 million. The Company had previously agreed with the licensees that made the royalty payments that any refunds of the related Korean withholding taxes would be shared equally between the Company and the licensees. The licensees' share (\$61 million) of the Korean withholding tax refund has therefore been reported as a licensing revenue reduction in Licensing & royalties in the Consolidated Statement of Operations.

For the nine months ended September 30, 2012, the difference between the Company's recorded benefit and the benefit that would result from applying the U.S. statutory rate of 35.0% is primarily attributable to: (1) losses generated within the U.S. and certain jurisdictions outside the U.S. for which no benefit was recognized due to management's conclusion that it was more likely than not that the tax benefits would not be realized, (2) a benefit as a result of the Company reaching a settlement of the competent authority claim noted above, (3) tax accounting impacts related to items reported in Accumulated other comprehensive loss in the Consolidated Statement of Financial Position, (4) provisions associated with the establishment of deferred tax asset valuation allowances outside the U.S., (5) a provision associated with legislative tax rate changes in a jurisdiction outside the U.S., and (6) a provision associated with foreign withholding taxes on undistributed earnings.

[Table of Contents](#)

During the nine months ended September 30, 2012, the Company determined that it is more likely than not that a portion of the deferred tax assets outside the U.S. would not be realized and accordingly, recorded a tax provision of \$20 million associated with the establishment of valuation allowances on those deferred tax assets.

NOTE 13: COMMITMENTS AND CONTINGENCIES**Environmental**

Kodak's undiscounted accrued liabilities for future environmental investigation, remediation and monitoring costs are composed of the following items:

(in millions)	Successor As of September 30, 2013	Predecessor As of December 31, 2012
Eastman Business Park site, Rochester, NY	\$ 49	\$ 49
Other current operating sites	8	9
Sites associated with former operations	13	17
Sites associated with the non-imaging health businesses sold in 1994	12	41
Total	\$ 82	\$ 116

These amounts are reported in Other long-term liabilities as of September 30, 2013 and Other long-term liabilities and Liabilities subject to compromise as of December 31, 2012 in the accompanying Consolidated Statement of Financial Position.

Cash expenditures for investigation, remediation and monitoring activities are expected to be incurred over the next thirty years for most of the sites. For these known environmental liabilities, the accrual reflects Kodak's best estimate of the amount it will incur under the agreed-upon or proposed work plans. Kodak's cost estimates were determined using the ASTM Standard E 2137-06, "Standard Guide for Estimating Monetary Costs and Liabilities for Environmental Matters," and have not been reduced by possible recoveries from third parties. The overall method includes the use of a probabilistic model, which forecasts a range of cost estimates and a single most probable cost estimate for the remediation required at individual sites. For the purposes of establishing company-level environmental reserves, the single most probable cost estimate for each site is used. All projects are closely monitored and the models are reviewed at least once a year and as significant events occur. Kodak's estimate includes investigations, equipment and operating costs for remediation and long-term monitoring of the sites. Accrued liabilities of Debtor entities related to sites subject to the bankruptcy proceedings have been classified as liabilities subject to compromise as of December 31, 2012. Liabilities subject to compromise are reported at Kodak's current estimate, where an estimate is determinable, of the allowed claim amount.

The Amended EBP Settlement Agreement includes a settlement of certain of the Company's historical environmental liabilities at EBP through the establishment of a \$49 million environmental remediation trust (the "EBP Trust"). Upon the satisfaction or waiver of certain conditions, (i) the EBP Trust will be responsible for investigation and remediation at EBP arising from the Company's historical subsurface environmental liabilities in existence prior to the effective date of the EBP Settlement, (ii) the Company will fund the EBP Trust with a \$49 million payment and transfer of certain equipment and fixtures used for remediation at EBP, and (iii) in the event the historical liabilities exceed \$99 million, the Company will become liable for 50% of the portion above \$99 million. As of the Effective Date, approximately \$31 million was already held in a separate trust to support the environmental liabilities related to EBP, and an escrow account of \$18 million was established for the balance of the Trust obligation. The Amended EBP Settlement agreement is not yet effective and is subject to the satisfaction or waiver of certain conditions including the receipt of a covenant not to sue from the U.S. Environmental Protection Agency.

Prior to the bankruptcy filing, Kodak was designated as a potentially responsible party ("PRP") under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (the Superfund Law), or under similar state laws, for environmental assessment and cleanup costs as the result of Kodak's alleged arrangements for disposal of hazardous substances at eight Superfund sites. In connection with the Bankruptcy Filing, the Debtors provided withdrawal notifications or entered into settlement negotiations with involved regulatory agencies. Each of these sites has been resolved, with the exception of two sites which are contained in a claim by the USA that is still in the process of resolution.

[Table of Contents](#)

In addition, the Company provided an indemnity as part of the 1994 sale of Sterling Corporation (now “STWB”), which covered a number of environmental sites including the Lower Passaic River Study Area (“LPRSA”) portion of the Diamond Alkali Superfund Site. STWB, now owned by Bayer Corporation, is a Potentially Responsible Party at the site based on alleged releases from facilities formerly owned by subsidiaries of Sterling. On February 29, 2012, the Company notified STWB and Bayer that, under the bankruptcy proceeding, it has elected to discontinue funding and participation in remedial investigations of the LPRSA. STWB and its parent, Bayer, filed proofs of claim against the Debtors in the chapter 11 cases. These claims are being discharged pursuant to the Plan.

Estimates of the amount and timing of future costs of environmental remediation requirements are by their nature imprecise because of the continuing evolution of environmental laws and regulatory requirements, the availability and application of technology, the identification of presently unknown remediation sites and the allocation of costs among the PRPs. Based on information presently available, Kodak does not believe that losses for known exposures could reasonably be expected to exceed current accruals by material amounts, although costs could be material to a particular quarter or year.

Other Commitments and Contingencies

As of September 30, 2013, the Company had outstanding letters of credit of \$123 million issued under the ABL Credit Agreement, as well as bank guarantees and letters of credit of \$10 million, surety bonds in the amount of \$22 million, and cash deposits and investments in trusts of \$192 million, primarily to ensure the payment of possible casualty and workers’ compensation claims, environmental liabilities at EBP as noted above, legal contingencies, rental payments, professional fees and other bankruptcy expenses and to support various customs, tax and trade activities. The restricted cash and investment in trust accounts are recorded within Restricted cash and Other long-term assets in the Consolidated Statement of Financial Position.

Kodak’s Brazilian operations are involved in governmental assessments of indirect and other taxes in various stages of litigation, primarily related to federal and state value-added taxes. Kodak is disputing these matters and intends to vigorously defend its position. Kodak routinely assesses all these matters as to the probability of ultimately incurring a liability in its Brazilian operations and records its best estimate of the ultimate loss in situations where it assesses the likelihood of loss as probable. As of September 30, 2013, the unreserved portion of these contingencies, inclusive of any related interest and penalties, for which there was at least a reasonable possibility that a loss may be incurred, amounted to approximately \$49 million.

Kodak is involved in various lawsuits, claims, investigations and proceedings, including commercial, customs, employment, environmental, and health and safety matters, which are being handled and defended in the ordinary course of business. Kodak is also subject to various assertions, claims, proceedings and requests for indemnification concerning intellectual property, including patent infringement suits involving technologies that are incorporated in a broad spectrum of Kodak’s products. These matters are in various stages of investigation and litigation, and are being vigorously defended. Much of the pending litigation was stayed as a result of the Bankruptcy Filing and is being discharged pursuant to the Plan. Although Kodak does not expect that the outcome in any of these matters, individually or collectively, will have a material adverse effect on its financial condition, litigation is inherently unpredictable. Therefore, judgments could be rendered or settlements entered, that could materially affect Kodak’s operating results or cash flows in a particular period. Kodak routinely assesses all of its litigation and threatened litigation as to the probability of ultimately incurring a liability, and records its best estimate of the ultimate loss in situations where it assesses the likelihood of loss as probable.

NOTE 14: GUARANTEES

Kodak guarantees debt and other obligations of certain customers. The debt and other obligations are primarily due to banks and leasing companies in connection with financing of customers' purchases of equipment and product from Kodak. At September 30, 2013, the maximum potential amount of future payments (undiscounted) that Kodak could be required to make under these customer-related guarantees was \$34 million. At September 30, 2013, the carrying amount of any liability related to these customer guarantees was not material.

Customer financing agreements and related guarantees, which mature on varying dates through 2018, typically have a term of 90 days for product and short-term equipment financing arrangements, and up to five years for long-term equipment financing arrangements. These guarantees would require payment from Kodak only in the event of default on payment by the respective debtor. In some cases, particularly for guarantees related to equipment financing, Kodak has collateral or recourse provisions to recover and sell the equipment to reduce any losses that might be incurred in connection with the guarantees. However, any proceeds received from the liquidation of these assets may not cover the maximum potential loss under these guarantees.

EKC also guarantees obligations to third parties for some of its consolidated subsidiaries. The maximum amount guaranteed is \$103 million, and the outstanding amount for those guarantees is \$103 million.

Warranty Costs

Kodak has warranty obligations in connection with the sale of its products and equipment. The original warranty period is generally one year or less. The costs incurred to provide for these warranty obligations are estimated and recorded as an accrued liability at the time of sale. Kodak estimates its warranty cost at the point of sale for a given product based on historical failure rates and related costs to repair.

The change in Kodak's accrued warranty obligations balance, which is reflected in Other current liabilities in the accompanying Consolidated Statement of Financial Position, was as follows:

(in millions)	
Accrued warranty obligations as of December 31, 2012 (Predecessor):	\$ 29
Actual warranty experience	(24)
Warranty provisions	<u>13</u>
Accrued warranty obligations as of August 31, 2013 (Predecessor):	<u>\$ 18</u>
Actual warranty experience	\$ (3)
Warranty provisions	<u>2</u>
Accrued warranty obligations as of September 30, 2013 (Successor):	<u>\$ 17</u>

[Table of Contents](#)

Kodak also offers its customers extended warranty arrangements that are generally one year, but may range from three months to three years after the original warranty period. Kodak provides repair services and routine maintenance under these arrangements. Kodak has not separated the extended warranty revenues and costs from the routine maintenance service revenues and costs, as it is not practicable to do so. Therefore, these revenues and costs have been aggregated in the discussion that follows. Costs incurred under these arrangements for the one month ended September 30, 2013 (Successor) and eight months ended August 31, 2013 (Predecessor) amounted to \$12 million and \$107 million, respectively. The change in Kodak's deferred revenue balance in relation to these extended warranty and maintenance arrangements from December 31, 2012 to September 30, 2013, which is reflected in Other current liabilities in the accompanying Consolidated Statement of Financial Position, was as follows:

(in millions)

NOTE 15: RESTRUCTURING LIABILITIES

Charges for restructuring activities are recorded in the period in which Kodak commits to a formalized restructuring plan, or executes the specific actions contemplated by the plan, and all criteria for liability recognition under the applicable accounting guidance have been met. Restructuring actions taken in the first nine months of 2013 were initiated to reduce Kodak's cost structure as part of its commitment to drive sustainable profitability and included manufacturing capacity reductions in the U.S. and the U.K., the continued wind down of the consumer inkjet printer business, a workforce reduction in France, and various targeted reductions in service, sales, and other administrative functions.

Restructuring Reserve Activity

The activity in the accrued balances and the non-cash charges and credits incurred in relation to restructuring activities for the one month ended September 30, 2013 (Successor) and the two and eight months ended August 31, 2013 (Predecessor) and were as follows:

(1) The \$(6) million includes \$(5) million for amounts reclassified as Liabilities subject to compromise, and \$(1) million of foreign currency translation adjustments.

- (2) The \$(5) million represents severance-related charges for pension plan curtailments, which are reflected in Pension and other postretirement liabilities in the Consolidated Statement of Financial Position.
- (3) The \$(1) million includes \$1 million of severance-related charges for pension plan curtailments, which are reflected in Pension and other postretirement liabilities in the Consolidated Statement of Financial Position, \$(3) million of reserve adjustments due to the application of fresh start accounting, which were recorded as Reorganization items, net in the Consolidated Statement of Operations, and \$1 million of foreign currency translation adjustments.
- (4) The \$1 million represents foreign currency translation adjustments.

For the two months ended August 31, 2013 (Predecessor), the \$4 million of charges include \$1 million which was reported as Discontinued operations in the accompanying Consolidated Statement of Operations. Costs incurred of \$4 million in September 2013 and costs incurred in the two months ended August 31, 2013 of \$3 million were reported as Restructuring costs and other in the accompanying Consolidated Statement of Operations. The severance and exit costs reserves require the outlay of cash, while long-lived asset impairments, accelerated depreciation and inventory write-downs represent non-cash items.

The severance costs for the one month ended September 30, 2013 (Successor) and two months ended August 31, 2013 (Predecessor) related to the elimination of approximately 150 positions, including approximately 75 manufacturing/service positions and 75 administrative positions. The geographic composition of these positions includes approximately 50 in the United States and Canada, and 100 throughout the rest of the world.

The charges of \$8 million recorded in the third quarter of 2013 included \$2 million and \$1 million applicable to the Graphics, Entertainment and Commercial Films Segment for the one month ended September 30, 2013 (Successor) and the two months ended August 31, 2013 (Predecessor), respectively, and \$2 million each of the one month ended September 30, 2013 (Successor) and the two months ended August 31, 2013 (Predecessor), was applicable to manufacturing, research and development, and administrative functions, which are shared across all segments. The remaining \$1 million was applicable to discontinued operations.

For the eight months ended August 31, 2013 (Predecessor), the \$52 million of charges include \$4 million for accelerated depreciation and \$2 million for inventory write-downs, which were reported in Cost of sales, and \$3 million which were reported as Discontinued operations in the accompanying Consolidated Statement of Operations. The remaining costs incurred of \$43 million were reported as Restructuring costs and other in the accompanying Consolidated Statement of Operations for the eight months ended August 31, 2013 (Predecessor). The severance and exit costs reserves require the outlay of cash, while long-lived asset impairments, accelerated depreciation and inventory write-downs represent non-cash items.

The severance costs for the one month ended September 30, 2013 (Successor) and eight months ended August 31, 2013 (Predecessor) related to the elimination of approximately 550 positions, including approximately 350 manufacturing/service positions, 175 administrative positions, and 25 research and development positions. The geographic composition of these positions includes approximately 300 in the United States and Canada, and 250 throughout the rest of the world.

The charges of \$56 million for the one month ended September 30, 2013 (Successor) and eight months ended August 31, 2013 (Predecessor) included \$0 and \$5 million, respectively, applicable to the Digital Printing and Enterprise Segment, \$2 million and \$22 million applicable to the Graphics, Entertainment and Commercial Films Segment, and \$2 million and \$22 million that was applicable to manufacturing, research and development, and administrative functions, which are shared across all segments. The remaining \$3 million was applicable to discontinued operations.

As a result of these initiatives, the majority of the severance will be paid during periods through the first half of 2014. However, in some instances, the employees whose positions were eliminated can elect or are required to receive their payments over an extended period of time. In addition, certain exit costs, such as long-term lease payments, will be paid over periods throughout 2013 and beyond.

The pension (income) expense before special termination benefits, curtailments, and settlements reported above for the one month ended September 30, 2013 (Successor) and the two and eight months ended August 31, 2013 (Predecessor) includes \$0, \$9 million and \$38 million, respectively, which was reported as Discontinued operations. The Pension expense before special termination benefits, curtailments, and settlements reported above for the three and nine months ended September 30, 2012 includes \$16 million and \$46 million, respectively, which was reported as Discontinued operations.

For the three and nine months ended September 30, 2012, the \$42 million and \$98 million, respectively, of special termination benefits charges were incurred as a result of Kodak's restructuring actions. These charges have been included in Restructuring costs and other in the Consolidated Statement of Operations. For the two months ended August 31, 2013 (Predecessor), \$(1) million of curtailment gains were recognized as a result of EKC's emergence from chapter 11 and have been included in Reorganization items, net in the Consolidated Statement of Operations. The \$114 million of settlement losses for the two months ended August 31, 2013 were incurred as a result of the Global Settlement, and have been included in Discontinued operations in the Consolidated Statement of Operations.

Kodak made contributions (funded plans) or paid benefits (unfunded plans) totaling approximately \$1 million and \$23 million relating to its major U.S. and non-U.S. defined benefit pension plans for the one month ended September 30, 2013 (Successor) and the eight months ended August 31, 2013 (Predecessor), respectively, exclusive of payments made to the U.K. Pension Plan as a part of the Global Settlement agreement reached with the Trustee. Kodak forecasts its contribution (funded plans) and benefit payment (unfunded plans) requirements for its major U.S. and non-U.S. defined benefit pension plans for the balance of 2013 to be approximately \$14 million.

Remeasurement events in the eight months ended August 31 2013 resulted in the required remeasurement of certain of the plans' obligations which decreased the retirement and other postretirement benefit plan obligation by \$226 million.

Kodak paid benefits, net of participant contributions, totaling approximately \$1 million and \$2 million relating to its U.S. and Canada postretirement benefit plans for the one month ended September 30, 2013 (Successor) and the eight months ended August 31, 2013 (Predecessor). Kodak expects to pay benefits, net of participant contributions, of approximately \$1 million for these postretirement plans for the remainder of 2013.

The change in net postretirement benefit expense from the nine months ended September 30, 2012 to the one month ended September 30, 2013 (Successor) and the eight months ended August 31, 2013 (Predecessor) is primarily the result of modification, in 2012, of benefits provided by the U.S. postretirement benefit plan.

(3) In March 2012, Kodak sold a property in Mexico for approximately \$41 million and leased back the property for a one-year term. The pre-tax gain on the property sale of approximately \$34 million was deferred and no gain was recognizable upon the closing of the sale as Kodak had continuing involvement in the property for the remainder of the lease term. The deferred pre-tax gain was reported in Other current liabilities in the Consolidated Statement of Financial Position as of December 31, 2012 (Predecessor).

NOTE 18: EARNINGS PER SHARE

All outstanding shares of common stock of the Predecessor Company were cancelled as of the Effective Date. The Successor Company issued a total of 41.8 million shares of new common stock on the effective date.

Basic earnings per share computations are based on the weighted-average number of shares of common stock outstanding during the period. Weighted-average basic and diluted shares outstanding were 41.7 million, 272.8 million, 271.9 million, 272.7 million and 271.6 million for the one month ended September 30, 2013 (Successor), two months ended August 31, 2013 (Predecessor), three months ended September 30, 2012 (Predecessor), eight months ended August 31, 2013 (Predecessor), and nine months ended September 30, 2012 (Predecessor), respectively.

As a result of the net loss from continuing operations presented for the one month ended September 30, 2013 (Successor), Kodak calculated diluted earnings per share using weighted-average basic shares outstanding for that period, as utilizing diluted shares would be anti-dilutive to loss per share. If the Successor Company had reported earnings from continuing operations for the one month ended September 30, 2013, no additional shares of Kodak's common stock from unvested share-based awards would have been included in the computation of diluted earnings per share. Potential shares of Kodak's common stock related to the assumed conversion of approximately 1.4 million outstanding warrants to purchase common shares would have been included in the computation of diluted earnings per share, as these securities were dilutive.

The Predecessor Company reported earnings from continuing operations for the two months and eight months ended August 31, 2013. However, no additional shares of Kodak's common stock from unvested share-based awards were included in the computation of diluted earnings per share as they were all anti-dilutive. Potential shares of Kodak's common stock related to the assumed conversion of (1) approximately 7 million outstanding employee stock options, (2) approximately 40 million outstanding detachable warrants to purchase common shares, and (3) approximately \$400 million of convertible senior notes due 2017 were excluded from the computation of diluted earnings per share, as these securities were anti-dilutive.

The Predecessor Company reported a net loss from continuing operations for the three months and nine months ended September 30, 2012. Therefore Kodak calculated diluted earnings per share using weighted-average basic shares outstanding for those periods, as utilizing diluted shares would be anti-dilutive to loss per share. If Kodak had reported earnings from continuing operations for three months and nine months ended September 30, 2012, no additional shares of Kodak's common stock from unvested share-based awards would have been included in the computation of diluted earnings per share as they were all anti-dilutive. Potential shares of Kodak's common stock related to the assumed conversion of (1) approximately 11 million outstanding employee stock options, (2) approximately 40 million outstanding detachable warrants to purchase common shares, and (3) approximately \$400 million of convertible senior notes due 2017 would still have been excluded from the computation of diluted earnings per share, as these securities were anti-dilutive.

NOTE 19: STOCK-BASED COMPENSATION

Prior to the Effective Date, Kodak had shares or share-based awards outstanding under two share-based employee compensation plans consisting of the 2005 Omnibus Long-Term Compensation Plan (the "2005 Plan"), and the 2000 Omnibus Long-Term Compensation Plan (the "2000 Plan"). In conjunction with the Plan (see Note 2, "Emergence from Voluntary Reorganization under Chapter 11 Proceedings"), all shares, options, restricted shares and other share-based awards that were outstanding on the Effective Date were canceled.

2013 Omnibus Incentive Plan

As part of the Plan, the Bankruptcy Court approved the Company's 2013 Omnibus Incentive Plan (the "2013 Plan") which replaces all prior stock-based employee benefit plans (including the 2005 Plan and the 2000 Plan).

The 2013 Plan is administered by the Executive Compensation Committee of the Board of Directors, and the Board of Directors also has the authority and responsibility granted to the Executive Compensation Committee with respect to the 2013 Plan. Awards under the 2013 Plan may be cash-based or stock-based. Officers, directors and employees of the Company and its consolidated subsidiaries are eligible to receive awards under the 2013 Plan. Unless sooner terminated by the Compensation Committee, no awards may be granted under the 2013 Plan after the tenth anniversary of the Effective Date.

[Table of Contents](#)

The maximum number of shares of common stock that may be issued under the 2013 Plan is approximately 4.8 million. In addition, under the 2013 Plan, the maximum number of shares available for the grant of incentive stock options is 2.0 million shares. The maximum number of shares as to which stock options or stock appreciation rights may be granted to any one person under the 2013 Plan in any calendar year is 2.0 million shares. The maximum number of the performance-based compensation awards that may be granted to any one employee under the 2013 Plan in any calendar year is 1.0 million shares or, in the event such award is paid in cash, \$2.5 million. The maximum number of awards that may be granted to any non-employee director under the 2013 Plan in any calendar year may not exceed a number of awards with a grant date fair value of \$900,000, computed as of the grant date in accordance with the applicable accounting rules.

For awards that vest based solely on service conditions, Kodak recognizes compensation expense on a straight-line basis over the requisite service period. For awards with vesting that is contingent upon the achievement of performance conditions, Kodak recognizes compensation expense on a straight-line basis over the performance period for each separately vesting tranche of the award. Kodak reduces the compensation expense by an estimated forfeiture rate which is based on actual experience. Kodak assesses the likelihood that performance-based shares will be earned based on the probability of meeting the performance criteria. For those performance-based awards that are deemed probable of achievement, expense is recorded, and for those awards that are deemed not probable of achievement, no expense is recorded. Kodak assesses the probability of achievement each quarter.

NOTE 20: SHAREHOLDERS' EQUITY

In connection with the Company's reorganization and emergence from bankruptcy, all shares of the Predecessor Company's common stock were canceled. The Successor Company has 560 million shares of authorized stock, consisting of: (i) 500 million shares of common stock, par value \$0.01 per share and (ii) 60 million shares of preferred stock, no par value, issuable in one or more series. As of September 30, 2013, there are 41.7 million shares of common stock and no shares of preferred stock issued and outstanding.

On the Effective Date, the Company issued, to the holders of general unsecured claims and the retiree settlement unsecured claim, net-share settled warrants to purchase: (i) 2.1 million shares of common stock at an exercise price of \$14.93 and (ii) 2.1 million shares of common stock at an exercise price of \$16.12. The warrants are classified as equity instruments and reported within Additional paid in capital in the Consolidated Statement of Financial Position at their fair value as of the Effective Date (\$24 million).

NOTE 22: SEGMENT INFORMATION

Current Segment Reporting Structure

Effective in the third quarter of 2012, Kodak had three reportable segments: the Graphics, Entertainment and Commercial Films Segment, the Digital Printing and Enterprise Segment, and the Personalized and Document Imaging Segment. Effective in the first quarter of 2013, the Intellectual Property and Brand Licensing strategic product group is reported in the Graphics, Entertainment and Commercial Films segment. The Intellectual Property and Brand Licensing strategic product group was previously reported in the Personalized and Document Imaging segment. Effective in the second quarter of 2013, due to the Personalized and Document Imaging Segment (excluding the Consumer Film business, for which Kodak has entered into an ongoing supply arrangement with one or more of the KPP Purchasing Parties) being reported as Discontinued operations, Kodak has two reportable segments: the Graphics, Entertainment and Commercial Films Segment and the Digital Printing and Enterprise Segment. The balance of Kodak's continuing operations, which do not meet the criteria of a reportable segment, are reported in All Other. Prior period segment results have been revised to conform to the current period segment reporting structure. A description of the segments follows.

Graphics, Entertainment and Commercial Films: The Graphics, Entertainment and Commercial Films Segment encompasses Graphics, Entertainment Imaging & Commercial Films, and Kodak's intellectual property and brand licensing activities. Product and service offerings include; digital plates, CTP output devices, digital controllers, unified workflow solutions, and entertainment imaging and commercial films. On February 1, 2013, Kodak sold certain digital imaging patents.

Digital Printing and Enterprise: The Digital Printing and Enterprise Segment encompasses Digital Printing, including PROSPER equipment and STREAM technology, Packaging and Functional Printing, Enterprise Services & Solutions, and Consumer Inkjet Systems. On September 28, 2012, Kodak announced a plan, starting in 2013, to focus its Consumer Inkjet business solely on the sale of ink to its installed printer base.

All Other: All Other is composed of Kodak's consumer film business and a utilities variable interest entity. Effective August 31, 2013 the Company sold certain utilities and related facilities and entered into utilities supply and servicing arrangements with RED, a variable interest entity.

Change in Segment Measure of Profit and Loss

During the second quarter of 2013, the Predecessor Company changed its segment measure of profit and loss to exclude amortization of prior service credits related to the U.S. Postretirement Benefit Plan. Prior to this change, Kodak excluded certain other components of pension and other postretirement benefit obligation ("OPEB") costs from the segment measure of profitability. As a result of this change, the operating segment results now exclude the interest cost, expected return on plan assets, amortization of actuarial gains and losses, amortization of prior service credits related to the U.S. Postretirement Benefit Plan, and special termination benefit, curtailment and settlement components of pension and OPEB expense. The service cost component for all plans will continue to be reported as a part of operating segment results, as will the amortization of prior service cost component for all plans other than for the U.S. Postretirement Benefit Plan. Prior period segment results have been revised to reflect this change.

Upon adoption of fresh start accounting, the Successor Company eliminated prior service credits related to the U.S. Postretirement Benefit Plan. Therefore the one month ended September 30, 2013 does not include any amortization related to prior service credits related to the U.S. Postretirement Benefit Plan.

[Table of Contents](#)**Fair Value**

The fair values of marketable securities are determined using quoted prices in active markets for identical assets (Level 1 fair value measurements). Fair values of Kodak's forward contracts are determined using other observable inputs (Level 2 fair value measurements), and are based on the present value of expected future cash flows (an income approach valuation technique) considering the risks involved and using discount rates appropriate for the duration of the contracts. Transfers between levels of the fair value hierarchy are recognized based on the actual date of the event or change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during the one month ended September 30, 2013 (Successor) and the eight months ended August 31, 2013 (Predecessor).

Fair values of long-term borrowings are determined by reference to quoted market prices, if available, or by pricing models based on the value of related cash flows discounted at current market interest rates. The carrying values of cash and cash equivalents and trade receivables (which are not shown in the table above) approximate their fair values.

Foreign Exchange

Foreign exchange gains and losses arising from transactions denominated in a currency other than the functional currency of the entity involved are included in Other income (charges), net in the accompanying Consolidated Statement of Operations. Derivative Financial Instruments

Kodak, as a result of its global operating and financing activities, is exposed to changes in foreign currency exchange rates, commodity prices, and interest rates, which may adversely affect its results of operations and financial position. Kodak manages such exposures, in part, with derivative financial instruments.

Foreign currency forward contracts are used to mitigate currency risk related to foreign currency denominated assets and liabilities. Silver forward contracts may be used to mitigate Kodak's risk to fluctuating silver prices. Kodak's exposure to changes in interest rates results from its investing and borrowing activities used to meet its liquidity needs.

Kodak's financial instrument counterparties are high-quality investment or commercial banks with significant experience with such instruments. Kodak manages exposure to counterparty credit risk by requiring specific minimum credit standards and diversification of counterparties. Kodak has procedures to monitor the credit exposure amounts. The maximum credit exposure at September 30, 2013 was not significant to Kodak.

In the event of a default under the Company's Term Credit Agreements, the ABL Credit Agreement, or a default under any derivative contract or similar obligation of Kodak, subject to certain minimum thresholds, the derivative counterparties would have the right, although not the obligation, to require immediate settlement of some or all open derivative contracts at their then-current fair value, but with liability positions netted against asset positions with the same counterparty. At September 30, 2013, Kodak had open derivative contracts in liability positions with a total fair value of \$3 million.

Foreign Currency Forward Contracts

Kodak's foreign currency forward contracts used to mitigate currency risk related to existing foreign currency denominated assets and liabilities are not designated as hedges, and are marked to market through net (loss) earnings at the same time that the exposed assets and liabilities are re-measured through net earnings (loss) (both in Other income (charges), net in the Consolidated Statement of Operations). The notional amount of such contracts open at September 30, 2013 was approximately \$680 million. The majority of the contracts of this type held by Kodak are denominated in euros and Swiss francs.

Silver Forward Contracts

Kodak may enter into silver forward contracts that are designated as cash flow hedges of commodity price risk related to forecasted purchases of silver. Kodak had no open hedges as of September 30, 2013.

In January 2012, Kodak terminated all its existing hedges at a loss of \$5 million. These hedges were designated as secured agreements under the Second Amended and Restated Credit Agreement and needed to be settled prior to the termination of that facility in conjunction with the Company's Original Senior DIP Credit Agreement. Hedge gains and losses related to these silver forward contracts are reclassified into Cost of sales in the Consolidated Statement of Operations as the related silver containing products are sold to third parties. These gains or losses transferred to Cost of sales are generally offset by increased or decreased costs of silver purchased in the open market. As of September 30, 2013, there were no existing gains or losses to be reclassified to Cost of sales within the next twelve months.

NOTE 24: DISCONTINUED OPERATIONS

On the Effective Date, as a part of the Global Settlement and pursuant to the Amended SAPA, Kodak consummated the sale of certain assets of the Business to the KPP Purchasing Parties for net cash consideration, in addition to the assumption by the KPP Purchasing Parties of certain liabilities of the Business, of \$325 million. Up to \$35 million in aggregate of the purchase price is subject to repayment to KPP if the Business does not achieve certain annual adjusted EBITDA targets over the four-year period ending December 31, 2018. Certain assets and liabilities of the Business in certain jurisdictions were not transferred at the initial closing, which took place on the Effective Date, but are contemplated to be transferred at a series of future deferred closings in accordance with the Amended SAPA. Kodak will operate the Business relating to the deferred closing jurisdictions, subject to certain covenants, until the applicable deferred closing occurs, and will deliver to (or receive from) a KPP subsidiary at each deferred closing a true-up payment reflecting the actual economic benefit (or detriment) to the Business in the applicable deferred closing jurisdiction(s) from the time of the initial closing through the time of the applicable deferred closing. Up to the time of the deferred closing, the results of the operations of the Business will be reported as Earnings (loss) from discontinued operations, net of income taxes in the Consolidated Statement of Operations and the assets and liabilities of the Business will be categorized as Assets held for sale or Liabilities held for sale in the Consolidated Statement of Financial Position, as appropriate.

Kodak recognized a pre-tax loss on the sale of the Business of approximately \$163 million during the third quarter 2013 predecessor period. The pre-tax loss excludes recognition of \$64 million of non-refundable consideration related to the delayed closings, which non-refundable consideration was received on the Effective Date, and \$35 million of contingent consideration, subject to repayment to KPP which was also received by Kodak on the Effective Date. The pre-tax loss includes the recognition of approximately \$1.5 billion of unamortized pension losses previously reported in accumulated other comprehensive income.

Kodak was required to use a portion of the proceeds from the divestiture of the Business to repay \$200 million of the Junior DIP Credit Agreement. Interest expense on the debt that was required to be repaid as a result of the sale of the Personalized Imaging and Document Imaging businesses has therefore been allocated to discontinued operations (\$0, \$4 million, and \$14 million for the one month ended September 30, 2013 (Successor) and the two and eight months ended August 31, 2013 (Predecessor), respectively, and \$5 million and \$14 million for the three and nine months ended September 30, 2012 (Predecessor), respectively).

Depreciation and amortization of long-lived assets of the Personalized Imaging and Document Imaging businesses included in discontinued operations ceased as of July 1, 2013.

Direct operating expenses of the discontinued operations are included in the results of discontinued operations. Indirect expenses that were historically allocated to the discontinued operations have been included in the results of continuing operations. Prior period results have been reclassified to conform to the current period presentation.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

OVERVIEW

On September 3, 2013, the Company emerged from chapter 11. The reorganized Kodak is a technology company focused on imaging for business. Kodak serves customers with disruptive technologies and breakthrough solutions for the products goods packaging, graphic communications and functional printing industries. Kodak also offers leading products and services in entertainment imaging and commercial films. Kodak emerged having removed legacy costs, exited businesses no longer core to its future and simplified its infrastructure. As of September 30, 2013 Kodak has \$3.4 billion in total assets, \$2.8 billion in total liabilities, and \$616 million of total equity.

Prior to emergence, Kodak took many actions to reduce legacy obligations and improve the profitability of its emerging Commercial Imaging business. These actions included the Retirees' Settlement, Eastman Business Park Settlement, KPP Global Settlement, the sale of various assets and discontinuance of unprofitable businesses. Kodak expects to continue to improve its profitability by focusing on the placement of equipment and the generation of profitable annuities in its Digital Printing and Enterprise businesses as well as the continued generation and enhancement of profits in its large consumable-based Graphics, Entertainment and Commercial Films businesses through a renewed focus on productivity and product quality. Kodak's results for the predecessor and successor periods in 2013 reflect such improvements.

Kodak's common stock was listed on the New York Stock Exchange as of November 1, 2013 under the ticker of "KODK".

CURRENT KODAK OPERATING MODEL AND REPORTING STRUCTURE

Effective in the third quarter of 2012, Kodak had three reportable segments: the Graphics, Entertainment and Commercial Films Segment, the Digital Printing and Enterprise Segment, and the Personalized and Document Imaging Segment. Effective in the first quarter of 2013, the Intellectual Property and Brand Licensing strategic product group is reported in the Graphics, Entertainment and Commercial Films Segment. The Intellectual Property and Brand Licensing strategic product group was previously reported in the Personalized and Document Imaging Segment. Effective in the second quarter of 2013, due to the Personalized and Document Imaging Segment (excluding the film business, for which Kodak has entered into an ongoing supply arrangement with one or more KPP Purchasing Parties) being reported as discontinued operations, Kodak has two reportable segments: the Graphics, Entertainment and Commercial Films Segment and the Digital Printing and Enterprise Segment. The balance of Kodak's continuing operations, which do not meet the criteria of a reportable segment, are reported in All Other. Prior period segment results have been revised to conform to the current period segment reporting structure. Within each of Kodak's reportable segments are various components, or Strategic Product Groups ("SPG"s). Throughout the remainder of this document, references to the segments' SPGs are indicated in italics.

Kodak offers high-quality, cost-effective products and services to the commercial imaging industry. Kodak's portfolio of products and services meets two distinct needs for its customers: transforming large printing markets with digital offset, digital print and hybrid solutions; and developing new solutions for high-growth markets. Kodak operates the Commercial Imaging portfolio as two business segments:

Graphics, Entertainment and Commercial Films Segment: The Graphics, Entertainment and Commercial Films Segment consists of the product/service groups, Graphics and Entertainment & Commercial Films as well as Kodak's intellectual property and brand licensing activities.

Kodak's Graphics portfolio, covering the pre-press segment of the digital offset printing market, includes front-end controllers, production workflow software (including the new PRINERGY 6 Workflow portfolio), CTP output devices (including the KODAK TRENDSETTER and ACHIEVE Product with SQUAREspot laser writing and the new TH5 imaging technology), and digital plates (including traditional digital and KODAK SONORA Process-Free Plates). The SONORA Plate delivers cost savings and efficiency to customers through its durability (enabling an entire job to be printed using one set of plates) and promotes customers' sustainability practices and credentials as it does not require processing chemistry.

The Graphics group also includes Kodak's Global Technical Services, which is focused on achieving high-service contract attach rates to Kodak products, including the following service categories: field services, customer support services, educational services, and professional services.

[Table of Contents](#)

Kodak's Entertainment Imaging & Commercial Film group encompasses its motion picture film business, providing motion imaging products (camera negative, intermediate, print and archival film), services, and technology for the professional motion picture and exhibition industries. The group also offers Aerial and Industrial Films – including KODAK Printed Circuit Board film, and delivers external sales for Kodak's component businesses: Polyester Film; Specialty Chemicals; Inks & Dispersions; and Solvent Recovery.

Digital Printing and Enterprise Segment: The Digital Printing and Enterprise Segment consists of four product/service groups, *Digital Printing, Packaging and Functional Printing, Enterprise Services & Solutions*, and *Consumer Inkjet Systems*. Digital Printing includes both the Inkjet Printing Solutions and Electrophotographic Printing Solutions product offerings.

The Inkjet Printing Solutions product offering includes KODAK PROSPER Presses and PROSPER hybrid components, featuring ultrafast inkjet droplet generation, which are sold directly to customers. PROSPER hybrid components are also integrated into OEM partner portfolios. The PROSPER Press features STREAM Inkjet Technology, which delivers a continuous flow of ink that enables constant and consistent operation, with uniform size and accurate placement, even at very high print speeds. Applications include publishing, commercial print, direct mail, and packaging. The business also includes a large customer base of KODAK VERSAMARK (first-generation) Products.

Electrophotographic Printing Solutions encompasses the NEXPRESS Press Platform, which offers extremely high-quality, differentiated printing of short-run, personalized print applications such as direct mail, books, marketing collateral and photo products; and the DIGIMASTER Production Platform that uses monochrome electrophotographic printing technology to create high-quality printing of statements, short run books, corporate documentation, manuals and direct mail.

The Packaging business includes Kodak's FLEXCEL NX and FLEXCEL Direct Platforms that offer digitization into the flexographic print market. The FLEXCEL System uses Kodak's proprietary SQUAREspot laser imaging technology. This print production capability leverages a portfolio of offset, flexographic, and digital products and services, which help enable customers to preserve brand equity and security, enhance shelf appeal, and drive efficiency from design.

Kodak's Functional Printing is currently under development. The first phase involves further engagement of strategic relationships with worldwide touch panel sensor leaders, while the second phase centers on developing and updating proprietary technology for direct printing on a wide range of materials that could be leveraged into adjacent markets, including transistors, fuel cells, display screens and packaging materials.

Enterprise Services & Solutions assists with the challenges and opportunities created by the worldwide digital transformation. Kodak brings together its technological strengths to meet the needs of its customers in the areas of Print & Managed Media Services, Brand Protection Solutions and Services, and Document Management Services. The group serves customers in enterprises including government, pharmaceuticals, and health, consumer and luxury good products, retail and finance.

Consumer Inkjet Systems includes consumer inkjet printers and related ink and media consumables. On September 28, 2012, Kodak announced that, starting in 2013, it would focus its Consumer Inkjet Systems business on the sale of ink and wind down its sale of consumer inkjet printers while continuing to serve its installed base.

All Other: All Other is composed of Kodak's consumer film business and a utilities variable interest entity. Effective August 31, 2013 the Company sold certain utilities and related facilities and entered into utilities supply and servicing arrangements with RED, a variable interest entity.

Change in Segment Measure of Profit and Loss

During the second quarter of 2013, the Predecessor Company changed its segment measure of profit and loss to exclude amortization of prior service credits related to the U.S. Postretirement Benefit Plan. Prior to this change, Kodak excluded certain other components of pension and other postretirement benefit obligation (OPEB) costs from the segment measure of profitability. As a result of this change, the operating segment results now exclude the interest cost, expected return on plan assets, amortization of actuarial gains and losses, amortization of prior service credits related to the U.S. Postretirement Benefit Plan, and special termination benefit, curtailment and settlement components of pension and OPEB expense. The service cost component for all plans will continue to be reported as a part of operating segment results, as will the amortization of prior service cost component for all plans other than for the U.S. Postretirement Benefit Plan. Prior period segment results have been revised to reflect this change.

[Table of Contents](#)

Upon adoption of fresh start accounting, the Successor Company eliminated prior service credits related to the U.S. Postretirement Benefit Plan. Therefore the one month ended September 30, 2013 does not include any amortization related to prior service credits related to the U.S. Postretirement Benefit Plan.

Revenues

Current Quarter

For the three months ended September 30, 2013, net sales decreased approximately 15% compared with the same period in 2012 primarily due to volume declines in each segment. The impact of the application of fresh start accounting was not material. See segment discussions below for additional information.

Year to Date

For the nine months ended September 30, 2013, net sales decreased approximately 12% compared with the same period in 2012 primarily due to volume declines in each segment, partially offset by favorable price/mix within *Entertainment Imaging and Commercial Films* (+2%) in the Graphics, Entertainment & Commercial Films segment. The impact of the application of fresh start accounting was not material. See segment discussions below for additional information.

Included in first quarter 2013 revenues was a non-recurring intellectual property licensing agreement. This licensing agreement contributed approximately \$31 million to revenues in the first quarter of 2013. There was a \$61 million license revenue reduction reflecting sharing, with licensees, of the withholding tax refund received in the first quarter of 2012 (refer to Note 12, "Income Taxes" for additional information).

Gross Profit

Current Quarter

The increase in gross profit percent for the three months ended September 30, 2013 as compared with the prior year quarter was due to favorable price/mix in the Digital Printing and Enterprise segment (+5pp), primarily due to price/mix improvements within *Consumer Inkjet Systems*. Lower pension expense contributed to improved manufacturing and other costs, offset by the impact of the application of fresh start accounting (-4pp). See segment discussions below for additional details.

Year to Date

The increase in gross profit percent for the nine months ended September 30, 2013 as compared with the prior year period was due to favorable price/mix in the Graphics, Entertainment and Commercial Films segment (+5pp) primarily from intellectual property licensing and the Digital Printing and Enterprise segment (+4pp). The impact of the application of fresh start accounting was not material. See segment discussions below for additional details.

Included in first quarter 2013 revenues was a non-recurring intellectual property licensing agreement. This licensing agreement contributed approximately \$31 million to revenues in the first quarter of 2013. There was a \$61 million license revenue reduction reflecting sharing, with licensees, of the withholding tax refund received in the first quarter of 2012 (refer to Note 12, "Income Taxes" for additional information).

Selling, General and Administrative Expenses

The decreases in consolidated selling, general and administrative expenses (SG&A) for the three and nine months ended September 30, 2013 as compared with the prior year periods were the result of cost reduction actions including the change in strategy for *Consumer Inkjet Systems*.

Research and Development Costs

The decreases in consolidated research and development costs (R&D) for the three and nine months ended September 30, 2013 as compared with the prior year periods were primarily attributable to cost reduction actions resulting from focused development activities on core products and certain products reaching the commercialization stage.

Current Quarter

The change in Kodak’s effective tax rate from continuing operations for the combined quarter is primarily attributable to: (1) a decrease as a result of income generated in the U.S., offset by an increase as a result of losses in certain jurisdictions outside the U.S. for which no benefit was recognized due to management’s conclusion that it was more likely than not that the tax benefits would not be realized, (2) an increase as a result of the establishment of a deferred tax asset valuation allowance in certain jurisdictions outside the U.S., (3) a decrease as a result of a legislative tax rate change in a jurisdiction outside the U.S., (4) a decrease as a result of tax accounting impacts related to items reported in Accumulated other comprehensive loss in the Consolidated Statement of Financial Position, and (5) a decrease associated with foreign withholding taxes on undistributed earnings.

Year to Date

The change in the Company’s effective tax rate from continuing operations for the year to date period is primarily attributable to: (1) a decrease as a result of income generated in the U.S., offset by an increase as a result of losses in certain jurisdictions outside the U.S. for which no benefit was recognized due to management’s conclusion that it was more likely than not that the tax benefits would not be realized, (2) a benefit as a result of the Company reaching a settlement with a taxing authority in a location outside the U.S. in the nine months ended September 30, 2012, (3) an increase as a result of the establishment of a deferred tax asset valuation allowance in certain jurisdictions outside the U.S., (4) a benefit associated with the tax impact of the goodwill impairment recognized in the nine months ended September 30, 2013, (5) a decrease as a result of a legislative tax rate change in a jurisdiction outside the U.S., (6) a provision as a result of withholding taxes on foreign dividends in the nine months ended September 30, 2013, (7) a decrease as a result of tax accounting impacts related to items reported in Accumulated other comprehensive loss in the Consolidated Statement of Financial Position, (8) a provision as a result of withholding taxes on the sale of intellectual property in the nine month ended September 30, 2013 and (9) a decrease associated with foreign withholding taxes on undistributed earnings.

Discontinued Operations

On the Effective Date, as a part of the Global Settlement and pursuant to the Amended SAPA, Kodak consummated the sale of certain assets of the Business to the KPP Purchasing Parties for net cash consideration, in addition to the assumption by the KPP Purchasing Parties of certain liabilities of the Business, of \$325 million. Up to \$35 million in aggregate of the purchase price is subject to repayment to KPP if the Business does not achieve certain annual adjusted EBITDA targets over the four-year period ending December 31, 2018. Certain assets and liabilities of the Business in certain jurisdictions were not transferred at the initial closing, which took place on the Effective Date, but are contemplated to be transferred at a series of future deferred closings in accordance with the Amended SAPA. Kodak will operate the Business relating to the deferred closing jurisdictions, subject to certain covenants, until the applicable deferred closing occurs, and will deliver to (or receive from) a KPP subsidiary at each deferred closing a true-up payment reflecting the actual economic benefit (or detriment) to the Business in the applicable deferred closing jurisdiction(s) from the time of the initial closing through the time of the applicable deferred closing. Up to the time of the deferred closing, the results of the operations of the Business will be reported as Earnings (loss) from discontinued operations, net of income taxes in the Consolidated Statement of Operations and the assets and liabilities of the Business will be categorized as Assets held for sale or Liabilities held for sale in the Consolidated Statement of Financial Position, as appropriate.

Kodak recognized a pre-tax loss on the sale of the Business of approximately \$163 million during the third quarter 2013 predecessor period. The pre-tax loss excludes recognition of \$64 million of non-refundable consideration related to the delayed closings, which non-refundable consideration was received on the Effective Date, and \$35 million of contingent consideration, which was also received by Kodak on the Effective Date. The pre-tax loss includes the recognition of approximately \$1.5 billion of unamortized pension losses previously reported in accumulated other comprehensive income.

Discontinued operations of Kodak include the Business (excluding the consumer film business, for which Kodak has entered into an ongoing supply arrangement with one or more KPP Purchasing Parties), digital capture and devices business (exited in the third quarter of 2012), Kodak Gallery (exited in the third quarter of 2012), and other miscellaneous businesses.

Revenues

Current Quarter

The decrease in the Graphics, Entertainment and Commercial Films Segment net sales of approximately 13% for the third quarter was primarily due to volume declines within *Graphics* (-6%), largely attributable to lower demand for digital plates and within *Entertainment Imaging & Commercial Films* (-5%), largely attributable to reduced demand from movie studios. Also contributing to the decline was unfavorable price/mix within *Graphics* (-2%) due to pricing pressures in the industry. Partially offsetting these declines was favorable price/mix within *Entertainment Imaging and Commercial Films* (+2%) due to pricing actions impacting the current year quarter. The impact of the application of fresh start accounting was not material.

Year to Date

The decrease in the Graphics, Entertainment and Commercial Films Segment net sales of approximately 10% for the nine months ended September 30, 2013 was primarily due to volume declines within *Entertainment Imaging & Commercial Films* (-9%), largely attributable to reduced demand from movie studios, and within *Graphics* (-9%), largely attributable to lower demand for digital plates. Partially offsetting these declines was favorable price/mix within *Intellectual Property and Brand Licensing* (+7%) and within *Entertainment Imaging and Commercial Films* (+3%) due to pricing actions impacting the current year period. The impact of the application of fresh start accounting was not material.

Included in the year to date 2013 revenues was a non-recurring intellectual property licensing agreement. This licensing

agreement contributed approximately \$31 million to revenues in the first quarter of 2013. There was a \$61 million license revenue reduction reflecting sharing, with licensees, of the withholding tax refund received in the first quarter of 2012 (refer to Note 12, "Income Taxes" for additional information).

Gross Profit

Current Quarter

Favorable price/mix within *Entertainment Imaging & Commercial Films* (+3pp), driven by the impact of pricing actions as noted above, and manufacturing and other cost improvements in *Graphics* (+3pp), due to productivity improvement initiatives, positively impacted gross profit percent. Partially offsetting these improvements was unfavorable price/mix within *Graphics* (-2pp) due to pricing pressures in the industry and the revaluation of inventory related to fresh-start accounting (-3pp).

Year to Date

The increase in the Graphics, Entertainment and Commercial Films Segment gross profit percent for the nine months ended September 30, 2013 was primarily driven by favorable price/mix within *Intellectual Property and Brand Licensing* (+6pp). Also contributing to the improvement was favorable price/mix within *Entertainment Imaging & Commercial Films* (+2pp) driven by the impact of pricing actions as noted above, and manufacturing and other cost improvements within *Graphics* (+2pp) due to productivity improvement initiatives. Revenues

Current Quarter

The decrease in the Digital Printing and Enterprise Segment net sales of approximately 14% for the third quarter was primarily attributable to volume declines within *Consumer Inkjet Systems*, driven by lower consumer printer sales, due to the discontinuance of printer production (-7%), and lower sales of ink to the existing installed base of printers (-7%). Partially offsetting these declines were volume improvements within *Digital Printing* driven by a larger number of placements of commercial inkjet components (+4%). The impact of the application of fresh start accounting was not material.

Year to Date

The decrease in the Digital Printing and Enterprise Segment net sales of approximately 12% for the nine months ended September 30, 2013 was primarily attributable to volume declines within *Consumer Inkjet Systems*, driven by lower consumer printer sales, due to the discontinuance of printer production (-7%), and lower sales of ink to the existing installed base of printers (-5%). The impact of the application of fresh start accounting was not material.

Gross Profit

Current Quarter

The increase in the Digital Printing and Enterprise Segment gross profit percent for the third quarter was primarily due to favorable price/mix within *Consumer Inkjet Systems* (+10pp) due to a greater proportion of consumer ink sales, and within *Digital Printing* (+3pp) due to favorable mix due to higher component placements in the current year period. Partially offsetting these improvements were increased manufacturing and other costs (-6pp) due to the revaluation of inventory related to fresh-start accounting.

Year to Date

The increase in the Digital Printing and Enterprise Segment gross profit percent for the nine months ended September 30, 2013 was primarily due to favorable price/mix within *Consumer Inkjet Systems* (+12pp), due to a greater proportion of consumer ink sales in the current year period. Also contributing to the increase in gross profit percent was cost reductions within *Digital Printing* (+2pp) due to increase in scale and productivity improvement initiatives. The impact of the application of fresh start accounting was not material.

Selling, General and Administrative Expenses

The decreases in SG&A for the three and nine months ended September 30, 2013 as compared with the prior year periods were primarily attributable to cost reduction actions including the change in strategy for *Consumer Inkjet Systems*.

Research and Development Costs

The decreases in R&D for the three and nine months ended September 30, 2013 as compared with the prior year periods were primarily attributable to cost reduction actions resulting from certain products reaching the commercialization stage and focused development activities on other core products.

RESTRUCTURING COSTS AND OTHER

The Company recorded \$8 million of charges for the three months ended September 30, 2013, including \$1 million which was reported as Discontinued operations. The Company recorded \$56 million of charges, including \$4 million of charges for accelerated depreciation and \$2 million of charges for inventory write-downs, which were reported in Cost of sales in the accompanying Consolidated Statement of Operations for the nine months ended September 30, 2013, and \$3 million which was reported as Discontinued operations. The remaining costs incurred of \$7 million and \$47 million were reported as Restructuring costs and other in the accompanying Consolidated Statement of Operations for the three and nine months ended September 30, 2013, respectively. The severance and exit costs reserves require the outlay of cash, while long-lived asset impairments, accelerated depreciation and inventory write-downs represent non-cash items.

During the three and nine months ended September 30, 2013, the Company made cash payments related to restructuring of approximately \$21 million and \$86 million, respectively.

The charges of \$56 million recorded in the first nine months of 2013 included \$5 million applicable to the Digital Printing and Enterprise Segment, \$24 million applicable to the Graphics, Entertainment and Commercial Films Segment, and \$24 million that was applicable to manufacturing, research and development, and administrative functions, which are shared across both segments. The remaining \$3 million was applicable to Discontinued operations.

The restructuring actions implemented in the first nine months of 2013 are expected to generate future annual cash savings of approximately \$57 million. These savings are expected to reduce future annual Cost of sales, SG&A, and R&D expenses by \$32 million, \$24 million, and \$1 million, respectively. The Company began realizing a portion of these savings in the first nine months of 2013, and expects the majority of the annual savings to be in effect by the second half of 2014 as actions are completed.

Operating Activities

Net cash used in operating activities increased \$329 million for the nine months ended September 30, 2013 as compared with the corresponding period in 2012 due to emergence related cash outflows and less cash being provided by working capital changes as compared to the prior year period, partially offset by earnings improvement.

Investing Activities

Net cash provided by investing activities increased \$661 million for the nine months ended September 30, 2013 as compared with the nine months ended September 30, 2012, primarily due to the increase in proceeds from sales of businesses/assets of \$827 million. The sale of the digital imaging patent portfolio contributed approximately \$530 million in the current year period. The sale of the Personalized Imaging and Document Imaging businesses contributed \$290 million to investing activities in the current year period. Also contributing to the increase in the current year period was a reduction of capital expenditures of \$15 million. Partially offsetting these increases was the net funding of restricted cash and investment accounts of \$113 million.

Financing Activities

Net cash used in financing activities increased \$881 million for the nine months ended September 30, 2013 as compared with the corresponding period in 2012 due to the net pay-down of debt in the current year period of approximately \$810 million compared with borrowing under the Original Senior DIP Credit Agreement in the prior year quarter. Partially offsetting the increased cash used in financing activities were the proceeds from the Right Offerings of \$406 million and \$35 million of contingent cash received related to the sale of the Business in the current year period.

Available liquidity includes cash balances and the unused portion of the ABL Credit Agreement. The ABL Credit Agreement had \$49 million of net availability as of September 30, 2013. The amount of available liquidity is subject to fluctuations and includes cash balances held by various entities worldwide. At September 30, 2013 and December 31, 2012, approximately \$286 million and \$324 million, respectively, of cash and cash equivalents were held within the U.S. and approximately \$553 million and \$811 million, respectively, of cash and cash equivalents were held outside the U.S. Cash balances held outside of the U.S. are generally required to support local country operations, may have high tax costs, or other limitations that delay the ability to repatriate, and therefore may not be readily available for transfer to other jurisdictions. Additionally, in China, where approximately \$221 million of cash and cash equivalents was held as of September 30, 2013, there are limitations related to net asset balances that may impact the ability to make cash available to other jurisdictions in the world. Under the terms of the Term Credit Agreements and ABL Credit Agreement, the Company is permitted to invest up to \$100 million in subsidiaries and joint ventures that are not party to these loan agreements.

During 2012 and 2011, Kodak made contributions (funded plans) or paid benefits (unfunded plans) of \$153 million and \$217 million, respectively, relating to its major defined benefit pension and other postretirement benefit plans. The decline in contribution in 2012 from 2011 is primarily due to the fact that the 2012 contribution to U.K Pension Plan was not made. Kodak estimates contributions and benefit payments relating to its major defined benefit pension and other postretirement benefit plans in 2013 of \$42 million. The expected decline in contribution in 2013 from 2012 is primarily due to the discontinuation of U.S. retiree medical, dental, life insurance, and survivor income benefits (other than COBRA continuation coverage or conversion rights as required by the applicable benefit plans or applicable law) in 2013;

Cash flow from investing activities included \$2 million and \$34 million of capital expenditures for the one month ended September 30, 2013 and the eight months ended August 31, 2013, respectively. Kodak expects approximately \$25 million of total capital expenditures for the four months ended December 31, 2013. Additionally, Kodak intends to utilize a variety of methods to finance customer equipment purchases in the future, including expansion of existing third party finance programs and internal financing through both leasing and installment loans.

Kodak believes that its liquidity position is adequate to fund its operating and investing needs and to provide the flexibility to respond to further changes in the business environment. See "Item 1A. Risk Factors" for a discussion of potential challenges to liquidity.

The Company undertakes no obligation to update or revise forward-looking statements to reflect events or circumstances that arise after the date made or to reflect the occurrence of unanticipated events.

Item 3. Quantitative And Qualitative Disclosures About Market Risk

The Company, as a result of its global operating and financing activities, is exposed to changes in foreign currency exchange rates, commodity prices, and interest rates, which may adversely affect its results of operations and financial position. In seeking to minimize the risks associated with such activities, Kodak may enter into derivative contracts. Kodak does not utilize financial instruments for trading or other speculative purposes. Foreign currency forward contracts are used to hedge existing foreign currency denominated assets and liabilities, especially those of Kodak's International Treasury Center, as well as forecasted foreign currency denominated intercompany sales. Silver forward contracts are used to mitigate Kodak's risk to fluctuating silver prices. Kodak's exposure to changes in interest rates results from its investing and borrowing activities used to meet its liquidity needs. Long-term debt is generally used to finance long-term investments, while short-term debt is used to meet working capital requirements.

Using a sensitivity analysis based on estimated fair value of open foreign currency forward contracts using available forward rates, if the U.S. dollar had been 10% weaker at September 30, 2013 and 2012, the fair value of open forward contracts would have decreased \$23 million and \$14 million, respectively. Such changes in fair value would be substantially offset by the revaluation or settlement of the underlying positions hedged.

There were no open silver forward contracts as of September 30, 2013 or as of September 30, 2012.

Kodak is exposed to interest rate risk primarily through its borrowing activities and, to a lesser extent, through investments in marketable securities. Kodak may utilize borrowings to fund its working capital and investment needs. The majority of short-term and long-term borrowings are in variable-rate instruments. There is inherent roll-over risk for borrowings and marketable securities as they mature and are renewed at current market rates. The extent of this risk is not predictable because of the variability of future interest rates and business financing requirements.

Kodak's borrowings are in variable-rate instruments with an interest rate floor. See Note 11, "Short-term borrowings and long-term debt." At September 30, 2013, the one-month LIBOR rate was approximately 0.18%. If LIBOR rates were to rise above the 1% to 1.25% floors, interest expense would increase approximately \$7 million for each 1% of LIBOR above the floor (\$694 million debt times 1%). Using a sensitivity analysis based on estimated fair value of short-term and long-term borrowings, if available market interest rates had been 10% (about 252 basis points) lower at September 30, 2012, the fair value of short-term and long-term borrowings would have increased \$1 million and \$39 million, respectively.

Kodak's financial instrument counterparties are high-quality investment or commercial banks with significant experience with such instruments. Kodak manages exposure to counterparty credit risk by requiring specific minimum credit standards and diversification of counterparties. Kodak has procedures to monitor the credit exposure amounts. The maximum credit exposure at September 30, 2013 was not significant to Kodak.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Kodak maintains disclosure controls and procedures (as defined in Rules 13a-15(e) under the Securities Act of 1934) that are designed to ensure that information required to be disclosed in Kodak's reports under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to management, including Kodak's Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, Kodak's management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives and, in reaching a reasonable level of assurance, Kodak's management necessarily was required to apply its judgment in evaluating and implementing possible controls and procedures. Kodak's management, with participation of Kodak's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of Kodak's disclosure controls and procedures as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on their evaluation and subject to the foregoing, Kodak's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of the period covered by this Quarterly Report on Form 10-Q, Kodak's disclosure controls and procedures were effective.

Changes in Internal Control over Financial Reporting

There have been no changes in Kodak's internal control over financial reporting during the most recently completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, Kodak's internal control over financial reporting.

Part II. Other Information

ITEM 1. LEGAL PROCEEDINGS

Subsequent to the Company's Bankruptcy Filing, between January 27, 2012 and March 22, 2012, several putative class action suits were filed in federal court in the Western District of New York against the current and certain former members of the Board of Directors (who were subsequently dismissed from the suits), the committees of the Company's Stock Ownership Plan ("SOP") and Savings and Investment Plan ("SIP"), and certain former and current executives of the Company. The suits have been consolidated into a single action brought under the Employee Retirement Income Security Act ("ERISA"), styled as *In re Eastman Kodak ERISA Litigation*. The allegations concern the decline in the Company's stock price and its alleged impact on SOP and SIP. Plaintiffs seek the recovery of any losses to the applicable plans, a constructive trust, the appointment of an independent fiduciary, equitable relief, as applicable, and attorneys' fees and costs. Defendants' motion to dismiss the litigation was heard on May 23, 2013 and has been taken under advisement.

On February 10, 2012, a suit was filed in federal court in the Southern District of New York against the Chief Executive Officer, the former President and Chief Operating Officer and the former Chief Financial Officer, as a putative class action suit under the federal securities laws, claiming that certain Company statements concerning the Company's business and financial results were misleading (*Timothy A. Hutchinson v. Antonio M. Perez, Philip J. Faraci, and Antoinette McCorvey*). The Court granted defendants' July 2, 2012 motion to dismiss this case as against all defendants but granted the plaintiffs' subsequent motion for leave to amend. Plaintiffs filed a second amended complaint against only the Chief Executive Officer and the former Chief Financial Officer (*Timothy A. Hutchinson v. Antonio M. Perez and Antoinette McCorvey*), in which they sought damages with interest, equitable relief as applicable, and attorneys' fees and costs. The Court granted defendants' motion to dismiss the case on April 25, 2013, and plaintiffs have appealed.

On behalf of the defendants in the ERISA and securities laws suits, the Company believes that the suits are without merit and will vigorously defend the defendants on their behalf.

General Unsecured Claims (as defined in the Plan) against the Debtors have been discharged pursuant to the Plan. Under the Plan, General Unsecured Claims were classified as Class 4 claims and will receive the treatment set forth in the Plan on account of such claims. The claims filed by STWB and Bayer Corporation in the Chapter 11 Cases, as previously disclosed by the Company, are among the General Unsecured Claims discharged under the Plan. For information regarding the claims filed by STWB and Bayer, see Note 13 "Commitments and Contingencies" to the Financial Statements included herein, and the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2013, under the heading "Legal Proceedings". For information regarding the Plan, see Note 2, "Emergence from Voluntary Reorganization under Chapter 11 Proceedings" to the Financial Statements included herein, and the Company's Report on Form 8-K, filed August 29, 2013.

On June 17, 2013 the Company, the New York State Department of Environmental Conservation and the New York State Urban Development Corporation, d/b/a Empire State Development entered into a settlement agreement subsequently amended on August 6, 2013 (the "Amended EBP Settlement Agreement") which resolves certain of the Company's historical environmental liabilities at Eastman Business Park ("EBP") through the establishment of a \$49 million environmental remediation trust (the "EBP Trust"). Upon the satisfaction or waiver of certain conditions, (i) the EBP Trust will be responsible for investigation and remediation at EBP arising from the Company's historical environmental liabilities in existence prior to the effective date of the EBP settlement, (ii) the Company will fund the EBP Trust with a \$49 million payment and transfer of certain equipment and fixtures used for remediation at EBP, and (iii) in the event the historical liabilities exceed \$99 million, the Company will become liable for 50% of the portion above \$99 million. The settlement is subject to the satisfaction or waiver of certain conditions including the receipt of a covenant not to sue from the US Environmental Protection Agency with respect to the liabilities that are addressed in the Amended EBP Settlement Agreement.

The Company and its subsidiaries are involved in various lawsuits, claims, investigations, remediations and proceedings, including commercial, customs, employment, environmental, and health and safety matters, which are being handled and defended in the ordinary course of business. The Company is also subject to various assertions, claims, proceedings and requests for indemnification concerning intellectual property, including patent infringement suits involving technologies that are incorporated in a broad spectrum of the Company's products. These matters are in various stages of investigation and litigation, and are being vigorously defended. Based on information presently available, the Company does not believe that losses for known exposures could reasonably be expected to exceed current accruals by material amounts, although costs could be material to a particular quarter or year.

ITEM 1A. RISK FACTORS

Continued investment, capital needs, restructuring payments and servicing the Company's debt require a significant amount of cash and we may not be able to generate cash necessary to finance these activities, which could adversely affect our business, operating results and financial condition.

The Company's business may not generate cash flow in an amount sufficient to enable it to pay the principal of, or interest on the Company's indebtedness, or to fund Kodak's other liquidity needs, including working capital, capital expenditures, product development efforts, strategic acquisitions, investments and alliances, restructuring actions and other general corporate requirements.

Kodak's ability to generate cash is subject to general economic, financial, competitive, litigation, regulatory and other factors that are beyond our control. We cannot assure you that:

- the Company's businesses will generate sufficient cash flow from operations;
- the Company will be able to repatriate or move cash to locations where and when it is needed;
- the Company will meet all the conditions associated with the Emergence Credit Facility;
- we will realize cost savings, earnings growth and operating improvements resulting from the execution of our business and restructuring plan; or
- future sources of funding will be available in amounts sufficient to enable funding of our liquidity needs.

If we cannot fund our liquidity needs, we will have to take actions such as reducing or delaying capital expenditures, product development efforts, strategic acquisitions, and investments and alliances; selling additional assets; restructuring or refinancing the Company's debt; or seeking additional equity capital. Such actions could increase the Company's debt, negatively impact customer confidence in our ability to provide products and services, reduce the Company's ability to raise additional capital and delay sustained profitability. We cannot assure you that any of these actions could, if necessary, be effected on commercially reasonable terms, or at all, or that they would permit us to meet the Company's scheduled debt service obligations. In addition, if we incur additional debt, the risks associated with the Company's substantial leverage, including the risk that we will be unable to service the Company's debt or generate enough cash flow to fund our liquidity needs, could intensify.

If we are unsuccessful with the Company's strategic investment decisions, our financial performance could be adversely affected.

The Company has focused its investments on commercial businesses in large growth markets that are positioned for technology and business model transformation, specifically, commercial inkjet, packaging and functional printing solutions, and enterprise services. While we believe each of these businesses has significant growth potential, they may also require additional investment and may not be successful strategies when implemented. The introduction of successful innovative products at market competitive prices, and the achievement of scale, are necessary for us to grow these businesses, improve margins and achieve our financial objectives. The introduction of products requires great precision in forecasting demand and understanding commercial business requirements in a rapidly moving marketplace. Additionally, our strategy is based on a number of factors and assumptions. Some of these are within our control, while others, such as the actions of third parties, are not within our control. There can be no assurance that we will be able to successfully execute all elements of our strategy, nor that external factors will not adversely affect our ability to successfully execute our strategy. If we are unsuccessful in growing the Company's investment businesses as planned, or perceiving the needs of the rapidly changing commercial businesses, our financial performance could be adversely affected.

Kodak's inability to successfully implement plans, or delays in implementing plans, to reduce our cost structure could negatively affect the Company's consolidated results of operations, financial position and liquidity.

We recognize and have communicated the need to rationalize Kodak's workforce and streamline operations to a leaner and more focused organization aligned with the emerged businesses and operations. We have implemented such cost rationalization plans including a restructuring of resources, manufacturing, supply chain, marketing, sales and administrative resources. As a result, our operations, results, financial position and liquidity could be negatively impacted. There are no assurances that such implementation will be successful or that the results we achieve through these plans will be consistent with our expectations. Additionally, if restructuring plans are not effectively managed, we may experience lost customer sales, product delays and other unanticipated effects, causing harm to our business and customer relationships. The business plans

[Table of Contents](#)

are subject to a number of assumptions, projections, and analysis. If these assumptions prove to be incorrect, we may be unsuccessful in executing our business plan or achieving the projected results, which could adversely impact our financial results and liquidity. Finally, the timing and implementation of these plans require compliance with numerous laws and regulations, including local labor laws, and the failure to comply with such requirements may result in damages, fines and penalties which could adversely affect the Company's business.

Kodak's inability to effectively complete and manage partnerships and other significant transactions could adversely impact our business performance including our financial results.

As part of the Company's strategy, we are engaged in discussions with third parties regarding possible divestitures, asset sales, investments, acquisitions, strategic alliances, joint ventures, and outsourcing transactions and enter into agreements relating to such transactions in order to further our business objectives. In order to pursue this strategy successfully, we must identify suitable buyers, sellers and partners and successfully complete transactions, some of which may be large and complex, and manage post closing issues such as the elimination of any post sale cost overhang related to divested businesses. Risks of transactions can be more pronounced for larger and more complicated transactions, or if multiple transactions are pursued simultaneously. If we fail to identify and successfully complete transactions that further the Company's strategic objectives, we may be required to expend resources to develop products and technology internally, we may be at a competitive disadvantage or we may be adversely affected by negative market perceptions, any of which may have an adverse effect on our revenue, gross margins and profitability. In addition, unpredictability surrounding the timing of such transactions could adversely affect our financial results.

There can be no assurance that the Company will be able to comply with the terms of our various credit facilities.

A breach of any of the financial or other covenants contained in our First Lien Term Loan Agreement, Second Lien Term Loan Agreement or ABL Credit Agreement, could result in an event of default under these facilities, subject, in certain cases, to applicable grace and cure periods. If any event of default occurs and we are not able either to cure it or obtain a waiver from the requisite lenders under each of these facilities, the administrative agent of each credit facility may, and at the request of the requisite lenders for that facility shall, declare all of our outstanding obligations under the applicable credit facility, together with accrued interest and fees, to be immediately due and payable, and the agent under the ABL Credit Agreement may, and at the request of the requisite lenders shall, terminate the lenders' commitments under that facility and cease making further loans, and if applicable, each respective agent could institute foreclosure proceedings against our pledged assets. This could adversely affect our operations and our ability to satisfy our obligations as they come due.

The extent to which the KPP Purchasing Parties are able to successfully operate the Business that they acquired from the Company, and to meet their commitments under transition services and other agreements entered into with the Company, could affect our brand, reputation and financial results.

The Amended SAPA and certain related agreements permit KPP to use the Kodak name and brand in its operations of the Business on a going-forward basis. If KPP is not successful in its operation of the Business, the Company's brand image and reputation as a producer of high quality products could be harmed, which could affect our financial results or operations. In addition, in connection with the closing under the Amended SAPA, on the Effective Date, the Company entered into certain transition services agreements with KPP under which KPP is purchasing services from the Company. The inability of KPP to make payments as they are due under the transition service agreements could negatively affect our financial results. Further, with respect to certain jurisdictions for which deferred closings are scheduled to occur pursuant to the Amended SAPA on certain future dates, certain factors may delay the closings from occurring on the dates specified in the Amended SAPA, which could result in costs or operational impacts to Kodak.

Upon our emergence from chapter 11, a new Board of Directors was appointed, whose ability to quickly learn our business and lead our Company will be critical to our success.

Pursuant to the Plan, a new Board of Directors was appointed to lead the Company. The Board consists of six new Directors who have not previously served on the Kodak Board and are expanding their knowledge of the Company's operations and strategic plans. The ability of the new Directors to quickly expand their knowledge of our business plans, operations and strategies and our technologies will be critical to their ability to make informed decisions about Company strategy and operations, particularly given the competitive environment in which our businesses operate and the need to quickly adjust to technological trends and advancements. If our Board of Directors is not sufficiently informed to make such decisions, our ability to compete effectively and profitably could be adversely affected.

Kodak's future pension and other postretirement benefit plan costs and required level of contributions could be unfavorably impacted by changes in actuarial assumptions, market performance of plan assets and obligations imposed by legislation or pension authorities which could adversely affect our financial position, results of operations, and cash flow.

Kodak has significant defined benefit pension and other postretirement benefit obligations. The funded status of our U.S. and non U.S. defined benefit pension plans (and other postretirement benefit plans), and the related cost reflected in our financial statements, are affected by various factors that are subject to an inherent degree of uncertainty. Key assumptions used to value these benefit obligations, funded status and expense recognition include the discount rate for future payment obligations, the long term expected rate of return on plan assets, salary growth, healthcare cost trend rates, mortality trends, and other economic and demographic factors. Significant differences in actual experience, or significant changes in future assumptions or obligations imposed by legislation, or pension authorities could lead to a potential future need to contribute cash or assets to Kodak's plans in excess of currently estimated contributions and benefit payments and could have an adverse effect on the Company's consolidated results of operations, financial position or liquidity.

The competitive pressures we face could harm Kodak's revenue, gross margins and market share.

The markets in which we do business are highly competitive with large, entrenched, and well financed industry participants. In addition, we encounter aggressive price competition for all our products and services from numerous companies globally. Kodak's results of operations and financial condition may be adversely affected by these and other industry-wide pricing pressures. If our products, services and pricing are not sufficiently competitive with current and future competitors, we could also lose market share, adversely affecting our revenue and gross margins.

If Kodak's commercialization and manufacturing processes fail to prevent product reliability and quality issues, our product launch plans may be delayed, our financial results may be adversely impacted, and our reputation may be harmed.

In developing, commercializing and manufacturing Kodak's products and services, we must adequately address reliability and other quality issues, including defects in our engineering, design and manufacturing processes, as well as defects in third-party components included in our products. Because Kodak's products are sophisticated and complicated to develop and commercialize with rapid advances in technologies, the occurrence of defects may increase, particularly with the introduction of new product lines. Unanticipated issues with product performance may delay product launch plans which could result in additional expenses, lost revenue and earnings. Although we have established internal procedures to minimize risks that may arise from product quality issues, there can be no assurance that we will be able to eliminate or mitigate occurrences of these issues and associated liabilities. Product reliability and quality issues can impair our relationships with new or existing customers and adversely affect our brand image, and our reputation as a producer of high quality products could suffer, which could adversely affect our business as well as our financial results. Product quality issues can also result in recalls, warranty, or other service obligations and litigation.

If we cannot effectively anticipate technology trends and develop and market new products to respond to changing customer preferences, our revenue, earnings and cash flow, could be adversely affected.

We have transformed ourselves into a technology company serving imaging for business markets including packaging, functional printing, graphic communications and enterprise services. Our success in these businesses depends on our ability to offer differentiated solutions to capture market share and grow scale. To enable this, we must develop and introduce new products and services in a timely manner to keep pace with technological developments and achieve customer acceptance. We must also effectively communicate to our customers, investors, and other key stakeholders our transformed business model, and successfully market our products for the markets we serve. If we are unable to anticipate new technology trends, develop improvements the Company's current technology to address changing customer preferences, and effectively communicate, our businesses, products, and the markets we serve this could adversely affect our revenue, earnings and cash flow.

If we cannot protect the intellectual property rights on which the Company's business depends, or if third parties assert that we violate their intellectual property rights, our revenue, earnings, expenses and liquidity may be adversely impacted.

We rely upon patent, copyright, trademark and trade secret laws in the United States and similar laws in other countries, and non-disclosure, confidentiality and other types of agreements with Kodak's employees, customers, suppliers and other parties, to establish, maintain and enforce the Company's intellectual property rights. Despite these measures, any of the Company's direct or indirect intellectual property rights could, however, be challenged, invalidated, circumvented, infringed or misappropriated, or such intellectual property rights may not be sufficient to permit us to take advantage of current market trends or otherwise to provide competitive advantages, which could result in costly product redesign efforts, discontinuance of certain product offerings

[Table of Contents](#)

or other competitive harm. Further, the laws of certain countries do not protect proprietary rights to the same extent as the laws of the United States. Therefore, in certain jurisdictions, we may be unable to protect the Company's proprietary technology adequately against unauthorized third party copying, infringement or use, which could adversely affect our competitive position. Also, because of the rapid pace of technological change in the information technology industry, much of the Company's business and many of the Company's products rely on key technologies developed or licensed by third parties, and we may not be able to obtain or continue to obtain licenses and technologies from these third parties at all or on reasonable terms.

We have made substantial investments in new, proprietary technologies and have filed patent applications and obtained patents to protect the Company's intellectual property rights in these technologies as well as the interests of the Company's licensees. There can be no assurance that the Company's patent applications will be approved, that any patents issued will adequately protect the Company's intellectual property or that such patents will not be challenged by third parties.

In addition, third parties may claim that Kodak's customers, licensees or other parties indemnified by us are infringing upon their intellectual property rights. Such claims may be made by competitors seeking to block or limit our access to certain markets. Additionally, in recent years, individuals and groups have begun purchasing intellectual property assets for the sole purpose of making claims of infringement and attempting to extract settlements from large companies like ours. Even if we believe that the claims are without merit, such claims can be time consuming and costly to defend and may distract management's attention and resources. Claims of intellectual property infringement also might require us to redesign affected products, enter into costly settlement or license agreements or pay costly damage awards, or face a temporary or permanent injunction prohibiting us from marketing or selling certain of our products. Even if we have an agreement to indemnify us against such costs, the indemnifying party may be unable to uphold its contractual obligations. If we cannot or do not license the infringed technology at all, license the technology on reasonable terms or substitute similar technology from another source, our revenue and earnings could be adversely impacted. Finally, we use open source software in connection with our products and services. Companies that incorporate open source software into their products have, from time to time, faced claims challenging the ownership of open source software and/or compliance with open source license terms. As a result, we could be subject to suits by parties claiming ownership of what we believe to be open source software or noncompliance with open source licensing terms. Some open source software licenses require users who distribute open source software as part of their software to publicly disclose all or part of the source code to such software and/or make available any derivative works of the open source code on unfavorable terms or at no cost. Any requirement to disclose the Company's source code or pay damages for breach of contract could be harmful to our business results of operations and financial condition.

Continued weakness or worsening of economic conditions could continue to adversely affect our financial performance and liquidity.

The global economic environment and declines in consumption in Kodak's end markets have adversely affected sales of our products and profitability. Global financial markets have been experiencing volatility. Economic conditions could accelerate the continuing decline in demand for traditional products, which could also place pressure on our results of operations and liquidity. There is no guarantee that anticipated economic growth levels in markets that have experienced some economic recovery will continue in the future, or that we will succeed in expanding sales in these markets. In addition, accounts receivable and past due accounts could increase due to a decline in our customers' ability to pay as a result of the economic downturn, and the Company's liquidity, including our ability to use credit lines, could be negatively impacted by failures of financial instrument counterparties, including banks and other financial institutions. If global economic weakness and tightness in the credit markets continue for a greater period of time than anticipated or worsen, the Company's profitability and related cash generation capability could be adversely affected and, therefore, affect the Company's ability to meet the Company's anticipated cash needs, impair the Company's liquidity or increase the Company's costs of borrowing.

If we cannot attract, retain and motivate key employees, Kodak's revenue and earnings could be harmed.

In order for us to be successful, we must continue to attract, retain and motivate executives and other key employees, including technical, managerial, marketing, sales, research and support positions. Hiring and retaining qualified executives, research and engineering professionals, and qualified sales representatives, particularly in Kodak's targeted growth markets, is critical to our future. The Company intends to hire a new Chief Executive Officer, and our ability to attract and retain a new Chief Executive Officer capable of leading the Company is critical to our future success. If we cannot attract qualified individuals, and retain key leaders, executives and employees, our business could be harmed.

Due to the nature of the products we sell and Kodak's worldwide distribution, we are subject to changes in currency exchange rates, interest rates and commodity costs that may adversely impact our results of operations and financial position.

As a result of Kodak's global operating and financing activities, we are exposed to changes in currency exchange rates and interest rates, which may adversely affect our results of operations and financial position. Exchange rates and interest rates in markets in which we do business tend to be volatile and at times, our sales can be negatively impacted across all of the Company's segments depending upon the value of the U.S. dollar, the Euro and other major currencies. In addition, the Company's products contain silver, aluminum, petroleum based or other commodity-based raw materials, the prices of which have been and may continue to be volatile. If the global economic situation remains uncertain or worsens, there could be further volatility in changes in currency exchange rates, interest rates and commodity prices, which could have negative effects on our revenue and earnings.

If we are unable to provide competitive financing arrangements to Kodak's customers or if we extend credit to customers whose creditworthiness deteriorates, this could adversely impact our revenues, profitability and financial position.

The competitive environment in which we operate may require us to facilitate or provide financing to our customers in order to win a contract. Customer financing arrangements may cover all or a portion of the purchase price for the Company's products and services. We may also assist customers in obtaining financing from banks and other sources. Our success may be dependent, in part, upon our ability to provide customer financing on competitive terms and on our customers' creditworthiness. Tightening of credit in the global financial markets can adversely affect the ability of Kodak's customers to obtain financing for significant purchases, which may result in a decrease in, or cancellation of, orders for our products and services. If we are unable to provide competitive financing solutions to our customers or if we extend credit to customers whose creditworthiness deteriorates, this could adversely impact our revenues, profitability and financial position.

We have outsourced a significant portion of Kodak's overall worldwide manufacturing, logistics and back office operations and face the risks associated with reliance on third party suppliers.

We have outsourced a significant portion of our overall worldwide manufacturing, logistics, customer support and administrative operations to third parties. To the extent that we rely on third party service providers, we face the risk that those third parties may not be able to:

- develop manufacturing methods appropriate for the Company's products;
- maintain an adequate control environment;
- quickly respond to changes in customer demand for the Company's products;
- obtain supplies and materials necessary for the manufacturing process; or
- mitigate the impact of labor shortages and/or disruptions.

Further, even if Kodak honors its payment and other obligations to our key suppliers of products, components and services, such suppliers may choose to unilaterally withhold products, components or services, or demand changes in payment terms. As a result of such risks, we may be unable to meet our customer commitments, our costs could be higher than planned, and our cash flows and the reliability of the Company's products could be negatively impacted. Kodak will vigorously enforce its contractual rights under such circumstances, but there is no guarantee we will be successful in preventing or mitigating the effects of unilateral actions by our suppliers. Other supplier problems that we could face include electronic component shortages, excess supply, risks related to favorable terms, the duration of the Kodak's contracts with suppliers for components and materials and risks related to dependency on single source suppliers on favorable terms or at all. If any of these risks were to be realized, and assuming alternative third party relationships could not be established, we could experience interruptions in supply or increases in costs that might result in Kodak's inability to meet customer demand for our products, damage to our relationships with Kodak's customers, and reduced market share, all of which could adversely affect our results of operations and financial condition.

Business disruptions could seriously harm our future revenue and financial condition and increase our costs and expenses.

Our worldwide operations could be subject to earthquakes, power shortages, telecommunications failures, cyber attacks, terrorism, water shortages, tsunamis, floods, hurricanes, typhoons, fires, extreme weather conditions, medical epidemics, political or economic instability, and other natural or manmade disasters or business interruptions, for which we are predominantly self insured. The occurrence of any of these business disruptions could seriously harm our revenue and financial condition and increase our costs and expenses. In addition, some areas, including parts of the east and west coasts of the United States, have previously experienced, and may experience in the future, major power shortages and blackouts. These blackouts could cause disruptions to our operations or the operations of our suppliers, distributors and resellers, or customers. The impact of these risks is greater in areas where products are manufactured at a sole or limited number of location(s), and where the sourcing of materials is limited to a sole or limited base of suppliers, since any material interruption in operations in such locations or suppliers could impact our ability to provide a particular product or service for a period of time. These events could seriously harm our revenue and financial condition, and increase our costs and expenses.

Kodak's sales are typically concentrated in the last four months of the fiscal year, therefore, lower than expected demand or increases in costs during that period may have a pronounced negative effect on our results of operations.

We have typically experienced greater net sales in the fourth fiscal quarter as compared with the other three quarters. Developments, such as lower-than-anticipated demand for the Company's products, an internal systems failure, increases in materials costs, or failure of or performance problems with one of our key logistics, components supply, or manufacturing partners, could have a material adverse impact on our financial condition and operating results, particularly if such developments occur late in the third quarter or during the fourth fiscal quarter. Equipment and consumable sales in the commercial marketplace peak in the fourth quarter based on increased commercial print demand. Tight credit markets that limit capital investments or a weak economy that decreases print demand could negatively impact equipment or consumable sales. These external developments are often unpredictable and may have an adverse impact on our business and results of operations.

If we fail to manage distribution of the Company's products and services properly, our revenue, gross margins and earnings could be adversely impacted.

We use a variety of different distribution methods to sell and deliver the Company's products and services, including third party resellers and distributors and direct and indirect sales to both enterprise accounts and customers. Successfully managing the interaction of direct and indirect channels to various potential customer segments for the Company's products and services is a complex process. Moreover, since each distribution method has distinct risks and costs, Kodak's failure to implement the most advantageous balance in the delivery model for the Company's products and services could adversely affect our revenue, gross margins and earnings. This has concentrated the Company's credit and operational risk and could result in an adverse impact on our financial performance.

We may be required to recognize impairments in the value of the Company's goodwill and/or other long-lived assets resulting from the application of fresh start accounting, which could adversely affect our results of operations.

Upon emergence from bankruptcy, we adopted fresh start accounting pursuant to which the reorganization value was allocated to the individual assets and liabilities based on their estimated fair values. The excess reorganization value over the fair value of identified tangible and intangible assets is reported as goodwill. In connection with fresh start, we also fair valued our other long-lived assets, including intangible assets. The determination of reorganization value, equity value of Successor Company common stock and fair value of assets and liabilities is dependent on various estimates and assumptions, including achieving our financial projections and the realization of certain events. We test goodwill for impairment annually or whenever events occur or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount. We evaluate other long-lived assets for impairments whenever events or changes in circumstances indicate the carrying value may not be recoverable. Impairments could occur in the future if the expected future cash flows of the Company decline, market or interest rate environments deteriorate, or if carrying values change materially compared with changes in their respective fair values.

Kodak's future results could be harmed if we are unsuccessful in our efforts to expand sales in emerging markets.

Because we are seeking to expand our sales and number of customer relationships outside the United States, and specifically in emerging markets in Asia, Latin America and Eastern Europe, the Company's business is subject to risks associated with doing business internationally, such as:

- supporting multiple languages;
- recruiting sales and technical support personnel with the skills to design, manufacture, sell and supply products;
- complying with governmental regulation of imports and exports, including obtaining required import or export approval for the Company's products;
- complexity of managing international operations;
- exposure to foreign currency exchange rate fluctuations;
- commercial laws and business practices that may favor local competition;
- multiple, potentially conflicting, and changing governmental laws, regulations and practices, including differing export, import, tax, anti-corruption, labor, and employment laws;
- difficulties in collecting accounts receivable;
- limitations or restrictions on the repatriation of cash;
- reduced or limited protection of intellectual property rights;
- managing research and development teams in geographically disparate locations, including Canada, Israel, Japan, China, and Singapore;
- complicated logistics and distribution arrangements; and
- political or economic instability.

There can be no assurance that we will be able to market and sell our products in all of Kodak's targeted markets. If our efforts are not successful, our business growth and results of operations could be harmed. As a global company, Kodak is subject to regulatory requirements and laws in the jurisdictions in which we operate, and any alleged non-compliance with these requirements or laws could result in an adverse financial or reputational impact.

We are subject to environmental laws and regulations and failure to comply with such laws and regulations or liabilities imposed as a result of such laws and regulations could have an adverse effect on our business, results of operations and financial condition.

We are subject to environmental laws and regulations in the jurisdictions in which we conduct the Company's business, including laws regarding the discharge of pollutants, including greenhouse gases, into the air and water, the need for environmental permits for certain operations, the management and disposal of hazardous substances and wastes, the cleanup of contaminated sites, the content of the Company's products and the recycling and treatment and disposal of the Company's products. If we do not comply with applicable laws and regulations in connection with the use and management of hazardous substances, then we could be subject to liability and/or could be prohibited from operating certain facilities, which could have a material adverse effect on our business, results of operations and financial condition. The cost of complying with such laws, and costs associated with the cleanup of contaminated sites, could have a material adverse effect on our business, results of operations and financial condition.

In addition, the Company, the New York State Department of Environmental Conservation and the New York State Urban Development Corporation have entered into a settlement agreement of the Company's historical environmental liabilities at Eastman Business Park through the establishment of a \$49 million environmental remediation trust. Should historical liabilities exceed \$49 million, New York State is responsible for payments of cost up to an additional \$50 million. In the event the historical liabilities exceed \$99 million, the Company will become liable for 50% of the portion above \$99 million, which could have a material adverse effect on our financial condition. The settlement agreement is subject to receipt of a covenant not to sue from the U.S. Environmental Protection Agency. Any uncertainties related to the Company's environmental obligations may impact our ability to further develop and transform Eastman Business Park.

Regulations related to “conflict minerals” will require the Company to incur additional expenses and could limit the supply and increase the cost of certain metals used in manufacturing the Company’s products.

In August 2012, the SEC adopted rules requiring disclosure related to sourcing of specified minerals, known as “conflict minerals”, that are necessary to the functionality or production of products manufactured or contracted to be manufactured by public companies. The rules, effective in 2013, require a report to be filed by May 31, 2014, and if applicable, require companies to undertake due diligence, disclose whether or not such minerals originated from the Democratic Republic of Congo or an adjoining country. As a result, the Company is in the process of finalizing a framework and management system consistent with the guidance issued by the Organization for Economic Co-operation and Development (OECD), and has begun preliminary due diligence on our supply chain. The implementation of the rules could adversely affect our sourcing, supply and pricing of materials used in the Company’s products. There may only be a limited number of suppliers offering “conflict free” conflict minerals, and we cannot be certain that we will be able to obtain necessary “conflict free” conflict minerals from such suppliers in sufficient quantities or at competitive prices. Because Kodak’s supply chain is complex, we may also not be able to sufficiently verify the origins of the relevant minerals used in the Company’s products through the due diligence procedures that we implement, which may harm our reputation.

- (iii) the benefit of any Tax assets, including Tax refunds, Tax losses, credits or similar benefits relating to the Transferred Assets or the Business that are in existence as of the Agreed Time or that are allocable to a Pre-Closing Taxable Period or to the portion of a Straddle Period ending on and including the Agreed Time, except to the extent expressly agreed by this Agreement to be transferred to Purchaser at the Closing;
- (iv) all assets and rights to the extent provided for in Article VII (*Employment Matters*);
- (v) all claims, causes of action and rights to the extent relating to any Excluded Liabilities or to any Liabilities for which Seller or any Other Seller is responsible under this Agreement (including rights of set-off, rights to refunds and rights of recoupment from or against any Third Party);
- (vi) the security deposits made by or on behalf of Seller or any Other Seller (including those relating to Assigned Contracts) set forth on Section 2.1(b)(vi) of the Seller Disclosure Schedule; it being understood that the security deposits set forth on Section 2.1(b)(vi) of the Seller Disclosure Schedule that have been paid to the landlord under any Real Property Lease shall be treated pursuant to Section 5.25(o) below;
- (vii) the Excluded Real Property and any other Real Property owned or leased by any Seller Party other than (A) the Transferred Real Property, (B) the Real Property Leases, (C) any rights granted to Purchaser and its Affiliates with respect to the applicable Real Property pursuant to the Harrow Lease, the Harrow Phase 3 Lease, the Rochester Leases, the Shared Site Agreements or the Transition Services Agreement, and (D) any rights granted to Purchaser and its Affiliates with respect to the KEPS Plant pursuant to this Agreement;

- (viii) the Excluded Information;
- (ix) the Excluded IT;
- (x) subject to Section 5.12, any right, title and interest under or to any Non-Assigned Asset;
- (xi) the Excluded Contracts and Excluded Receivables;
- (xii) the BFN Assets and the BFN Swiss Assets; and
- (xiii) all assets set forth on Section 2.1(b)(xiii) of the Seller Disclosure Schedule.

(c) For the avoidance of doubt, the following assets of Seller and the Other Sellers shall constitute "Excluded Assets":

- (i) except for (A) the Transferred Intellectual Property, (B) Intellectual Property and Software owned by the Transferred Subsidiary and (C) any Intellectual Property or rights to Intellectual Property assigned or licensed by any Seller Party or its Affiliates pursuant to the Ancillary Agreements, any rights to (x) any Intellectual Property of any Seller Party or its Affiliates or (y) Intellectual Property owned by a Third Party, except to the extent licensed under an Assigned Contract or a Shared Contract or is otherwise listed on Section 1.1(n)(ii) of the Seller Disclosure Schedule as Transferred Third Party Software (subject to the conditions and restrictions set forth therein and the terms of Section 5.12);
- (ii) all rights of Seller or any Other Seller under this Agreement and the Ancillary Agreements;
- (iii) all of the rights and claims of Seller and the Debtor Subsidiary Sellers available to Seller and the Debtor Subsidiary Sellers under the Bankruptcy Code, of whatever kind or nature, as set forth in Sections 544 through 551, inclusive, 553, 558 and any other applicable provisions of the Bankruptcy Code, and any related claims and actions arising under such Sections by operation of Law or otherwise, including any and all proceeds of the foregoing, other than the Specified Avoidance Claims;
- (iv) all of the rights and claims against Third Party debtors or debtors-in-possession subject to proceedings under the Bankruptcy Code to the extent such rights and claims are

- (v) all stock or other equity interests in any Person owned by Seller or any Other Seller, other than the Transferred Subsidiary.

For the avoidance of doubt, any assets owned by the Transferred Subsidiary (other than the assets set forth on Section 5.18 of the Seller Disclosure Schedule) shall continue to be owned by the Transferred Subsidiary and shall not constitute Excluded Assets under this Agreement even if such assets are of the same kind and nature as any asset held by Seller or any Other Seller that constitutes an Excluded Asset; provided that (a) any Trademarks held by the Transferred Subsidiary (other than the Transferred Trademarks) and (b) the assets specified in Section 2.1(b)(iii) shall be Excluded Assets even if they are owned by the Transferred Subsidiary. In addition to the above, Seller and the Other Sellers shall have the right to retain, at their own expense, following the Deferred Closing with respect to the Transferred Subsidiary, copies of any book, record, literature, list and any other written or recorded information constituting Business Information to which Seller and the Other Sellers in good faith determine they are reasonably likely to need access for *bona fide* business, tax or legal purposes (including, for the avoidance of doubt, the provision of services under the Transition Services Agreement). Nothing in this Agreement shall require Seller or its Affiliates to (1) purge any information from any Backup System or (2) purge any information from any Shared System; provided that Seller shall at all times comply with Section 5.10 in respect of any Business Information residing in any Backup System or Shared System after the Closing Date.

(d) Assumed Liabilities. On the terms and subject to the conditions set forth in this Agreement, at the Closing (or, in the case of the Deferred Closing Liabilities, at the applicable Deferred Closing), Purchaser or one or more Purchaser Assigns shall assume and become responsible for, and duly and properly perform, discharge and pay, when due, the following, and only the following, Liabilities of Seller and the Other Sellers (the "Assumed Liabilities"), with the understanding that only those Liabilities of the Transferred Subsidiary described below in this Section 2.1(d) shall be Assumed Liabilities:

- (i) all Liabilities to the extent arising from the conduct, operation or ownership of the Business on or after the Agreed Time ("Post-Agreed Time Arising Liabilities"), including (A) all such Post-Agreed Time Arising Liabilities with respect to the ownership, exploitation and operation of the Transferred Assets, (B) all such Post-Agreed Time Arising Liabilities related to Actions or claims brought against the Business, (C) all such Post-Agreed Time Arising Liabilities under any products liability Laws or similar Laws concerning defective products, and (D) all such Post-Agreed Time Arising Liabilities under any other applicable Laws, but excluding Liabilities to the extent arising from any act or omission of any of the Seller Parties or any of their respective Affiliates occurring prior to the Agreed Time;

- (ii) all Liabilities of any kind of Seller Party or any Other Seller arising out of or under the terms of the Assigned Contracts or the Shared Contracts (including Warranty Repair Obligations and Deferred Revenue Obligations), but excluding any Liabilities to the extent resulting from any breach or default thereof by any Seller Party occurring prior to the Agreed Time;
- (iii) all Liabilities with respect to all maintenance fees and prosecution costs with the U.S. Patent and Trademark Office and any foreign patent offices related to the Transferred Patents associated with the ownership or exploitation by or through Purchaser of the Transferred Patents, or otherwise arising by or through Purchaser, on or after the Agreed Time;
- (iv) the Permitted Patent Encumbrances (but not the Contracts creating any of the Permitted Patent Encumbrances) to the extent they constitute Liabilities and obligations;
- (v) all non-monetary Liabilities that a “Kodak Divested Business” or an “Acquirer” thereof (as such terms are defined in the Retained Patents License Agreements) are required to assume in accordance with the terms of the Retained Patents License Agreements;
- (vi) solely in respect of the Transferred Patents, Patent Settlements;
- (vii) all non-monetary Liabilities arising on or after the Agreed Time under any licenses of Intellectual Property and licensing assurances, declarations, agreements or undertakings relating to the Transferred Trademarks or Transferred Seller Software which Seller or any Other Seller may have granted or committed to Third Parties, but excluding to the extent resulting from Liabilities resulting from any breach or default of such licenses, licensing assurances, declarations, agreements or undertakings by any of the Seller Parties occurring on, prior to or after the Agreed Time;
- (viii) all Liabilities transferred to and assumed by Purchaser and its Affiliates to the extent expressly set out in Article VII (*Employment Matters*);
- (ix) all Liabilities for the Selected Compensation Payments as expressly set out in Article VII (*Employment Matters*);

- (x) all Liabilities for Taxes that are the responsibility of Purchaser under Article VI (*Tax Matters*);
- (xi) all Current Liabilities;
- (xii) all Liabilities relating to the Business that relate to or arise from or in connection with any Permitted Encumbrance, but excluding Liabilities to the extent resulting from or increased as a result of any breach or default under any obligation giving rise to such Permitted Encumbrance by any of the Seller Parties prior to the Agreed Time;
- (xiii) all Liabilities relating to any Environmental Law with respect to any Transferred Real Property, the Harrow Facility or Real Property Leases (other than Excluded Environmental Liabilities);
- (xiv) all Liabilities with respect to 503(b)(9) Claims in connection with any 365 Debtor Contract that is not an Assigned 365 Debtor Contract; and
- (xv) all other Liabilities listed on Section 2.1(d)(xv) of the Seller Disclosure Schedule.

(e) Excluded Liabilities. Notwithstanding anything in Section 2.1(d) or elsewhere in this Agreement to the contrary, Purchaser and any Purchaser Assigns shall not assume or be deemed to have assumed any Liabilities of Seller, the Other Sellers or any of their Affiliates (including the Transferred Subsidiary) other than the Assumed Liabilities (such other Liabilities, collectively, the "Excluded Liabilities"). For the avoidance of doubt, and without limiting the immediately preceding sentence, the following Liabilities of Seller, the Other Sellers and any of their Affiliates constitute Excluded Liabilities:

- (i) all Liabilities to the extent they relate to or arise from any Excluded Assets;
- (ii) all Excluded Environmental Liabilities;
- (iii) all Liabilities for Taxes that are the responsibility of Seller under Article VI (*Tax Matters*);
- (iv) all Liabilities of any Seller Party to the extent they arise under this Agreement or any of the Ancillary Agreements;
- (v) all Liabilities of any Seller Party arising prior to the Agreed Time to the extent related to the conduct, operation or ownership of the Business prior to the Agreed Time (other than the Assumed Liabilities);

- (vi) all Liabilities arising in connection with the Continuity Plan and/or any other retention-based Seller Employee Plan; and
- (vii) all Liabilities that are the responsibility of any Seller Party under Article VII (*Employment Matters*).

For the avoidance of doubt, unless expressly provided otherwise, Section 2.1(e)(iii) is the exclusive provision dealing with Taxes under this Section 2.1(e) and no other provision in this Section 2.1(e) shall apply to Taxes.

(f) Treatment of Debtor Contracts.

- (i) Section 2.1(f)(i) of the Seller Disclosure Schedule sets forth a list of all 365 Debtor Contracts and the respective Cure Costs, which schedule Seller shall promptly update and/or supplement as it identifies additional 365 Debtor Contracts; provided that all updates and supplements shall be complete prior to or on the second Business Day prior to the anticipated hearing to approve the Chapter 11 Plan, unless Seller and Purchaser otherwise agree.
- (ii) Unless Seller and Purchaser shall otherwise agree, no later than one Business Day prior to the hearing to approve the Chapter 11 Plan, Purchaser shall deliver to Seller lists (each, an "Assumption List") of the 365 Debtor Contracts that it desires Seller (or any other Debtor) to assign, assume and assign, assume and assign at date after the Closing Date or, in the case of Shared Contracts, assume and partially assign, to Purchaser. All 365 Debtor Contracts listed in an Assumption List shall be "Assigned 365 Debtor Contracts" hereunder, unless Seller and Purchaser otherwise agree or is determined by the Bankruptcy Court, and all 365 Debtor Contracts not listed in an Assumption List shall be Excluded Assets.
- (iii) The Debtors shall promptly seek the approval of the Bankruptcy Court to permit the assignment, assumption and assignment, assumption and assignment at a date after the Closing Date or, in the case of Shared Contracts, assumption and partial assignment, as applicable, of all Assigned 365 Debtor Contracts and, if required by Section 365 of the Bankruptcy Code, consent of the applicable non-Debtor counterparty.

(g) Assumption and Assignment Procedures.

- (i) In accordance with the assumption and assignment procedures approved in the Settlement and Sale Order (the "Assignment Procedures"), Seller shall file with the Bankruptcy Court one or

more notices (each, an “Assignment Notice”) notifying the Assigned 365 Debtor Contracts counterparties of the assignment, the assumption and assignment, the assumption and assignment at a date after the Closing Date, or, in the case of the Shared Contracts, the assumption and partial assignment, as applicable, of their Assigned 365 Debtor Contract.

- (ii) All Assignment Notices and related orders approving the assumption and assignment of the Assigned 365 Debtor Contracts shall be in form and substance reasonably acceptable to Purchaser and Seller. With respect to each Assignment Notice, the Debtors shall deliver notice to all Persons entitled to notice, all in accordance with the Assignment Procedures, applicable provisions of the Bankruptcy Code, applicable bankruptcy rules, and applicable order(s) of the Bankruptcy Court.

(h) Cure Costs; Adequate Assurance.

- (i) In connection with the assumption and assignment, assumption and assignment at a date after the Closing Date and, in the case of the Shared Contracts, assumption and partial assignment, of any Assigned 365 Debtor Contract, the Cure Costs, as required by the Bankruptcy Code and provided in the Settlement and Sale Order, shall be paid in full by Purchaser at or prior to Closing and such payment shall not entitle Purchaser to any adjustment to the Purchase Price. Seller and its Subsidiaries shall have no liability in connection with the Cure Costs of any 365 Debtor Contract (except with respect to Shared Contracts, where applicable Cure Costs will be apportioned between Purchaser and Seller according to the obligations due and owing under the partially assigned portions of the Shared Contract).
- (ii) Prior to the hearing before the Bankruptcy Court to assume any Assigned 365 Debtor Contracts, Purchaser shall provide, if requested, adequate assurance of its future performance under each applicable Assigned 365 Debtor Contract to the parties thereto (other than the Debtors) as may be reasonably required in satisfaction of Section 365(f)(2)(B) of the Bankruptcy Code and any applicable Orders of the Bankruptcy Court. If requested, Purchaser agrees to promptly take all actions reasonably required to assist in demonstrating adequate assurance of future performance under the Assigned 365 Debtor Contracts, such as furnishing affidavits, non-confidential financial information and other documents or information necessary for filing with the Bankruptcy Court.

- (iii) Purchaser acknowledges and agrees that, if it becomes necessary to pay any additional Cure Costs or make any other payments, or provide any assurances of future payment or performance or take any other action in connection with the assumption and assignment of an Assigned 365 Debtor Contract or any assurances necessary to satisfy Purchaser's obligations under Section 2.1(h)(i) or Section 2.1(h)(ii), Purchaser shall bear such costs and expenses and take such actions as may be reasonably required in order to cause such Assigned 365 Debtor Contract to be assigned to Purchaser hereunder, in each case without recourse to Seller or its Subsidiaries.

(i) BFN Sellers. Except to the extent contemplated by or incorporated into any BFN Irrevocable Offer or BFN Local Transfer Agreement, (A) the BFN Sellers shall not sell, convey, assign, deliver or transfer any asset or Liability under this Agreement and (B) nothing in this Agreement shall apply to, or govern, the sale, assignment, transfer, retention or assumption of assets, rights, properties or Liabilities of, or by, the BFN Sellers, and no Party shall have any obligation with respect thereto. The only assets, rights, properties and Liabilities of the BFN Sellers that Purchaser offers to acquire or assume are solely as expressly set forth in the relevant BFN Irrevocable Offers and the relevant BFN Local Transfer Agreements.

(j) BFN Swiss Assets.

- (i) If any BFN Irrevocable Offer is accepted by the relevant BFN Seller prior to the Closing, then this Agreement shall be automatically updated to include the relevant BFN Swiss Assets as Transferred Assets simultaneously with the acceptance of such BFN Irrevocable Offer and the execution of Exhibit B thereto.
- (ii) If any BFN Irrevocable Offer has not been accepted as of the Closing by the relevant BFN Seller, the Parties agree as follows:
 - (A) Purchaser, Seller and EKSA will consummate the sale, conveyance, transfer, assignment and delivery to Purchaser of the relevant BFN Swiss Assets, subject to and simultaneously with the consummation of the sale, conveyance, transfer, assignment and delivery to Purchaser of the corresponding BFN Assets.
 - (B) Prior to the Closing, Seller and Purchaser will cooperate in good faith to reach mutually acceptable arrangements to enable EKSA and the relevant BFN Seller to continue to operate the Business as currently conducted by EKSA and the relevant BFN Seller, until the earlier of (x) the acceptance or rejection of the relevant BFN Irrevocable Offer or (y) the expiration thereof.

(k) Patent Maintenance Costs. If, between the Original Execution Date and the Agreed Time, Seller has paid any maintenance fees due and payable to a patent office or similar organization in respect of the Transferred Patents for any period that ends after the Agreed Time, the liability for such maintenance fees shall be allocated, on a pro rata basis based on the number of calendar days, (i) to Seller for the part of such period that ends on and including the Agreed Time and (ii) to Purchaser for the part of such period that begins after the Agreed Time. At Closing, Purchaser shall reimburse Seller for any part of such maintenance fees that are the responsibility of Purchaser under clause (ii) above.

(l) SSO Commitments. Purchaser acknowledges that the Transferred Patents are assigned and transferred subject to the SSO Commitments. Purchaser hereby commits to respect the SSO Commitments, solely with respect to the applicable Transferred Patents, and solely to the same extent as the SSO Commitments are binding upon Seller with respect to such Transferred Patents prior to the transfer of the Transferred Patents herein; provided, however, that nothing herein shall be construed as a commitment or agreement by Purchaser or its Affiliates to subject any Patents other than the Transferred Patents to the SSO Commitments. Purchaser shall confirm in writing to the U.S. Department of Justice, Antitrust Division, to the extent (i) requested by such Government Entity and (ii) required by applicable Law, the existence and scope of Purchaser's commitments under this Section 2.1(l) with respect to such Transferred Patents.

Section 2.2 Purchase Price.

(a) General. Subject to subsection (c) below, on the terms and subject to the conditions set forth herein, in consideration of the sale of the Transferred Assets, in addition to (i) the assumption of the Assumed Liabilities and (ii) the KPP Notes, at Closing (or, if the Closing does not occur on a Business Day, in accordance with Section 2.3) Purchaser shall pay, or shall procure that one or more Purchaser Assigns shall pay, an amount in cash equal in the aggregate to \$325,000,000 (the "Cash Price") plus the amount of the KL Cash, in immediately available funds to Seller (it being agreed that Seller shall direct that such payment be allocated among each of the Seller Parties in accordance with the amount set forth next to such Seller Party's name on the Purchase Price Allocation Schedule). At Closing, Purchaser shall also issue the KPP Notes to Seller, or shall procure that one or more Purchaser Assigns will transfer the KPP Notes to Seller. Additionally, on or prior to the Closing Date the Parties shall take, and shall cause their Affiliates to take, all necessary actions to carry out the transactions set forth in Schedule I, provided that (w) the transactions set forth in Schedule I shall take place in the sequence set out therein, (x) none of the transactions (excluding any transactions taking place prior to the Closing Date) set forth in Schedule I shall take place unless each of the other transactions are capable of being completed in full (following the performance of the transactions listed before them), (y) if Closing does not occur by the Outside Date, the Parties agree that any transaction (excluding any transactions taking place prior to the Closing Date) set forth in Schedule I that may have occurred before that date shall be null, void and of no legal effect and the Parties shall use commercially reasonable efforts to reverse the effect of such transactions and place all affected entities in the position that they were in immediately before

the first such transaction was completed and (z) to the extent that there is any inconsistency between Schedule I and the terms of this Agreement (excluding Schedule I), or any Ancillary Agreements, the terms of this Agreement (excluding Schedule I), or any Ancillary Agreements, as applicable shall prevail.

(b) Purchase Price Adjustments. After the Closing, the Purchase Price will be finally adjusted and payments made pursuant to Section 2.6, Section 2.7, Section 2.8(c) (v) (and Schedule A), Section 2.8(d)(vi) (and Schedule A) and Section 2.8(i) (and Schedule A).

(c) Deferred Closing Notes. For each Deferred Closing Country, the amount of the Purchase Price that is attributable to such Deferred Closing Country as set forth on the Purchase Price Allocation Schedule (such amount being the "Deferred Closing Purchase Price" with respect to such Deferred Closing Country) shall be paid by Purchaser or a Purchaser Assign to the EKC Subsidiary at Closing in return for a KIFL Deferred Closing Note with a principal amount equal to the Deferred Closing Purchase Price with respect to such Deferred Closing Country and with the Closing Date as its issue date.

Section 2.3 Closing Date. The completion of the purchase and sale of the Transferred Assets (other than the Deferred Closing Assets) and the assumption of the Assumed Liabilities (other than the Deferred Closing Liabilities) (the "Closing") shall take place at the offices of Sullivan & Cromwell LLP, 125 Broad Street, New York, New York 10004, on the first day (i) that is the first Business Day of a month and (ii) on which all of the conditions set forth under Article VIII (Conditions to the Closing), (other than conditions to be satisfied at the Closing, but subject to the waiver or fulfillment of those conditions) have been satisfied or, if permissible, waived by Seller and/or Purchaser (as applicable), or at such other place and on such other date as shall be mutually agreed upon in writing by Purchaser and Seller (the day on which the Closing takes place being the "Closing Date"). The Closing shall be effective as of 12:01 a.m., local time in each jurisdiction where the Closing occurs, on the Closing Date; provided that, to the extent permitted by applicable Law and accounting practices, for tax and accounting purposes, the Closing shall be treated by the Parties and their Subsidiaries as being effective as of the Agreed Time. Section 2.4 Purchaser Closing Deliverables. At the Closing, Purchaser shall, and/or shall cause any Purchaser Assign to, deliver to Seller the following: an amount equal to the Cash Price plus the KL Cash, in immediately available United States dollars by wire transfer to an account or accounts which have been designated by Seller at least two (2) Business Days prior to the Closing Date;

(b) the KPP Notes, payable to Seller;

(c) a counterpart of the Assignment and Assumption Agreement (other than with respect to the Deferred Closing Assets and the Deferred Closing Liabilities), in the form attached as Exhibit A and dated as of the Closing (the "Assignment and Assumption Agreement"), duly executed by Purchaser or the appropriate Purchaser Assign;

(d) counterparts of such other instruments of assignment and assumption, quitclaim deeds, bills of sale and other instruments or documents, in form and substance reasonably acceptable to Seller and Purchaser, as may be necessary to effect the transfer of the Transferred Assets consisting of Transferred Intellectual Property, tangible personal property,

owned Real Property and leased Real Property to Purchaser or the appropriate Purchaser Assign (other than, in each case, the Deferred Closing Assets), duly executed by Purchaser or the appropriate Purchaser Assign;

(e) a Local Transfer Agreement in respect of each Seller Party incorporated in a Specified Jurisdiction that is a First Wave Country duly executed by the Foreign Acquisition Entity for such Specified Jurisdiction (or other appropriate Purchaser Assign), but solely to the extent all required Consents from, and filings with and notices to, the Government Entities in such Specified Jurisdiction have been obtained or made;

(f) a counterpart of each of the other Ancillary Agreements that by their terms are to be executed and delivered on the Closing Date, duly executed by Purchaser or the appropriate Purchaser Assign; and

(g) the certificate to be delivered pursuant to Section 8.2(c).

Section 2.5 Seller Closing Deliverables. At the Closing, Seller shall deliver to Purchaser, or cause to be delivered to Purchaser by the Other Sellers, as applicable, the following:

(a) a counterpart of the Assignment and Assumption Agreement (other than with respect to the Deferred Closing Assets and the Deferred Closing Liabilities) duly executed by Seller and each Other Seller (other than any Other Seller that has executed and delivered, or is expected to execute and deliver at a Deferred Closing, a Local Transfer Agreement in accordance with section (c) below or Section 2.8(d)(iii));

(b) counterparts of such other instruments of assignment and assumption, quitclaim deeds, bills of sale, title affidavits, and other instruments or documents, in form and substance reasonably acceptable to Seller and Purchaser or the appropriate Purchaser Assign, as may be necessary to effect the transfer of the Transferred Assets consisting of Transferred Intellectual Property, tangible personal property, owned Real Property and leased Real Property to Purchaser or the appropriate Purchaser Assign (other than, in each case, the Deferred Closing Assets), duly executed by the appropriate Seller Parties;

(c) a Local Transfer Agreement in respect of each Seller Party incorporated in a Specified Jurisdiction that is a First Wave Country duly executed by such Seller Party, but solely to the extent all required Consents from, and filings with and notices to, the Government Entities in such Specified Jurisdiction have been obtained or made;

(d) a counterpart of each of the Ancillary Agreements that by their terms are to be executed and delivered on the Closing Date, duly executed by the appropriate Seller Parties;

(e) the certificate to be delivered pursuant to Section 8.3(c);

(f) a duly executed FIRPTA certificate meeting the requirements under Treasury Regulation section 1.1445-2, certifying that Seller is not a foreign Person, and that is in a form reasonably satisfactory to Purchaser; and

(g) an assignment of the KIFL Deferred Closing Note(s) by the EKC Subsidiary to Purchaser or one or more Purchaser Assigns designated by Purchaser, together with the KIFL Deferred Closing Note(s).

Section 2.6 Working Capital Adjustment. No later than 90 days after the Closing Date, Purchaser shall prepare in good faith and deliver to Seller a statement (the "Working Capital Statement") in the form of the Form of Working Capital Statement that sets forth Purchaser's calculation of Agreed Time Adjusted Working Capital and Reference Adjusted Working Capital, prepared in accordance with the Working Capital Principles, and the Agreed Time Adjusted Working Capital (Build-Up), prepared in accordance with the Working Capital Principles (Build-Up).

(b) Thereafter, at the request of Seller, Purchaser shall give Seller reasonable access during normal business hours to Purchaser's working papers and any working papers of Purchaser's independent accountants relating to the preparation of the Working Capital Statement, as well as the books and records of Purchaser that relate to the Business that are relevant to Purchaser's calculation of Agreed Time Adjusted Working Capital, Reference Adjusted Working Capital and Agreed Time Adjusted Working Capital (Build-Up); provided, however, that the independent accountants of Purchaser shall not be obligated to make any working papers available to Seller unless and until Seller has signed a customary confidentiality and hold harmless agreement relating to such access to working papers in form and substance reasonably acceptable to such independent accountants. In addition, Purchaser shall make its representatives responsible for and knowledgeable about the information used in, and the preparation and calculation of, the Working Capital Statement, reasonably available to answer questions with respect to the contents of the Working Capital Statement and Seller's calculation of Agreed Time Adjusted Working Capital, Reference Adjusted Working Capital and Agreed Time Adjusted Working Capital (Build-Up).

(c) Seller shall be entitled to dispute the calculation of the Agreed Time Adjusted Working Capital, Reference Adjusted Working Capital or the Agreed Time Adjusted Working Capital (Build-Up) set forth in the Working Capital Statement if it delivers a written notice (an "Objection Notice") to Purchaser within 60 days after delivery of the Working Capital Statement (the "Objection Period"). The Objection Notice shall contain a reasonably detailed description of any changes that Seller proposes to be made to the calculation of the Agreed Time Adjusted Working Capital, the Reference Adjusted Working Capital or the Agreed Time Adjusted Working Capital (Build-Up) set forth in the Working Capital Statement. If Seller does not deliver an Objection Notice to Purchaser within the Objection Period, Seller shall not be entitled to dispute the calculation of Agreed Time Adjusted Working Capital, the Reference Adjusted Working Capital or the Agreed Time Adjusted Working Capital (Build-Up) set forth in the Working Capital Statement, which shall be final and binding on each of the Parties.

(d) If Seller delivers an Objection Notice to Purchaser within the Objection Period, Seller and Purchaser shall attempt in good faith to agree upon the amount of the Agreed

Time Adjusted Working Capital, the Reference Adjusted Working Capital and Agreed Time Adjusted Working Capital (Build-Up) during the period commencing on the date of delivery of the Objection Notice and ending 30 days thereafter (the "Negotiation Period"). If Seller and Purchaser agree in writing on the Agreed Time Adjusted Working Capital, the Reference Adjusted Working Capital and the Agreed Time Adjusted Working Capital (Build-Up) (whether such amounts are the same as or different from the amounts set forth in the Working Capital Statement) during the Negotiation Period, the Agreed Time Adjusted Working Capital, the Reference Adjusted Working Capital and the Agreed Time Adjusted Working Capital (Build-Up) shall be the amounts agreed upon by the Parties.

(e) If Seller and Purchaser do not agree in writing on the Agreed Time Adjusted Working Capital, the Reference Adjusted Working Capital or the Agreed Time Adjusted Working Capital (Build-Up) prior to the expiration of the Negotiation Period, each Party shall (A) jointly engage Plante Moran, or, if such firm declines to serve as accounting arbiter or the Parties agree in writing not to engage such firm, such other firm of independent public accountants as mutually agreed upon by Purchaser and Seller (the "Accounting Arbiter") and (B) submit to the Accounting Arbiter, not later than 15 days after the end of the Negotiation Period, a statement containing its calculation of the items in dispute (each, an "Arbiter Statement"), which shall include only those items set forth in the Objection Notice that remain in dispute at the expiration of the Negotiation Period. The Accounting Arbiter, acting as an expert and not as an arbitrator, shall make a final and binding determination as to all matters in dispute as promptly as practicable after its appointment. In determining the proper amount of the Agreed Time Adjusted Working Capital, the Reference Adjusted Working Capital and/or the Agreed Time Adjusted Working Capital (Build-Up), as applicable, the Accounting Arbiter shall be bound by the terms of this Section 2.6 and may not increase the amount of any item in dispute above the highest amount set forth in the Arbiter Statement nor decrease any such amount below the lowest amount set forth in the Arbiter Statement. The Accounting Arbiter shall not review any line items or make any determination with respect to any matter other than those matters set forth in the Arbiter Statement. The Accounting Arbiter shall send its written determination of the Agreed Time Adjusted Working Capital, the Reference Adjusted Working Capital and/or the Agreed Time Adjusted Working Capital (Build-Up), as applicable, to Seller and Purchaser, and such determination and calculation shall be final and binding on the Parties, absent fraud or manifest error. The fees and expenses of the Accounting Arbiter shall be borne by Purchaser and Seller in inverse proportion to the dollar amount of the items in dispute set forth in the Arbiter Statements as to which such Party prevails in the accounting arbitration, which proportionate allocations shall also be determined by the Accounting Arbiter at the time it renders its determination on the merits of the matters in dispute. The Accounting Arbiter may not award damages, interest or penalties to any party with respect to any matter.

(f) Once a final and binding determination of the Agreed Time Adjusted Working Capital, the Reference Adjusted Working Capital and the Agreed Time Adjusted Working Capital (Build-Up) has been made in accordance with the applicable provisions of this Section 2.6: (i) if the Agreed Time Adjusted Working Capital is greater than the sum of \$10 million plus the Reference Adjusted Working Capital, then Purchaser shall make a payment to Seller in accordance with Section 2.6(g) equal to the difference between (A) the Agreed Time Adjusted Working Capital and (B) the sum of \$10 million plus the Reference Adjusted Working

Capital; (ii) if the Agreed Time Adjusted Working Capital is less than the sum of the Reference Adjusted Working Capital less \$10 million, then Seller shall make a payment to Purchaser in accordance with Section 2.6(g) equal to the difference between (X) the sum of the Reference Adjusted Working Capital less \$10 million and (Y) the Agreed Time Adjusted Working Capital; or (iii) if the Agreed Time Adjusted Working Capital is equal to or greater than the sum of the Reference Adjusted Working Capital less \$10 million and equal to or less than the sum of the Reference Adjusted Working Capital plus \$10 million, then neither Purchaser nor Seller shall be required to make any payment to the other pursuant to this Section 2.6. In addition, once a final and binding determination of the Agreed Time Adjusted Working Capital, the Reference Adjusted Working Capital and the Agreed Time Adjusted Working Capital (Build-Up) has been made in accordance with the applicable provisions or this Section 2.6, Purchaser shall make a payment to Seller in accordance with Section 2.6(g) equal to the Agreed Time Adjusted Working Capital (Build-Up).

(g) Any payments required to be made pursuant to the first and/or second sentences of Section 2.6(f) shall be made no later than five (5) Business Days after a final and binding determination of the Agreed Time Adjusted Working Capital, the Reference Adjusted Working Capital and the Agreed Time Adjusted Working Capital (Build-Up) has been made in accordance with the applicable provisions of this Section 2.6 (the "Payment Date") in immediately available funds to such account or accounts as is designated in writing by the Party receiving such payment; provided that if the payment required to be made in accordance with the first sentence of Section 2.6(f) exceeds \$5 million, then \$5 million of such payment shall be paid no later than the Payment Date and the amount of such payment exceeding \$5 million shall be paid no later than the first anniversary of the Payment Date.

Section 2.7 Contingent Purchase Price Adjustment. So long as Purchaser operates the Business in a commercially reasonable manner and as if this Section 2.7 and Schedule II did not exist, Seller shall pay to Purchaser in cash the amounts that may become due from time to time in accordance with the terms and conditions of Schedule II, in an aggregate amount not to exceed \$35 million. Deferred Closings. Following the Closing, Deferred Closings shall take place at the offices of Sullivan & Cromwell LLP, 125 Broad Street, New York, New York 10004, on the applicable Deferred Closing Date, or at such other place and on such other date as shall be mutually agreed upon in writing by Purchaser and Seller. Section 3.2 Corporate Authority. Subject to the entry of the Settlement and Sale Order and the receipt of other Consents from the Bankruptcy Court in connection with the Transactions (collectively, the “Bankruptcy Consents”), Seller has all requisite corporate power and authority and has taken all corporate action necessary in order to execute, deliver and perform its obligations under this Agreement and each Ancillary Agreement and to consummate

Section 3.5 Non-Contravention. Subject to the receipt of the Bankruptcy Consents, the execution, delivery and performance of this Agreement and each Ancillary Agreement by Seller does not, and the consummation by Seller and the Other Sellers of the Transactions will not, constitute or result in (a) a breach or violation of, or a default under, the certificate of incorporation, bylaws or comparable organizational documents of any of the Seller Parties, (b) a breach or violation of, a default under, or an acceleration of any obligations or the creation of a Lien on the Transferred Assets or the assets of the Transferred Subsidiary (with or without notice, lapse of time or both) pursuant to, any Material Contract or the DIP Facilities, (c) assuming the making of notices, reports and filings and the obtaining of Consents referred to in Section 3.4 of this Agreement and Section 3.4 of the Seller Disclosure Schedule, a breach or violation of or a default under any Law to which any Seller Party is subject or (d) a violation or contravention of any Order issued by the Bankruptcy Court in the Bankruptcy Cases, except, in the case of clauses (b) and (c) above, for any breach, violation, default, acceleration or creation that would not reasonably be expected, individually or in the aggregate with other such breaches, violations, defaults, accelerations or creations, to have a Material Adverse Effect.

For the avoidance of doubt, this Section 3.8(f) shall not constitute or be deemed to be a representation or warranty regarding non-infringement, non-misappropriation or non-violation of any Intellectual Property rights of any Third Party.

(g) The Seller Parties solely and exclusively own (i) the Business Intellectual Property and (ii) excluding the Permitted Encumbrances, all right, title and interest to sue for past, present and future infringement, misappropriation or other violations. (l) To the Knowledge of Seller, none of the Transferred Seller Software or Software licensed to Purchaser pursuant to the Software and Intellectual Property License Agreement contains any malicious code (including any malware, worm, bomb, backdoor, clock, timer or other disabling device, code, design or routine) designed to permit unauthorized access, or cause such Software to materially malfunction (including by corrupting data), either automatically, with the passage of time or upon command by any Person. The Seller Parties have implemented commercially reasonable measures to protect and maintain the confidentiality of all confidential information included in the Business Intellectual Property and the security of its confidential information maintained in its information technology hardware. In the 24 months prior to the Original Execution Date, there have been no material failures or breakdowns of, or security breaches with respect to information and data contained within, any information technology hardware included in the Transferred Assets.

(m) Notwithstanding any provision herein to the contrary, this Section 3.8 consists of the sole and exclusive representations and warranties in this Agreement regarding Intellectual Property and Software, including non-infringement, non-violation and non-misappropriation thereof.

(e) The Financial Statements are materially accurate and present in all material respects the financial condition and results of operations of the Business for the periods covered thereby except for (i) pro forma adjustments as identified in Section 3.11(c), (ii) normal year-end adjustments and accruals contained in the Film Capture Operations Financial Statements, (iii) the absence of any footnotes that would be required to bring the Film Capture Operations Financial Statements into compliance with GAAP and (iv) the fact that the Financial Statements may not reflect the actual expenses the Business would have incurred if it had been operated as a stand-alone entity and may not be indicative of what the Business results of operations, financial position and cash flows may be in the future.

Section 3.12 Compliance with Laws.

(a) No Seller Party is in violation of any applicable Law (including the U.S. Foreign Corrupt Practices Act of 1977, as amended, or any other applicable anti-corruption Law) in connection with the Business, in each case except for such violations that would not reasonably be expected to have, individually or in the aggregate with such other violations, a Material Adverse Effect.

Subject to the terms and conditions set forth in this Agreement (including Section 5.3(h)), the Seller Parties shall use their reasonable best efforts to give all notices to, make all filings with and obtain all Consents necessary or advisable to be obtained from any Third Parties (other than Government Entities), necessary to consummate the Transactions without resulting in any breach or violation of, a default under, or an acceleration of any obligations or the creation of a Lien on the Transferred Assets or the assets of any Transferred Subsidiary.

(c) Sharing of Information. To the extent permitted by applicable Law, Seller and Purchaser each shall, upon request by the other, furnish the other with all non-privileged information under such Party's control concerning itself, its Affiliates, directors, officers and such other matters as may be reasonably necessary or advisable in connection with any other statement, filing, notice or application made by or on behalf of Purchaser, any Seller Party or any of Purchaser's Affiliates to any Government Entity in connection with the Transactions.

(e) Establishment of Foreign Acquisition Entities. Purchaser shall, as promptly as practicable following the Original Execution Date, use commercially reasonable efforts to form such Persons, branch offices of Persons and take such other actions in each jurisdiction outside of the United States where Transferred Assets, Assumed Liabilities and Employees are located as are necessary or advisable to effectuate the transfer of the Transferred Assets and the Assumed Liabilities (collectively, the "Foreign Acquisition Entities").

(f) Other Actions. Without limiting the generality of the undertakings pursuant to this Section 5.3, each of Seller and Purchaser agrees to take or cause to be taken promptly the following actions:

- (i) the provision to each and every Government Antitrust Entity of information, documents and witnesses reasonably requested by any Government Antitrust Entity that do not constitute privileged or work product material and that are necessary, proper or advisable to permit consummation of the Transactions; and
- (ii) subject to Section 5.3(h), in the event that any Order is entered or issued, or becomes reasonably foreseeable to be entered or issued, in any proceeding or inquiry of any kind that would make consummation of the Transactions in accordance with the terms of this Agreement unlawful or that would delay, restrain, prevent, enjoin or otherwise prohibit consummation of the Transactions, use reasonable best efforts necessary to resist, vacate, modify, reverse, suspend, prevent, eliminate or remove prior to the Outside Date such actual or anticipated Order so as to permit such consummation on a schedule as promptly as practicable.

(g) Antitrust Filing Fees. Purchaser shall be responsible for and shall indemnify Seller for any and all charges, expenses and application fees paid to Government Entities as may be required under the HSR Act or foreign Antitrust Laws in connection with this Agreement, the Ancillary Agreements and the Transactions.

(h) Limitations. Neither Purchaser, nor any Seller Party, nor any of their respective Affiliates, shall be obligated to agree to or otherwise be required to (i) accept any material limitations, restraints or undertakings with respect to its or its Affiliates' business, assets, operations or capital stock (including the Business, the Transferred Subsidiary or the Transferred Assets), (ii) sell or otherwise dispose of, hold separate (through the establishment of a trust or otherwise), license or divest itself of all or any material portion of the business, assets or operations of its or its Affiliates' business, assets, operations or capital stock (including the Business, the Transferred Subsidiary or the Transferred Assets), or (iii) make any non-de minimis payment or deliver anything of non-de minimis value to any Third Party (other than filing and application fees to Government Entities) in order to obtain any Consent to the transfer of any Transferred Asset or the assumption of any Assumed Liabilities (provided that Purchaser may elect, in its sole discretion, to provide any such consideration required by a Third Party, including any amounts required to gross up for any withholding obligations, after being provided notice thereof).

(i) For the avoidance of doubt, the covenants under this Section 5.3 shall not apply to any action, effort, filing, Consent, proceedings, or other activity or matter relating to the Bankruptcy Courts, the Bankruptcy Cases, the Bankruptcy Consents and/or Taxes (except with respect to Tax Consents specifically referred to in Section 5.3(j) below).

(j) Brazil Transfer Matters. In furtherance of the transfer of the Business in Brazil:

- (i) Seller agrees (A) to apply for, or cause Kodak de Amazonia Industria e Comercio Ltda. ("KAM") to apply for, any Consents from Brazilian Government Entities required to transfer, from KAM to Purchaser or a Purchaser Assign at the Deferred Closing for Brazil, and (B) to transfer, upon receipt of any required Consents from Brazilian Government Entities, from KAM to Purchaser or a Purchaser Assign at the Deferred Closing for Brazil, all right, title and interest of KAM in and to the environmental permit(s) used in the Business described on Section 5.3(j)(i) of the Seller Disclosure Schedule (the "Brazilian Environmental Permits") and the tax incentives conferred by SUDAM described on Section 5.3(j)(i) of the Seller Disclosure Schedule (the "SUDAM Incentive");
- (ii) if a Consent necessary to transfer any Brazilian Environmental Permit or the SUDAM Incentive is not able to be obtained from the applicable Brazilian Governmental Entity (or a Brazilian Governmental Entity otherwise determines that such transfer is not permitted by Law), Seller agrees to cooperate with and assist (and to cause KAM to cooperate with and assist) Purchaser and Purchaser's Affiliates in their efforts to apply for and obtain their own environmental permits of the same type as the Brazilian Environmental Permits and tax incentives of the same type as the SUDAM Incentive for the Business, as applicable, with the appropriate Brazilian Government Entities;

Incentives for the Business, as applicable, with the appropriate Brazilian Government Entities; provided that this clause (iii) shall not require Seller or KAM to (1) engage in any discussions with, provide any information to, make any filing or application with or seek any approval from, any Brazilian Government Entities with respect to the potential transfer by KAM to Purchaser or a Purchaser Assign of the SUFRAMA/SEPLAN Incentives, or (2) provide any assistance to Purchaser or Purchaser's Affiliates in their efforts to apply for their own tax incentives of the same type as the SUFRAMA/SEPLAN Incentives, if, in each case, Seller determines in good faith that any such actions would have or could reasonably be expected to have an adverse effect on the Taxes of the applicable Seller Party or the Subsidiaries of Seller in Brazil or on the current or future operations of the Commercial Imaging Business or other businesses of Seller or Seller's Subsidiaries in Manaus, Brazil; and

- (iv) Purchaser agrees to reimburse Seller for all out-of-pocket costs and expenses incurred by Seller, KAM or Seller's other Affiliates in connection with their performance of their obligations under this Section 5.3(j).

Section 5.4 Pre-Closing Access to Information.

(a) Prior to the Closing (or with respect to the portion of the Business relating to a Deferred Closing Country, until the Deferred Closing for such Deferred Closing Country), Seller shall, and shall cause the Seller Parties to, give Purchaser and its authorized representatives, upon reasonable advance written notice to Kenneth Fillion (with a copy to Paula Gutkin) and during regular business hours, reasonable access to (x) all books, records and personnel and other facilities and properties to the extent relating to the Business that Purchaser may reasonably request (including for the purpose of conducting Phase I environmental site assessments on the Transferred Real Property and the other Real Property set forth on Section 5.4 of the Seller Disclosure Schedule) and (y) Seller's accountants, legal counsel, financial advisors and other authorized outside representatives; provided, however, that any such (i) access shall be conducted at Purchaser's expense, in accordance with Law (including any applicable Antitrust Law and Bankruptcy Law), at a reasonable time, under the supervision of the Seller Parties' personnel and in such a manner as to maintain confidentiality and not to interfere with the normal operations of the businesses of the Seller Parties and their Affiliates, and (ii) the Seller Parties will not be required to provide to Purchaser access to or copies of any personnel records, books, files or other documentation relating to the Employees other than the Transferred Employee Records. In addition, prior to the Closing (or with respect to the portion of the Business relating to a Deferred Closing Country, until the Deferred Closing for such Deferred Closing Country), Seller shall furnish Purchaser with such monthly internal management reports concerning the Business as are prepared in the Ordinary Course. All requests for information made pursuant to this Section 5.4(a) shall be directed to an executive officer of Seller or such Person as may be designated by any such officer. All information made available pursuant to

this Section 5.4(a) shall be governed by the terms of the Confidentiality Agreement. Purchaser acknowledges and agrees that prior to making any records available to Purchaser, Seller and its Subsidiaries may redact any portions thereof to the extent such portions do not relate in any way to the Business.

(b) Notwithstanding anything contained in this Agreement or any other agreement between Purchaser and Seller or any of their respective Affiliates executed on or prior to the Original Execution Date, Seller and its Subsidiaries shall not have any obligation to make available to Purchaser or its representatives, or provide Purchaser or its representatives with, (i) any Tax Return filed by any Seller Party or any of their Affiliates or predecessors, or any related material or Tax work papers (other than (I) Tax Returns and Tax work papers that relate solely to the Transferred Subsidiary or (II) Tax Returns and Tax work papers, or the portion thereof (to the extent reasonably separable therefrom), for sales and use Taxes, value added Taxes and goods and services Taxes and similar Taxes that solely relate to the Business) or (ii) any information if making such information available would (A) jeopardize any attorney-client or other legal privilege or (B) potentially cause any Seller Party to be found in contravention of any applicable Law or in contravention of any fiduciary duty, duty of confidentiality or Contract (including any confidentiality agreement to which any Seller Party or any of their Affiliates are a party), it being understood that the Seller Parties shall cooperate in any reasonable efforts and requests for waivers that would enable otherwise required disclosure to Purchaser to occur without so jeopardizing privilege or contravening such Law, duty or Contract.

(c) In connection with any inspection of Real Property prior to the Closing (or with respect to the portion of the Business relating to a Deferred Closing Country, until the Deferred Closing for such Deferred Closing Country), Purchaser agrees that in entering upon and inspecting such property, Purchaser and its authorized agents and representatives (i) will comply with any reasonable requirements or guidelines imposed or established by Seller consistent with the other terms hereof, and (ii) shall not unreasonably disturb tenants or interfere with the use of such property pursuant to any lease; shall not interfere with the operation and maintenance of such property; shall not damage any part of such property or any personal property owned or held by a tenant or any other Person or entity; shall not physically injure or otherwise cause bodily harm to Seller, any tenant or to any of their respective agents, invitees, contractors and employees; shall not permit any liens to attach to such property by reason of the exercise of Purchaser's rights under this Section 5.4(c); and shall not reveal or disclose any information obtained from Seller or as a result of inspections concerning such property to any Third Party (other than Purchaser's and Seller's representatives), except in accordance with the terms set forth in Section 5.10. Purchaser will, and shall cause its authorized agents and representatives to, maintain comprehensive general liability (occurrence) insurance on terms and in amounts reasonably satisfactory to Seller and workers' compensation insurance in statutory limits to the extent Purchaser or any authorized agent or representative performs any physical inspection or sampling at any Real Property in accordance with this Section 5.4(c). In each case (other than with respect to worker's compensation insurance), such policies shall insure Seller, Purchaser, Seller's property manager (if any), and such other parties as Seller shall reasonably request, and Purchaser shall deliver to Seller evidence of insurance verifying such coverage prior to entry upon the Real Property. Purchaser shall also (i) promptly pay when due the costs of all

inspections and examinations done by Purchaser or on Purchaser's behalf with regard to such Real Property; (ii) cause all such inspections to be conducted in accordance with standards customarily employed in the industry and in compliance with all Laws; (iii) upon termination of this Agreement other than by reason of Seller's default, at Seller's written request, promptly furnish to Seller copies of any Third Party studies, reports or test results received by Purchaser regarding such Real Property in connection with any such inspections; and (iv) restore such Real Property to the condition in which it was found before any such entry upon the Real Property and inspection or examination was undertaken. Purchaser shall not communicate with or contact any tenant of Seller or any of Seller's vendors or consultants about the Business or such Real Property without the prior written consent of Seller, in Seller's reasonable discretion. Notwithstanding anything to the contrary contained herein, no destructive testing or sampling of surface or subsurface soils, surface water, groundwater, or any materials in, on or under any Real Property, shall be conducted during any entry by Purchaser or any of Purchaser's authorized agents or representatives upon such Real Property without Seller's prior written consent (such consent not to be unreasonably withheld, conditioned or delayed). In the event Seller consents in writing to any such testing or sampling, Purchaser will, and will cause its agents and representatives to, conduct such activities in accordance with the terms and limitations, if any, set forth in Seller's consent.

Section 5.5 Public Announcements. Subject to (a) the provisions of Section 7.3(b) with respect to communications and announcements to the Employees and the employees of Purchaser and (b) each Party's disclosure obligations imposed by Law (including any obligations under any Bankruptcy Laws or the rules of any stock exchange on which the securities of each Party or any of its Affiliates are listed), during the period from the Original Execution Date until the date of the last Deferred Closing, Purchaser and Seller shall, and shall cause their respective Affiliates to, cooperate with the other Party in the development and distribution of all news releases, other public information disclosures and announcements relating to this Agreement, the Ancillary Agreements or any of the Transactions; provided, however, that (x) Seller shall be permitted to disclose the terms of this Agreement to any court or to any liquidator and show appropriate figures in their administration records, accounts and returns and (y) Purchaser and its Affiliates shall be permitted, in its sole discretion, to discuss all matters related to this Agreement and the Ancillary Agreements with the Pension Regulator of the United Kingdom and the Pension Protection Fund.

Section 5.6 Further Actions.

(a) If a Party proposes prior to the Closing (or with respect to the portion of the Business relating to a Deferred Closing Country, prior to the Deferred Closing for such Deferred Closing Country) a change in the terms or structure of this Agreement, any of the Ancillary Agreements or the Transactions that would avoid costs and expenses or would otherwise be more efficient from a tax, legal, commercial or other perspective, the Parties will consider and discuss in good faith the proposed change and the equitable allocation of its benefits and, if the Parties mutually agree on such proposed change, will reasonably cooperate in amending the terms or structure of this Agreement, the Ancillary Agreements or the Transactions, in each case, as necessary to effect such change; provided, however, that the principle in respect of any equitable allocation of benefits shall be that the benefits shall first be allocated such that neither Party nor its Affiliates have any unreimbursed cost, loss or liability but shall otherwise

remain where they fall provided further that no Party shall have any obligation to make any change the net of which effect (after taking into account of any benefits allocation) is adverse (whether from a tax, legal, commercial or other perspective) to such Party and its Affiliates in such Party's reasonable determination. In addition and to the extent that it does not involve any change in the terms or structure of this Agreement, any of the Ancillary Agreements or the Transactions (whether because this Agreement or any of the Ancillary Agreements envisaged more than one possible option in any respect or otherwise), Seller, on the one hand, and Purchaser, on the other hand, agree to use commercially reasonable efforts to cooperate and to procure that their respective Affiliates will cooperate with Purchaser, on the one hand, and Seller, on the other hand, between the Original Execution Date and the Closing (or with respect to the portion of the Business relating to a Deferred Closing Country, until the Deferred Closing for such Deferred Closing Country) to enable Purchaser and Seller to put in place a sale and acquisition structure which meets the Tax and commercial objectives of Purchaser and Seller; provided, however, that Seller, Purchaser and their respective Affiliates shall not be required to take any step pursuant to this Section 5.6(a) which would give rise to an unreimbursed cost, loss or liability of Seller, Purchaser or any of their respective Affiliates which would not otherwise have arisen; and provided, further, that the Party requesting such assistance shall indemnify the other Party for any reasonable out of pocket costs incurred with respect to such assistance; and provided, further, that nothing in this Section 5.6(a) shall require the Parties to deviate from the agreement set forth in Section 5.30.

(b) As soon as practicable after the Closing, or any Deferred Closing, as applicable, Kodak shall instruct all relevant outside counsel of the Seller Parties (i) that the ownership of Business Registered IP has been assigned to Purchaser, (ii) to release to Purchaser or Purchaser's counsel designated by Purchaser copies (which may be electronic copies) of all documentation relating to the Business Registered IP and prosecution thereof existing as of the Closing Date, or the Deferred Closing Date, as applicable, in the possession of such outside counsel, and (iii) that Purchaser or Purchaser's counsel designated by Purchaser may contact such outside counsel relative to prosecution of the Transferred Intellectual Property at Purchaser's expense, as applicable.

(c) From and after the Closing Date, or any Deferred Closing Date, as applicable, each of the Parties shall execute and deliver such documents and other papers and take such further actions as may reasonably be required to carry out the provisions of this Agreement and give effect to the Transactions, including the execution and delivery of such assignments, deeds and other documents as may be necessary to transfer any Transferred Assets as provided in this Agreement.

(d) Tax Determination. Seller shall, and shall cause the Other Sellers to, use their respective commercially reasonable efforts, at Purchaser's request, to cooperate with Purchaser in Purchaser's efforts to obtain a written confirmation from Her Majesty's Revenue and Customs that the transactions described in Schedule I do not constitute an "unauthorized employer payment" (as such term is defined in Section 160(4) of the United Kingdom's Finance Act of 2004).

Notwithstanding anything in this Agreement to the contrary, nothing in this Agreement will give Purchaser, directly or indirectly, rights to control or direct the business or operations of the Seller Parties or any right to receive any income from the Business prior to the Closing.

Section 5.9 Transaction Expenses. Except as otherwise provided in this Agreement or the Ancillary Agreements, each of Purchaser and Seller shall bear its own costs and expenses (including brokerage commissions, finders' fees or similar compensation, and legal, actuarial, accounting and tax advisor fees and expenses) incurred in connection with this Agreement, the Ancillary Agreements and the Transactions; provided that notwithstanding anything else herein to the contrary, Purchaser shall be responsible for and shall indemnify Seller for any UCC-3 filing fees, title recording or filing fees, other amounts payable in respect of transfer filings in connection with this Agreement and the Transactions and any costs and expenses (including fees) related to or connected with the transfer, assignment or conveyance of any of the Transferred Intellectual Property or the assignment of any Assigned Contracts or Shared Contracts. For the avoidance of doubt, the treatment of Transfer Taxes shall be governed by Section 6.1 of this Agreement.

Section 5.10 Confidentiality.

(a) The terms of the Confidentiality Agreement are incorporated into this Agreement by reference and shall continue in full force and effect until the Closing, at which time the Confidentiality Agreement shall terminate. If, for any reason, the Closing does not occur, the Confidentiality Agreement shall nonetheless continue in full force and effect in accordance with its terms.

(b) Purchaser acknowledges and agrees that any information made available to Purchaser pursuant to Section 5.10(a) or otherwise by any of the Seller Parties or any officer, director, employee, agent, representative, accountant or counsel thereof prior to the Closing shall be subject to the terms and conditions of the Confidentiality Agreement.

(c) From and after the Closing, (i) Purchaser shall, and shall cause its Affiliates and representatives to, treat as confidential and safeguard any and all information, knowledge or data relating to the business of the Seller Parties and their respective Affiliates (other than the Business) that becomes known to Purchaser as a result of the Transactions, except as required by Law, otherwise provided in any Ancillary Agreement, or as otherwise agreed to by Seller in writing and (ii) each Seller Party shall, and shall cause its respective Affiliates and representatives to, treat as confidential and safeguard any and all trade secrets or other material confidential information of the Business that is known by the Seller Parties, except as required by Law, disclosed to any Tax Authority, otherwise provided in any Ancillary Agreement, or as otherwise agreed to by Purchaser in writing.

(d) Purchaser and the Seller Parties acknowledge that the confidentiality obligations set forth herein shall not extend to information, knowledge and data that is publicly available or becomes publicly available through no act or omission of the party owing a duty of confidentiality, or becomes available on a non-confidential basis from a source other than the party owing a duty of confidentiality so long as such source is not, after reasonable inquiry, known by such party to be bound by a confidentiality agreement with or other obligations of secrecy to the other party.

(e) In the event of a breach of the obligations hereunder by Purchaser, on the one hand, or any Seller Party, on the other hand, Seller or Purchaser, as the case may be, in addition to all other available remedies, will be entitled to seek injunctive relief to enforce the provisions of this Section 5.10 in any court of competent jurisdiction, without the requirement of posting a bond or other security.

Section 5.11 Certain Payments or Instruments Received from Third Parties. To the extent that, on or after the Agreed Time, (a) Purchaser or any of its Affiliates receives any payment or instrument that is for the account of Seller or any Other Seller according to the terms of this Agreement or any Ancillary Agreement or relates to any business or business segment of Seller other than the Business, Purchaser shall, until the date that is 90 days after the Closing Date (or, with respect to the portion of the Business that is subject to a Deferred Closing, until the date that is 90 days after the date of such Deferred Closing) (and thereafter only upon request of Seller), promptly deliver such amount or instrument to the extent related to such other business or business segment to the relevant Seller or any Other Seller (or any other Affiliate of

Seller), and (b) Seller or any of its Affiliates receives any payment that is for the account of Purchaser according to the terms of this Agreement or any Ancillary Agreement or relates to the Business, Seller shall, and shall cause the Other Sellers to, until the date that is 90 days after the Closing Date (or, with respect to the portion of the Business that is subject to a Deferred Closing, until the date that is 90 days after the date of such Deferred Closing) (and thereafter only upon request of Purchaser) promptly deliver such amount or instrument to the extent related to the Business to Purchaser. All amounts due and payable under this Section 5.11 shall be due and payable by the applicable Party in immediately available funds, by wire transfer to the account designated in writing by the relevant Party. Notwithstanding the foregoing, each Party hereby undertakes to use its commercially reasonable efforts to direct or forward all bills, invoices or like instruments to the appropriate Party.

Section 5.12 Consent Required Assets and Deferred Closings.

(a) To the extent that any Seller Contract, Shared Contract or any other Transferred Asset is not capable of being assigned (or, in the case of a Shared Contract, partially assigned) to Purchaser (or, in the case of any Transferred Asset that is an asset provided for in Section 7.1(d)(ii), transferred to a Purchaser Employee Plan) at the Closing or with respect to Deferred Closing Assets at the Deferred Closing for such Deferred Closing Assets, as applicable (or as soon as practicable after the Closing or such Deferred Closing, as applicable) as contemplated by this Agreement either under Section 365 of the Bankruptcy Code or other applicable Laws or the terms of any such Seller Contract, Shared Contract or Transferred Asset without the Consent of any Third Party or a Government Entity (collectively, the “Consent Required Assets”), if consummating such assignment at Closing or the applicable Deferred Closing without such Consent would result in a breach, default, violation or contravention under or with respect to such Consent Required Asset, this Agreement will not constitute an assignment, or an attempted assignment, of such Consent Required Asset at Closing or the applicable Deferred Closing, unless and until any such Consent is obtained, including any Consents obtained following the Closing Date or the applicable Deferred Closing Date (at which time such Consent Required Asset shall be assigned to Purchaser or the appropriate Purchaser Assign).

(b) Following the Closing (or the applicable Deferred Closing, in the case of Non-Assigned Assets that would have been assigned at a Deferred Closing but for the failure to obtain the relevant required Consent) until the relevant required Consent is obtained with respect to a Non-Assigned Asset, Seller and Purchaser will use their commercially reasonable efforts to cooperate in good faith with each other to agree upon and implement a commercially reasonable arrangement between Seller and Purchaser to provide Purchaser the substantially similar interests, benefits and rights, and subject Purchaser to the substantially similar obligations and Liabilities, under any such Non-Assigned Asset (including any Tax obligations related to any such Non-Assigned Assets) as the applicable Seller had immediately prior to the Closing Date (or the applicable Deferred Closing Date, in the case of Non-Assigned Assets that would have been assigned at a Deferred Closing but for the failure to obtain the relevant required Consent), including the actual economic benefit or loss, as applicable, of such Non-Assigned Asset. Except as provided in Section 5.25(l) or Article VII (*Employment Matters*), Purchaser shall reimburse the relevant Seller Party upon commercially reasonable arrangements in accordance with such agreed upon arrangements and indemnify and hold each Seller Party harmless from and against all Liabilities, incurred or asserted, as a result of any actions taken pursuant to this Section 5.12(b) or Section 5.12(d).

(c) With respect to the Deferred Closing Assets and the Deferred Closing Liabilities, Seller and Purchaser shall, and shall cause one or more of their respective Subsidiaries to, implement the arrangements described on Schedule A attached hereto from the Closing Date until the date of the Deferred Closing for each Deferred Closing Country. Subject to the terms and conditions set forth herein, Seller or Purchaser or one or more of their respective Subsidiaries may request that the arrangements on Schedule A be supplemented, modified, substituted or otherwise altered (a "Modification"). Upon such request, the Parties shall discuss in good faith the nature and scope of the proposed Modification. In the event that Seller and Purchaser mutually agree to such Modification, such Modification shall be reflected on Schedule A.

(d) In the event that Transferred Assets that are assets provided for in Section 7.1(d)(ii) are prevented from transferring until the relevant required Consent is obtained, until a Purchaser Employee Plan is established and able to receive such assets, or until an applicable Deferred Closing occurs, Seller and Purchaser agree that they will cooperate in good faith to put in place a commercially reasonable solution. Notwithstanding anything to the contrary herein, for each Closing or Deferred Closing, the Employees in a jurisdiction subject to such Closing or Deferred Closing, as applicable, shall transfer to Purchaser or one of its Affiliates in accordance with Article VII on a date (the "Deferred Employee Transfer Date") that will be (x) the date on which the relevant Closing or Deferred Closing occurs or (y) a date after the relevant Closing or Deferred Closing that is mutually agreed upon in writing by Purchaser and Seller (in each case for (x) and (y), subject to the requirements of applicable local Law). If the Employees in a particular jurisdiction transfer pursuant to clause (y) of the prior sentence, Seller and Purchaser will use their commercially reasonable efforts to cooperate in good faith with each other to agree upon and implement a commercially reasonable arrangement between Seller and Purchaser to provide Purchaser with the benefit of the services provided to the Business by such Employees from the date of the relevant Closing or Deferred Closing through the actual Deferred Employee Transfer Date.

(e) The Parties acknowledge that the fact that any Transferred Asset constitutes a Consent Required Asset or Deferred Closing Asset shall not (i) constitute a breach of any representation, warranty or covenant hereunder, (ii) entitle Purchaser to terminate this Agreement or fail to consummate the Transactions, (iii) subject to Schedule A, result in any reduction of the Purchase Price payable at the Closing hereunder or in any way affect the calculation of Agreed Time Adjusted Working Capital, Reference Adjusted Working Capital or Agreed Time Adjusted Working Capital (Build-Up) under Section 2.6 or (iv) otherwise result in any of the Seller Parties having any liability whatsoever to Purchaser or its Affiliates except as expressly provided in this Agreement. Any Non-Assigned Asset assigned pursuant to the terms of this Section 5.12 shall, when assigned, constitute a Transferred Asset hereunder from and after such date of assignment pursuant to this Section 5.12. For the avoidance of doubt, no Deferred Closing Asset, Deferred Closing Liability or any part of the Business in respect of a Deferred Closing Country or any Foreign Acquisition Entity shall transfer to Purchaser prior to the relevant Deferred Closing Date.

(f) For the purposes of this Agreement and all representations and warranties of Seller contained herein, the relevant Seller and the Debtor Subsidiary Sellers shall be deemed to have obtained all required Consents in respect of the assignment of any Assigned 365 Debtor Contract if, and to the extent that, pursuant to the Settlement and Sale Order, Seller and the Debtor Subsidiary Sellers are authorized to assume and assign (or, in the case of a Shared Contract, partially assign) to Purchaser such Assigned 365 Debtor Contract pursuant to Section 365 of the Bankruptcy Code and any applicable Cure Costs have been satisfied as provided in Section 2.1(g)(ii).

Section 5.13 Post-Closing Assistance for Litigation.

(a) After the Closing and each Deferred Closing, as applicable, Purchaser shall, upon the request of Seller, use commercially reasonable efforts to require the Transferred Employees to make themselves reasonably available at reasonable times and cooperate in all reasonable respects with Seller and its Subsidiaries in the preparation for, and defense of, any lawsuit, arbitration or other Action (whether disclosed or not disclosed in the Seller Disclosure Schedule) filed or claimed against Seller or any of its Subsidiaries or any of the respective agents, directors, officers and employees of Seller and its Subsidiaries, whether currently pending or asserted in the future, concerning the operation or conduct of the Business prior to the Closing Date; provided, however, that the obligations of Purchaser hereunder shall extend only to the Transferred Employees who remain employees of Purchaser and its Subsidiaries as of the date of Seller's request and shall not apply to former employees of Purchaser or its Subsidiaries who have been terminated prior to such date and shall not obligate Purchaser or its Subsidiaries to continue the employment of any Transferred Employee. Seller shall reimburse Purchaser and its Affiliates for their reasonable costs (including allocated costs of employee time) of providing the services pursuant to this Section 5.13(a).

(b) After the Closing and each Deferred Closing, as applicable, Seller shall, and shall cause its Subsidiaries to, upon the request of Purchaser, use commercially reasonable efforts to require their employees that were not Transferred Employees to make themselves reasonably available and cooperate in all reasonable respects with Purchaser and its Affiliates in the preparation for, and defense of, any lawsuit, arbitration or other Action filed or claimed against Purchaser, any of its Affiliates or any of the respective agents, directors, officers and employees of any of the foregoing, whether currently pending or asserted in the future, concerning the operation or conduct of the Business prior to the Closing Date; provided, however, that the obligations of Seller hereunder shall only extend to the employees of Seller and its Subsidiaries as of the date of Purchaser's request and shall not apply to former employees of Seller or its Subsidiaries that have been terminated prior to such date and shall not obligate Seller or its Subsidiaries to continue the employment of any such employee. Purchaser shall reimburse Seller and its Affiliates for their reasonable costs (including allocated costs of employee time) of providing the services pursuant to this Section 5.13(b).

(c) After the Closing and each Deferred Closing, as applicable, Seller shall, upon the request of Purchaser and at Purchaser's sole cost and expense, use reasonable efforts to provide Purchaser documentation and reasonable assistance in asserting a defense in any lawsuit, arbitration or other Action filed or claimed against Purchaser where such defense arises from or is based upon a release, license, covenant not to sue or other right in favor of Seller or its

Affiliates that is primarily related to the Transferred Assets, the Assumed Liabilities or the ownership, use, function or value of any Transferred Asset or the operation of the Business, but solely to the extent Purchaser, as a purchaser of the Transferred Assets or otherwise as the successor-in-interest of Seller in respect of the Transferred Assets, may benefit from any such release, license, covenant not to sue or other right without impairing Seller's rights under any such release, license, covenant not to sue or other right.

(d) Notwithstanding anything to the contrary set forth in this Section 5.13, (i) no Party shall have any obligation pursuant to this Section 5.13 in connection with any litigation in which the interests of the Parties or their respective Affiliates are adverse to one another and (ii) nothing herein shall require any Party or any of its Subsidiaries or employees to disclose any information to the other Party or any of its Subsidiaries if such disclosure would jeopardize any attorney-client or other legal privilege or contravene any applicable Law, fiduciary duty or agreement, it being understood that such first Party shall cooperate in any reasonable efforts and requests for waivers that would enable otherwise required disclosure to the other Party to occur without so jeopardizing privilege or contravening such Law, duty or agreement.

Section 5.14 Insurance Matters.

(a) Seller and Purchaser acknowledge and agree that Seller shall maintain coverage of the Covered Assets and Persons under its current Seller Insurance Policies until the Closing or Deferred Closing, as applicable, relating to the Transferred Assets and Assumed Liabilities subject to such Seller Insurance Policies, and except as otherwise provided in Section 5.14(b) or in respect of the Non-Assigned Assets) coverage of such Covered Assets and Persons shall cease as of such Closing or Deferred Closing, as applicable, and the Covered Assets and Persons will be deleted in all respects as insured (or additional insured, as the case may be) under all Seller Insurance Policies.

(b) After the Closing, Seller shall, and shall cause its Subsidiaries to, maintain any Directors & Officers Liability insurance policies in place on the Original Execution Date and or put in place between the Original Execution Date and the Closing Date with respect to any Transferred Employee who was a director or officer of Seller or any of its Subsidiaries prior to the Closing Date, with respect to any actions or events occurring prior to the Closing Date, for a period of six (6) years beginning on the Closing Date.

(c) Between the Original Execution Date and the Closing Date or a Deferred Closing Date, as applicable, Seller shall, and shall cause its Subsidiaries to, maintain those workers' compensation insurance policies in place on the Original Execution Date or put in place between the Original Execution Date and the Closing Date or a Deferred Closing Date, as applicable, with respect to the Employees.

Section 5.15 Deposits, Guarantees and Other Credit Support of the Business.

(a) Purchaser acknowledges that in the course of conducting the Business, Seller and its Affiliates may have entered into various arrangements in which guarantees, credit support, letters of credit, bonds, cash deposits or similar arrangements were issued by or on

behalf of Seller or its Affiliates in order to support or facilitate the Business (each, if and solely to the extent relating to the Business, a “Seller Guarantee” and all such arrangements collectively, the “Seller Guarantees”). These Seller Guarantees may also be further supported by cash deposits, collateral assets or other support arrangements under the DIP Facilities of Seller or its Affiliates or other lines of credit (“Supporting Collateral”). Purchaser and Seller hereby agree as follows:

- (i) Purchaser and Seller shall use commercially reasonable efforts to procure (a) the release of the Seller Guarantees set forth on Section 5.15(a)(i) of the Seller Disclosure Schedule by the applicable counterparty concurrently with the Closing, or otherwise as promptly as reasonably practicable thereafter, and (b) the release or return to Seller or its applicable Affiliate of all Supporting Collateral as may be the case (if being understood that under no circumstances shall Seller or Purchaser or any of their respective Affiliates be required to make any payment in connection with the release of any Seller Guarantee);
- (ii) with respect to each Seller Guarantee set forth on Section 5.15(a)(i) of the Seller Disclosure Schedule for which Purchaser or Seller does not obtain a release and the release or return of all Supporting Collateral, Purchaser and Seller shall enter into a Hold Harmless Agreement with respect to each such Seller Guarantee concurrently with the Closing; and
- (iii) Purchaser shall not amend, modify or renew any Contract subject to any Seller Guarantee during the period following the Closing Date without the consent of Seller in its sole discretion unless, pursuant to or prior to such amendment, modification or renewal, Seller’s and Seller’s Affiliates continuing obligation has been extinguished and neither Seller nor its Affiliates has any continuing liability thereunder.

(b) The Real Estate Security Deposits shall be governed by the provisions of Section 5.25(o) and the provisions of this Section 5.15 shall not apply thereto.

Section 5.16 Maintenance of Books and Records. After the Closing, Purchaser shall preserve or cause to be preserved, until at least the seventh (7th) anniversary of the Closing Date, all pre-Closing Date records to the extent relating to the Business possessed or to be possessed by Purchaser or its Affiliates. After the Closing Date and up until the seventh (7th) anniversary of the Closing Date, upon any reasonable request from Seller or its representatives, Purchaser shall, and/or shall cause the Person holding such records to, provide Seller or its representatives with copies of such records; provided that in each case Seller shall reimburse Purchaser for its reasonable and documented out-of-pocket expenses incurred in connection with any such request; provided, however, that nothing herein shall require Purchaser to disclose any information to Seller (a) in connection with any litigation in which the interests of the Parties or their respective Affiliates are adverse to one another or (b) if such disclosure would jeopardize

any attorney-client or other legal privilege which Purchaser or its Affiliates is entitled to claim or contravene any applicable Law, fiduciary duty or agreement (it being understood that Purchaser shall cooperate in any reasonable efforts and requests for waivers that would enable otherwise required disclosure to Seller to occur without so jeopardizing privilege or contravening such Law, duty or agreement). Such records shall be provided under this Section 5.16 for any reasonable purpose, including to the extent reasonably required in connection with accounting, Tax, litigation, federal securities disclosure or other similar needs of Seller (other than claims between Seller and Purchaser or any of their respective Affiliates under this Agreement or any Ancillary Agreement). Notwithstanding the foregoing, (x) any and all such records may be destroyed by Purchaser if Purchaser sends to Seller written notice of its intent to destroy such records, specifying in reasonable detail the contents of the records to be destroyed; such records may then be destroyed after the 30th day following such notice unless Seller notifies Purchaser that Seller desires to obtain possession of such records, in which event Purchaser shall transfer or cause to be transferred the records to Seller and Seller shall pay all reasonable expenses of Purchaser in connection therewith and (y) Purchaser shall not be required to provide Seller access to, or copies of, any Tax records that relate to any taxable period after the Closing Date (or Deferred Closing Date, as applicable); provided, however, if Seller sends to Purchaser written notice of litigation or potential litigation claims, then KPP shall not destroy any records related to those claims prior to receiving reasonably prompt further written notice from Seller that such claims are finally resolved. Purchaser shall provide copies of such records to Seller upon request in accordance with the terms of this Section 5.16.

Section 5.17 Transition Services; Day-One and Separation Planning.

(a) The Parties acknowledge that the Attachments attached to the form of Transition Services Agreement contained in Exhibit D reflect a preliminary list of Transition Services and are not in a final agreed form (such preliminary attachments, collectively, the “General Scope of Services”). Accordingly, the Parties agree that, from and after the execution of this Agreement, they will negotiate in good faith to finalize the Transition Services Agreement and agree on final Attachments to the Transition Services Agreement prior to the Closing. Without limiting the foregoing, prior to Closing, the Parties shall complete the Services Worksheet for the Transition Services Agreement, and shall complete the Statement of Work (as defined in the Transition Services Agreement) for each Transition Service to be provided under the Transition Services Agreement, including without limitation filling in the Kodak Transfer Price (as defined in the Transition Services Agreement) for each such service, in accordance with the principles set forth on Attachment A to the form of Transition Services Agreement attached to this Agreement as Exhibit D. In addition, prior to the Closing, the Parties shall negotiate in good faith and agree upon a Reverse Transition Services Agreement, which shall contemplate the provision of services and support from the Business to Seller and its Affiliates (the “Reverse Transition Services Agreement”), and shall complete a Statement of Work (to be defined in the Reverse Transition Services Agreement) for each service to be provided under the Reverse Transition Services Agreement, including filling in the Business Transfer Price (to be defined in the Reverse Transition Services Agreement) for each such service, in accordance with the principles set forth in this Section 5.17(a). The Parties agree that all such cooperation and negotiation, and the finalization of the Transition Services Agreement and the Reverse Transition Services Agreement will be subject to the following general principles and conditions:

- (i) subject to clause (ii) below, (A) the services to be provided under the Transition Services Agreement (the “Transition Services”) will include all material services and support that have been provided by Seller or its Affiliates to the Business prior to the Original Execution Date and the Closing Date, other than services contemplated to be excluded on Attachment A to the form of Transition Services Agreement attached to this Agreement as Exhibit D and (B) the services to be provided under the Reverse Transition Services Agreement (the “Reverse Transition Services”) will include all material services and support that have been provided by the Transferred Employees to Seller or its Affiliates prior to the Original Execution Date and the Closing Date. For the avoidance of doubt, the Transition Services and the Reverse Transition Services will not necessarily be limited to the services described in the General Scope of Services.

- (ii) the Transition Services and the Reverse Transition Services will not include any service the provision of which, in Seller's or Purchaser's reasonable opinion (as the case may be), would violate any Law;
- (iii) the Transition Services and Reverse Transition Services will include all material services (other than services contemplated to be excluded on Attachment A to the form of Transition Services Agreement attached to this Agreement as Exhibit D) reasonably necessary to facilitate the uninterrupted continuation of the Business, and the business of the applicable Affiliates of Seller receiving services and support from the Business, and the Transition Services will not include any service that is not reasonably necessary or convenient, in Purchaser's reasonable opinion, to permit Purchaser to carry on the Business after the Closing in a manner materially consistent with the operation of the Business as at the Closing, and the Reverse Transition Services will not include any service that is not reasonably necessary or convenient, in Seller's reasonable opinion, to permit Seller and its Affiliates to carry on their respective businesses after the Closing in a manner materially consistent with the operation of such businesses as at the Closing; and
- (iv) the Reverse Transition Services Agreement shall be on the same terms and conditions as the Transition Services Agreement (reversed as appropriate), except to the extent inapplicable in the context of the Reverse Transition Services Agreement.

(b) The Transition Services and the Reverse Transition Services shall be provided in such manner and pursuant to such terms (including terms and pricing) as are set forth in the Transition Services Agreement and the Reverse Transition Services Agreement, respectively.

(c) Prior to the Closing, if the Seller Parties determine that a Consent (as such term is defined in Section 2.2 of each of the Transition Services Agreement and the Reverse Transition Services Agreement) can reasonably be obtained without unreasonable effort or expense, the Seller Parties shall use their commercially reasonable efforts to obtain the Consents from Third Parties, including Third Party service providers, to the extent necessary to perform and provide the services contemplated under the Transition Services Agreement and the Reverse Transition Services Agreement.

(d) In the event of any dispute between the Parties in connection with the finalization of the Transition Services Agreement or the Reverse Transition Services Agreement, including the identification and specification of Transition Services and Reverse Transition Services and completion of the Attachments and Statements of Work to the Transition Services Agreement or the Reverse Transition Services Agreement, each Party shall designate a senior executive or representative reasonably acceptable to the other Party to handle such dispute and the Parties shall cause such designee(s) to meet as promptly as practicable and use their respective reasonable best efforts to resolve such dispute within a reasonable period of time. If such individuals are unable to resolve the disputes in a timely manner, the Parties shall cooperate to subject the matters in dispute to a third party mediator or arbitrator mutually acceptable to the Parties. The senior executives or representatives designated by the Parties, or any third party designated by the Parties in connection with the dispute, shall apply the principles set forth in this Section 5.17, and in the Attachments to the form of Transition Services Agreement attached to this Agreement as Exhibit D, in resolving any such disputes.

(e) For the purpose of allowing Purchaser and its representatives to prepare to consummate the Closing, receive transfer of the Transferred Assets (other than the Deferred Closing Assets) at Closing and operate the Business immediately upon Closing ("Day One Readiness"), for the purpose of allowing Purchaser and its representatives to prepare to consummate the Deferred Closings, receive transfer of the Deferred Closing Assets at the Deferred Closings and operate the portion of the Business in the Deferred Closing Countries immediately upon the applicable Deferred Closing ("Deferred Closing Day One Readiness"), and for the purpose of allowing the Purchaser and its representatives to design plans for, and to prepare for, the ultimate separation of the Business from Seller and the Seller Parties (the "Separation"), prior to the Closing, Seller shall, and shall cause the Seller Parties to, upon advance notice and at no cost to Purchaser (i) provide Purchaser and its authorized representatives reasonable access, during regular business hours, to senior managers of the Business, functional heads of the various business lines within the Business and subject matter leads responsible for various aspects of the Business (collectively, the "Access Employees"); provided that all meetings or other contact with any of the Access Employees shall be first coordinated through Garry Hapeman or Mary Arter (or their designees); provided that such requests for meetings or other contact shall not be unreasonably denied or delayed, (ii) provide copies of such books, records, reports, files and other information as reasonably requested by Purchaser about the Business or that may be necessary or helpful for Purchaser to prepare for Day One Readiness and Deferred Closing Day One Readiness and/or to design and prepare for Separation, and (iii) cooperate with Purchaser to develop plans and timelines for Day One

Readiness and Deferred Closing Day One Readiness and Separation. As soon as practicable after the Original Execution Date, the Parties shall mutually agree on a comprehensive plan for Day One Readiness and Deferred Closing Day One Readiness, which shall provide a structure and design for the segregation of the Business from Seller and the Seller Parties prior to Closing, or, the Deferred Closings, as applicable, the purpose of which is intended to ensure the uninterrupted continuation of the Business at the Closing and the Deferred Closings, as applicable, and to enable Purchaser to consummate the Closing and the Deferred Closings, as applicable, receive transfer of the Transferred Assets at the Closing and the Deferred Closings, as applicable, and operate the Business immediately upon the Closing and upon the Deferred Closings, as applicable (the "Day-One Plan"). Each Party shall use its commercially reasonable efforts to implement the tasks contemplated to be taken by it in the Day-One Plan on the terms and conditions, and within the scheduled time periods, outlined in the Day-One Plan; provided that the Parties acknowledge that the time periods set forth in the Day-One Plan may shift based on various factors that arise after the development of the Day-One Plan.

(f) Without limiting the foregoing Sections 5.17(d) and 5.17(e), Purchaser may from time to time prior to the Closing request that Seller take certain actions related to Day One Readiness and/or Separation that would not otherwise be required to be taken by Seller prior to the Closing under this Agreement or the Transition Services Agreement, including actions taken by Employees of Seller in accordance with the instructions of Purchaser under a power of attorney executed by Purchaser or a director, officer, shareholder, partner, member, agent, representative or employee of Purchaser ("Day-One Actions"). In addition, Purchaser may from time to time following the Closing but before a Deferred Closing occurs with respect to a Deferred Closing Country, request that Seller take certain actions related to Deferred Closing Day One Readiness and/or Separation with respect to such Deferred Closing Country that would not otherwise be required to be taken by Seller prior to such Deferred Closing under this Agreement or the Transition Services Agreement, including actions taken by Employees of Seller in accordance with the instructions of Purchaser under a power of attorney executed by Purchaser or a Representative of Purchaser ("Deferred Closing Day-One Actions"). With respect to Day-One Actions and Deferred Closing Day-One Actions, Seller will reasonably consider each request in good faith, and Seller shall not unreasonably withhold its agreement to perform any Day-One Actions or Deferred Closing Day-One Actions. The Parties shall cooperate in good faith to determine the nature, cost, payment terms, duration and scope of such Day-One Actions and Deferred Closing Day-One Actions, and may mutually agree to enter into a written statement of work ("SOW") with respect to any Day-One Action or Deferred Closing Day-One Action or may mutually agree to effect any such Day-One Action or Deferred Closing Day-One Action without entering into a written SOW. Each such SOW with respect to a Day-One Action shall become effective upon execution by the Parties, and shall be deemed to be included in and governed by the Transition Services Agreement as if the Transition Services Agreement were in effect as of the date of the SOW, and each with respect to a Deferred Closing Day-Once Action shall become effective upon execution by the Parties and shall be included in and governed by the Transition Services Agreement. If the Parties are unable to mutually agree upon any specific terms of any SOW for Day-One Actions or Deferred Closing Day-One Actions, such dispute shall be subject to resolution in accordance with the principles set forth in Section 5.17(d) of this Agreement. Seller and Purchaser shall use commercially reasonable efforts, and cooperate with each other, to achieve Deferred Closing Day One Readiness with respect to any Second Wave

Country, each Third Wave Country, each Fourth Wave Country, each Fifth Wave Country and the Sixth Wave Country on or before the Second Wave Deferred Closing Date, the Third Wave Deferred Closing Date, the Fourth Wave Deferred Closing Date, the Fifth Wave Deferred Closing Date or the Sixth Wave Deferred Closing Date, respectively. In addition, Purchaser and Seller shall work together in good faith to explore mutually acceptable arrangements that would permit Seller to transfer to Purchaser any or all of the TMM Assets and TMM Liabilities at a date or dates prior to the TMM End Date without (i) causing a disruption to the TM Model in any manner adverse to Seller, Purchaser, or any of their respective Affiliates or (ii) imposing additional burdens (whether economic or non-economic) on any Seller Party.

(g) To the extent that as of the Closing Date or any Deferred Closing Date, as applicable, any of the actions, deliverables or plans contemplated under the Day-One Plan have not been accomplished, the Parties shall cooperate in good faith to design one or more workaround solutions so as to ensure the uninterrupted continuation of the Business at the Closing or the Deferred Closing, as applicable, and enable Purchaser to consummate the Closing or the Deferred Closing, as applicable.

(h) Notwithstanding anything to the contrary contained in this Agreement, Purchaser shall indemnify, hold harmless and reimburse each Seller Indemnified Party for any Liability relating to, arising out of or in connection with any and all Day-One Actions and Deferred Closing Day-One Actions taken by such Seller Indemnified Party, regardless of whether the Parties enter into a SOW with respect to such Day-One Actions or Deferred Closing Day-One Actions (but without duplication of any amounts paid by Purchaser under an SOW), except to the extent that such Liability arises out of the willful misconduct or gross negligence of any Seller Indemnified Party.

Section 5.18 Asset Transfers. Seller shall cause the Transferred Subsidiary to transfer, assign and deliver to Seller and/or its Subsidiaries prior to the Deferred Closing with respect to China (Wuxi) the assets set forth in Section 5.18 of the Seller Disclosure Schedule and shall cause the Transferred Subsidiary to terminate and settle as of the Deferred Closing with respect to China (Wuxi) any Intercompany Contract to which the Transferred Subsidiary is a party, in each case without cost or expense to the Transferred Subsidiary and without increasing the Liabilities of the Transferred Subsidiary (except as otherwise agreed in accordance with Section 5.30). For purposes of Article III (*Representations and Warranties of Seller*), the representations and warranties of Seller shall be deemed to be made as though the assets set forth in Section 5.18 of the Seller Disclosure Schedule were transferred as of the Original Execution Date in accordance with this Section 5.18.

Section 5.19 Delivery of Information.

(a) Current Business Information.

- (i) Each Seller Party shall use its commercially reasonable efforts to deliver or cause to be delivered to Purchaser at the Closing or a Deferred Closing, as applicable, all Current Business Information.
- (ii) Seller shall at or prior to the date that all Transition Services have concluded, deliver or cause to be delivered to Purchaser any Current Business Information not provided pursuant to clause (i).

(b) Historic Business Information. During the term of the Transition Services Agreement:

- (i) Seller shall deliver or cause to be delivered to Purchaser Historic Business Information with a Record Age of less than five years and that are reasonably requested by Purchaser, provided that such Historic Business Information can be identified using commercially reasonable means, and Purchaser shall reimburse Seller for its reasonable expenses incurred in connection with such delivery.
- (ii) The Parties shall confer in good faith in respect of any reasonable request for Historic Business Information with a Record Age of five years or more. Seller may, in its reasonable discretion, refuse any such request. If Seller agrees to deliver the requested information, Seller shall, in its sole discretion, determine the manner and timing of any such delivery, and Purchaser shall reimburse Seller for its expenses incurred in connection with such delivery.
- (iii) Before beginning any work to deliver requested information under this 5.19(b), Seller shall provide Purchaser with an estimate of the expenses Seller anticipates it will incur in fulfilling Purchaser's request for Historic Business Information. Seller shall not proceed with any such work until Purchaser has acknowledged receipt of the estimate and authorized Seller to proceed with such work in writing. If after receiving Seller's estimate Purchaser does not provide such written authorization, Seller will be excused from any obligation to fulfill Purchaser's request.

(c) Nothing in this Agreement will obligate Seller to deliver or cause to be delivered Business Information with a Record Age greater than seven (7) years.

(d) Cooperation. With respect to Current Business Information and Historic Business Information stored in Shared Systems, after the Original Execution Date, the Parties will confer and determine in good faith how to transfer (or provide access to transfer) such records to Purchaser, including determining which Party is best positioned to extract such records after Closing or a Deferred Closing, as applicable, and agreeing on reasonable formats to be used for extracts of such records and reasonable timeframes for delivery thereof by Seller to Purchaser in a manner that allows Purchaser to operate the Business in the Ordinary Course. The Parties will cooperate to ensure all such records are delivered to Purchaser at or prior to the date that all Transition Services have concluded.

(e) Combined Records.

- (i) Notwithstanding anything to the contrary in this Agreement and solely with respect to Combined Records, Seller reserves the right to redact or withhold from the delivery of any Combined Record otherwise required to be delivered pursuant to this Section 5.19 any information (A) the disclosure of which to Purchaser would cause Seller or any of its Affiliates to be in breach of a written or legal obligation of confidentiality to a Third Party in respect of such information (such information, "Third Party Confidential Information"), or (B) Seller considers in good faith to be competitively sensitive in its reasonable judgment (together with Third Party Confidential Information, collectively, "Sensitive Information"). Seller shall promptly notify Purchaser of any such determination.
- (ii) Seller shall, on a confidential basis, make such Combined Records that it believes contains Sensitive Information available for examination, at Purchaser's expense, by Purchaser's outside counsel such that Purchaser's outside counsel may evaluate Seller's determination in respect of such Combined Records. If Purchaser's outside counsel believes such a Combined Record does not contain Sensitive Information, Seller and Purchaser shall resolve such dispute through the dispute resolution process set forth in the Transition Services Agreement.
- (iii) If Purchaser does not cause its outside counsel to review such Combined Records, or if Purchaser's outside counsel agrees with Seller's determination: (A) if Seller can withhold or redact Sensitive Information expending de minimis effort and for de minimis cost, or if Purchaser otherwise agrees to a method of removal or redaction of such Sensitive Information proposed by Seller, then Seller shall deliver the Combined Records with such Sensitive Information so redacted or removed; (B) if Seller cannot remove or redact such Sensitive Information expending de minimis effort and for de minimis cost, (1) Purchaser shall pay Seller's costs incurred in removing or redacting such Sensitive Information, or (2) in the case of Third Party Confidential Information, Seller and Purchaser shall use commercially reasonable efforts to secure the consent of the applicable Third Party or Third Parties (including Government Entities as required by Law) to allow Seller to disclose such Third Party Confidential Information.

- (iv) If Purchaser is unwilling to pay Seller's costs incurred in removing or redacting such Sensitive Information, or if Seller and Purchaser are unable to secure the necessary consents to disclose such Third Party Confidential Information, then Seller will be excused from any obligation to fulfill Purchaser's request with respect to the affected Combined Records.

(f) Transferred Employee Email. After the Closing Date or a Deferred Closing Date, as applicable, Transferred Employees may forward any of their electronic mail relating to the Business and residing in their Seller Party-provided electronic email accounts to any Purchaser-provided electronic email account.

Section 5.20 Obligations with Respect to Intellectual Property.

(a) Purchaser, on behalf of itself and its Subsidiaries, covenants that any subsequent sale, assignment, exclusive license or exclusive sublicense, or transfer of any or all of the Transferred Patents by Purchaser or its Subsidiaries to a transferee shall be subject to the licenses, releases and rights granted to any licensee pursuant to any Permitted Patent Encumbrances, and Purchaser will impose on such immediate successor-in-interest or assigns an obligation to impose the obligations under this Section 5.20 on any immediate successors-in-interest or assigns with respect to the Transferred Patents of such immediate transferee.

Seller, the Other Sellers and its and their respective Subsidiaries and Affiliates are collectively referred to as the "Covered Seller Parties" and each individually referred to as a "Covered Seller Party."

(b) Notwithstanding the foregoing, nothing in this Agreement shall prohibit or in any way limit any Covered Seller Party from:

Covered Seller Parties with any PI/DI Competing Person or (B) the acquisition of any PI/DI Competing Person or any securities in any PI/DI Competing Person by one or more Covered Seller Parties, if, in the case of either (A) or (B), no more than ten percent (10%) of the total consolidated revenues of such PI/DI Competing Person, taken as a whole, and prior to any Business Combination with a Covered Seller Party, are generated from the PI/DI Competing Business (it being understood that this clause (vii) shall not limit the Covered Seller Parties' rights under clause (vi)) and such total consolidated revenues generated from the PI/DI Competing Business are less than 50% of the total consolidated revenues of the Business in the then-last 12 months; or

- (viii) acquiring a PI/DI Competing Person or more than ten percent (10%) of the outstanding equity securities of any class of any PI/DI Competing Person that generates more than ten percent (10%) of the total consolidated revenues of such PI/DI Competing Person, taken as a whole, from the PI/DI Competing Business; provided that a Covered Seller Party may proceed with any such acquisition only if the Covered Seller Party (i) enters into a definitive agreement within six (6) months of the consummation of such acquisition to divest a sufficient portion of such PI/DI Competing Person or (ii) winds down, within six (6) months of the consummation of such acquisition, a sufficient portion of such PI/DI Competing Person, such that, after giving effect to such divestiture or wind down, no more than ten percent (10%) of the total consolidated revenues of such PI/DI Competing Person, taken as a whole, are generated from the PI/DI Competing Business and such total consolidated revenues generated from the PI/DI Competing Business are less than 50% of the total consolidated revenues of the Business in the then-last 12 months.

(c) If any Covered Seller Party is involved in a Business Combination, the restrictions contained in Section 5.21(a) shall not apply to any Third Party counterparty(ies) to the Business Combination or any of such Third Party's Affiliates which were Affiliates of such Third Party prior to the Business Combination, provided that neither the Covered Seller Party nor any of its Affiliates prior to the Business Combination, as the case may be, is the Controlling Entity after the Business Combination. "Controlling Entity" means an entity that through a Business Combination controls more than 50% of the stock, board seats, or voting rights of another entity.

(d) During the period beginning on the Closing Date and ending on the fifth (5th) anniversary of the Closing Date, Seller will not, and will cause each of its Subsidiaries not to, use, sell, lease or otherwise make available to any Person other than Purchaser and/or its Affiliates Manufacturing Line 293 in Rochester, New York (i.e., the donor manufacturing assets,

Purchaser and its Affiliates are collectively referred to as the "Covered Purchaser Parties" and each individually referred to as a "Covered Purchaser Party."

(b) Notwithstanding the foregoing, nothing in this Agreement shall prohibit or in any way limit any Covered Purchaser Party from:

- (i) using, practicing, licensing, transferring, selling or otherwise exploiting in any manner, directly or indirectly, any Intellectual Property (including any Intellectual Property in Software) that is owned by or licensed to a Covered Purchaser Party following the Closing, subject to the rights granted therein pursuant to any applicable Ancillary Agreement, including enforcement of any Purchaser rights to Intellectual Property against other Persons for infringement and any settlements related thereto granting rights to Intellectual Property within the Commercial Imaging Business; provided that the primary purpose of such use, practice, license, transfer, sale or other exploitation is not to engage directly or indirectly, or facilitate the ability of another Person to engage directly or indirectly, in any business or activity that Purchaser is prohibited to engage in under Section 5.22(a);

- (vii) acquiring a CI Competing Person or more than ten percent (10%) of the outstanding equity securities of any class of any CI Competing Person that generates more than ten percent (10%) of the total consolidated revenues of such CI Competing Person, taken as a whole, from the CI Competing Business; provided that a Covered Purchaser Party may proceed with any such acquisition only if the Covered Purchaser Party (i) enter into a definitive agreement within six (6) months of the consummation of such acquisition to divest a sufficient portion of such CI Competing Person or (ii) winds down, within six (6) months of the consummation of such acquisition, a sufficient portion of such CI Competing Person, such that, after giving effect to such divestiture or wind down, no more than ten percent (10%) of the total consolidated revenues of such CI Competing Person, taken as a whole, are generated from the CI Competing Business and such total consolidated revenues generated from the CI Competing Business are less than 50% of the total consolidated revenues of the Commercial Imaging Business in the then-last 12 months.

(c) If any Covered Purchaser Party is involved in a Business Combination, the restrictions contained in Section 5.22(a) shall not apply to any Third Party counterparty(ies) to

(d) During the period beginning on the Closing Date and ending on the fifth (5th) anniversary of the Closing Date, Purchaser will not, and will cause its Affiliates not to, use, sell, lease or otherwise make available to any Person other than Seller and/or its Affiliates Manufacturing Lines 291 and 292 in Windsor, Colorado (i.e., the donor manufacturing assets, including gravure coating stations, drying stations and scanning capabilities) (the "Colorado Manufacturing Line") for the purpose of Functional Printing (as such term is defined in the Kodak Patents License Agreement). For the avoidance of doubt, nothing in this Agreement shall prohibit or in any way limit Purchaser or any of its Affiliates from using, selling, leasing or otherwise making available to any Person the Colorado Manufacturing Line for any other purpose.

Section 5.23 Termination of Overhead and Shared Services. Purchaser acknowledges and agrees that, except as otherwise expressly provided in the Transition Services Agreement and the other Ancillary Agreements (as applicable), effective as of the Closing Date, (i) all Overhead and Shared Services provided to the Business shall cease and (ii) the Seller Parties and their Affiliates shall have no further obligation to provide any Overhead and Shared Services to the Business.

Section 5.24 Shared Contracts.

(a) In order to perform the partial assignment of the Shared Contracts to Purchaser, Seller shall notify, or cause its Affiliates to notify, the counterparties thereto of the partial assignment of the Shared Contracts by Seller or an Affiliate to Purchaser or, to the extent required under any Shared Contract, to use its commercially reasonable efforts to obtain the prior consent of the counterparties to the partial assignment of such Shared Contracts. Purchaser and Seller shall act in good faith and reasonably cooperate in connection with the arrangement of the partial assignment or any other appropriate arrangement (including the jointly determined allocation of Seller's and Purchaser's respective rights and obligations thereunder) in connection with the Shared Contracts.

(b) If Seller or a Debtor Subsidiary Seller determines to assert an avoidance claim arising under Sections 544, 545, 547, 548, 549, 550 or 551 of the Bankruptcy Code against any Third Party that is a counterparty to a Shared Contract and such claim arises from such Shared Contract, Seller shall consult with Purchaser prior to asserting such claim and the Parties shall act in good faith and use commercially reasonable efforts to agree on an equitable allocation of the benefits resulting from the resolution of such claim.

Section 5.25 Real Property. This Section 5.25 is intended to specifically describe the documentation and other matters related to the transfer, separation and other occupancy rights to be provided to Purchaser with respect to the Transferred Real Property, the Real Property subject to Real Property Leases, the Shared Sites, the KEPS Plant, the Rochester Sites, the Harrow Facility and the Harrow Phase 3 Land. It is understood and agreed that any Real Property owned or leased by the Transferred Subsidiary will be transferred to Purchaser pursuant to the transfer of the Transferred Subsidiary.

(a) Transferred Real Property. Each Transferred Real Property (i) is Real Property that is owned by Seller or an Other Seller for use primarily in connection with the Business and (ii) will be transferred by Seller to Purchaser at the Closing or a Deferred Closing, as applicable, pursuant to the applicable documents to be delivered pursuant to Section 2.4(d), Section 2.5(b), Section 2.8(c)(ii) and Section 2.8(d)(ii).

(b) Real Property Subject to Real Property Leases. Each Real Property Lease (i) relates to Real Property that is leased by Seller or an Other Seller for use primarily in connection with the Business and (ii) will be assigned by Seller to Purchaser at the Closing or a Deferred Closing, as applicable, pursuant to the applicable documents to be delivered pursuant to Section 2.4(d), Section 2.5(b), Section 2.8(c)(ii) and Section 2.8(d)(ii).

(c) Shared Sites.

- (i) With respect to each Shared Site, Seller or an Other Seller, on the one hand, and Purchaser, on the other hand, shall enter into a Shared Site Agreement to provide Purchaser with the right to use such Shared Site to operate the Business in substantially the same manner as the Business was operated at such Shared Site prior to Closing or a Deferred Closing, as applicable, unless otherwise agreed by the Parties.
- (ii) To the extent that any Shared Site is required by applicable Law to be physically separated in order to enter into a Shared Site Agreement, then Seller shall (and shall cause the Other Sellers, as applicable, to) and Purchaser shall cooperate promptly and in good faith to reasonably agree on a separation plan for such property. Seller shall pay all costs and expenses incurred in connection with any such physical separation.
- (iii) With respect to each Shared Site, from and after the Original Execution Date and prior to the Closing or a Deferred Closing, as applicable, the Parties shall cooperate in good faith to determine if such Shared Site should be excluded from the transactions contemplated hereunder.

(d) KEPS Plant.

- (i) The Parties acknowledge that the KEPS Plant is part of a Real Property that is material to the Business and that the consideration paid by Purchaser hereunder was calculated on the basis that the KEPS Plant will be subleased to Purchaser or one or more Purchaser Assigns on or after the Closing. Applicable Law or the relevant Real Property Lease prohibits

the subletting of the KEPS Plant to Purchaser or one or more Purchaser Assigns upon the Deferred Closing with respect to China (KEPS) without obtaining all Consents required therefor. Accordingly, the Parties are intending to either (A) mutually agree on a sublease (on terms and conditions reasonably acceptable to Purchaser) for the KEPS Plant to Purchaser, one or more Purchaser Assigns or the Transferred Subsidiary at or prior to the Deferred Closing with respect to China (KEPS) or (B) if all Consents required for such sublease are not obtained by the Deferred Closing with respect to China (KEPS), enter into good faith negotiations for a post-closing supply agreement as provided in Section 5.25(i)(ii). Prior to the Deferred Closing with respect to China (KEPS), Seller shall undertake to physically separate the KEPS Plant to provide the Business with its own separate space therein. All reasonable, out-of-pocket costs and expenses incurred with respect to such physical separation shall be shared equally as between Seller and Purchaser.

- (ii) The lease applicable to the KEPS Plant expires on January 15, 2015 and contains an extension option for an additional three (3) years, which extension option is exercisable on notice delivered to the landlord no later than three (3) months prior to the expiration date; therefore, the Deferred Closing with respect to China (KEPS) may occur after such extension option must be exercised. Accordingly, upon Purchaser's request to Seller, Seller shall, and/or shall cause the applicable Seller Party to, exercise such extension option by notice to the landlord if Purchaser also elects to extend the term of the sublease for the KEPS Plant.
- (iii) The Parties acknowledge and agree that all sublease documents shall provide, among other things, that: (A) Purchaser shall have the right to exercise or cause the exercise of any extension options provided for under the lease applicable to the KEPS Plant if Purchaser also elects to extend such sublease; and (B) the rental amount for the KEPS Plant, which shall be negotiated by the Parties in good faith prior to the Deferred Closing with respect to China (KEPS) and shall be based on Seller's actual, out-of-pocket costs and expenses related to the real estate costs attributable to the Business at the KEPS Plant (it being expressly understood that any utilities and other real estate costs of the Business will either (1) be directly billed to Purchaser or (2) be included in the rent amount based on Purchaser's appropriate share thereof). This Section 5.25(d) shall survive the Deferred Closing with respect to China (KEPS).

(e) Rochester Sites.

- (i) Seller shall grant to Purchaser the right to use the Rochester Sites pursuant to the Rochester Leases at the Closing. The Rochester Leases are in final agreed form in the form attached hereto as Exhibit HH and shall be executed by Seller and Purchaser at the Closing, with the modifications with respect to Building 205 as set forth on Section 5.25(e) of the Seller Disclosure Schedule, to be implemented by the Parties acting in good faith.
- (ii) Seller shall, at Seller's sole cost and expense, relocate the Employees of the Business that are located at the office building located at 343 State Street, Rochester, New York 14650, commonly known as Kodak Office, as of the date hereof to the appropriate premises covered by the Rochester Leases and Purchaser shall reasonably cooperate with such relocation. If any such Employees are not relocated prior to the Closing, (A) Seller shall continue, at Seller's sole cost and expense, to relocate such Employees (and Purchaser shall continue to reasonably cooperate with such relocation) and (B) Seller and Purchaser shall enter into a short-term, rent-free occupancy agreement (i.e., at no cost to Purchaser) in a form reasonably acceptable to Seller and Purchaser until such Employees are relocated. Nothing contained in this Section 5.25(e)(i) shall in any way affect or alter the obligations contained in the foregoing clause (i) or the rights and obligations of Purchaser and Seller under the Rochester Leases, including the obligation of Purchaser and Seller to enter into and commence the Rochester Leases at the Closing, and the obligation of Purchaser to pay Rent (as such term is defined in the Rochester Leases), without deduction, set off, discount or abatement, in accordance with the terms of the Rochester Leases. The Parties shall coordinate the foregoing relocation with the reconfiguration of the premises to be leased to the applicable Purchaser Assign, as such reconfiguration is described on Section 5.25(e) of the Seller Disclosure Schedule.

(f) Harrow Facility and Harrow Phase 3 Land.

- (i) Seller shall use its good faith efforts to obtain the consent of Land Securities to transfer the Harrow Facility and the Harrow Phase 3 Land to Purchaser or its assigns and further that Purchaser or its assigns may transfer this land to any purchaser of the Business, subject to the agreements between Seller and Land Securities. If such consent is obtained prior to Closing, the Harrow Facility and the Harrow Phase 3 Land shall be considered a Transferred Real Property and not an Excluded Real Property for all purposes hereunder on Closing.

- (ii) If a Seller is unable to obtain Land Securities' consent to such transfer prior to Closing the Parties shall enter into the Harrow Lease and the Harrow Phase 3 Lease and Profit Sharing Agreement at Closing and Seller shall use its good faith efforts (taking into account the terms of the agreement with Land Securities at the date hereof) to:
- (A) obtain the consent of Land Securities to allow Seller to transfer the whole of its interest in the Harrow Facility and the Harrow Phase 3 Land to Purchaser or its assigns and further that Purchaser or its assigns may transfer this land to any purchaser of the Business, subject to the agreements between Seller and Land Securities, or if this cannot be achieved within a reasonable time to:
 - (B) permit a variation of the Harrow Lease and the Harrow Phase 3 Lease to permit the assignment of the Harrow Lease and the Harrow Phase 3 Lease to any purchaser of the Business conducted thereat (or permit a change of control of the tenant under the Harrow Lease and the Harrow Phase 3 Lease) and (B) extend the term of the Harrow Lease and the Harrow Phase 3 Lease.
- (iii) The Parties acknowledge and agree that the Harrow Lease shall be excluded from sections 24 to 28 of the Landlord and Tenant Act 1954 (LTA 1954) and:
- (A) KL served a notice on KPP Trustees Limited, as trustee for KPP (the Corporate Trustee), as required by section 38A(3)(a) of the Landlord and Tenant Act 1954 (LTA 1954) and which applies to the tenancy to be created by the Harrow Lease, before this agreement was entered into; and
 - (B) Rosie Kent being a person duly authorized by the Corporate Trustee made a statutory declaration dated 26 April 2013 in accordance with the requirements of section 38A(3)(b) of the LTA 1954.

- (iv) If consent is obtained from Land Securities pursuant to the obligations in clause 5.25(f)(ii)(A):
- (A) the Harrow Phase 3 Land shall form part the Harrow Facility and Harrow Facility shall be construed accordingly;
 - (B) the Harrow Facility and the Harrow Phase 3 Land shall be considered a Transferred Real Property and not an Excluded Real Property for all purposes hereunder;
 - (C) the Seller shall cause KL to transfer the Harrow Facility and the Harrow Phase 3 Land to the Purchaser or one or more Purchaser Assigns and Purchaser or one or more Purchaser Assigns shall take a transfer of the same from KL;
 - (D) the Profit Sharing Agreement shall cease and determine and have no further effect.

(g) Real Property Used by Seller Post-Closing. The Seller Parties have requested that, for a transitional period following the Closing, the applicable Seller Party shall have the right to use a portion of each Real Property set forth on Section 5.25(g) of the Seller Disclosure Schedule (each, a "Leaseback Site") in substantially the same manner as such Seller Party was operating at such Leaseback Site prior to Closing or a Deferred Closing, as applicable, and Purchaser is willing to provide such transitional use of the Leaseback Sites pursuant to the terms of this Section 5.25(g).

- (i) With respect to each Leaseback Site, Purchaser, on the one hand, and Seller, on the other hand, shall enter into an agreement (each, a "Leaseback Agreement") on the same terms and conditions as set forth in the Shared Site Agreement Term Sheet, except: (A) Purchaser shall be the "Grantor" and such Seller Party shall be the "Grantee"; (B) the size of the space to be used by such Seller Party shall be reasonably agreed to by the Parties prior to Closing or a Deferred Closing, as applicable, (C) the Rent payable by the applicable Seller Party to Purchaser shall be equal to the product of (x) Purchaser's actual, out-of-pocket costs and expenses related to the operation of such Leaseback Site and (y) such Seller Party's proportionate share of the total size of such Leaseback Site, which shall expressly include such Seller Party's proportionate share of any vacant space in such Leaseback Site as of the Closing or a Deferred Closing, as applicable; (D) to the extent that any Leaseback Site is required by applicable Law to be physically separated in order to enter into such Leaseback Agreement, then Grantee shall pay all costs and expenses incurred in connection therewith; (E) the section entitled "Cooperation" shall be deleted in its entirety; (F) all other sections of the Shared Site Agreement Term Sheet shall be deemed modified to remove any provisions that are not applicable.

- (ii) To the extent that any Leaseback Site is required by applicable Law to be physically separated in order to enter into any such Leaseback Agreement, then Seller shall (and shall cause the Other Sellers, as applicable, to) and Purchaser shall cooperate promptly and in good faith to reasonably agree on a separation plan for such property. Seller shall pay all costs and expenses incurred in connection with any such physical separation.
- (iii) In the event Seller does not obtain the necessary consents of Third Parties to any such Leaseback Agreement, then Purchaser shall not be obligated to enter into such Leaseback Agreement.

(h) Negotiation of Real Property Closing Documents. The Parties acknowledge that the documents necessary to effectuate the intent of this Section 5.25 (the "Real Property Closing Documents"), including the Shared Site Agreements, are not in a final agreed form (other than the Rochester Leases). Accordingly, the Parties agree that, from and after the execution of this Agreement, they will negotiate in good faith to reasonably agree on the Real Property Closing Documents reasonably acceptable to the Parties prior to the Closing or a Deferred Closing, as applicable. With respect to the Shared Site Agreements, the Parties agree that such negotiation, and the use of the Shared Sites by Purchaser, will be subject to the terms and conditions set forth on Exhibit Q. In all cases, the Real Property Closing Documents shall in no way expand the obligations of Purchaser beyond those expressly set forth in this Agreement (including the Exhibits attached hereto).

(i) Consents for Real Property Closing Documents.

- (i) The Seller Parties shall give all notices to, and use their reasonable best efforts to obtain all Consents from, all Third Parties necessary to authorize the applicable Seller Party to enter into, execute and deliver the Real Property Closing Documents and, in connection therewith, the Seller Parties shall request that the applicable Third Party agree to any subsequent transfer of the applicable Real Property Lease or Shared Site Agreement to a purchaser of the Business, including through a change of control of Purchaser or its assigns.
- (ii) In the event the Seller Parties are unable to obtain the necessary Consents to authorize the execution and delivery of the Real Property Closing Documents for the assignment of any Real Property Lease or the transfer of any Transferred Real Property relating to a manufacturing facility or the sublease relating to the KEPS Plant at the applicable Deferred Closing, then (A) the applicable Seller Party and Purchaser shall in good faith undertake one of the following to provide Purchaser or the

applicable Purchaser Assign with the benefit and burden of ownership and operation of such manufacturing facility: (1) enter into a mutually agreeable supply agreement for the activities conducted at such manufacturing facility; (2) continue to operate under the manufacturing agreement entered into on the date of Closing applicable to such manufacturing facility; or (3) enter into a mutually agreeable modification to the manufacturing agreement entered into on the date of Closing applicable to such manufacturing facility, and such agreement or modification shall remain in effect until such time as the necessary Consents can be obtained and (B) from and after such Deferred Closing, Seller shall, and shall cause the applicable Other Seller to (1) use its reasonable best efforts to obtain all necessary Consents to such Real Property Closing Documents and Purchaser shall cooperate with Seller with respect thereto and (2) promptly after Seller's receipt of all such Consents, the Parties shall execute, deliver and file all documents, and take all other actions necessary, to consummate the transfer, assignment of Real Property Lease or sublease of such manufacturing facility, as applicable.

- (iii) Upon Seller's failure to obtain a required consent of the applicable landlord for a Shared Site Agreement, the Parties shall cooperate to implement a commercially reasonable alternative to such Shared Site Agreement that would not substantially increase the costs to Purchaser and would allow for Purchaser to continue to operate the Business in such jurisdiction as of the Closing or a Deferred Closing, as applicable, with minimal disruption (it being understood that the foregoing does not obligate Seller to enter into any arrangement that puts Seller in default under or otherwise in breach of a Shared Site Overlease).

(j) Expiring Leases.

- (i) If any Real Property Lease expires naturally pursuant to its terms after the Original Execution Date and prior to the Closing Date or the Deferred Closing Date, as applicable, then Seller and Purchaser shall cooperate in good faith to determine a mutually agreeable plan to provide Purchaser with substantially similar space at the same or lower cost as set forth in such Real Property Lease, whether by renewal of such Real Property Lease, entering into a replacement Real Property Lease or otherwise; it being expressly understood that Seller shall not enter into any new Real Property Lease or renewal of a Real Property Lease without Purchaser's prior written consent (not to be unreasonably withheld, conditioned or delayed).

- (ii) If any lease relating to a Shared Site expires naturally pursuant to its terms after the Original Execution Date and prior to the Closing Date or the Deferred Closing Date, as applicable, then Seller shall take any and all actions necessary to provide Purchaser with substantially similar space at the same or lower cost as enjoyed by Purchaser as of the expiration of such lease, whether by renewal of such lease, entering into a replacement lease or otherwise, unless otherwise agreed to by Purchaser in writing. This Section 5.25(j)(ii) shall survive the Closing or a Deferred Closing, as applicable.

(k) Separation of Shared Sites. If Seller or an Other Seller desires to undertake a physical and/or legal separation of any Shared Site prior to Closing or a Deferred Closing, as applicable (including through obtaining a new lease, license or occupancy agreement at a new location), then such physical and/or legal separation shall be subject to Purchaser's prior written consent, not to be unreasonably withheld, conditioned or delayed. Any new lease, sublease or license entered into in connection with any such separation for space exclusive to the Business shall be deemed a Real Property Lease for all purposes hereunder.

(l) Costs of Transfers of Real Property. Notwithstanding anything to the contrary in this Agreement, in connection with transferring the Transferred Real Property, assigning the Real Property Leases and entering into Shared Site Agreements and/or obtaining new leases, due to expiring leases or failure to obtain landlord consent to assign a Real Property Lease or enter into a Shared Site Agreement, there has been a need to (i) obtain replacement leases for certain locations, (ii) extend certain leases or (iii) make certain payments to landlords to obtain landlord consent to assign a Real Property Lease or enter into a Shared Site Agreement. As expected, certain costs have arisen in connection therewith, such as brokerage costs, relocation costs, payments to landlords to obtain landlord consents, fit out costs, early termination costs and other costs to secure space (together, "Additional Real Estate Costs"), and certain landlords have required refundable security deposits to be posted in connection therewith (solely with respect to the Real Property Leases, and together with those set forth on Section 2.1(b)(vi) of the Seller Disclosure Schedule relating to Real Property Leases, the "Real Estate Security Deposits"). All Additional Real Estate Costs incurred on or before the Agreed Time paid for by Purchaser and/or Seller shall be aggregated and equally divided between Purchaser and Seller so that each Party pays for 50% of all Additional Real Estate Costs. After the Agreed Time, any Additional Real Estate Costs will be taken into account without double counting in the payments required under "Post-Deferred Closing Economic True-Up Adjustment" in Schedule A. For the avoidance of doubt, Additional Real Estate Costs includes, but without duplication with Section 6.1, any Transfer Taxes and does not include Additional Transfer Taxes (which payment shall be governed by Section 5.30). All Real Estate Security Deposits shall be governed by the provisions in Section 5.25(o) below.

(m) Post-Closing Rent. With respect to the Real Property Leases being assigned to Purchaser on the Closing, Purchaser shall reimburse Seller for any and all rent, costs, or other expenses due pursuant to the terms of any Real Property Leases that were prepaid by Seller on or before the Agreed Time that relate to periods from and after the Agreed Time. With respect to any Real Property Leases being assigned to Purchaser on any Deferred Closing, any

prepaid rent, costs or other expenses with respect thereto for periods from and after the Agreed Time shall not be reimbursed, but shall be taken into account without double counting in the payments required under "Post-Deferred Closing Economic True-Up Adjustment" in Schedule A.

(n) Pakistan Lease. Purchaser shall indemnify and hold Seller and its Affiliates harmless from all Liabilities relating to the Pakistan Lease, including (i) the amount of rental payments arising under the Pakistan Lease from the Agreed Time through the date of expiration or termination of such Pakistan Lease, and (ii) all other Liabilities to any Third Party payable under the terms of the Pakistan Lease in connection with the early termination or expiration thereof; provided that Purchaser shall not indemnify and hold Seller and its Affiliates harmless from any Liabilities arising from (A) any breach by a Seller Party of the Pakistan Lease or (B) any modification of the Pakistan Lease not consented to by Purchaser in writing.

(o) Security Deposits. Notwithstanding any other provisions of this Agreement, with respect to each Real Estate Security Deposit, (i) Purchaser shall reimburse Seller for such Real Estate Security Deposit at the Closing or the Deferred Closing at which the applicable Real Property Lease is assigned to Purchaser, and such Real Estate Security Deposit shall be deemed assigned to Purchaser or the applicable Purchaser Assign at the Closing or Deferred Closing, as applicable and (ii) (A) if the amount that Purchaser paid to Seller on Closing or a Deferred Closing, as applicable, with respect to such Real Estate Security Deposit is in excess of the amount actually held by the applicable landlord as of the date of Closing or a Deferred Closing, as applicable, then Seller shall promptly pay such excess to Purchaser upon receipt of evidence of such excess from Purchaser and (B) if the applicable landlord pays all or any portion of the Real Estate Security Deposit directly to any Seller Party, then such Seller Party shall promptly remit the amount of such payment to Purchaser or the applicable Purchaser Assign. Seller shall not request the return of any Real Estate Security Deposits from any landlord of a Real Property Lease and shall reasonably cooperate to effectuate this Section 5.25(o). This Section 5.25(o) shall survive the Closing or the applicable Deferred Closing.

Section 5.26 Identified Assets. For six (6) months after Closing or any Deferred Closing, as applicable, either Party may identify any asset or property that such Party reasonably believes is a Transferred Asset that was not transferred at Closing or such Deferred Closing, as applicable, or an Excluded Asset that was transferred at Closing or such Deferred Closing, as applicable (each, an "Identified Asset") and request in writing that such other Party promptly assign, transfer, convey or deliver such Identified Asset to such Party. Unless either Party contests in good faith the identification of such asset or property as a Transferred Asset or an Excluded Asset, as the case may be, within ten (10) Business Days of such written request by providing written notice thereof to the other Party and specifying in detail the basis for its objection (such notice, an "Dispute Notice"), such other Party shall promptly assign, transfer, convey or deliver such Identified Asset to the other Party, which from such time shall be deemed a Transferred Asset or an Excluded Asset, as the case may be, for all purposes of this Agreement. In the event that either Party contests in good faith the identification of an asset or property as Transferred Asset or an Excluded Asset, as the case may be, in accordance with the immediately preceding sentence of this Section 5.26, then the Parties shall reasonably cooperate with each other in the resolution of such dispute, and if such dispute is not resolved within 30 days of either Party providing an Dispute Notice, then the Parties shall submit such dispute to a Third Party arbitrator reasonably acceptable to each Party for binding resolution.

Section 5.27 BFN Irrevocable Offers. As promptly as practicable, but in no event later than the tenth (10th) Business Day after the Original Execution Date, Purchaser or a Foreign Acquisition Entity formed by Purchaser shall deliver the BFN Irrevocable Offers to each of the BFN Sellers. For the avoidance of doubt, the execution and delivery of the BFN Local Transfer Agreements shall not be a condition to, or delay, the Closing.

Section 5.28 Ancillary Agreements: Additional Commercial Agreements.

(a) After the Original Execution Date, Seller and Purchaser shall cooperate promptly and in good faith to finalize in definitive form each of the Ancillary Agreements on the terms and conditions set forth in the Exhibits hereto. With respect to each Ancillary Agreement for which the form of agreement is attached to this Agreement as an Exhibit, the definitive form of such Ancillary Agreement to be executed and delivered by the applicable parties thereto at Closing or a Deferred Closing, as applicable, shall be in such form as attached to this Agreement, with only such ministerial additions, deletions and modifications as necessary to complete any missing terms contemplated by the form to be completed by the parties to the Ancillary Agreement or to correct any scrivener's error in the form of Ancillary Agreement. With respect to each Ancillary Agreement for which a summary of principal terms or term sheet is attached to this Agreement as an Exhibit (each a "Term Sheet Agreement"), the definitive form of such Ancillary Agreement to be executed and delivered by the applicable parties at Closing or at a Deferred Closing, as applicable, shall be on the terms and conditions set forth in such Exhibit and shall contain such other terms and conditions as are reasonably agreed between the Parties or required by applicable Law. Section 5.25(h) shall further apply to the preparation and negotiation of any Ancillary Agreements that are Real Property Closing Documents.

(b) After the Original Execution Date and prior to the Closing Date or a Deferred Closing Date, as applicable, at the request of Purchaser or Seller, respectively, Seller or Purchaser, respectively, shall discuss and negotiate in good faith with the requesting Party the terms and conditions proposed by the requesting Party of any commercial agreements (in addition to the Ancillary Agreements) for the supply of goods or services between the Seller Parties and Purchaser necessary to maintain the continuity of the operations of the Business and the Commercial Imaging Business following the Closing or a Deferred Closing, as applicable, as a result of the separation of the Business and the Commercial Imaging Business pursuant to the Transactions (collectively, the "Additional Commercial Agreements"). Without limiting the generality of the foregoing, the Seller Parties and Purchaser acknowledge that the foregoing obligation is an obligation to discuss and negotiate in good faith and is not an obligation to enter into any proposed commercial agreement or to agree to any particular terms and conditions of any proposed commercial agreement.

(c) If the Parties are unable to reach agreement on a material term or condition of a Term Sheet Agreement (to the extent not already set forth in the Exhibit for such Term Sheet Agreement attached to this Agreement) or of an Additional Commercial Agreement, then each Party shall designate a senior executive or representative reasonably acceptable to the other Party to handle such dispute and the Parties shall cause such designees to meet as promptly as practicable and use their respective reasonable best efforts to resolve such dispute within a reasonable period of time. Any Additional Commercial Agreements shall be executed and delivered contemporaneously with the Closing or a Deferred Closing, as applicable, together with the other Ancillary Agreements.

Section 5.30 Structure of Sale of the Transferred Subsidiary.

(a) Structure of Sale. The Parties acknowledge that they have agreed to structure the sale of the Business of the Transferred Subsidiary to Purchaser as the sale of the stock in the Transferred Subsidiary to Purchaser or one or more Purchaser Assigns and to treat the assets set forth in Section 5.18 of the Seller Disclosure Schedule as Excluded Assets (which Excluded Assets include the cash and cash items owned by the Transferred Subsidiary (the "KWCL Cash"), which, as of March 31, 2013 was \$57.4 million, and which shall be determined as of the Agreed Time). In order to facilitate the transfer of the KWCL Cash from the Transferred Subsidiary to Seller and/or its other Subsidiaries pursuant to Section 5.18, Seller intends to apply for a governmental approval for a capital reduction. As soon as reasonably possible, but no later than the earlier of (i) September 1, 2014 and (ii) the forty-fifth (45th) day following the final rejection by the government of Seller's request for any capital reduction, Seller must elect, at its sole discretion and by written notice delivered to Purchaser, one of the following structures for the transfer of the Business of the Transferred Subsidiary to the Purchaser or an applicable Purchaser Assign:

- (i) asset sale as described in Section 5.30(b) below;
- (ii) stock sale as described in Section 5.30(c) below; or
- (iii) if both Parties reasonably agree prior to the date Seller makes the election hereunder, an alternative arrangement for transferring the KWCL Cash from the Transferred Subsidiary to Seller and/or its Subsidiaries that will not require Purchaser to increase the Cash Price as a result of such transaction and that will provide Purchaser and any applicable Purchaser Assign with full right, title and interest to all of the assets and properties, subject to the liabilities of the Transferred Subsidiary (other than the Excluded Assets set forth in Section 5.18 of the Seller Disclosure Schedule).

Provided, however, that if the Transferred Subsidiary obtained a governmental Consent for the reduction of capital, the Seller elected a stock sale under clause (ii) above, and thereafter such governmental approval was materially reduced or revoked, then Seller shall have five Business Days from the date of such governmental reduction or revocation to change its election to an asset sale. If Purchaser establishes a local WUXI Subsidiary to be prepared in case an asset sale would be required (which Purchaser may do in its discretion, and shall do upon the request of Seller), and eventually the stock of the Transferred Subsidiary was transferred to the Purchaser Assign (so that the use of the local WUXI subsidiary to effect the asset purchase was not required), then Seller shall hold the Purchaser harmless from any reasonable out of pocket costs incurred as a result of establishing, requesting permits and liquidating such local WUXI subsidiary.

The Parties agree to use commercially reasonable efforts to complete the transactions described above as soon as commercially reasonable, and in all circumstances by no later than December 31, 2014, except that, if the Parties do not have on December 31, 2014 the necessary governmental approvals without which the transaction cannot be closed, such date shall be extended to the soonest date following December 31, 2014 that is commercially reasonable.

Seller shall (i) provide Purchaser with detailed, timely written reports, no less often than monthly, regarding the progress of its communication and discussion (both formal and informal) with the relevant government agencies and officials for the approval of a capital reduction, (ii) timely provide Purchaser with copies of all correspondence and documents pertaining to the application, progress and approval of said capital reduction, unless such correspondence or documents pertain in whole or in part to the businesses retained by the Seller or its Affiliates after the Deferred Closing (and in such as case, such part of the correspondence or document that relate to the retained businesses shall be redacted and the rest of the correspondence or document shall be provided to the Purchaser), (iii) to the extent reasonably practical under the circumstances, provide Purchaser with timely advance notice of all meetings with government officials and (iv) to the extent reasonably practical given the timing of such meetings, provide Purchaser with the opportunity to be present at such meetings through an employee of the Business who is proposed by Purchaser and approved by the Seller (which approval shall not be unreasonably denied, delayed or conditioned) and who is expected to be employed by the Purchaser Assign or its subsidiaries. Furthermore, Seller shall not make any commitment to any government official or agency regarding the future business, operations or finances of the Transferred Subsidiary without the advance written consent of Purchaser (which Purchaser may grant or deny in the reasonable discretion of Purchaser). The Parties shall reasonably coordinate the representations made to the government with respect to the future operation of the Business. The Purchaser has not had, and agrees not to have any independent discussions with any government agencies and officials regarding the capital reduction application unless it receives the prior written consent of the Seller (which consent Seller may refuse in its sole discretion). In the event that Seller fails to make a timely election, the transaction shall be effected by means of an Asset Sale as described in Section 5.30(b).

(b) In the case of an Asset Sale, the Parties agree that: (A) the Transferred Subsidiary shall assign to Purchaser or an applicable Purchaser Assign (and Purchaser shall, or shall cause the applicable Purchaser Assign to, accept) those assets of the Transferred Subsidiary deemed to be transferred to Purchaser or an applicable Purchaser Assign pursuant to the terms of Sections 2.1(a), 2.1(b) and 2.1(c); (B) Purchaser shall, or shall cause the applicable Purchaser Assign to, assume those Liabilities of the Transferred Subsidiary deemed to be assumed by Purchaser or an applicable Purchaser Assign pursuant to the terms of Sections 2.1(d) and 2.1(e) (the transactions contemplated by clauses (A) and (B) being referred to as an “Asset Sale”); (C) if, as a result of such Asset Sale, Purchaser or such Purchaser Assign is to bear more Transfer Taxes (other than Recoupable Transfer Taxes) than it would otherwise bear in a sale of the Transferred Subsidiary to Purchaser as the sale of the stock in the Transferred Subsidiary (“Additional Transfer Taxes”), the Transferred Subsidiary shall reimburse Purchaser or the applicable Purchaser Assign in RMB for the Additional Transfer Taxes; and (D) Seller or any Subsidiary of Seller shall be entitled to retain the assets set forth on Section 5.18 of the Seller Disclosure Schedule and, subject to the provisions of this Section 5.30, the provisions of this Agreement with respect to the transfer of the Transferred Assets and Assumed Liabilities that are not in conflict with the provisions of this Section 5.30 will apply mutatis mutandis to the transferred assets and assumed liabilities of the Transferred Subsidiary, and the special provisions in Article VI and Section 6.5(b) applicable only to the Transferred Subsidiary and Section 6.1(a) shall not apply (and, instead, the other provisions of such Article VI shall apply).

(c) In the case of a stock sale, the Parties agree that: (A) all equity interests in the Transferred Subsidiary shall be sold to Purchaser or the applicable Purchaser Assign in return for a cash payment equal to the allocation of the Purchase Price to the Transferred Subsidiary as set forth in the Purchase Price Allocation Schedule; (B) Section 5.12 shall not apply to the Transferred Subsidiary (and the Parties acknowledge that the intent is that the economic benefits set forth under Section 5.12 will be transferred to Purchaser or the Purchaser Assign by reason of the transfer of the stock of the Transferred Subsidiary to Purchaser or the Purchaser Assign); (C) to the extent permitted by Law, the applicable Seller Party shall be entitled to take all commercially reasonable actions necessary to withdraw cash from the Transferred Subsidiary as a capital reduction or as a dividend in an amount that shall not exceed the KWCL Cash as of the Agreed Time and the other Excluded Assets; (D) to the extent that the Seller Party was unable to complete such withdrawal prior to the Deferred Closing Date, on or prior to the Deferred Closing Date the Transferred Subsidiary may declare a dividend in an amount that shall not exceed the lesser of (i) the undistributed KWCL Cash and (ii) the retained earnings of the Transferred Subsidiary as of the Deferred Closing Date, which amount may be finally determinable and shall be distributable to the applicable Seller Party pursuant to commercially reasonable terms after the Deferred Closing and after the Transferred Subsidiary's filing process for the corporate income tax returns for the applicable year has been completed; (E) if, as a condition to the approval of the governmental authority the purchase price for the stock of the Transferred Subsidiary is required to be increased, then the Parties will revert to an Asset Sale as set forth in Section 5.30(b) above, unless, at the request of the Seller with the consent of Purchaser (which shall not be unreasonably withheld), Purchaser or the applicable Purchaser Assign increases the payment for the Transferred Subsidiary in the amount required by the governmental authority, in which case the Seller or the applicable Seller Party shall repay, or shall cause any of its Subsidiaries to repay to the applicable Purchaser Assign an amount equal to such additional purchase price (and shall indemnify the applicable Purchaser Assign on an after-tax basis for any taxes (if any) payable on the receipt of such repayment); and (F) notwithstanding Section 5.18, the Transferred Subsidiary may be unable to transfer the refurbishment business to another Seller Subsidiary prior to the Deferred Closing Date and, in such a case, they shall enter into a supply agreement under which the Transferred Subsidiary shall supply refurbishment services to the Seller and its Subsidiaries by using the refurbishment assets that are retained by the Transferred Subsidiary, which agreement shall provide the Seller with the economic benefits of such refurbishment business under the principles of Section 5.12 and Schedule A.

Section 5.31 Wind-Down in Venezuela.

(a) Seller shall, or shall cause Kodak Venezuela S.A. to,

- (i) as promptly as commercially practicable after the Closing Date, and in any event no later than 30 days thereafter, provide notice of termination of the Venezuela Warehouse Lease to the landlord under the Venezuela Warehouse Lease and terminate any Contracts that would have been Assigned Contracts hereunder if Kodak Venezuela S.A. were a Non-Debtor Subsidiary Seller hereunder (the "Venezuela Contracts");

- (iii) on or as soon as practicable after the Closing Date, provide a notice of termination to any individual who is listed in Section 5.31(a)(iii) of the Seller Disclosure Schedule (a "Venezuela Employee"), such termination to be effective as of a date mutually agreed upon in good faith between Seller and Purchaser (subject to the requirements of applicable local Law).

(b) Notwithstanding anything to the contrary in this Agreement, Purchaser shall indemnify and hold Seller and its Affiliates harmless from all Liabilities relating to the winding down of the Business in Venezuela, including (i) the amount of rental payments arising under any Venezuela Lease from the Agreed Time through the date of expiration or termination of such Venezuela Lease, (ii) the amount of any payments made by Seller or any of its Affiliates under any Venezuela Contract from the Agreed Time through the date of expiration or termination of such Venezuela Contract, (iii) all termination penalties, termination fees and similar termination Liabilities incurred as a result of the early termination of any Venezuela Lease or Venezuela Contract, (iv) all other Liabilities to any Third Party payable under the terms of any Venezuela Lease or Venezuela Contract in connection with the early termination or expiration of such Venezuela Lease or Venezuela Contract, as applicable and (v) all Liabilities incurred as a result of the disposition of the Venezuela Assets.

(c) Notwithstanding anything to the contrary in this Agreement, Purchaser shall indemnify and reimburse Seller for: (i) base salary or wages and bonus or sales and commission payments, as applicable, paid by Seller or any of its Affiliates to any Venezuela Employee beginning after the Agreed Time and extending to the Venezuela Employee's termination date; (ii) the cost of welfare, pension and other benefits, as applicable (including expenses such as travel) provided by Seller or any of its Affiliates to any Venezuela Employee beginning after the Agreed Time and extending to the Venezuela Employee's termination date; (iii) all workers' compensation, medical, life insurance and other welfare plan expenses and benefits provided by Seller or any of its Affiliates to any Venezuela Employee with respect to claims incurred by such individual (or his or her covered dependents) beginning after the Agreed Time and extending to the Venezuela Employee's termination date; and (iv) any severance, statutory, contractual or common law termination pay, pay in lieu of notice of termination or other termination benefits or consent payments that are actually paid by Seller or any of its Affiliates to a Venezuela Employee (together with the payments described in Section 5.31(c)(i), 5.31(c)(ii), and 5.31(c)(iii), the "Venezuela Employee Payments"); provided, that any such Venezuela Employee Payments are limited to those required under arrangements existing on April 26, 2013 (as may be amended or modified in compliance with Section 5.7) or otherwise required by applicable local Laws. In addition, Purchaser shall indemnify and hold Seller harmless from all Liabilities related to any labor disputes arising from any Venezuela Employee's employment with a Seller Party following the Agreed Time or termination thereof.

Section 5.32 UPC Codes.

(a) Seller hereby grants to Purchaser and its Affiliates, as of the Closing Date, a perpetual, worldwide, non-exclusive, royalty-free, irrevocable license to use the 041777 UPC code prefix for Global Trade Item Numbers (“GTINs”) in existence as of the Closing Date.

(b) Purchaser hereby grants to Seller and its Affiliates, as of the Closing Date, a perpetual, worldwide, non-exclusive, royalty-free, irrevocable license to use the 041775 and 086806 UPC code prefixes for GTINs in existence as of the Closing Date.

(c) As of the Closing Date, Seller hereby grants to Purchaser and its Affiliates, until the UPC Deferred Transfer Date, a worldwide, non-exclusive, royalty-free, irrevocable license to use the 041771, 041773, 041778 and 086794 UPC code prefixes for GTINs in existence as of the Closing Date. As of the UPC Deferred Transfer Date, Seller hereby transfers and assigns to Purchaser, at no cost, all of Seller’s worldwide right, title and interest in and to the 041771, 041773, 041778 and 086794 UPC code prefixes.

(d) Purchaser hereby grants to Seller and its Affiliates, as of the UPC Deferred Transfer Date, a perpetual, worldwide, non-exclusive, royalty-free, irrevocable license to use the 041771, 041773, 041778 and 086794 UPC code prefixes for GTINs in existence as of the UPC Deferred Transfer Date.

Section 5.33 Preferred Supplier Arrangement.

(a) If, during the Non-Compete Period, Seller desires to provide or offer to provide a scanner of the type currently sold by the DI Business in connection with the Commercial Imaging Business (including the Enterprise Services Business) (an “Opportunity”), then Seller shall (1) request in writing a written quote from Purchaser in respect of such Opportunity at least five Business Days prior to communicating with any other Third Party which sells a competing scanner regarding such Opportunity; and (2) provide Purchaser with such information regarding the Opportunity as reasonably necessary for Purchaser to evaluate the Opportunity. Promptly following Purchaser’s receipt of any such request for quote, the Parties shall cooperate with each other in good faith to discuss the scope and nature of the scanner so requested and any associated customer requirements or additional business context regarding the specifications for the requested scanner. No later than five Business Days after receipt of Seller’s written request (or, if required earlier by the Opportunity timetable, as soon as practicable using commercially reasonable efforts), Purchaser shall either (i) decline to provide a scanner to Seller in connection with such Opportunity or (ii) deliver a written response to Seller regarding such Opportunity (including the pricing applicable to the requested scanner) (each, a “Response”). Following receipt of the Response, Seller may decline to source any scanner from Purchaser only if (w) Purchaser’s scanner does not meet the Seller-provided specifications for the scanner in any material respect, (x) the customer to which Seller desires to provide or offer to provide such scanner has requested that the scanner be provided by a supplier other than Purchaser or has rejected Purchaser’s scanner, (y) Seller reasonably and in good faith believes that Purchaser cannot meet the delivery schedule for such scanner and Purchaser is unable or unwilling to provide reasonable assurances to Seller regarding Purchaser’s delivery capabilities or (z) the price Seller has received from a Third Party for such scanner (when viewed as a whole with such Third Party’s service and support commitments and related pricing) is materially less than the price offered by Purchaser in the Response (when viewed as a whole with Purchaser’s

service and support commitments and related pricing). Seller shall notify Purchaser of its decision no later than five Business Days following receipt of Purchaser's Response or, if Seller is relying on clause (x), such later time as required for the customer to make a purchasing decision (or, if required earlier by the Opportunity timetable, as soon as practicable using commercially reasonable efforts).

(b) For the avoidance of doubt, Seller shall have no obligations under this Section 5.33 after the conclusion of the Non-Compete Period.

Article VI

TAX MATTERS

Section 6.1 Transfer Taxes.

(a) All applicable Transfer Taxes that are not Recoupable Transfer Taxes and that may be imposed upon (or payable, collectible or incurred in connection with) this Agreement, the Transactions or the execution of any of the Ancillary Agreements (unless otherwise provided in the Ancillary Agreement) shall be borne one-half by the Seller Parties, on the one hand, and one-half by Purchaser, on the other hand.

(b) Any Recoupable Transfer Tax shall be borne solely by Purchaser and if such Tax is required by applicable Law to be accounted for by a Seller Party, Purchaser shall pay the amount of such Tax to such Seller Party on the later of the day one Business Day before the last day on which the Seller Party can account for that Tax to the Tax Authority without giving rise to a charge to interest or penalties and five (5) Business Days after the relevant Seller Party has provided to Purchaser all relevant invoices or other relevant documentation which are required by applicable Law in order to claim a refund, credit or recoupment in respect of such Recoupable Transfer Tax. If any such invoices or documentation are to be provided by the relevant Seller Party, Seller shall provide or cause the Seller Party to provide any such invoices and documentation within the time period required by applicable Law.

(c) The Seller Parties and Purchaser shall reasonably cooperate in good faith to minimize, to the extent permissible under applicable Law, the amount of any Transfer Taxes addressed in Sections 6.1(a) and (b) including taking any steps reasonably necessary (which, for the avoidance of doubt, shall not include any action that would impose any unreimbursed cost, loss or Liability on the Seller Parties or transferring any additional assets or providing additional services (other than assistance in dealing with a Tax Authority) which are not contemplated by this Agreement or the Ancillary Agreements) to ensure that, where possible, the transfer of any parts of the Business are treated as a transfer of a going concern for value added tax purposes. Each Transfer Tax Return shall be prepared by the Party that has primary responsibility for filing such Transfer Tax Return pursuant to the applicable Tax Laws. Any Transfer Tax Returns prepared by either Purchaser or Seller Parties pursuant to this Section 6.1(c) (along with such information as will enable the other Party to review such Transfer Tax Returns) shall be provided to the relevant Party at least 20 Business Days before such Transfer Tax Returns are due to be filed or such shorter period as is reasonable after the end of the period to which the Tax Return relates having regard to the date on which the Tax Return is due to be filed (taking into account

any extensions received from the relevant Tax Authorities) if the other Party is or may be accountable for any part of such Transfer Tax filed vis-à-vis the Party responsible for the filing. Purchaser and the Seller Parties shall be entitled to comment on any Transfer Tax Return prepared by the other Party prior to making any payment in respect thereof, such comments to be provided at least 13 Business Days (or such shorter period as is reasonable having regard to the date on which the Tax Return is due to be filed) before such Transfer Tax Returns are due to be filed, and in the event of disagreement on the relevant Tax Return between the Parties, a mutually agreed upon independent internationally recognized accounting firm will be retained to resolve solely any issue in dispute as promptly as possible. To the extent there are still disagreements between the Parties on the due date for filing the Tax Return, the Person responsible for filing the Tax Return shall file it based on what it considers to be the correct reporting, and if the determination of the independent accounting firm (or any agreement between the Parties) is inconsistent with the filed Tax Return, the Parties agree to file an amended return reflecting such determination or agreement. If Purchaser pays any amount in respect of value added tax to a Seller Party and the Tax Authority confirms that all or part of it was not properly chargeable, the Seller Party must repay the amount or relevant part of it to Purchaser. The Seller Party must make the repayment promptly after the confirmation, unless it has already accounted to the Tax Authority for the VAT. In those circumstances, the Seller Party must apply for a refund of the VAT (plus any interest payable by the Tax Authority), use its reasonable endeavours to obtain it as quickly as practicable, and pay to Purchaser the amount of the refund and any interest less any tax on the Seller Party in respect of such interest when and to the extent received from the Tax Authority.

Section 6.2 Withholding Taxes. (a) To the extent that Purchaser is required under the Code or any provision of U.S. state or local, or non-U.S. Law to deduct and withhold Taxes on any payment hereunder, Purchaser shall withhold and deduct from the Cash Price or the amount of the KL Cash such required Tax withholdings, and such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the Persons in respect of which such deductions and withholdings were made. Purchaser shall promptly remit any withheld amounts to the appropriate Tax Authority and shall promptly provide Seller with a receipt or some other form of reasonable evidence of such remittance. The Parties shall use commercially reasonable efforts and shall cooperate in good faith to determine and reduce the amount of withholding Taxes imposed on the transaction, including the provision by Seller or Seller Parties to Purchaser of any reasonable form necessary for that purpose. Seller shall promptly provide Purchaser with any information reasonably requested by Purchaser in order to determine the amount of tax (if any) required by Law to be withheld by Purchaser or its Affiliates from the Purchase Price.

(b) No later than 45 days after the Original Execution Date (provided that Seller has complied with the last sentence of Section 6.2(a)), Purchaser shall provide Seller with a reasonably detailed good faith estimate (the "Withholding Tax Estimate") of all withholding Taxes required to be withheld from the Purchase Price. Seller and Purchaser agree to consult and try to resolve in good faith any disputes related to such estimate. For the avoidance of doubt, however, the rights and obligations of the Parties pursuant to Section 6.2(a) shall not be affected by the existence or amount of any inaccuracy in such estimate. In case the Parties are unable to reach an understanding on the amount of withholding tax, and there is a subsequent

determination (as defined in Section 1313 of the Code, or any other similar Law) that any amount of tax should not have been withheld by Purchaser or its Affiliates, Purchaser shall be responsible to indemnify the Seller Parties for any reasonable out of pocket costs incurred by the Seller Parties in obtaining such determination (but only to the extent of the amount of such costs allocable to the withholding tax that was disputed between the Parties).

Section 6.3 Proration of Certain Taxes.

(a) All real and personal property Taxes or similar *ad valorem* Taxes (other than Transfer Taxes) levied with respect to the Transferred Assets for any taxable period that includes the Agreed Time and ends after the Agreed Time (a "Straddle Period"), whether imposed or assessed before or after the Agreed Time, shall be allocated ratably to the period that ends on and includes the Agreed Time (which shall be the responsibility of Seller), and the period that begins after the Agreed Time (which shall be the responsibility of Purchaser) based on the number of days in the Straddle Period that are included in each period. All other Taxes (other than Taxes allocated under Section 6.1 and Taxes specially allocated under Sections 6.3(b) and (c)), shall be determined on a closing of the books method, as through the taxable period terminated at Agreed Time, and allocated to Seller to the extent attributable to a period on or before the Agreed Time and to Purchaser to the extent attributable to a period after the Agreed Time. Seller shall have the responsibility to file and remit any Tax Returns with respect to any Pre-Closing Taxable Period (or the period prior to the applicable Deferred Closing Date) and Purchaser shall have the responsibility to file and remit any Tax Return with respect to a Straddle Period (except with respect to a Deferred Closing Country where the Tax Returns for the Straddle Period is due on or before the applicable Deferred Closing and which the Seller shall have the responsibility to file) and the Party responsible for filing such Tax Return shall provide a copy of the Tax Return to the other Party for approval at least 20 days in advance of the due date for the filing and remitting of any Taxes due thereon if the other Party is or may be accountable for any part of such Tax filed or remitted vis-à-vis the Party responsible for the filing or remission in accordance with this Section 6.3(a). The Parties shall not unreasonably withhold their approval with respect to any such required Tax Returns.

(b) With respect to all invoices for accounts receivables issued by a Seller Party prior to the Closing (or a Deferred Closing, as applicable) and all invoices for accounts payable received by a Seller Party prior to the Closing (or a Deferred Closing, as applicable), the Seller Party shall retain the legal obligation to report and make any related payments to the relevant Tax Authorities for the related value added Tax outputs and value added Tax inputs. With respect to all such invoices for accounts receivable and invoices for accounts payable that are transferred to or assumed by Purchaser pursuant to this Agreement or any Ancillary Agreement, the parties recognize that notwithstanding the definition of Current Assets and Current Liabilities, the embedded VAT, sales tax and other similar Taxes in such accounts are Transferred Assets and Assumed Liabilities and that Purchaser will be collecting the related value added Tax outputs from the customers and making payment of the related value added Tax inputs to the vendors). Accordingly, 30 days following the Closing (or a Deferred Closing, as applicable), and every 30 days thereafter, the parties shall determine the net amount received or net amount paid by Purchaser in respect of such value added Tax outputs and value added Tax inputs, and if there is a net amount received, Purchaser shall pay that amount to Seller, and if there is a net amount paid, Seller shall pay that amount to Purchaser. It is the intent of this

Section 6.3(b) that neither Seller nor Purchaser is economically benefitted or economically disadvantaged as a result of the value added Tax components of accounts receivables and account payables that relate to invoices issued prior to the Closing (or a Deferred Closing, as applicable) but which are collected or satisfied following the Closing (or a Deferred Closing, as applicable).

(c) The Parties will apply principles similar to those in Section 6.3(b) in the case of any other similar Taxes (including sales Taxes) that are (i) the legal obligation of a Seller Party but that are components of accounts receivable or (ii) creditable or refundable to Seller but that are components of accounts payable that are transferred to or assumed by Purchaser, in each case, pursuant to this Agreement or any Ancillary Agreement and that would be collected or satisfied following the Closing (or Deferred Closing, as applicable). To avoid double counting, following the determination of the Agreed Time Adjusted Working Capital, the Reference Adjusted Working Capital and the Agreed Time Adjusted Working Capital (Build-Up) under Section 2.6(f) and the Final Economic True-Up under Schedule A, such adjustments shall be made to any payments made under Sections 6.3(b) and 6.3(c) so as to take into account the net cash effect of the embedded amounts of indirect Taxes (of the type subject to netting under Sections 6.3(b) and 6.3(c)) which are included in the calculation of the payment under Section 2.6(f) and Schedule A (if any).

Section 6.4 Allocation of the Purchase Price.

(a) For all purposes, the Purchase Price shall be allocated among the Seller Parties in accordance with Section 6.4(a) of the Seller Disclosure Schedule (the "Purchase Price Allocation Schedule"), as further adjusted under Schedule A, or as Purchaser and Seller may otherwise reasonably agree.

(b) No later than 120 days after the Closing Date, Purchaser shall prepare in good faith and shall deliver to Seller a schedule, prepared consistently with the Purchase Price Allocation Schedule and the working capital adjustment, allocating the Purchase Price and the Assumed Liabilities as of the Agreed Time to the Seller Parties and to the Transferred Assets and the Trademark License Agreements (the "Initial Allocation"). Purchaser shall promptly provide Seller with any reasonably requested information requested by Seller for purposes of reviewing the Initial Allocation. Except as set forth below, the Initial Allocation shall become final and be binding upon Purchaser and the Seller Parties for all purposes of Tax reporting, provided, however, that if Seller disagrees with the Initial Allocation and Seller notifies Purchaser in writing of its disagreements within 60 days after having received the Initial Allocation, such Initial Allocation shall not become final and Seller and Purchaser agree to consult and resolve in good faith any disputed item. In the event the Parties are unable to resolve any such dispute within 30 days (or such other period as mutually agreed by the Parties) following the written notice to Purchaser of Seller's objection, a mutually agreed upon independent nationally recognized accounting firm will be retained to resolve solely any issue in dispute as promptly as possible by deciding whether the valuation and related allocation of Purchaser or Seller is more consistent with applicable Law, and the determination of such firm shall be final with respect to such disputed issues. Purchaser and Seller shall then be bound by the Initial Allocation as adjusted to reflect the determination of such independent accounting firm and shall bear equally all costs of the independent accounting firm (the Initial Allocation, as finally determined under this Section 6.4(b), the "Final Allocation").

(c) The Initial Allocation and the Final Allocation shall be prepared in accordance with Section 1060 of the Code and any similar applicable foreign law. Any Assumed Liabilities shall be allocated to the Seller Party whose liability was assumed. The Initial Allocation and the Final Allocation shall be adjusted to reflect any changes in the Purchase Price and the Assumed Liabilities and the adjustments under Schedule A (including as a result of the payment of any indemnity or the working capital adjustment) under the principles set forth above. Notwithstanding anything else herein to the contrary, if a different allocation is required by the Bankruptcy Court, then the Initial Allocation and Final Allocation shall be modified as necessary to be consistent with such different allocation.

(d) Except as otherwise required by any determination (as defined under Section 1313 of the Code or similar provision of applicable law), the Parties agree (i) to be bound by the Final Allocation, and (ii) to act in accordance with the allocations contained in such Final Allocation for all purposes relating to Taxes and Transfer Taxes addressed in Section 6.1, including the preparation and filing of any Tax Returns and paying any Tax due thereon. The Parties acknowledge that some Transfer Tax Returns may be required to be filed prior to the determination of the Final Allocation. Therefore, if any Transfer Tax Return is required to be filed before the Final Allocation has been determined, the Parties agree to prepare and file such Tax Return consistently with the Purchase Price Allocation Schedule and to negotiate in good faith the amount of the Purchase Price and Assumed Liabilities (if relevant) allocated to each asset subject to Transfer Taxes. If, as of the due date for filing the Transfer Tax Return, any disagreements exist between the Parties on the amount that should be allocated to the relevant assets, the party responsible under law to file such Tax Return shall prepare such Tax Return consistently with what it considers to be the correct allocation, and to the extent that the Final Allocation is inconsistent with such allocation, to thereafter file amended Transfer Tax Returns consistent with the Final Allocation.

Section 6.5 Tax Indemnity.

(a) Except as otherwise provided in this Article VI, (i) Seller shall be liable for, and shall indemnify Purchaser and the Transferred Subsidiary against and hold them harmless from, (A) all (I) Taxes of the Transferred Subsidiary (including any such liability imposed on the Transferred Subsidiary by virtue of being a member of an affiliated group that includes Seller and any Taxes arising as a result of the separation from any such affiliated group), and (II) Taxes of any kind relating to the Transferred Assets and the conduct or operation of the Business, in each case, for all Tax periods or portions thereof ending on or before the Agreed Time, including any Straddle Period for which Seller is allocated a tax liability, (B) Taxes of the Seller Parties for any period that are not related to the Transferred Assets or the conduct or operation of the Business, and (C) Transfer Taxes that are the responsibility of the Seller Parties pursuant to Section 6.1 and (ii) Purchaser shall be liable for, and shall indemnify Seller and the Other Sellers against and hold them harmless from, (A) all (I) Taxes of the Transferred Subsidiary and (II) Taxes relating to the Transferred Assets or the conduct or operation of the Business, in each case, for all Tax periods or portions thereof beginning after the Agreed Time and (B) Transfer Taxes that are the responsibility of Purchaser pursuant to Section 6.1. The

apportionment of Taxes for Straddle Periods shall be governed by Section 6.3. A Party shall not be required to pay the other Party an indemnity under this Section to the extent of Losses to such other Party or any of its Affiliates that were caused or increased by any action of such other Party or any of its Affiliates. Notwithstanding anything else to the contrary herein, except with respect to Transfer Taxes (which shall be governed by Section 6.1 and 6.3), Purchaser shall not be liable for any Taxes imposed on the applicable Seller Party on the transfers taking place hereunder on the Closing Date, and, except as otherwise provided in Schedule A, on a Deferred Closing Date, and the relevant Seller Party shall be entitled to retain the benefit of any Tax benefits, credits, losses or deductions incurred by the relevant Seller Party as a result of the transfers taking place hereunder at the Closing Date or at the Deferred Closing Date, provided always that for the purposes of calculating any Liabilities relating to Tax for which the Purchaser may be liable under the indemnification in Schedule A, any Tax benefits, credits, losses or deductions so incurred by a Seller Party shall be offset against any Tax liabilities so incurred so far as legally possible. In respect of any Tax assets, including Tax refunds, losses, credits or similar benefits relating to the operation of the Business during the period to which the relevant Final Economic True Up relates in the Deferred Closing Countries, and notwithstanding anything to the contrary in this Agreement (other than the preceding sentence), the Purchaser shall have the benefit of such Tax assets that arise after the Agreed Time or that are allocable to a Post-Closing Taxable Period or to a portion of a Straddle Period beginning at the Agreed Time and in each case ending on the Deferred Closing Date and the Seller or a Seller Party shall be responsible to pay the amount of such benefit to the Purchaser. Nothing in the preceding sentence should affect the rights and obligations of the Parties with respect to the Brazilian Consents. Notwithstanding the foregoing, in relation to a Business in a Deferred Closing Country, the Purchaser shall only be responsible for any income Tax liabilities and have the benefit of any income Tax assets in respect of the period to which the relevant Final Economic True Up relates: (a) through an amount relating to such Tax liabilities or Tax assets being reflected in the Final Economic True Up settled pursuant to Schedule A; or (b) if such Tax liabilities or assets become apparent after the calculation of the Economic Benefit True Up, but, in this case, only for the excess over the amount of the income Tax liabilities or assets reflected in the relevant Final Economic True Up (all amounts positive in the case of assets and negative in the case of liabilities).

(b) Notwithstanding anything else to the contrary herein, (i) the current Taxes of the Transferred Subsidiary shall not be excluded from "Current Liabilities", and the current Tax assets of the Transferred Subsidiary shall not be excluded from "Current Assets", (ii) Seller and the Other Sellers shall not be responsible for any liability, accrual or reserve for Taxes that are Current Liabilities of the Transferred Subsidiary or Taxes of the Transferred Subsidiary that accrued after December 31, 2012, except for any Taxes of the Transferred Subsidiary which arise outside the ordinary course of business of such Transferred Subsidiary between December 31, 2012 and the Deferred Closing Date with respect to the Transferred Subsidiary and (iii) Section 6.3(b) shall not apply to any value added taxes (and similar other taxes) of the Transferred Subsidiary (for the avoidance of doubt, after the Deferred Closing with respect to the Transferred Subsidiary, the Transferred Subsidiary and Purchaser shall be entitled to any value added tax collected from the customers and responsible for any value added tax paid to vendors, and shall be solely responsible to pay the Tax Authorities the value added tax taken into account in Assumed Liabilities and retain any credit or refund for value added taxes taken into account in Transferred Assets). For the avoidance of doubt, nothing in this Section 6.5(b) shall relieve

Seller of its obligation under Section 6.5(a) to indemnify Purchaser for any Taxes of the Transferred Subsidiary for Taxable periods or portions thereof ending on or before December 31, 2012 and that do not appear on the Balance Sheet of the Transferred Subsidiary as of December 31, 2012 or for any Taxes of the Transferred Subsidiary which arise outside the ordinary course of business of the Transferred Subsidiary between December 31, 2012 and the date of the Deferred Closing with respect to the Transferred Subsidiary. Likewise, Purchaser shall promptly pay Seller any amount of refund of Taxes (or credit or offset against Taxes) in respect of Tax periods or portions thereof ending on or before December 31, 2012 that is received by the Transferred Subsidiary.

Section 6.6 Contests; Assistance and Cooperation. Purchaser and Seller agree to furnish or cause to be furnished to each other, upon request, as promptly as practicable, such information and assistance relating to the Business, the Transferred Assets and the Transferred Subsidiary (including access to books and records, employees, contractors and representatives) as is reasonably necessary for the filing of all Tax Returns (including, if applicable, full details of any capital goods to be transferred to Purchaser, the input VAT on which could be subject to adjustment in accordance with the provisions of any Law requiring adjustments to the deduction of input VAT on capital goods, the dates and amounts of input VAT recovered in respect of these assets and the relevant VAT correction periods), the making of any election related to Taxes, the preparation for any audit by any Tax Authority, and the prosecution or defense of any claim, suit or proceeding relating to any Tax; provided, however, that if such requested information is contained within a document containing any unrelated information, only portions pertaining to such relevant information shall be furnished. The requesting party shall pay the other party any reasonable Third Party out-of-pocket costs incurred by the other party in providing such assistance. For the avoidance of doubt, nothing herein shall give Purchaser or Seller the right to see any consolidated or combined Tax Return that includes any Seller Party or Purchaser or any information unrelated to the Business or the Transferred Assets or the Transferred Subsidiary. After the Closing Date, each Party shall cooperate fully with the other Party in preparing for any audits of, or disputes with Tax Authorities regarding, any Tax Returns and payments in respect thereof that may materially adversely affect the other Party.

Section 6.7 Termination of Tax Allocation Agreements. Any Tax allocation or sharing agreement or similar arrangement, whether or not written, that may have been entered into by Seller or any of its Subsidiaries, on the one hand, and the Transferred Subsidiary, on the other hand, shall be settled and/or terminated as to the Transferred Subsidiary as of the day prior to the Closing Date, and no payments which are owed by or to the Transferred Subsidiary pursuant thereto shall be made thereafter. After the applicable Deferred Closing Date, neither the Transferred Subsidiary, on the one hand, nor Seller and its Subsidiaries (excluding the Transferred Subsidiary), on the other hand, shall have any further rights or liabilities thereunder with respect to the other party or parties.

Section 6.8 No Tax Elections. Purchaser shall not make, and agrees to prevent the Transferred Subsidiary from making, any election pursuant to Section 338(g) of the Code or any similar provision of non-U.S. Law with respect to the Transferred Subsidiary without the written consent of Seller.

Section 6.9 Purchase Price Adjustment. The Parties agree that any indemnity payment made under this Agreement (in addition to any payment treated as a purchase price adjustment under Section 2.2(b) and Schedule A) shall be treated as an adjustment to the Purchase Price unless otherwise required by Law.

Article VII

EMPLOYMENT MATTERS

Section 7.1 Employment Obligations.

(a) Employment Terms.

- (i) Where and to the extent that the transfer of the Business will constitute the transfer of an undertaking or business for the purposes of the Acquired Rights or local employment or other Laws, or the Employees are employees of the Transferred Subsidiary, and in either case the employment of the Employees will automatically transfer to Purchaser or one of its Affiliates, the employment of such Employees shall not be terminated upon the Closing or a Deferred Closing, as applicable, and the rights, powers, duties, liabilities and obligations of any Seller Party to or in respect of such employees in respect of any contract of employment with such employees in force immediately before the Closing or a Deferred Closing, as applicable, shall be transferred to Purchaser and/or one of its Affiliates in accordance with the Acquired Rights or local employment or other Laws (including, if applicable, in accordance with the requirements of any applicable works council or other employee body agreement).
- (ii) To the extent that Acquired Rights or the local employment or other Laws do not provide for the automatic transfer of employees upon the transfer of a business or part of a business as a going concern (or in any jurisdiction where the Acquired Rights or local employment or other Laws do provide for the automatic transfer of employees upon the transfer of a business or part of a business as a going concern but for any reason any Employee does not transfer automatically by operation of law or upon the transfer of the Transferred Subsidiary), Purchaser shall, or shall cause one of its Affiliates to, within a reasonable number of Business Days determined by the Parties in good faith prior to the Closing Date or a Deferred Closing Date, as applicable (or within the period of time required by local Law), offer employment in writing to each Employee, and Purchaser and its Affiliates shall allow each such Employee no less than five (5) Business Days (or the period of time required by local

Law) to consider such offer. The Parties shall cooperate in good faith to ensure that, no later than promptly following the Closing Date (or, if applicable, the Deferred Employee Transfer Date), both Purchaser and Seller have access to information regarding whether each such offer has been accepted or rejected. Each offer of employment made by Purchaser or one of its Affiliates pursuant to this Section 7.1(a)(ii) shall (1) be contingent on the Closing or a Deferred Closing, as applicable, (2) be contingent on such Employee entering into restrictive covenants comparable to those restrictive covenants that are in force immediately before the Closing or a Deferred Closing, as applicable, between such Employee and any Seller Party, (3) be made in a manner consistent with applicable Law and provide for employment commencing on the Closing Date (or, if applicable, the Deferred Employee Transfer Date), or, if such Employee is an STD Employee, on the later of the Closing Date (or, if applicable, the Deferred Employee Transfer Date) and the date that such Employee returns to active service in accordance with the terms of such Employee's leave unless otherwise required by applicable Law (such Closing Date, Deferred Employee Transfer Date or, with respect to an STD Employee, date of return to active service or other date required by applicable Law, the "Effective Hire Date") and (4) provide for employment on the Minimum Terms and Conditions of Employment commencing on the Effective Hire Date; provided, that this Section 7.1(a)(ii)(4) shall not apply to the Selected Employees; and provided, further, that Purchaser and its Affiliates shall have no obligation to offer employment to or hire any such STD Employee who does not return to active service prior to the six (6) month anniversary of the Closing Date (or, if applicable, the Deferred Employee Transfer Date) unless otherwise required by applicable Law. Seller shall retain all Liabilities related to any STD Employees unless and until such STD Employee commences employment with Purchaser or one of its Affiliates, at which time such STD Employee shall be treated as a Transferred Employee.

- (iii) Purchaser and Seller shall each provide the other Party with information reasonably requested to verify that offers of employment are in compliance with Section 7.1(a)(ii) (to the extent that Purchaser is required to make offers of employment under Section 7.1(a)(ii)). As often as the Parties deem necessary in good faith, but in no case later than five (5) Business Days prior to the Closing Date or a Deferred Employee Transfer Date, as applicable, Seller, in consultation with, and subject to final approval by, Purchaser, will update

Sections 1.1(t)(i) and 1.1(t)(ii) of the Seller Disclosure Schedule to reflect changes prior to the Closing Date or a Deferred Employee Transfer Date, as applicable on account of (i) new hires to fill the open positions set forth in Section 5.7(xiv) of the Seller Disclosure Schedule, (ii) attrition among the Employees, (iii) minor changes intended to correct good faith errors or omissions by Seller in determining which employees are Employees and (iv) any other change as mutually agreed on in good faith by Seller and Purchaser. Five (5) Business Days prior to each Closing Date or Deferred Employee Transfer Date, as applicable, Seller shall provide to the Purchaser (x) a final version of Sections 1.1(t)(i) and 1.1(t)(ii) of the Seller Disclosure Schedule setting forth all of the Employees and (y) a list of any Employee who is an STD Employee. For the avoidance of doubt, any action or obligation to be taken by Purchaser or any of its Affiliates in connection with the Closing or a Deferred Closing, as applicable, shall be with respect to the Employees set forth in the final versions of Sections 1.1(t)(i) and 1.1(t)(ii) of the Seller Disclosure Schedule provided pursuant to the immediately preceding sentence; provided, however, that where applicable local Laws preclude Purchaser from satisfying its obligations under Section 7.1 upon such Closing or Deferred Closing, as applicable, Purchaser shall be entitled to satisfy its obligations by such later date as required by applicable local Laws.

- (iv) As soon as practicable after the Original Execution Date, but in no case later than thirty (30) Business Days before the Closing Date or a Deferred Closing Date, as applicable, Seller shall provide, or cause to be provided, to Purchaser (i) any information, on an individualized basis for each Employee (if, in the reasonable good faith judgment of Purchaser, individualized information is required to satisfy Purchaser's obligations under this Section 7.1), on the terms and conditions of employment that is necessary for Purchaser to determine the Minimum Terms and Conditions of Employment of the Transferred Employees and (ii) a list of each Employee who participates in a Transferred Employee Plan, including identification of such Transferred Employee Plan. As often as the Parties deem necessary in good faith, but in no case later than five (5) Business Days prior to the Closing Date or a Deferred Closing Date, as applicable, Seller, in consultation with Purchaser, will provide updated information described in this Section 7.1(a)(iv). Five (5) Business Days prior to the Closing Date or a Deferred Closing Date, as applicable, Seller shall provide to the Purchaser a final version of the information

described in this Section 7.1(a)(iv) concerning all Employees on the final versions of Sections 1.1(t)(i) and 1.1(t)(ii) of the Seller Disclosure Schedule.

- (v) Except as may be required by applicable Law or this Article VII, as of the Effective Hire Date and through the 12 month period following the Effective Hire Date (such period, the "Continuation Period"), the employment of Transferred Employees (other than the Selected Employees) shall be on the Minimum Terms and Conditions of Employment; provided, however, that Purchaser may in its sole discretion decide to provide certain Employees with more favorable terms and conditions of employment than the Minimum Terms and Conditions of Employment. Notwithstanding the foregoing, with respect to any Employee who transfers in accordance with the Acquired Rights, Purchaser shall maintain the terms and conditions of employment, compensation and benefits and working conditions in accordance with the Acquired Rights to the extent required by Law.
- (vi) The Parties agree to the rights and obligations set forth on Section 7.1(a)(vi) of the Seller Disclosure Schedule with respect to the Selected Employees.
- (vii) Effective at Closing (or, if applicable, the Deferred Employee Transfer Date), the Seller Parties shall waive all applicable non-competes and non-solicits as to Purchaser concerning the Transferred Employees.
- (viii) Purchaser shall, or shall cause its Affiliates to, pay the Selected Compensation Payments to each eligible Transferred Employee who, immediately prior to the Closing Date or a Deferred Closing Date, as applicable, participated in and qualified for such Selected Compensation Payments under the Seller Employee Plans listed on Section 1.1(k) of the Seller Disclosure Schedule. Such payment shall be made in accordance with the terms and conditions of the applicable Seller Employee Plan listed on Section 1.1(k) of the Seller Disclosure Schedule. Seller shall provide Purchaser with true and correct copies of each Seller Employee Plan listed on Section 1.1(k) of the Seller Disclosure Schedule (including individualized Employee performance metrics and/or plans, as applicable) prior to the Closing Date or a Deferred Closing Date, as applicable.
- (ix) Prior to the Closing or a Deferred Closing, as applicable, upon receipt of a written request approved by Purchaser, Seller shall take reasonable actions to fill an open position, which is

specifically identified in the written request approved by Purchaser and is either set forth in Section 5.7(xiv) of the Seller Disclosure Schedule or is otherwise an open position identified by Purchaser, with a new hire who was not provided with an offer of employment with Seller or its Affiliates on or before July 17, 2013, and who was not, immediately prior to becoming an Employee, an employee of Seller or its Affiliates. Notwithstanding anything to the contrary in this Agreement (including for, the avoidance of doubt, Section 7.1(b) (iii)) and regardless of whether such open position is ultimately filled or whether an Employee hired pursuant to this Section 7.1(a)(ix) (an "External Employee") becomes a Transferred Employee, Purchaser shall be liable for and reimburse Seller for: (1) any incremental third-party costs reasonably incurred by the Seller Parties in taking such actions (including, but not limited to, the costs of any candidate searches, interviews, drug tests, background and reference checks and relocation costs); (2) Cash Compensation paid by the Seller Parties to any External Employee beginning on the External Employee's hire date and extending to the External Employee's termination date; (3) the cost of welfare, pension and other benefits, as applicable (including expenses such as travel), provided by the Seller Parties to any External Employee beginning on the External Employee's hire date and extending to the External Employee's termination date; (4) all workers' compensation, medical, life insurance and other welfare plan expenses and benefits provided by the Seller Parties to any External Employee with respect to claims incurred by such Employee (or his or her covered dependents) beginning on the External Employee's hire date and extending to the External Employee's termination date; and (5) severance benefits, if any, paid by the Seller Parties with respect to any External Employee's termination of employment with a Seller Party. The Parties agree that Seller's actions under this Section 7.1(a)(ix) shall be Day-One Actions for purposes of this Agreement, any SOW with respect to such actions will reflect the foregoing sentence, and, for the avoidance of doubt, nothing in this Section 7.1(a)(ix) shall impose any obligation on the part of the Seller Parties to fill the open positions or create any additional representation or warranty, other than what is set forth in this Section 7.1(a)(ix). In addition, Purchaser shall be solely responsible for, and shall indemnify and hold Seller harmless from all Liabilities related to, any labor disputes arising from any External Employee's employment with a Seller Party, transfer of such employment to Purchaser or one of its Affiliates and any action or inaction by Purchaser or any of its Affiliates following the applicable Effective Hire Date. Unless

prohibited by applicable local Law, Seller's offer of employment to each External Employee who it hires pursuant to this Section 7.1(a)(ix) shall include language (approved by Purchaser, such approval not to be unreasonably withheld) requiring that, as a condition of employment with Seller, each such External Employee agrees to transfer on the Effective Hire Date to the appropriate new entity set up by Purchaser. Notwithstanding anything to the contrary in this Agreement, the open positions described in this Section 7.1(a)(ix) shall be filled with qualified candidates for the applicable open positions, as determined in good faith by the Parties. For the avoidance of doubt, this Section 7.1(a)(ix) shall not apply with respect to any open positions filled by the Seller Parties in the Ordinary Course.

(b) Employee Benefits.

- (i) After the Original Execution Date, Seller and Purchaser shall cooperate promptly and in good faith in preparing the transition of the Transferred Employees as applicable from coverage under Seller Employee Plans to coverage under the Purchaser Employee Plans effective as of the Transferred Employee's Effective Hire Date. Except as required by applicable Law and as otherwise provided in this Article VII or in Section 5.12(d), as of the applicable Effective Hire Date, the Transferred Employees shall cease to accrue further benefits under the Seller Employee Plans (other than the Seller Employee Plans maintained by the Transferred Subsidiary) and shall commence participation in the Purchaser Employee Plans, subject to the terms and conditions of such Purchaser Employee Plans.
- (ii) Notwithstanding anything to the contrary in this Agreement, Purchaser or one of its Affiliates shall, during the Continuation Period, maintain for the benefit of each Transferred Employee a severance or termination arrangement no less favorable than the severance or termination arrangement provided immediately prior to the applicable Effective Hire Date to such Transferred Employee by the Seller Party that previously employed such Transferred Employee.
- (iii) Subject to Section 7.1(a)(ix), Seller shall remain liable and retain responsibility for, and continue to pay in accordance with the terms of the applicable plans, all medical, life insurance and other welfare plan expenses and benefits for each Transferred Employee with respect to claims incurred by such Transferred Employee (or his or her covered dependents) prior to the applicable Effective Hire Date, and shall remain liable for

workers compensation claims (including medical, disability, permanency and expense claims) incurred by any Transferred Employee prior to the applicable Effective Hire Date; provided that Purchaser shall indemnify, defend and hold harmless Seller and any of its Affiliates from and against, and promptly pay Seller for, any claims incurred under a self-insured medical, life insurance or other welfare plan of Seller or its Affiliates on or after the Agreed Time. Purchaser shall be liable and responsible for all expenses and benefits with respect to medical, life insurance and other welfare plan claims incurred by each Transferred Employee (or his or her covered dependents) on or after the applicable Effective Hire Date (including, for the avoidance of doubt, any welfare plan claims incurred by a Transferred Employee, or his or her covered dependents, on or after the applicable Effective Hire Date that are submitted to a Seller Employee Plan), and shall be liable and responsible for workers compensation claims (including medical, disability, permanency and expense claims) incurred by any Transferred Employee on or after the applicable Effective Hire Date. For purposes of this Section 7.1(b)(iii) and Section 5.31(c), a claim is deemed incurred: in the case of medical or dental benefits, when the services that are the subject of the claim are performed; in the case of life insurance, when the death occurs; in the case of accidental death and dismemberment or workers compensation claims, when the event giving rise to the claim occurs; and in the case of a claim that results in a hospital admission, on the date of admission.

- (iv) Each Transferred Employee (and their eligible dependents, as applicable) shall be eligible, effective as of the relevant Effective Hire Date and during the Continuation Period, to participate in and accrue benefits under the Purchaser Employee Plans on terms and conditions determined by Purchaser in accordance with the Minimum Terms and Conditions of Employment (unless otherwise required by applicable Law), as applicable. With respect to any Purchaser Employee Plan that is a “welfare benefit plan” within the meaning of Section 3(1) of ERISA or would be considered a “welfare benefit plan” if it were subject to ERISA, Purchaser shall, or shall cause its Affiliates to, (A) waive, to the extent waived under the comparable Seller Employee Plan, any eligibility periods, waiting periods, actively at work requirements and evidence of insurability or pre-existing condition limitations with respect to participation and coverage requirements and (B) make commercially reasonable efforts to cause such plans to honor any deductibles, co-payments, co-insurance or out-of-pocket

expenses paid or incurred by any Transferred Employee (and his or her covered dependents) under comparable Seller Employee Plans during the portion of the applicable Purchaser Employee Plan year in which the applicable Effective Hire Date occurs.

- (v) The Transferred Employees shall be given credit for all service with any of the Seller Parties (and their respective predecessors), to the same extent as such service was credited for such purposes by any Seller Party, under each Purchaser Employee Plan in which such Transferred Employees are eligible to participate, effective as of the applicable Effective Hire Date for all purposes, including (A) eligibility to participate, eligibility for early retirement, vesting and benefit accrual (including, but not limited to, long service leave accruals in Australia, vacation and severance benefits); provided, that such service credit shall not be given (1) for purposes of benefit accrual under any Purchaser Employee Plan, other than a Transferred Employee Plan, that is a defined benefit pension plan, except as otherwise required by Law, or (2) to the extent that such service credit would result in a duplication of benefits, and (B) to the extent applicable to any non-U.S. Transferred Employees, seniority. For purposes of this paragraph a “pension plan” means only a retirement or termination plan that meets the definition of a “defined benefit pension plan” within the meaning of FAS87.
- (vi) In the event that accrued and unused vacation days are not required by applicable Law to be paid out upon termination by the Seller Parties, Purchaser shall assume, honor and be responsible for any Liabilities in respect of all unused vacation days that are due and owing to the Transferred Employees (including, for the avoidance of doubt, both annual eligibility and carryover vacation days) as of their applicable Effective Hire Date, and Purchaser shall permit, or cause its relevant Affiliate to permit, the Transferred Employees to use such vacation days during the year in which the Closing Date or Deferred Employee Transfer Date, as applicable, occurs in accordance with Seller vacation policies in effect as of the Closing Date or Deferred Employee Transfer Date, as applicable. During the year following the year in which the Closing or Deferred Employee Transfer Date, as applicable, occurs, each Transferred Employee (save where the Acquired Rights or other applicable Law provide otherwise) will be entitled to vacation under Purchaser’s vacation policies on terms determined by Purchaser in accordance with the Minimum Terms and Conditions of Employment (unless otherwise required by applicable Law), as applicable; provided that, each

Transferred Employee will be permitted to carryover from the year in which the Closing or Deferred Employee Transfer Date, as applicable, occurs into the year immediately following the year in which the Closing or Deferred Employee Transfer Date, as applicable, occurs (or, at Purchaser's election, be paid out by Purchaser for) such number of unused vacation days that the Transferred Employee would have been permitted to carryover under Seller's vacation policy applicable to such Transferred Employee immediately prior to the Closing Date or Deferred Employee Transfer Date, as applicable.

- (vii) Seller shall be solely responsible for providing or discharging any and all notifications, benefits and liabilities to the Transferred Employees and any governmental authorities that are required by the WARN Act with respect to relocations, plant closings or terminations of employment, if applicable, that occur on or prior to the Closing (including all technical terminations of the Transferred Employees resulting from the Closing as may be required under applicable Law) and with respect to any Employee who does not become a Transferred Employee regardless of the date of such termination, provided that Purchaser has satisfied its obligations as set out in this Article VII, and Purchaser shall be solely responsible for any and all such matters that occur after the Closing. For purposes of this Section 7.1(b)(vii), a mass layoff shall be deemed to occur after the Closing if the mass layoff would not have occurred but for Purchaser's failure to offer to employ the Transferred Employees in accordance with the terms of this Article VII; provided, that Seller has timely provided Purchaser with all information necessary for Purchaser to satisfy its obligations under this Article VII. The Parties shall cooperate in preparing and distributing any notices that Purchaser may desire to provide prior to the Closing in connection with actions by Purchaser after the Closing that would result in a notice requirement under the WARN Act.
- (viii) Purchaser shall be solely responsible for satisfying the continuation coverage requirements of COBRA, Section 4980B of the Code and Part 6 of Subtitle B of Title I of ERISA and the regulations thereunder (and any liability arising from the actions or inactions of Purchaser or its Affiliates with respect to such coverage) for all Transferred Employees who are "M&A qualified beneficiaries", as such term is defined in Treasury Regulation Section 54.4980B-9, after the Closing Date. Seller shall be solely responsible for providing all Employees (and their dependents) with any notices required by COBRA with

respect to any qualifying events that occur on or prior to the Closing Date and retain all obligations with respect to the continuation coverage requirements of COBRA, Section 4980B of the Code and Part 6 of Subtitle B of Title I of ERISA and the regulations thereunder for all Employees who do not become Transferred Employees; provided that the Transferred Subsidiary and Purchaser shall be liable for all obligations under COBRA in respect of current and former employees of the Transferred Subsidiary whether arising before, on or after the Closing Date under any Seller Employee Plans maintained by the Transferred Subsidiary.

- (ix) Neither Section 7.1(a) nor this Section 7.1(b) restricts the right of Purchaser to terminate the employment of any Transferred Employee after the Closing or a Deferred Closing, as applicable, or, except as expressly provided in Section 7.1(a) or this Section 7.1(b) or as required by applicable Law, to modify the terms and conditions of employment applicable to any Transferred Employee after the Closing or a Deferred Closing, as applicable; provided that, to the extent that Seller has timely provided Purchaser with all information reasonably necessary for Purchaser to satisfy its obligations under this Article VII, Purchaser shall be solely responsible for, and shall indemnify and hold Seller harmless from all Liabilities related to, any such termination or modification after the Closing or a Deferred Closing, as applicable (including, for the avoidance of doubt, any change in the terms or conditions of employment of an Employee who will transfer in accordance with the Acquired Rights). In addition, nothing contained in this Agreement, express or implied, shall (i) be construed to establish, amend or modify any benefit plan, program, agreement or arrangement or (ii) give any Third Party any right to enforce the provisions of this Article VII.

(c) Defined Contribution Pension Plans.

- (i) Effective as of the Closing Date, or as promptly thereafter as may be administratively practicable, Purchaser shall cause a Purchaser Employee Plan that is intended to be a U.S. tax-qualified defined contribution pension plan (the "Purchaser U.S. Pension Replacement Plan") to accept the enrollment of the Transferred Employees who participated in any of Seller's U.S. tax-qualified defined contribution or defined benefit pension plans immediately prior to the Closing Date. Purchaser shall take all reasonable steps necessary to permit each Transferred Employee, if any, who shall receive an eligible rollover distribution (as defined in Section 402(c)(4) of the Code) from

any of Seller's U.S. tax-qualified defined contribution or defined benefit pension plans to rollover such eligible rollover distribution, including any associated loan of cash as part of any lump sum distribution to the extent permitted by the applicable Seller plan and applicable Law, into an account under a Purchaser U.S. Pension Replacement Plan as of the Closing Date (or, if applicable, the Deferred Employee Transfer Date), or as promptly thereafter as may be administratively practicable.

- (ii) Effective as of the Closing Date or a Deferred Closing Date, as applicable, or as promptly thereafter as may be administratively practicable, and except to the extent otherwise required by applicable Law, Purchaser shall cause Purchaser Employee Plans that are "defined contribution pension plans" within the meaning of FAS87 to accept the enrollment of any non-U.S. Transferred Employees who participated in any of Seller's defined benefit pension plans in the jurisdictions with no Transferred Employee Plans immediately prior to the Closing Date or a Deferred Closing Date, as applicable. In addition, Purchaser shall take all steps that are commercially reasonable to cause one or more analogous Purchaser Employee Plans to accept the enrollment of any non-U.S. Transferred Employees who participated in any Seller Employee Plan that is a "defined contribution pension plan" within the meaning of FAS87 immediately prior to the Closing Date (or, if applicable, the Deferred Employee Transfer Date) effective as of the Closing Date or a Deferred Closing Date, as applicable, or as promptly thereafter as may be administratively practicable, and, except where the assets in respect of a non-U.S. Transferred Employee in such "defined contribution pension plan" could be less than the Liabilities in respect of such non-U.S. Transferred Employee, or to the extent otherwise required by applicable Law, Seller shall cause to be transferred from each such plan the Liabilities and, as applicable, the assets for the account balances of those non-U.S. Transferred Employees as promptly after the Closing Date or a Deferred Closing Date, as applicable, as may be administratively practicable.

(d) Defined Benefit Pension Plans.

- (i) Purchaser shall assume and be responsible in respect of each Transferred Employee who participated in a plan that is a "defined benefit pension plan" within the meaning of FAS87 as listed on Section 7.1(d)(i) of the Seller Disclosure Schedule for the Liabilities in relation to that plan (each such plan, a "Transferred Employee Plan" and each such Transferred Employee, a "Pension Plan Employee") on the Closing Date or

a Deferred Closing Date, as applicable. Seller shall retain and be responsible for the Liabilities in respect of each Transferred Employee under every other plan that is a “defined benefit pension plan” within the meaning of FAS87 and is not listed on Section 7.1(d)(i) of the Seller Disclosure Schedule.

- (ii) To the extent provided in Section 7.1(d)(ii) of the Seller Disclosure Schedule, Seller shall effect a transfer of assets from the Transferred Employee Plans in respect of the Liability for each Pension Plan Employee in such amounts as shall be reasonably determined by Seller’s actuary and in accordance with Section 7.1(d)(ii) of the Seller Disclosure Schedule (or such greater amounts as may be required by applicable Law) (the “Transfer Amount”), and Purchaser shall cause a Purchaser Employee Plan to accept such assets. Seller shall select the kind of assets to be transferred if there are alternate forms of assets that may be transferred under local Law or existing Contract, provided that such form is reasonably acceptable to Purchaser and permitted under the Contract or rules governing the relevant Purchaser Employee Plan. For purposes of this Section 7.1(d)(ii), the amount to be transferred shall be adjusted to take into account benefit payments made from the Transferred Employee Plans to the applicable Pension Plan Employees after the Closing Date or Deferred Closing Date, as applicable, but prior to the date of transfer by Seller or its Affiliates (“Interim Pension Payments”). The Interim Pension Payments shall be reasonably determined by the applicable plan’s administrator in accordance with actuarial advice and administrative practice. Any transfer of assets pursuant to this Section 7.1(d)(ii) shall be effected as soon as practicable after the Closing or a Deferred Closing, as applicable, but in any event within one (1) year after the Closing Date or a Deferred Closing Date, as applicable, or, if later, the earliest date that is administratively practicable as reasonably determined by Seller; provided, however, that in no event shall such transfer take place until the receipt of any approval required by any Government Entity.

Section 7.2 Assumed Employee Liabilities.

(a) Except as required by applicable Law and subject to Section 7.1(a)(ix), the Seller Parties shall remain responsible for paying any Liabilities concerning the Employees (including the Transferred Employees) and former Employees arising out of any act or omission occurring prior to and through the Closing Date or Deferred Closing Date, as applicable, and Purchaser shall assume and be responsible for paying any Liabilities concerning the Employees (including the Transferred Employees) arising out of any act or omission occurring after the Closing Date or Deferred Closing Date, as applicable; provided, that, except as otherwise set forth in this Agreement, (I) the Seller Parties shall remain responsible for paying, and shall

indemnify Purchaser against, any Liabilities concerning the Employees (including the Transferred Employees) and former Employees arising out of any act or omission occurring prior to the Agreed Time, and (II) Purchaser shall be responsible for paying, and indemnify the Seller Parties against, any Liabilities concerning the Employees (including the Transferred Employees) arising out of any act or omission occurring on or after the Agreed Time (other than (x) all Liabilities (or the portion thereof) to the extent accrued as a Liability in the calculation of any "Economic True-Up," as defined in Schedule A, and (y) any claim for severance, any statutory, contractual or common law termination pay, pay in lieu of notice of termination and any other compensation or benefits to which the applicable Transferred Employee may be entitled upon a termination of employment under any Law, plan, policy, practice or agreement in effect at the time of such termination of employment ("Termination Benefits") to which the Transferred Employee may be entitled to as a result of the Closing or Deferred Closing, as applicable, that would have been an obligation of Seller under this Agreement or applicable Laws but for this clause (II)). In addition, except as required by applicable Law and subject to Section 7.1(a)(ix), the Seller Parties shall remain responsible for paying, and shall indemnify Purchaser against, any Liabilities concerning any Employee (A) who refuses or objects to transfer to Purchaser in a jurisdiction where local Laws provide the Employee with the right to refuse or object to transfer to Purchaser or (B) who rejects an offer of employment with Purchaser (so long as the offer of employment by Purchaser complies with the requirements of Section 7.1(a)(ii)). Purchaser shall assume and be responsible for any Liabilities first arising out of or related to (I) any Transferred Employee's post-Closing or Deferred Closing, as applicable, employment or termination of employment with Purchaser or any of its Affiliates after his or her Effective Hire Date (including any Termination Benefits); (II) Purchaser's or any of its Affiliates' failure to provide any required notice of continued employment or to offer employment, as applicable, to any Employee pursuant to Section 7.1(a)(i) or (ii) (including where the process by which an offer is made is not consistent with the requirements of applicable Law); (III) any claim for termination of employment (including any claim or Liability for severance, any statutory, contractual or common law termination pay, pay in lieu of notice of termination and any other compensation or benefits to which the applicable Employee may be entitled upon a termination of employment under any plan, policy, practice or agreement) of any Employee (other than a Selected Employee) who is not offered employment on the Minimum Terms and Conditions of Employment by Purchaser and/or one of its Affiliates pursuant to Section 7.1(a)(ii); (IV) violation by Purchaser or any of its Affiliates of any Law or agreement, including any employee contracts, with respect to any Transferred Employee; (V) any Purchaser Employee Plan or Transferred Employee Plan, whether such Liabilities arise prior to, on or after the Closing; and (VI) failure to assume any employment contracts with Employees who will transfer in accordance with the Acquired Rights; provided, that, subject to Section 7.1(a)(ix), Seller shall assume and be responsible for any such claims and Liabilities discussed in this Section 7.2(a) if Seller has failed to timely provide Purchaser with all information reasonably necessary for Purchaser to satisfy its obligations under this Article VII.

(b) Except as otherwise set forth in this Article VII, Purchaser shall indemnify, defend and hold harmless Seller and any of its Affiliates from and against, and promptly pay Seller for, any Liabilities imposed on Seller or any of its Affiliates resulting from the violation of the Acquired Rights or other local Laws by Purchaser or its Affiliates (including, but not limited to, any failure to provide Seller and any of its Affiliates with any proposed measures in relation

to the treatment of Employees who will transfer in accordance with the Acquired Rights), and Seller shall indemnify, defend and hold harmless Purchaser and any of its Affiliates from and against, and promptly pay Purchaser for, any Liabilities imposed on Purchaser or any of its Affiliates resulting from the violation of the Acquired Rights or other local Laws by Seller or its Affiliates. To the extent, due to the Acquired Rights or other applicable local Laws or otherwise, Seller or any of its Affiliates incurs any Liabilities sustained or incurred by the affected Person that would otherwise be assumed by Purchaser under Section 7.2(a), Purchaser shall indemnify, defend and hold harmless Seller or such Affiliate, as applicable, from and against, and promptly pay Seller for, such Liability.

(c) If any Person other than a Transferred Employee claims that as a result of the transaction contemplated by this Agreement his contract of employment has transferred to Purchaser pursuant to the Acquired Rights or otherwise, the following process shall be followed:

- (i) Purchaser shall notify Seller in writing within seven (7) days of becoming aware of such claim ("Notification");
- (ii) Purchaser may, at its option, within seven (7) days of "Notification" accept such Person's claim and continue to employ them on terms similar to those which would have applied had such Person transferred as a Transferred Employee;
- (iii) within 21 days of Notification, provided Purchaser has not already confirmed that it is prepared to accept such Person's claim, Seller may make, or may procure a Third Party to make, an offer of employment to such Person (in which case, Purchaser agrees at Seller's request to release such Person immediately from its employment); and
- (iv) if no such offer is made, or is made and not accepted, Seller agrees to indemnify Purchaser against any Liabilities arising from the dismissal of such Person (including the cost of providing salary and contractual benefits up to and including the date of such dismissal) provided any dismissal takes effect within 42 days of Notification (or, if applicable, within the period of time required by local Law) and on the minimum notice which can lawfully be given.

(d) In the event that Purchaser's offer of employment to, or employment during the Continuation Period of, a Transferred Employee in accordance with the Minimum Terms and Conditions of Employment triggers any right to severance, any statutory, contractual or common law termination pay, pay in lieu of notice of termination or any other compensation or benefits to which a Transferred Employee may be entitled upon a termination of employment under any Law, plan, policy practice or agreement that covers such Transferred Employee (collectively, "Severance Payments") that is payable by Seller or any of its Affiliates, Purchaser shall indemnify and hold Seller and its Affiliates harmless from any such Liability that arises in connection with such right; provided, that Purchaser shall have no such obligation to indemnify

and hold Seller and its Affiliates harmless from any such Liability if Seller has failed to timely provide Purchaser with all information reasonably necessary for Purchaser to satisfy its obligations under this Article VII, and likewise, that Purchaser shall have no such obligation to indemnify and hold Seller and its Affiliates harmless from any such Liability if Seller has failed to timely provide Purchaser with all information necessary for Purchaser to comply with local Laws setting forth information, notice or consultation requirements with trade unions, works' councils, employees and/or employee representative bodies in connection with the Transactions as required by applicable local Law. To the extent that Purchaser does have an obligation to indemnify Seller, Seller shall provide Purchaser with a written notice not less than thirty (30) Business Days prior to the date of payment (the "Severance Payment Date") of any Severance Payments payable to the Transferred Employees, setting forth its good faith estimate of the aggregate Severance Payments to be paid to the applicable Transferred Employees as of the date of such notice (the "Estimated Severance Payment Amount"). Purchaser shall deliver to Seller, not less than five (5) Business Days prior to the Severance Payment Date, an amount in cash equal to the Estimated Severance Payment Amount. Within ten (10) Business Days after the Severance Payment Date, Seller shall prepare, or cause to be prepared, in good faith and deliver to Purchaser a statement (the "Severance Payment Statement") setting forth and calculating in reasonable detail the aggregate Severance Payments actually paid by Seller or any of its Affiliates (the "Actual Severance Payment Amount") on the Severance Payment Date to the applicable Transferred Employees as of the relevant date (accompanied by reasonable support therefor). If: (a) the Actual Severance Payment Amount is greater than the Estimated Severance Payment Amount, then Purchaser shall pay to Seller an amount equal to such excess; (b) the Estimated Severance Payment Amount is greater than the Actual Severance Payment Amount, then Seller shall pay to Purchaser an amount equal to such excess; or (c) the Estimated Severance Payment Amount is equal to the Actual Severance Payment Amount, then no payment will be made by either Seller or Purchaser. Any such payment made pursuant to this Section 7.2(d) shall be paid promptly (and in any event within 15 Business Days) after the delivery by Seller to Purchaser of the Severance Payment Statement, in cash in U.S. dollars, by wire transfer of immediately available federal funds to such bank account as shall be designated in writing by the recipient of such funds.

(e) Notwithstanding anything to the contrary in this Agreement, the Parties agree that any payments expressly set forth in Section 7.2(e)(i) of the Seller Disclosure Schedule shall be treated as, but not deemed, "Severance Payments" for purposes of, and Seller and its Affiliates shall be indemnified and held harmless by Purchaser in accordance with, the payment mechanics of Section 7.2(d). Further, Seller expressly agrees to assume the liability for payments set forth on Section 7.2(e)(ii) of the Seller Disclosure Schedule.

Section 7.3 Other Employee Matters.

(a) Seller and Purchaser agree to cooperate to coordinate all employee-related Tax withholdings and reporting for the year in which the Closing or a Deferred Closing, as applicable, occurs.

(b) After the Original Execution Date, upon reasonable advance written notice, Seller shall reasonably cooperate with Purchaser and assist Purchaser and its Affiliates in its communications with the Employees; provided that such cooperation shall be conducted at

Purchaser's expense and in such manner as not to interfere with the normal operations of Sellers and its Affiliates. If requested, Purchaser shall reasonably cooperate with the Seller Parties in respect of the development and distribution of any announcement and communication to the employees of the Seller Parties, including Employees, with respect to this Agreement or any of the Transactions; provided that such cooperation shall be conducted at the Seller Parties' expense.

(c) Prior to the Closing (or, if applicable, the Deferred Employee Transfer Date), (i) Seller and its Affiliates shall use commercially reasonable efforts to comply with any Law or other legal requirement (whether statutory or pursuant to any written agreement with, or the constitution of, any works council or other employee body), to consult with any Employees, a relevant trade union, a relevant works council or any other employee representatives in relation to the Transactions, including the obligation to inform and consult with the Employees and their representatives pursuant to the Acquired Rights, (ii) Purchaser and its Affiliates shall use commercially reasonable efforts to provide Seller with such information as Seller may reasonably request as is necessary to effectuate clause (i), and (iii) the Parties shall use commercially reasonable efforts to ensure that all relevant information and consultation with representatives of Employees who will transfer in accordance with the Acquired Rights takes place in good time.

(d) Prior to the Closing (or, if applicable, the Deferred Employee Transfer Date), Purchaser undertakes to keep the Employee Information in confidence including the following actions:

- (i) Purchaser shall restrict the disclosure of the Employee Information only to such of its respective employees, agents and advisors as is necessary for the purposes of complying with its obligations pursuant to this Agreement (and/or implementing the Transactions);
- (ii) the Employee Information shall not be used except for the purposes of complying with the obligations of Purchaser pursuant to this Agreement (and/or implementing the Transactions) and shall be returned to Seller or destroyed, at Seller's election, if this Agreement is terminated; and
- (iii) Purchaser shall use its commercially reasonable efforts to comply with such additional obligations with respect to the confidential treatment of Employee Information as may be reasonably required in any particular jurisdiction to comply with any applicable data privacy Laws.

(e) Purchaser and Seller shall reasonably cooperate with each other to provide for an orderly transition of the Transferred Employees from Seller and the Other Sellers to Purchaser and to minimize the disruption to the respective businesses of the Parties resulting from the Transactions.

(f) To the extent required by applicable Law or reasonably requested by Seller or Purchaser in order to give effect to the intentions of this Article VII, Seller and Purchaser (or their respective Affiliates, as applicable), will enter into mutually acceptable tripartite, employer substitution or similar agreements to provide for the transfer of Employees to Purchaser and/or one of its Affiliates.

(g) During the Non-Solicitation Period, without Seller's advance written consent or as expressly permitted by this Agreement or as otherwise required by applicable Law, Purchaser shall not, and shall not permit its Affiliates to, either directly or indirectly, either individually or acting in concert with another Person or Persons, solicit for employment or any similar arrangement, or hire, or assist any other Person in hiring, or otherwise use or solicit the services of (i) any of the employees of Seller or any of its Affiliates, or (ii) any former employees of Seller or any of its Affiliates until such time as the individual has not been employed by or provided services to, as applicable, Seller or any of its Affiliates for a continuous six (6) month period; provided, however, that nothing in this Section 7.3(g) shall prevent Purchaser from (x) conducting generalized employment searches, including placing *bona fide* public advertisements, that are not specifically targeted at such employees or former employees of Seller or any of its Affiliates or (y) hiring such employees or former employees of Seller or any of its Affiliates identified through such employment searches.

(h) During the Non-Solicitation Period, without Purchaser's advance written consent, Seller shall not, and shall not permit its Affiliates to, either directly or indirectly, either individually or acting in concert with another Person or Persons, solicit for employment or any similar arrangement, or hire, or assist any other Person in hiring, or otherwise use or solicit the services of (i) any of the employees of the Business, or (ii) any former employee of the Business until such time as the individual has not been employed by or provided services to the Business for a continuous six (6) month period; provided, however, that nothing in this Section 7.3(h) shall prevent Seller from (x) conducting generalized employment searches, including placing *bona fide* public advertisements, that are not specifically targeted at such employees or former employees of the Business, (y) hiring such employees or former employees of the Business identified through such employment searches, except that under no circumstances shall Seller hire any Selected Employee who becomes employed by Purchaser prior to the 12 month anniversary of the Closing Date or Deferred Closing Date, as applicable without Purchaser's prior written consent unless such Person has been terminated by Purchaser or an Affiliate of Purchaser without cause, as determined by Purchaser or an Affiliate of Purchaser or (z) hiring or continuing to employ individuals who are employees of the Business as of the Closing Date but who do not become Transferred Employees.

(i) Purchaser and Seller acknowledge and agree that all provisions contained in this Article VII with respect to Transferred Employees are included for the sole benefit of Purchaser and Seller. Nothing in this Agreement, whether express or implied, shall (i) create any third party beneficiary or other rights in any other Person, including any current or former employees of Purchaser, Seller or their respective Affiliates, any participant in any Purchaser Employee Plan or the Seller Employee Plan, or any dependent or beneficiary thereof or (ii) require Purchaser, Seller or any respective Affiliate to continue any Purchaser Employee Plan or the Seller Employee Plan or prevent or require or constitute or be construed as the amendment, modification or termination thereof, except as specifically set forth herein.

CONDITIONS TO THE CLOSING

Section 8.1 Conditions to Each Party's Obligation. The obligations of the Parties to effect the Closing are subject to the satisfaction (or waiver), at or prior to the Closing, of each of the following conditions:

- (a) Required Approvals. All Required Approvals shall have been obtained or any applicable waiting period thereunder shall have been terminated or shall have expired.
- (b) Settlement and Sale Order. The Settlement and Sale Order shall have been entered by the Bankruptcy Court and shall not be subject to a stay or have been vacated or reversed.
- (c) No Prohibition. No Law shall be in effect prohibiting the consummation of the Transactions in any Material Jurisdiction.
- (d) Plan Consummation. All of the conditions to the Effective Date (as defined in the Plan of Reorganization) have been satisfied or waived in accordance with their terms (other than the conditions that are to be satisfied on the Effective Date).

Section 8.2 Conditions to Seller's Obligation. The obligation of Seller to effect the Closing is subject to the satisfaction (or waiver), at or prior to the Closing, of each of the following conditions:

(a) Representations and Warranties. The representations and warranties of Purchaser set forth in Article IV (*Representations and Warranties of Purchaser*) shall be true and correct as of the Original Execution Date and as of the Closing Date as though made on and as of such date and time (except to the extent that any such representation and warranty expressly speaks as of an earlier date, in which case such representation and warranty shall be true and correct as of such earlier date), except where the failure of any of such representations and warranties to be so true and correct, individually or in the aggregate, would not prevent, impede or materially delay Purchaser's ability to effect the Closing or to perform its obligations under this Agreement and the Ancillary Agreements.

(b) Covenants. Each of the covenants and agreements of Purchaser contained in this Agreement that are to be performed at or prior to the Closing shall have been duly performed in all material respects.

(c) Closing Certificate. Seller shall have received a certificate signed by an authorized officer of Purchaser certifying as to the satisfaction of the conditions set forth in Section 8.2(a) and Section 8.2(b).

(d) Closing Deliverables. Seller shall have received those deliverables required to be delivered by Purchaser as set forth in Section 2.4, including each of the Ancillary Agreements required to be executed and delivered at the Closing, which shall be in final agreed form between the Parties.

(e) UK Pension Approvals. The RAA Deed and the Clearance Application shall have been approved by the Pension Regulator of the United Kingdom and shall not be subject to appeal or have been vacated or reversed, and the Pension Protection Fund shall have issued the PPF Non-Objection.

(f) Assignment. Purchaser shall have assigned all of its rights and obligations under this Agreement to one or more Purchaser Required Assigns to the extent required by Section 11.4; provided, however, that Purchaser shall not be required to assign the Trademark License Agreements to a Purchaser Assign and may enter into the Trademark License Agreements itself if consented to by Seller, such consent not to be unreasonably withheld, conditioned or delayed.

Section 8.3 Conditions to Purchaser's Obligation. The obligation of Purchaser to effect the Closing is subject to the satisfaction (or waiver), at or prior to the Closing, of each of the following conditions:

(a) Representations and Warranties. The representations and warranties of Seller set forth in Article III (*Representations and Warranties of Seller*) shall be true and correct (without giving effect as to any "materiality" or "Material Adverse Effect" qualifier) as of the Original Execution Date and as of the Closing Date as though made on and as of such date and time (except to the extent that any such representation and warranty expressly speaks as of an earlier date, in which case such representation and warranty shall be true and correct as of such earlier date), except where the failure of such representations and warranties of Seller to be so true and correct would not reasonably be expected, individually or in the aggregate, to have a Material Adverse Effect.

(b) Covenants. Each of the covenants and agreements of Seller contained in this Agreement that are to be performed at or prior to the Closing shall have been duly performed, except where the failure of Seller to perform such covenants and agreements would not reasonably be expected, individually or in the aggregate, to have a Material Adverse Effect.

(c) Closing Certificate. Purchaser shall have received a certificate signed by an authorized officer of Seller certifying as to the satisfaction of the conditions set forth in Section 8.3(a) and Section 8.3(b).

(d) Closing Deliverables. Purchaser shall have received those deliverables required to be delivered by Seller as set forth in Section 2.5, including each of the Ancillary Agreements required to be executed and delivered at the Closing, which shall be in final agreed form between the Parties.

(e) UK Pension Approvals. The RAA Deed shall have been approved by the Pension Regulator of the United Kingdom and shall not have been vacated or reversed.

(f) Material Adverse Effect. Since the Original Execution Date, there shall not have occurred a Material Adverse Effect.

TERMINATION

Section 9.1 Termination. This Agreement may be terminated at any time prior to the Closing:

(a) by mutual written consent of the Parties;

(b) by either Party, by giving written notice to the other Party:

- (i) if the Settlement Agreement has been terminated in accordance with its terms; provided, however, that the right to terminate this Agreement under this Section 9.1(b)(i) shall not be available to any Party whose failure to fulfill any of such Party's obligations under the Settlement Agreement has caused or resulted in such termination;
- (ii) if any Government Entity shall have issued an Order or taken any other action permanently restraining, enjoining or otherwise prohibiting the Transactions and such Order or other action shall have become final and non-appealable; provided, however, that the right to terminate this Agreement under this Section 9.1(b)(ii) shall not be available to any Party whose failure to fulfill any of such Party's obligations under this Agreement has caused or resulted in such Order; or
- (iii) if the Closing does not take place on or prior to October 2, 2013 (the "Outside Date"); provided, however, that the right to terminate this Agreement under this Section 9.1(b)(iii) shall not be available to any Party whose failure to fulfill any of such Party's obligations under this Agreement has caused or resulted in the failure of the Closing to occur prior to the Outside Date.

(c) by Purchaser if (i) there has been a breach of any representation, warranty, covenant or agreement made by Seller in this Agreement, or any such representation and warranty shall have become untrue after the Original Execution Date, such that the conditions set forth in Section 8.3(a) or Section 8.3(b) would not be satisfied and such breach or condition is not curable or, if curable, is not cured prior to the earlier of (x) 30 days after written notice thereof is given by Purchaser to Seller and (y) one Business Day prior to the Outside Date; provided, however, that Purchaser is not then in breach of this Agreement so as to cause any of the conditions set forth in Section 8.1 and Section 8.2 not to be satisfied or (ii) (A) all of the conditions set forth in Section 8.1 and Section 8.2 (excluding conditions that, by their nature, are to be satisfied at the Closing) have been satisfied or waived and (B) Seller has failed to effect the Closing on the date the Closing is required to have occurred pursuant to Section 2.3; or

(d) by Seller if (i) there has been a breach of any representation, warranty, covenant or agreement made by Purchaser in this Agreement, or any such representation and warranty shall have become untrue after the Original Execution Date, such that the conditions set forth in Section 8.2(a) or Section 8.2(b) would not be satisfied and such breach or condition is not curable or, if curable, is not cured prior to the earlier of (x) 30 days after written notice thereof is given by Seller to Purchaser and (y) one Business Day prior to the Outside Date; provided, however, that Seller is not then in breach of this Agreement so as to cause any of the conditions set forth in Section 8.1 and Section 8.3 not to be satisfied or (ii) (A) all of the conditions set forth in Section 8.1 and Section 8.3 (excluding conditions that, by their nature, are to be satisfied at the Closing) have been satisfied or waived and (B) Purchaser has failed to effect the Closing on the date the Closing is required to have occurred pursuant to Section 2.3.

Section 9.2 Effects of Termination.

(a) If this Agreement is terminated pursuant to Section 9.1, all further obligations of the Parties under or pursuant to this Agreement shall terminate without further liability of any Party to the other except for the provisions of Section 5.5 (*Public Announcements*), Section 5.9 (*Transaction Expenses*), Section 5.10 (*Confidentiality*), Section 6.1 (*Transfer Taxes*), Section 6.2 (*Withholding Taxes*), Section 7.2(e) (*Other Employee Matters*), Section 9.1 (*Termination*), this Section 9.2 (*Effects of Termination*) and Article XI (*Miscellaneous*); provided that neither the termination of this Agreement nor anything in this Section 9.2 shall relieve any Party from liability for any breach of this Agreement or bad faith conduct occurring before or in connection with the termination hereof.

Article X

SURVIVAL; INDEMNIFICATION

Section 10.1 Survival. No representations, warranties, covenants or agreements in this Agreement or in any instrument delivered pursuant to this Agreement (other than the Ancillary Agreements) shall survive beyond the Closing Date, except for covenants and agreements that by their terms are to be satisfied on or after the Closing Date, which covenants and agreements shall survive until satisfied in accordance with their terms; provided, that any covenant that is intended to be performed during the period after the Original Execution Date until the Closing or a Deferred Closing (even if the terms of such covenant do not specify a period of performance) shall continue to survive until the Closing or such Deferred Closing, as applicable. No claim for indemnification may be asserted against any Party for breach of any covenant or agreement contained herein unless written notice of such claim is received by such Party describing in reasonable detail the facts and circumstances with respect to the subject matter of such claim on or prior to the date on which the covenant or agreement on which such claim is based ceases to survive as set forth in this Section 10.1. Notwithstanding the foregoing, any such claim for indemnification for which notice has been given prior to the date on which the covenant or agreement on which such claim is based ceases to survive as set forth in this Section 10.1 may be prosecuted to conclusion (and such Party seeking indemnification shall be entitled to be indemnified for all Losses related thereto, subject to the other limitations contained in this Article X) notwithstanding the subsequent expiration of such period.

Section 10.2 Indemnification by Purchaser. From and after the Closing, Purchaser shall indemnify, defend and hold harmless each Seller Party, its Affiliates (other than the Transferred Subsidiary), and its directors, officers, shareholders, partners, members, agents, representatives and employees and their heirs, successors and permitted assigns, each in their capacity as such (the "Seller Indemnified Parties") from, against and in respect of any Losses, whether in respect of Third Party Claims, claims between the parties hereto, or otherwise but excluding Indirect Losses (subject to the limitations set forth herein, "Indemnified Losses"), arising out of or related to (a) the breach of or default in the performance by Purchaser of any covenant, agreement or obligation to be performed by Purchaser pursuant to this Agreement after Closing or (b) the Assumed Liabilities.

Section 10.3 Indemnification by Seller. From and after the Closing, Seller shall, jointly and severally, and each of the Other Sellers, severally and solely with respect to its own actions, circumstances and breaches (and solely to the extent such action, circumstance or breach is the cause of such Indemnified Loss), shall indemnify, defend and hold harmless Purchaser and each of its Affiliates, directors, officers, shareholders, partners, members, agents, representatives and employees and their heirs, successors and permitted assigns (the "Purchaser Indemnified Parties" and, together with the Seller Indemnified Parties, the "Indemnified Parties") from, against and in respect of any Indemnified Losses arising out of or related to (a) the breach of or default in the performance by Seller of any covenant, agreement or obligation to be performed by Seller pursuant to this Agreement after Closing or (b) the Excluded Liabilities; provided, however, that from and after the execution and delivery of any BFN Local Transfer Agreement following the acceptance of the relevant BFN Irrevocable Offer, any Liabilities assumed by Purchaser or its designated Foreign Acquisition Entity pursuant to such BFN Local Transfer Agreement shall not be Excluded Liabilities for the purpose of this Section 10.3.

Section 10.4 Indemnification Procedures.

(a) In the event that any written claim or demand for which an indemnifying party (an "Indemnifying Party") may have liability to any Indemnified Party hereunder is asserted against or sought to be collected from any Indemnified Party by a Third Party (a "Third Party Claim"), such Indemnified Party shall promptly, but in no event more than 30 days following such Indemnified Party's receipt of a Third Party Claim, notify the Indemnifying Party in writing of such Third Party Claim (a "Claim Notice"); provided, however, that the failure to give a Claim Notice within 30 days shall affect the rights of an Indemnified Party hereunder only to the extent that such failure has a prejudicial effect on the defenses or other rights available to the Indemnifying Party with respect to such Third Party Claim. The Indemnifying Party shall have 30 days (or such lesser number of days set forth in the Claim Notice as may be required by court proceeding in the event of a litigated matter) after receipt of the Claim Notice (the "Notice Period") to notify the Indemnified Party that it desires to defend the Indemnified Party against such Third Party Claim.

(b) In the event that the Indemnifying Party notifies the Indemnified Party within the Notice Period that it desires to defend the Indemnified Party against a Third Party

Claim, the Indemnifying Party shall have the right to defend the Indemnified Party by appropriate proceedings and shall have the sole power to direct and control such defense at its expense. Once the Indemnifying Party has duly assumed the defense of a Third Party Claim, the Indemnified Party shall have the right, but not the obligation, to participate in any such defense and to employ separate counsel of its choosing. The Indemnified Party shall participate in any such defense at its expense unless (i) the Indemnified Party shall have reasonably concluded that representation of the Indemnified Party's interests by the Indemnifying Party's counsel would be inappropriate due to actual or potential differing interests between them or (ii) the Indemnified Party assumes the defense of a Third Party Claim after the Indemnifying Party has failed to diligently pursue a Third Party Claim it has assumed, as provided in the first sentence of Section 10.4(c), in which case the Indemnifying Party shall pay the expenses of the Indemnified Party's counsel. The Indemnifying Party shall not, without the prior written consent of the Indemnified Party, settle, compromise or offer to settle or compromise any Third Party Claim on a basis that would result in (i) the imposition of a consent order, injunction or decree that would restrict the future activity or conduct of the Indemnified Party or any of its Affiliates, (ii) a finding or admission of a violation of Law (except Tax Law) or violation of the rights of any Person by the Indemnified Party or any of its Affiliates or (iii) any monetary liability of the Indemnified Party that will not be promptly paid or reimbursed by the Indemnifying Party.

(c) If the Indemnifying Party (i) elects not to defend the Indemnified Party against a Third Party Claim, whether by not giving the Indemnified Party timely notice of its desire to so defend or otherwise, (ii) the Third Party Claim seeks injunctive relief that would restrict the future activity or conduct of the Indemnified Party or any of its Affiliates or (iii) after assuming the defense of a Third Party Claim, fails to take reasonable steps necessary to defend diligently such Third Party Claim within ten (10) days after receiving written notice from the Indemnified Party to the effect that the Indemnifying Party has so failed, the Indemnified Party shall have the right but not the obligation to assume its own defense; it being understood that the Indemnified Party's right to indemnification for a Third Party Claim shall not be adversely affected by assuming the defense of such Third Party Claim. The Indemnified Party shall not settle a Third Party Claim without the consent of the Indemnifying Party, which consent shall not be unreasonably withheld, conditioned or delayed. The Party controlling the defense of any Third Party Claim shall, at the reasonable request of the non-controlling party, inform the non-controlling party of the status of such Third Party Claim.

(d) The Indemnified Party and the Indemnifying Party shall cooperate in order to ensure the proper and adequate defense of a Third Party Claim, including by providing access to each other's relevant business records and other documents, and employees; it being understood that the costs and expenses of the Indemnified Party relating thereto shall be Losses.

(e) The Indemnified Party and the Indemnifying Party shall use reasonable best efforts to avoid production of confidential information (consistent with applicable Law), and to cause all communications among employees, counsel and others representing any party to a Third Party Claim to be made so as to preserve any applicable attorney-client or work-product privileges.

Section 10.5 Adjustments to Losses.

(a) Insurance. In calculating the amount of any Loss, the proceeds actually received by the Indemnified Party or any of its Affiliates under any insurance policy or pursuant to any claim, recovery, settlement or payment by or against any other Person in each case relating to the Third Party Claim or the Direct Claim, net of any actual costs, expenses or premiums incurred in connection with securing or obtaining such proceeds, shall be deducted, except to the extent that the adjustment itself would excuse, exclude or limit the coverage of all or part of such Loss. In the event that an Indemnified Party has any rights against a Third Party with respect to any occurrence, claim or loss that results in a payment by an Indemnifying Party under this Article X, such Indemnifying Party shall be subrogated to such rights to the extent of such payment; provided that until the Indemnified Party recovers full payment of the Loss related to any such Direct Claim, any and all claims of the Indemnifying Party against any such Third Party on account of said indemnity payment is hereby expressly made subordinate and subject in right of payment to the Indemnified Party's rights against such Third Party. Without limiting the generality or effect of any other provision hereof, each Indemnified Party and Indemnifying Party shall duly execute upon request all instruments reasonably necessary to evidence and perfect the subrogation and subordination rights detailed herein, and otherwise cooperate in the prosecution of such claims.

(b) Taxes. Any amount of any Loss for which reimbursement or indemnification is provided under Article VI (*Tax Matters*), Article VII (*Employment Matters*) or this Article X shall be (i) decreased by any Tax benefit actually realized as a decrease in Taxes payable by the Indemnified Party (or any Affiliate thereof) as a result of the incurrence or payment of any such Loss (including as a result of the facts, matters, events or circumstances giving rise to such Losses), and (ii) increased by any Tax cost actually incurred as an increase in Taxes payable by the Indemnified Party (or any Affiliate thereof) as a result of the receipt or accrual of the indemnification payment so that the amount received by the Indemnified Party (or Affiliate) is the amount which it would have received had the Tax cost not been incurred. For purposes of this Section 10.5(b), the Seller Parties and Purchaser shall reasonably cooperate in good faith as to the amounts of any adjustments pursuant to (i) and (ii) of the preceding sentence.

(c) Reimbursement. If an Indemnified Party recovers an amount from a Third Party in respect of a Loss that is the subject of indemnification hereunder after all or a portion of such Loss has been paid by an Indemnifying Party pursuant to this Article X, the Indemnified Party shall promptly remit to the Indemnifying Party the excess (if any) of (i) the amount paid by the Indemnifying Party in respect of such Loss, plus the amount received from the Third Party in respect thereof, less (ii) the full amount of Loss.

(d) Mitigation. Each Indemnified Party shall use its commercially reasonable efforts to mitigate any indemnifiable Loss. In the event an Indemnified Party fails to use commercially reasonable efforts to mitigate an indemnifiable Loss, the Indemnifying Party shall have no liability for any portion of such Loss that reasonably would have been avoided had the Indemnified Party made such efforts.

(e) Payments under Schedule A. With respect to any Liability (i) that is an Assumed Liability for which the Seller Indemnified Parties would be entitled to indemnification

under Section 10.2 and (ii) in respect of which Seller or any of its Affiliates has made a payment that is reflected in the calculation of any “Economic True-Up” as described in Schedule A, the Parties agree that no Indemnified Loss shall have been incurred by a Seller Indemnified Party to the extent of such payment.

Article XI

MISCELLANEOUS

Section 11.1 Remedies. No failure to exercise, and no delay in exercising, any right, remedy, power or privilege under this Agreement by any Party will operate as a waiver of such right, remedy, power or privilege, nor will any single or partial exercise of any right, remedy, power or privilege under this Agreement preclude any other or further exercise of such right, remedy, power or privilege or the exercise of any other right, remedy, power or privilege.

Section 11.2 No Third Party Beneficiaries. This Agreement is for the sole benefit of the Parties and their permitted assigns and nothing herein, express or implied, is intended to or shall confer upon any other Person any legal or equitable right, benefit or remedy of any nature whatsoever under or by reason of this Agreement.

Section 11.3 Consent to Amendments; Waivers. No Party shall be deemed to have waived any provision of this Agreement or any of the other Ancillary Agreements unless such waiver is in writing, and then such waiver shall be limited to the circumstances set forth in such written waiver. This Agreement shall not be amended, altered or qualified except by an instrument in writing signed by all the parties hereto or thereto, as the case may be.

Section 11.4 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the Parties and their respective successors, legal representatives and permitted assigns. No Party may assign any of its rights or delegate any of its obligations or novate any of its rights or obligations under this Agreement, by operation of Law or otherwise, without the prior written consent of the other Party (other than as provided in this Section 11.4). Notwithstanding the foregoing sentence, prior to Closing and following written notice to Seller no later than one (1) Business Day prior to the effective date of the assignment and/or novation, Purchaser shall assign and/or novate all of its rights and obligations under this Agreement, effective at Closing, to one or more direct or indirect wholly-owned Subsidiaries of Purchaser (each such entity, a “Purchaser Required Assign” and such assignment and/or novation, a “Required Transfer”) and shall cause the Purchaser Required Assign to execute and deliver the Ancillary Agreements at Closing; provided, that (a) a Required Transfer does not delay or impede the consummation of the Transactions or impair the rights of any Seller Party under this Agreement or any Ancillary Agreements, (b) a Required Transfer does not result in additional Taxes being imposed on the Seller Parties or being withheld from the Purchase Price payable hereunder and (c) each Purchaser Required Assign shall be jointly and severally liable for all obligations under this Agreement and the Ancillary Agreements. In the event that Purchaser does not deliver prior to the Closing written notice in accordance with the preceding sentence in relation to any of its rights and obligations under this Agreement, the Parties acknowledge and agree that, to the extent consistent with clauses (a), (b) and (c) above in this Section 11.4, Purchaser shall be deemed to have made an assignment of such rights and obligations under the

Agreement, effective at Closing, to Purchaser's wholly-owned subsidiary, KPP Holdco (and KPP Holdco hereby accepts such assignment), and KPP Holdco shall thereafter be the Purchaser Required Assign and such assignment shall be a Required Transfer for all purposes hereunder. For the avoidance of doubt, to the extent that Purchaser does deliver prior to Closing written notice to Seller in relation to any of Purchaser's rights and obligations, the direct or indirect wholly-owned Subsidiary or Subsidiaries of Purchaser named therein shall be the Purchaser Required Assign in relation to such rights and obligations and such assignment shall be a Required Transfer for all purposes hereunder. Following the Required Transfers, a Purchaser Required Assign shall not assign any of its rights or delegate any of its obligations under this Agreement or novate any of its rights or obligations under this Agreement, by operation of Law or otherwise, without the prior written consent of Seller, provided that a Purchaser Required Assign may, following notice in writing to Seller no later than one (1) Business Day prior to the effective date of the assignment, delegation or novation (which notice may be provided with the notice set forth in the first sentence of this Section 11.4), assign, delegate or novate all or some of its rights or obligations under this Agreement to any direct or indirect wholly-owned subsidiary of a Purchaser Required Assign (each such entity a "Purchaser Permitted Assign") and together with each Purchaser Required Assign, a "Purchaser Assign", and each such assignment, delegation or novation a "Permitted Transfer"; provided, further, that (x) all Purchaser Required Assigns remain jointly and severally liable with such Purchaser Permitted Assignee for all obligations of the Purchaser Required Assigns under this Agreement, (y) such Permitted Transfer does not delay or impede the consummation of the Transactions or impair the rights of any Seller Party under this Agreement or any Ancillary Agreements and (z) such Permitted Transfer does not result in additional Taxes being imposed on the Seller Parties or being withheld from the Purchase Price payable hereunder. Any attempted or purported assignment in violation of this Section 11.4 shall be null and void. Notwithstanding anything contained in this Section 11.4 to the contrary, any obligation of any Party to the other Party under this Agreement, which obligation is performed, satisfied or fulfilled completely by an Affiliate of such first Party, other than as a result of a Required Transfer or a Permitted Transfer, shall be deemed to have been performed, satisfied or fulfilled by such Party. The Parties agree that, notwithstanding anything else set forth in this Section 11.4 or in Section 5.6(a), Purchaser, rather than a Purchaser Assign, on Closing may enter into the Trademark License Agreements (or thereafter assign, novate or otherwise transfer the Trademark License Agreements to Purchaser or New Pension Plan or an Affiliate of New Pension Plan) and satisfy such part of the Purchase Price as is allocated to the Trademark License Agreements (in each case on its own behalf) with the consent of Seller, not to be unreasonably withheld, conditioned or delayed.

Section 11.5 Governing Law; Submission to Jurisdiction; Waiver of Jury Trial.

(a) Any questions, claims, disputes, remedies or Actions arising from or related to this Agreement, and any relief or remedies sought by any Parties, shall be governed exclusively by the Laws of the State of New York applicable to contracts made and to be performed in such state and without regard to the rules of conflict of Laws of any other jurisdiction.

(b) To the fullest extent permitted by applicable Law, each Party: (i) agrees that any claim, action or proceeding by such Party seeking any relief whatsoever arising out of, or in connection with, this Agreement or the Transactions shall be brought only in the

Bankruptcy Court, if brought prior to the entry of a final decree closing the Bankruptcy Cases, and in the Federal Courts in the Southern District of New York and the state courts of the State of New York, County of New York (collectively, the "New York Courts"), if brought after entry of a final decree closing the Bankruptcy Cases, and shall not be brought, in each case, in any other court in the United States of America; (ii) agrees to submit to the jurisdiction of the Bankruptcy Court and the New York Courts, as applicable, pursuant to the preceding clause (a) and this clause (b) for purposes of all legal proceedings arising out of, or in connection with, this Agreement or the Transactions; (iii) waives and agrees not to assert any objection that it may now or hereafter have to the laying of the venue of such Action brought in any such court or any claim that any such Action brought in such court has been brought in an inconvenient forum; (iv) agrees that the mailing of process or other papers in connection with any such Action or proceeding in the manner provided in Section 11.6 or any other manner as may be permitted by Law shall be valid and sufficient service thereof; and (v) agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in any other jurisdictions by suit on the judgment or in any other manner provided by applicable Law.

(c) EACH PARTY HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY. EACH PARTY (I) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (II) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT, AS APPLICABLE, BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 11.5(c).

Section 11.6 Notices. All demands, notices, communications and reports provided for in this Agreement shall be in writing and shall be either sent by facsimile transmission with confirmation to the number specified below or personally delivered or sent by reputable overnight courier service (delivery charges prepaid) to any Party at the address specified below, or at such address, to the attention of such other Person, and with such other copy, as the recipient Party has specified by prior written notice to the sending Party pursuant to the provisions of this Section 11.6.

Section 11.7 Exhibits; Seller Disclosure Schedules.

(b) The Seller Disclosure Schedule and the Exhibits attached hereto constitute a part of this Agreement and are incorporated into this Agreement for all purposes as if fully set forth herein.

(c) The disclosure of any matter in one section or subsection of the Seller Disclosure Schedule, as applicable, shall not be deemed to be a disclosure for any other section or subsection of the Seller Disclosure Schedule unless either (i) (x) it is readily apparent on the face of such disclosure (and without reference to the contents of any Contract or document or other materials referenced in such disclosure) that such matter is pertinent to another section or subsection of the Seller Disclosure Schedule and (y) such disclosure is only with respect to Article III, in which case such disclosure shall only modify other disclosure with respect to Article III, or (ii) an express cross-reference to such matter in such section or subsection of the Seller Disclosure Schedule is contained in such other section or subsection of the Seller Disclosure Schedule. The mere inclusion of any item in any section or subsection of the Seller Disclosure Schedule as an exception to any representation or warranty or otherwise shall not be deemed to constitute an admission by Seller or Purchaser, as applicable, or to otherwise imply, that any such item has had or is reasonably likely to have a Material Adverse Effect or otherwise represents an exception or material fact, event or circumstance for the purposes of this Agreement, or that such item meets or exceeds a monetary or other threshold specified for disclosure in this Agreement. The sections or subsections of the Seller Disclosure Schedule are arranged in sections corresponding to the numbered and lettered sections and subsections of this Agreement. Matters disclosed in any section or subsection of the Seller Disclosure Schedule are not necessarily limited to matters that are required by this Agreement to be disclosed therein.

Such additional matters are set forth for informational purposes only and do not necessarily include other matters of a similar nature or impose any duty or obligation to disclose any information beyond what is required by this Agreement, and disclosure of such additional matters shall not affect, directly or indirectly, the interpretation of this Agreement or the scope of the disclosure obligations hereunder. The reference to any Contract or other documents or materials in any section or subsection of the Seller Disclosure Schedule shall be deemed to include all terms and conditions of, and schedules and annexes to, such Contract or other document or materials that have been made available to Seller and its representatives or Purchaser and its representatives, as applicable. Headings inserted in the sections or subsections of the Seller Disclosure Schedule are for convenience of reference only and shall to no extent have the effect of amending or changing the express terms of the sections or subsections as set forth in this Agreement.

Section 11.8 Counterparts. This Agreement may be executed in any number of counterparts, each such counterpart being deemed to be an original instrument, and all such counterparts shall together constitute one and the same agreement.

Section 11.9 Severability. The provisions of this Agreement shall be deemed severable and the invalidity or unenforceability of any provision shall not affect the validity or enforceability of the other provisions hereof. If any provision of this Agreement, or the application thereof to any Person or any circumstance, is invalid or unenforceable, (a) a suitable and equitable provision shall be substituted therefor in order to carry out, so far as may be valid and enforceable, the intent and purpose of such invalid or unenforceable provision and (b) the remainder of this Agreement and the application of such provision to other Persons or circumstances shall not be affected by such invalidity or unenforceability, nor shall such invalidity or unenforceability affect the validity or enforceability of such provision, or the application thereof, in any other jurisdiction.

Section 11.10 Entire Agreement. This Agreement, the Ancillary Agreements and the Confidentiality Agreement set forth the entire understanding of the Parties relating to the subject matter thereof, and all prior or contemporaneous understandings, agreements, representations and warranties, whether written or oral, are superseded by this Agreement, the Ancillary Agreements and the Confidentiality Agreement, and all such prior or contemporaneous understandings, agreements, representations and warranties are hereby terminated. In the event of any irreconcilable conflict between this Agreement and any of the other Ancillary Agreements or the Confidentiality Agreement, the provisions of this Agreement shall prevail, regardless of the fact that certain other Ancillary Agreements may be subject to different governing Laws.

Section 11.11 Availability of Equitable Relief. The Parties agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. Accordingly, each of the Parties shall be entitled to equitable relief to prevent or remedy breaches of this Agreement, without the proof of actual damages, including in the form of an injunction or injunctions or Orders for specific performance in respect of such breaches. Each Party agrees to waive any requirement for the security or posting of any bond in connection with any such equitable remedy. Each Party further agrees that the only permitted objection that it may raise in response to any action for equitable relief is that it contests the existence of a breach or threatened breach of the provisions of this Agreement.

Section 11.12 Bulk Sales Laws. Subject to the entry of the Settlement and Sale Order, each Party waives compliance by the other Party with any applicable bulk sales Law.

Section 11.13 Joint Negotiation. The Parties have participated jointly in negotiating and drafting this Agreement. In the event that an ambiguity or a question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the Parties, and no presumption or burden of proof shall arise favoring or disfavoring any Party by virtue of the authorship of any provision of this Agreement.

Section 11.14 Headings. The table of contents and headings herein are for convenience of reference only, do not constitute part of this Agreement and shall not be deemed to limit or otherwise affect any of the provisions hereof.

Schedule I – Closing Date Transactions

Prior to the Closing Date:

- (a) The amount of the Cash Price to be paid by a Purchaser Assign (in accordance with step (d) below) shall be made available by Purchaser to such Purchaser Assign (via other entities, if applicable) no later than one business day prior to the Closing Date from Purchaser assets.
- (b) Any KPP Notes (as defined below) which are to be delivered to Seller by a Purchaser Assign (in accordance with step (g) below) shall be issued by Purchaser to such Purchaser Assign or issued to another Purchaser subsidiary for onward assignment (via other Purchaser subsidiaries, if applicable) to such Purchaser Assign no later than one business day prior to the Closing Date.

On the Closing Date:

- (c) KL shall pay to Purchaser, in cash an amount equal to between \$120 million and \$300 million (the “KL Cash”) to be applied as (i) payment of the due and unpaid 2012 and 2013 Annual Contributions and (ii) mutually agreed prepayments of the 2014 Annual Contribution and/or other payment obligations of KL to Purchaser under the KPP Recovery Plan and KPP Schedule of Contributions. KL shall source the KL Cash from cash on hand and/or withdrawals from its deposits at KIFL. The amount to be paid by KL and KIFL will leave both companies with prudent minimum liquidity for operations after the Closing Date, recognizing that all Purchaser-related liabilities will be extinguished. Seller shall inform Purchaser of the amount of the KL Cash no later than the fifth business day prior to the Closing Date. The amount of the KL Cash to be paid by a Purchaser Assign (in accordance with step (d) below) shall be made available by Purchaser to such Purchaser Assign (via other Purchaser subsidiaries, if applicable) from the KL Cash paid by KL pursuant to this step (c).
- (d) Purchaser Assign(s) shall pay to Seller (1) (subject to (e) below) the Cash Price, being a portion of the Purchase Price from Purchaser assets made available to such Purchaser Assign(s) in accordance with (a) above and (2) an amount in cash equal to the amount of the KL Cash, being a portion of the Purchase Price made available to such Purchaser Assign(s) in accordance with (c) above.
- (e) KIFL shall issue to the EKC Subsidiary the KIFL Deferred Closing Notes, which notes shall be guaranteed by Seller and shall be transferred to the Purchaser Assign in return for part of the Cash Price. The KIFL Deferred Closing Notes shall have the Closing Date as their issue date and shall not bear interest.
- (f) At Seller’s direction, some of the cash paid by Purchaser Assign(s) in accordance with (d) above may be paid to non-US subsidiaries and (if applicable) the EKC Subsidiary that are selling assets in the transaction, including KL, in accordance with the Purchase Price Allocation Schedule or Section 2.2(c).
- (g) Purchaser Assign(s) shall pay the remaining portion of the Purchase Price by delivering to Seller a note or notes payable from Purchaser of an amount in

aggregate equal to any remaining portion of the Purchase Price (the "KPP Notes"). The KPP Notes will not bear interest and will be settled on the Closing Date after giving effect to the other transactions contemplated hereby. Purchaser would not be required to make any cash payment on the KPP Notes because the settlement of the KPP Notes would be by way of setoff against the obligations of KL to Purchaser under the KPP Recovery Plan and KPP Schedule of Contributions, as explained in (h) below.

- (h) Seller shall receive the KPP Notes and immediately sell them to KL in exchange for (i) any remaining excess cash at KL (leaving KL with prudent minimum liquidity for operations after the Closing Date) and (ii) a receivable from KL bearing interest at a market rate.¹
- (i) KL shall receive the KPP Notes and immediately deliver them to Purchaser as settlement, by way of setoff, of an equal amount of outstanding payment obligations under the KPP Recovery Plan and KPP Schedule of Contributions. Purchaser shall then cancel the KPP Notes.
- (j) The Parties shall take all other actions to be taken at Closing under the Stock and Asset Purchase Agreement on the Implementation Date under the Settlement Agreement.
- (k) Closing shall have occurred.
- (l) The regulated apportionment arrangement and discharge of KL's liabilities to Purchaser contemplated by the RAA Deed shall become effective. All remaining obligations under the KPP shall be assumed by an entity, originally set up by Purchaser but not held by Purchaser at such time, in accordance with that certain Deed of Amendment and Adherence dated the date of this Agreement and the RAA Deed. Such assumption shall not be treated by the Parties as part of the Purchase Price.
- (m) The remaining provisions of the Settlement Agreement shall become effective. All remaining obligations of KL under the KPP Recovery Plan and KPP Schedule of Contributions shall be cancelled in exchange for the issuance by KL to Purchaser of a small amount of ordinary shares of KL. The market value of the ordinary shares shall be low and shall not in any circumstances be equal to or greater than 5% of the total of the cash sums and the market value of the net assets held for the purpose of KPP. Such cancellation shall be treated by the Parties as a release of KL's obligations in exchange for the ordinary shares and will not be treated by the Parties as part of the Purchase Price. Shares issued to Purchaser would be a separate class from the shares held by Seller, and would not be voting.
- (n) In recognition of the settlement and cancellation of KL's obligations to Purchaser pursuant to the foregoing transactions and the regulated apportionment arrangement

¹ The KL receivable to EKC is expected to survive the Closing Date, except as EKC and KL otherwise agree.

(see (l) above), KL will have no further obligations to Purchaser and therefore Seller will have no further obligations to make sure KL has sufficient assets to pay Purchaser under the Guaranty and the Guaranty will be cancelled. Purchaser shall withdraw the KPP Claims and KL shall withdraw its claims against Seller with prejudice.

For the avoidance of doubt, the Cumulative Actual EBITDA of the Business shall be the Cumulative Actual EBITDA of the entire Business, including both the portions of the Business that have been transferred to Purchaser at the Closing and any portions of the Business that continue to be operated by the Seller Parties prior to any Deferred Closing.

II-C Contingent Purchase Price Adjustment

(a) No later than 120 days after each Measurement Date, or as soon thereafter as commercially practicable, Parent shall prepare in good faith and deliver to Seller a statement (the "Adjusted EBITDA Statement") that sets forth Parent's calculation of Cumulative Actual Adjusted EBITDA of the Business for the Measurement Period, prepared in accordance with the Cumulative Adjusted EBITDA Principles, together with audited financial statements of the Business for each year in the Measurement Period.

(b) Thereafter, at the request of Seller, Parent shall give Seller reasonable access during normal business hours to Parent's working papers and any working papers of Parent's independent accountants relating to the preparation of the Adjusted EBITDA Statement, as well as the books and records of Parent that relate to the Business that are relevant to Parent's calculation of Cumulative Actual Adjusted EBITDA of the Business; provided, however, that the independent accountants of Parent shall not be obligated to make any working papers available to Seller unless and until Seller has signed a customary confidentiality and hold harmless agreement relating to such access to working papers in form and substance reasonably acceptable to such independent accountants. In addition, Parent shall make its representatives responsible for and knowledgeable about the information used in, and the preparation and calculation of, the Adjusted EBITDA Statement, reasonably available to answer questions with respect to the contents of the Adjusted EBITDA Statement and Parent's calculation of Cumulative Actual Adjusted EBITDA of the Business.

(c) Seller shall be entitled to dispute the calculation of the Cumulative Actual Adjusted EBITDA of the Business set forth in the Adjusted EBITDA Statement if it delivers a written notice (an "Objection Notice") to Parent within 60 days after delivery of the Adjusted EBITDA Statement (the "Objection Period"). The Objection Notice shall contain a reasonably detailed description of any changes that Seller proposes to be made to the calculation of the Cumulative Actual Adjusted EBITDA of the Business set forth in the Adjusted EBITDA Statement. If Seller does not deliver an Objection Notice to Parent within the Objection Period, Seller shall not be entitled to dispute the calculation of Cumulative Actual Adjusted EBITDA of the Business set forth in the Adjusted EBITDA Statement, which shall be final and binding on each of the Parties.

(d) If Seller delivers an Objection Notice to Parent within the Objection Period, Seller and Parent shall attempt in good faith to agree upon the amount of the Cumulative Actual Adjusted EBITDA of the Business during the period commencing on the date of delivery of the Objection Notice and ending 30 days thereafter (the "Negotiation Period"). If Seller and Parent agree in writing on the Cumulative Actual Adjusted EBITDA of the Business (whether such amounts are the same as or different from the amounts set forth in the Adjusted EBITDA Statement) during the Negotiation Period, the Cumulative Actual Adjusted EBITDA of the Business shall be the amount agreed upon by the Parties.

(e) If Seller and Parent do not agree in writing on the Cumulative Actual Adjusted EBITDA of the Business prior to the expiration of the Negotiation Period, each Party shall (A) jointly engage a firm of independent public accountants as mutually agreed upon by Parent and Seller (the "Accounting Arbiter") and (B) submit to the Accounting Arbiter, not later

than 30 days after the end of the Negotiation Period, a statement containing its calculation of the items in dispute (each, an “Arbiter Statement”), which shall include only those items set forth in the Objection Notice that remain in dispute at the expiration of the Negotiation Period. The Accounting Arbiter, acting as an expert and not as an arbitrator, shall make a final and binding determination as to all matters in dispute as promptly as practicable after its appointment. In determining the proper amount of the Cumulative Actual Adjusted EBITDA of the Business, the Accounting Arbiter shall be bound by the terms of this Schedule II and may not increase the amount of any item in dispute above the highest amount set forth in the Arbiter Statement nor decrease any such amount below the lowest amount set forth in the Arbiter Statement. The Accounting Arbiter shall not review any line items or make any determination with respect to any matter other than those matters set forth in the Arbiter Statement. The Accounting Arbiter shall send its written determination of the Cumulative Actual Adjusted EBITDA of the Business to Seller and Parent, and such determination and calculation shall be final and binding on the Parties, absent fraud or manifest error. The fees and expenses of the Accounting Arbiter shall be borne by Parent and Seller in inverse proportion to the dollar amount of the items in dispute set forth in the Arbiter Statements as to which such Party prevails in the accounting arbitration, which proportionate allocations shall also be determined by the Accounting Arbiter at the time it renders its determination on the merits of the matters in dispute. The Accounting Arbiter may not award damages, interest or penalties to any party with respect to any matter.

(f) Once a final and binding determination of the Cumulative Actual Adjusted EBITDA of the Business has been made with respect to any Measurement Date in accordance with the applicable provisions of this Schedule II: (i) if Cumulative Actual Adjusted EBITDA of the Business exceeds Cumulative Target Adjusted EBITDA of the Business for the applicable Measurement Period, then Seller shall not be required to make any payment to Parent; and (ii) if Cumulative Actual Adjusted EBITDA of the Business is less than Cumulative Target Adjusted EBITDA of the Business for the applicable Measurement Period, Seller shall pay to Parent an amount equal to (A) 50% of (I) Cumulative Target Adjusted EBITDA of the Business for such Measurement Period minus (II) Cumulative Actual Adjusted EBITDA of the Business for such Measurement Period, less (B) any payments previously made by Seller pursuant to Section 2.7 of the Agreement and this Schedule II-D with respect to previous Measurement Dates; provided that Seller shall not be obligated to make any payment hereunder with respect to any Measurement Date in excess of the Payment Cap for such Measurement Date.

(g) Any payment required to be made pursuant to this Schedule II-C shall be made no later than thirty (30) days after a final and binding determination of the Cumulative Actual Adjusted EBITDA of the Business for the relevant Measurement Period has been made in accordance with the applicable provisions of this Schedule II in immediately available funds to such account or accounts as is designated in writing by Parent.

(h) Notwithstanding anything contained in this Schedule II-C to the contrary, if an Early Termination Event occurs, then Seller shall not be required to make any payment with respect to any Measurement Date occurring after such Early Termination Event.

Economic Benefit Determination and Payment and Deferred Closing Payment Procedures

Capitalized terms used herein have the meaning set forth in the Amended and Restated Stock and Asset Purchase Agreement, dated August 30, 2013 (the "Agreement").

On the Closing Date, the Deferred Closing Assets and the Deferred Closing Liabilities will not be transferred to, or assumed by, Purchaser or the Purchaser Assigns under the Agreement but instead will be retained by the applicable Seller Parties until transferred to and assumed by Purchaser or the Purchaser Assigns later on the applicable Deferred Closing Date.

To enable an operationally practical and effective model during the Delay Period (as defined below), the TMM Assets and the TMM Liabilities will not be transferred on the Closing Date and shall instead be transferred on the TMM End Date. A toll manufacturing model (the "TM Model") will be established between the appropriate Purchaser Assign(s) and the appropriate Seller Party during the period from the Closing Date to the TMM End Date, with pricing based on Purchaser's labor and burden incurred to perform the value added work performed under the TM Model. Reference the applicable Ancillary Agreements for details on the operating principles of the TM Model. The period between the Closing Date and the Final Deferred Closing Date is referred to as the "Delay Period".

During the Delay Period, the economic equivalent of the transfer of ownership of the portion of the Business operated by the Deferred Closing Seller Entities shall be allocated between the Parties as if such transfer had occurred on the Closing Date (the "Economic True-Up"). The Economic True-Up shall operate in accordance with the following principles:

- (1) The Economic True-Up shall apply to the portion of the Business operated by a Deferred Closing Seller Entity until such time as a Deferred Closing occurs with respect to the portion of the Business conducted by a Deferred Closing Seller Entity.
- (2) The Economic True-Up shall reflect the TM Model and also include adjustments to reflect the provision of products between the Parties under long term commercial agreements at the price defined in such agreements.
- (3) The Economic True-Up shall incorporate the profits and change in net assets of a Seller Subsidiary to the extent such profits are derived by or change in net assets pertains to such Seller Subsidiary as a result of a "commissionaire" relationship (or similar principal/agent relationship) between the Seller Subsidiary and the Deferred Closing Seller Entity (defined below).
- (4) The Economic True-Up shall include earnings after taxes and change in net assets of the Business for each Deferred Closing Seller Entity (including incorporating items (2) and (3) above)(on a stand alone basis) beginning with Sept 1, 2013 through the applicable Deferred Closing Date for the portion of the Business conducted by the Deferred Closing Seller Entity.

(5) Deferred Closings shall occur (or be deemed to occur) on the dates and times set forth in Section 2.9 of the Agreement.

(6) The Economic True-Up will be derived from the financial results, as reported in the Deferred Closing Seller Entity financial statements, which are a component of the audited financial statements of Seller. The financial statements shall be carve-out financials for the portion of the Business conducted by the Deferred Closing Seller Entity, calculated in accordance with the historical accounting policies, principles, bases, practices and estimate techniques used to produce the audited financial statements of the applicable Other Seller or Transferred Subsidiary to which the Business in a Deferred Closing Country relates (a "Deferred Closing Seller Entity"), and reflecting the Transferred Assets, Transferred Liabilities, Excluded Assets, Excluded Liabilities of the Deferred Closing Seller Entity, and including exceptions as identified in the Notes below. The basis of the calculation will be the reported Earnings from Operations of the Business ("EFO") adjusted for the change in net assets of the Business, as reported in Seller's US GAAP reported statutory accounts in BPC (Seller's corporate consolidation reporting system). The change in net assets for the portion of the Business conducted by a Deferred Closing Seller Entity will be measured based on an opening carve-out balance sheet of the Business for the Deferred Closing Seller Entity as at Sept 1, 2013 as compared to a closing carve-out balance sheet of the Business for the Deferred Closing Seller Entity as of the applicable Deferred Closing Date for the portion of the Business operated by the Deferred Closing Seller Entity. Certain adjustments to such carve-out financial statements of the Business will be made in order to capture components of the Transaction that are not reflected in the reported financial statements for the Deferred Closing Seller Entities used to derive the carve-out financial statements, as described in the calculation below and the notes thereto. These calculations will be based on the Deferred Closing Seller Entity financial statements translated to USD, per BPC.

The Economic True-Up calculation will take the following form:

		<u>Notes</u>
Reported EFO by Deferred Closing Seller Entity, post 9/1/2013	\$xxx	1
Add: Restructuring expense	\$xxx	2
Adjusted EFO	\$xxx	
Less: Tax provision (see note regarding tax rate by delayed country)	\$xxx	3
Adjusted EFO, After Taxes	\$xxx	
<i>Change in Net Assets by Deferred Closing Seller Entity</i>		4
Change in Accounts Receivable	\$xxx	4
Change in Inventory	\$xxx	4
Change in other current and long term assets	\$xxx	4
Change in Accounts Payable	\$xxx	4

Post-Deferred Closing Economic True-Up Adjustment

- (a) No later than 90 days after each Deferred Closing Date, Seller shall prepare in good faith and deliver to Purchaser a statement (the “Economic True-Up Statement”) that sets forth the Economic True-Up calculation as of the Deferred Closing Date.
- (b) Thereafter, at the request of Purchaser, Seller shall give Purchaser reasonable access during normal business hours to Seller’s working papers relating to the preparation of the Economic True-Up Statement, as well as the books and records of Seller that relate to the Business that are relevant to Purchaser’s calculation of the Economic True-Up. In addition, Seller shall make its representatives responsible for and knowledgeable about the information used in, and the preparation and calculation of, the Economic True-Up Statement, reasonably available to answer questions with respect to the contents of the Economic True-Up Statement and Seller’s calculation of the Economic True-Up.
- (c) Purchaser shall be entitled to dispute the calculation of the Economic True-Up set forth in the Economic True-Up Statement if it delivers a written notice (an “Objection Notice”) to Seller within 60 days after delivery of the Economic True-Up Statement (the “Objection Period”). The Objection Notice shall contain a reasonably detailed description of any changes that Purchaser proposes to be made to the calculation of the Economic True-Up set forth in the Economic True-Up Statement. If Purchaser does not deliver an Objection Notice to Seller within the Objection Period, Purchaser shall not be entitled to dispute the calculation of the Economic True-Up set forth in the Economic True-Up Statement, which shall be final and binding on each of the Parties.
- (d) If Purchaser delivers an Objection Notice to Seller within the Objection Period, Seller and Purchaser shall attempt in good faith to agree upon the amount of the Economic True-Up during the period commencing on the date of delivery of the Objection Notice and ending 30 days thereafter (the “Negotiation Period”). If Seller and Purchaser agree in writing on the Economic True-Up (whether such amount is the same as or different from the amount set forth in the Economic True-Up Statement) during the Negotiation Period, the Economic True-Up shall be the amounts agreed upon by the Parties.
- (e) If Seller and Purchaser do not agree in writing on the Economic True-Up prior to the expiration of the Negotiation Period, each Party shall (A) jointly engage Plante Moran, or, if such firm declines to serve as accounting arbiter or the Parties agree in writing not to engage such firm, such other firm of independent public accountants as mutually agreed upon by Purchaser and Seller (the “Accounting Arbiter”) and (B) submit to the Accounting Arbiter, not later than 15 days after the end of the Negotiation Period, a statement containing its calculation of the items in dispute (each, an “Arbiter Statement”), which shall include only those items set forth in the Objection Notice that remain in dispute at the expiration of the Negotiation Period. The Accounting Arbiter, acting as an expert and not as an arbitrator, shall make a final and binding determination as to all matters in dispute as promptly as practicable after its appointment. In determining the proper amount of the Economic True-Up, as applicable, the Accounting Arbiter shall be bound by the terms hereof and may not increase the amount of any item in dispute above the highest amount set forth in the Arbiter Statement nor decrease any such amount

below the lowest amount set forth in the Arbitrator Statement. The Accounting Arbitrator shall not review any line items or make any determination with respect to any matter other than those matters set forth in the Arbitrator Statement. The Accounting Arbitrator shall send its written determination of the Economic True-Up to Seller and Purchaser, and such determination and calculation shall be final and binding on the Parties, absent fraud or manifest error. The fees and expenses of the Accounting Arbitrator shall be borne by Purchaser and Seller in inverse proportion to the dollar amount of the items in dispute set forth in the Arbitrator Statements as to which such Party prevails in the accounting arbitration, which proportionate allocations shall also be determined by the Accounting Arbitrator at the time it renders its determination on the merits of the matters in dispute. The Accounting Arbitrator may not award damages, interest or penalties to any party with respect to any matter.

- (f) Once a final and binding determination of the Economic True-Up has been made in accordance with the procedures set forth above (the "Final Economic True-Up"):
- (i) If both the Initial Economic True-Up and the Final Economic True-Up in relation to a Deferred Closing Country reflect a positive Economic True-Up amount : (A) if the amount of the Final Economic True-Up is greater than the amount of the Initial Economic True-Up , then the applicable Seller Party (or other entity) shall pay the applicable Purchaser Assign in the applicable Deferred Closing Country (or other entity) an amount equal to the difference between the Final Economic True-Up and the Initial Economic True Up, and (B) if the amount of the Final Economic True-Up is less than the amount of the Initial Economic True-Up , then the applicable Purchaser Assign in the applicable Deferred Closing Country (or other entity) shall pay the applicable Seller Party (or other entity) an amount equal to the difference between the Initial Economic True-Up and the Final Economic True-Up and the parties to the payment and the form and character of the payment shall be determined in accordance with the same principles set out above in relation to the Initial Economic True-Up
 - (ii) If both the Initial Economic True-Up and the Final Economic True-Up in relation to a Deferred Closing Country reflect a negative amount: (A) if the amount of the Final Economic True-Up is greater than the amount of the Initial Economic True-Up, then the applicable Purchaser Assign in the applicable Deferred Country (or other entity) shall pay the applicable Seller Party (or other entity) an amount equal to the difference between the Final Economic True-Up and the Initial Economic True Up, and (B) if the amount of the Final Economic True-Up is less than the amount of the Initial Economic True-Up , then the applicable Seller Party (or other entity) shall pay the applicable Purchaser Assign (or other entity) in the applicable Deferred Closing Country an amount equal to the difference between the Initial Economic True-Up and the Final Economic True-Up and the parties to the payment and the form and character of the payment shall be determined in accordance with the same principles set out above in relation to the Initial Economic True-Up.
 - (iii) If, in relation to a Deferred Closing Country, the Initial Economic True-Up is a positive amount and the Final Economic True-Up is a negative amount, then the applicable

Purchaser Assign in the applicable Deferred Closing Country (or other entity) shall pay to the applicable Seller Party (or other entity) an amount equal to the aggregate of the Initial Economic True-Up and the Final Economic True-Up and the parties to the payment and the form and character of the payment shall be determined in accordance with the same principles set out above in relation to the Initial Economic True-Up, and

(iv) If the Initial Economic True-Up is a negative amount and the Final Economic True-Up is a positive amount then the applicable Seller Party (or other entity) shall pay the applicable Purchaser Assign in the applicable Deferred Closing Country (or other entity) an amount equal to the aggregate of the Initial Economic True-Up and the Final Economic True-Up and the parties to the payment and the form and character of the payment shall be determined in accordance with the same principles set out above in relation to the Initial Economic True-Up.

(g) Any payments required to be made pursuant to clause (f) shall be made no later than five (5) Business Days after a final and binding determination of the Economic True-Up has been made in accordance with the applicable provisions hereof (the "Payment Date") in immediately available funds to such account or accounts as is designated in writing by the Party receiving such payment.

Indemnification

KPP Holdco shall indemnify and hold each Seller Party harmless from and against all Liabilities, incurred or asserted, as a result of any actions taken to implement the arrangements contemplated by Section 5.12(c) of the Agreement or this Schedule A, other than to the extent any such Liability has been accrued as a Liability in the calculation of any Final Economic True Up set forth in Schedule A or results from a breach by any Seller Party of Section 5.7(b) of the Agreement, provided always that KPP Holdco shall not be liable for any Liabilities relating to Tax:

1. with respect to Taxes payable by the applicable Seller Party or Seller Affiliate on any amounts received (or deemed to be received for Tax purposes) as a result of arrangements contemplated by section 5.12(c) of the Agreement or this Schedule A, to the extent that they do not exceed the amount of the aggregate Liabilities relating to Tax which the Seller Party in the relevant Deferred Closing Country would have borne in relation to the Purchase Price allocated to such Seller Party but for the actions taken to implement the arrangements contemplated by section 5.12(c) of the Agreement or this Schedule A; or

Tax filings

Working Capital Principles (Build-Up)

1. Agreed Time Adjusted Working Capital (Build-Up) shall be calculated based on the following:
 - a. Unless otherwise adjusted pursuant to paragraphs (b) or (c) below, Agreed Time Adjusted Working Capital (Build-Up) shall be calculated using \$6.2 million as the amount of Agreed Time Inventory (Build-Up) and using \$3.1 million as the amount of Agreed Time Accounts Payable (Build-Up) (the resulting calculation of Agreed Time Adjusted Working Capital (Build-Up) being referred to as "Baseline Agreed Time Adjusted Working Capital (Build-Up)):

party agreeing not to act unreasonably for such purposes of such negotiation); provided, that if the Parties, after using their good faith efforts (and not acting unreasonably), are unable to agree on an equitable adjustment to Baseline Agreed Time Adjusted Working Capital (Build-Up) within 30 days of such request by Seller, then Baseline Agreed Time Adjusted Working Capital (Build-Up) shall not be adjusted pursuant to this paragraph (c) and (y) the time period by which Seller is required to deliver an Objection Notice pursuant to Section 2.6(c) shall be tolled until 5 Business Days after the expiration of such such 30-day period.

All accounting terms not specifically defined herein shall be construed in accordance with generally accepted accounting principles in the United States of America (“GAAP”). any L/C Related Document related thereto, provides for one or more automatic increases in the stated amount thereof, the amount of such Letter of Credit shall be deemed to be the maximum stated amount of such Letter of Credit after giving effect to all such increases, whether or not such maximum stated amount is in effect at such time.

SECTION 1.06. Currency Equivalents Generally. Any amount specified in this Agreement (other than in Article II) or in any other Loan Document to be in Dollars shall also include the equivalent of such amount in any currency other than Dollars to the extent necessary to give effect to the intent of this Agreement, such equivalent amount thereof in the applicable currency to be determined by the Agent at such time on the basis of the exchange rate for the purchase of such currency with Dollars as quoted by the Agent.

SECTION 1.07. Pro Forma Calculations.

(a) Notwithstanding anything to the contrary herein, Consolidated EBITDA and the Fixed Charge Coverage Ratio (except in each case with respect to any transaction contemplated by the KPP Settlement Agreement) shall be calculated in the manner prescribed by this Section 1.07 for purposes other than in connection with the compliance of Section 5.03 hereof.

(b) For purposes of calculating Consolidated EBITDA and the Fixed Charge Coverage Ratio, Specified Transactions (and the incurrence or repayment of any Debt in connection therewith) that have been made (i) during the applicable Measurement Period and (ii) subsequent to such Measurement Period and prior to or simultaneously with the event for which the calculation of any such ratio is made shall be calculated on a pro forma basis assuming that all such Specified Transactions (and any increase or decrease in Consolidated EBITDA and the component financial definitions used therein attributable to any Specified Transaction) had occurred on the first day of the applicable Measurement Period. If since the beginning of any applicable Measurement Period any Person that subsequently became a Restricted Subsidiary or was merged, amalgamated or consolidated with or into the Borrower or any of its Restricted Subsidiaries since the beginning of such Measurement Period shall have made any Specified Transaction that would have required adjustment pursuant to this Section 1.07, then the Fixed Charge Coverage Ratio shall be calculated to give pro forma effect thereto in accordance with this Section 1.07 (but for the avoidance of doubt, not in connection with the calculation of Consolidated EBITDA and the Fixed Charge Coverage Ratio required under Section 5.03).

(c) Whenever pro forma effect is to be given to a Specified Transaction for purposes of this Section 1.07, the pro forma calculations shall be made in good faith by a Financial Officer of the Borrower and include, for the avoidance of doubt, the amount of cost savings, operating expense reductions, other operating improvements and synergies actually realized as of the date of such pro forma calculation (calculated on a pro forma basis as though such cost savings, operating expense reductions, other operating improvements and synergies had been realized on the first day of such period as if such cost savings, operating expense reductions, other operating improvements and synergies were realized during the entirety of such period) relating to such Specified Transaction, net of the amount of actual benefits realized during such period from such actions.

(d) In the event that the Borrower or any Restricted Subsidiary incurs (including by assumption or guarantees) or repays (including by redemption, repayment, retirement or extinguishment) any Debt included in the calculations of the Fixed Charge Coverage Ratio (other than Debt incurred or repaid under any revolving credit facility in the ordinary course of business for working capital purposes), (i) during the applicable Measurement Period and (ii) subsequent to the end of the applicable Measurement Period and prior to or simultaneously with the event for which the calculation of any such ratio is made, then the Fixed Charge Coverage Ratio shall be calculated giving pro forma effect to such incurrence or repayment of Debt, to the extent required, as if the same had occurred on the first day of the applicable Measurement Period.

AMOUNTS AND TERMS OF THE REVOLVING LOANS AND LETTERS OF CREDITSECTION 2.01. The Revolving Loans and Letters of Credit.(a) Revolving Credit Facility.

Each Lender severally agrees, on the terms and conditions hereinafter set forth, to make Revolving Loans in Dollars to the Borrower from time to time on any Business Day during the period from the Closing Date until the Termination Date, in each case (A) in an amount for each such Revolving Loan not to exceed such Lender's Unused Revolving Credit Commitment at such time and (B) in an aggregate amount for all such Revolving Loans not to exceed such Lender's ratable portion (based on the aggregate amount of the Unused Revolving Credit Commitments at such time) of the Line Cap at such time. Each Borrowing shall be in an aggregate amount of \$10,000,000 or an integral multiple of \$1,000,000 in excess thereof (or such lesser amount as may be applied and reborrowed in accordance with Section 2.18) and shall consist of Revolving Loans of the same Type made on the same day by the Lenders ratably according to their respective Revolving Credit Commitments. Within the limits of each Lender's Revolving Credit Commitment, Borrower may borrow under this Section 2.01(a), prepay pursuant to Section 2.10 and reborrow under this Section 2.01(a).

(b) Letters of Credit. Each Issuing Bank agrees, on the terms and conditions hereinafter set forth, and in reliance upon the agreements of the other Lenders set forth in this Agreement, to issue or continue Letters of Credit for the account of the Company and its Subsidiaries from time to time on any Business Day during the period from the Closing Date until 30 days before the Termination Date in an aggregate Available Amount not to exceed (i) for all Letters of Credit at any time the Letter of Credit Facility at such time, (ii) for all Letters of Credit issued by each Issuing Bank at any time such Issuing Bank's Letter of Credit Commitment at such time, and (iii) for each such Letter of Credit an amount equal to the Unused Revolving Credit Commitments of the Lenders at such time. No Letter of Credit shall have an expiration date (including all rights of the Company or the beneficiary to require renewal) later than 10 Business Days before the Termination Date. Within the limits referred to above, the Company may from time to time request the Issuance of Letters of Credit under this Section 2.01(b).

(c) Overadvances. If Revolving Credit Facility Usage exceeds the Borrowing Base ("Overadvance") at any time, the excess amount shall be payable by Borrower within one (1) Business Day after demand by the Agent, but all such Revolving Loans shall nevertheless constitute Obligations secured by the Collateral and entitled to all benefits of the Loan Documents. Agent may require Lenders to honor requests for Overadvance Loans and to forbear from requiring Borrower to cure an Overadvance, (a) when no other Event of Default is known to Agent, as long as (i) the Overadvance does not continue for more than 30 consecutive days (and no Overadvance may exist for at least five consecutive days thereafter before further Overadvance Loans are required), and (ii) the Overadvance is not known by Agent to exceed when taken together with the aggregate outstanding amount of any Protective Revolving Loans, the greater of (A) \$20,000,000 and (B) 10% of the aggregate Revolving Credit Commitments at any time outstanding; and (b) regardless of whether an Event of Default exists, if Agent discovers an Overadvance not previously known by it to exist, as long as from the date of such discovery the Overadvance is not increased by more than an amount such that the outstanding amount of such Overadvance when taken together with all outstanding Protective Revolving Loans does not exceed, the greater of (A) \$20,000,000 and (B) 10% of the aggregate Revolving Credit Commitments in the aggregate

and does not continue for more than 30 consecutive days. In no event shall Overadvance Loans be required that would cause Revolving Credit Facility Usage to exceed the aggregate Revolving Credit Commitments. Any funding of an Overadvance Loan or sufferance of an Overadvance shall not constitute a waiver by Agent or Lenders of the Event of Default caused thereby. In no event shall Borrower or other Loan Party be deemed a beneficiary of this Section nor shall it be authorized to enforce any of its terms.

(d) Protective Revolving Loans. The Agent shall be authorized, in its Permitted Discretion, at any time that any conditions in Section 3.02 are not satisfied, to make Revolving Loans in Dollars that are Base Rate Revolving Loans (any such Revolving Loans made pursuant to this Section 2.01(d), "Protective Revolving Loans") in an aggregate amount (when aggregated with any outstanding Overadvance Loans not to exceed the greater of (i) \$20,000,000 and (ii) 10% of the aggregate Revolving Credit Commitments at any time outstanding, if the Agent reasonably deems such Revolving Loans necessary to preserve or protect Collateral, or to enhance the collectability or repayment of Obligations; provided that no Protective Revolving Loan shall continue for more than 90 consecutive days (and no further Protective Revolving Loan may be made for at least five consecutive days after the repayment by the Borrower of any outstanding Protective Revolving Loans). Protective Revolving Loans shall constitute Obligations secured by the Collateral and shall be entitled to all of the benefits of the Loan Documents. Immediately upon the making of a Protective Revolving Loan, each applicable Lender shall be deemed to, and hereby irrevocably and unconditionally agrees to, purchase from the Agent a risk participation in such Protective Revolving Loan in an amount equal to the product of such applicable Lender's Ratable Share times the amount of such Protective Revolving Loan. From and after the date, if any, on which any Lender is required to fund its participation in any Protective Revolving Loan purchased hereunder, the Agent shall promptly distribute to such Lender, such Lender's Ratable Share of all payments of principal and interest and all proceeds of Collateral received by the Agent in respect of such Protective Revolving Loan (and prior to such date, all payments on account of the Protective Revolving Loans shall be payable to Agent solely for its own account). The Required Lenders may at any time revoke the Agent's authority to make further Protective Revolving Loans by written notice to the Agent. Absent such revocation, the Agent's determination that funding of a Protective Revolving Loan is appropriate shall be conclusive. In no event shall Protective Revolving Loans cause the aggregate outstanding amount of the Revolving Loans of any Lender, plus such Lender's Ratable Share of the outstanding amount of all Letter of Credit Obligations to exceed such Lender's Revolving Credit Commitment. Protective Revolving Loans shall be payable by the Borrower on demand.

SECTION 2.02. Making the Revolving Loans.

(a) Except as otherwise provided in Section 2.03(a), each Borrowing shall be made on notice, given not later than (x) 11:00 a.m. (New York City time) on the third Business Day prior to the date of the proposed Borrowing in the case of a Borrowing consisting of Eurodollar Rate Revolving Loans or (y) 11:00 a.m. (New York City time) on the date of the proposed Borrowing in the case of a Borrowing consisting of Base Rate Revolving Loans, by the Borrower (or the Company on behalf of the Borrower) to the Agent, which shall give to each applicable Lender prompt notice thereof by telecopier or any other electronic means agreed to by the Agent. Each such notice of a Borrowing (a "Notice of Borrowing") shall be by telephone, confirmed promptly in writing, or by telecopier (or any other electronic means agreed to by the Agent), in substantially the form of Exhibit B-1 hereto, specifying therein the requested (i) date of such Borrowing, (ii) Type of Revolving Loans comprising such Borrowing, (iii) aggregate amount of such Borrowing, and (iv) in the case of a Borrowing consisting of Eurodollar Rate Revolving Loans, the initial Interest Period for each such Revolving Loan. Except for Borrowings to be made as Swingline Loans, each Lender shall, before 1:00 p.m. (New York City time) on the date of such Borrowing make available for the account of its Applicable Lending Office to the Agent at the Agent's Account, in same day funds, such Lender's Ratable Share of such Borrowing. After the

Agent's receipt of such funds and upon fulfillment of the applicable conditions set forth in Article III, the Agent will make such funds available to the Borrower at the Agent's address referred to in Section 9.02(a).

(b) Anything in subsection (a) above to the contrary notwithstanding, (i) the Borrower (or the Company on behalf of the Borrower) may not select Eurodollar Rate Revolving Loans for any Borrowing if the aggregate amount of such Borrowing is less than \$10,000,000 or if the obligation of the Lenders to make Eurodollar Rate Revolving Loans shall then be suspended pursuant to Section 2.08 or 2.12 and (ii) the Eurodollar Rate Revolving Loans may not be outstanding as part of more than eighteen (18) separate Borrowings.

(c) Each Notice of Borrowing shall be irrevocable and binding on the Borrower delivering such notice. In the case of any Borrowing that the related Notice of Borrowing specifies is to be comprised of Eurodollar Rate Revolving Loans, the Borrower shall indemnify each applicable Lender against any loss, cost or expense incurred by such Lender as a result of any failure of Borrower to fulfill on or before the date specified in such Notice of Borrowing for such Borrowing the applicable conditions set forth in Article III, including, without limitation, any loss (excluding loss of anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by such Lender to fund the Revolving Loan to be made by such Lender as part of such Borrowing when such Revolving Loan, as a result of such failure, is not made on such date.

(d) Unless the Agent shall have received notice from a Lender prior to the time of any Borrowing that such Lender will not make available to the Agent such Lender's ratable portion of such Borrowing, the Agent may assume that such Lender has made such portion available to the Agent on the date of such Borrowing in accordance with subsection (a) of this Section 2.02, as applicable, and the Agent may, in reliance upon such assumption, make available to the Borrower on such date a corresponding amount. If and to the extent that such Lender shall not have so made such ratable portion available to the Agent, such Lender and the Borrower severally agree to repay to the Agent forthwith on demand such corresponding amount together with interest thereon, for each day from the date such amount is made available to Borrower until the date such amount is repaid to the Agent, at (i) in the case of Borrower, the interest rate applicable at the time to the Revolving Loans comprising such Borrowing and (ii) in the case of such Lender, the Federal Funds Rate. If such Lender shall repay to the Agent such corresponding amount, such amount so repaid shall constitute such Lender's Revolving Loan as part of such Borrowing for purposes of this Agreement.

(e) The failure of any Lender to make the Revolving Loan to be made by it as part of any Borrowing shall not relieve any other Lender of its obligation, if any, hereunder to make its Revolving Loan on the date of such Borrowing, but no Lender shall be responsible for the failure of any other Lender to make the Revolving Loan to be made by such other Lender on the date of any Borrowing.

SECTION 2.03. Issuance of and Drawings and Reimbursement Under Letters of Credit.

(a) Request for Issuance. (i) Each Letter of Credit shall be issued upon notice, given not later than 11:00 a.m. (New York City time) on the fifth Business Day prior to the date of the proposed Issuance of such Letter of Credit (or on such shorter notice as the applicable Issuing Bank may agree), by the Company to any Issuing Bank, and such Issuing Bank shall give the Agent, prompt notice thereof. Each such notice by the Company of Issuance of a Letter of Credit (a "Notice of Issuance") shall be by telephone, confirmed promptly in writing, or by telecopier (or any other electronic means agreed to by the Agent), specifying therein (A) the requested date of such Issuance (which shall be a Business Day), (B) the Available Amount of such Letter of Credit, (C) expiration date of such Letter of Credit (which shall not be later than 5 Business Days before the Termination Date), (D) the name and address of the

beneficiary of such Letter of Credit, (E) the form of such Letter of Credit, and that such Letter of Credit shall be issued pursuant to such application and agreement for letter of credit as such Issuing Bank and the Company shall agree for use in connection with such requested Letter of Credit (a "Letter of Credit Agreement") and (F) such other matters as the applicable Issuing Bank may require. In the case of a request for an amendment of any outstanding Letter of Credit, such Notice of Issuance shall specify in form and detail reasonably satisfactory to the applicable Issuing Bank, (A) the Letter of Credit to be amended, (B) the proposed date of amendment thereof (which shall be a Business Day), (C) the nature of the proposed amendment and (D) such other matters as the applicable Issuing Bank may require. Additionally, the Company shall furnish to the applicable Issuing Bank and the Agent such other documents and information pertaining to such requested Letter of Credit issuance or amendment, as such Issuing Bank or the Agent may require. If the requested form of such Letter of Credit is acceptable to the applicable Issuing Bank in its reasonable discretion (it being understood that any such form shall have only explicit documentary conditions to draw and shall not include discretionary conditions), such Issuing Bank will, upon fulfillment of the applicable conditions set forth in Section 3.02, make such Letter of Credit available to the Company at its office referred to in Section 9.02 or as otherwise agreed with the Company in connection with such Issuance. In the event and to the extent that the provisions of any Letter of Credit Agreement shall conflict with this Agreement, the provisions of this Agreement shall govern.

(ii) No Issuing Bank shall be under any obligation to issue any Letter of Credit if: (A) any order, judgment or decree of any Governmental Authority shall by its terms purport to enjoin or restrain such Issuing Bank from issuing the Letter of Credit, or any law applicable to such Issuing Bank or any request or directive (whether or not having the force of law) from any governmental authority with jurisdiction over such Issuing Bank shall prohibit, or request that such Issuing Bank refrain from, the issuance of letters of credit generally or the Letter of Credit in particular or shall impose upon such Issuing Bank with respect to the Letter of Credit any restriction, reserve or capital requirement (for which such Issuing Bank is not otherwise compensated hereunder) not in effect on the Closing Date, or shall impose upon such Issuing Bank any unreimbursed loss, cost or expense which was not applicable on the Closing Date and which such Issuing Bank in good faith deems material to it; (B) except as otherwise agreed by the Agent and such Issuing Bank, the Letter of Credit is in an initial stated amount less than \$100,000, in the case of a commercial Letter of Credit, or \$100,000, in the case of a standby Letter of Credit; (C) the Letter of Credit is to be denominated in a currency other than Dollars; (D) any Lender is at that time a Defaulting Lender, unless such Issuing Bank has entered into arrangements, including the delivery of Cash Collateral, satisfactory to such Issuing Bank (in its sole discretion) with the Company or such Lender to eliminate such Issuing Bank's actual or potential fronting exposure (after giving effect to Section 2.19(f)) with respect to the Defaulting Lender arising from either the Letter of Credit then proposed to be issued or that Letter of Credit and all other Letter of Credit Obligations as to which such Issuing Bank has actual or potential fronting exposure, as it may elect in its sole discretion; or (E) the Letter of Credit contains any provisions for automatic reinstatement of the stated amount after any drawing thereunder.

(iii) No Issuing Bank shall amend or continue any Letter of Credit if such Issuing Bank would not be permitted at such time to issue the Letter of Credit in its amended or continued form under the terms hereof.

(iv) Each Issuing Bank shall act on behalf of the Lenders with respect to any Letters of Credit issued by it and the documents associated therewith, and each Issuing Bank shall have all of the benefits and immunities (A) provided to the Agent in Article VIII with respect to any acts taken or omissions suffered by such Issuing Bank in connection with Letters of Credit issued by it or proposed to be issued by it and documents pertaining to such Letters of Credit as fully as if the term "Agent" as used in Article VIII included such Issuing Bank with respect to such acts or omissions, and (B) as additionally provided herein with respect to such Issuing Bank.

(v) If the Borrower so requests in an applicable Notice of Issuance, the Issuing Bank may, in its discretion, agree to issue a Letter of Credit that has automatic extension provisions (each an “Auto-Extension Letter of Credit”); provided that any such Auto-Extension Letter of Credit must permit the Issuing Bank to prevent any such extension at least once in each twelve-month period commencing with the date of issuance of such Letter of Credit by giving prior notice to the beneficiary thereof not later than a day (the “Non-Extension Notice Date”) in each such twelve month period to be agreed upon at the time such Letter of Credit is issued. Unless otherwise directed by the Issuing Bank, the Borrower shall not be required to make a specific request to the Issuing Bank for any such extension. Once an Auto-Extension Letter of Credit has been issued, the Lenders shall be deemed to have authorized (but may not require) the Issuing Bank to permit the extension of such Letter of Credit at any time to a date not later than the expiration date of such Letter of Credit; provided, however, that the Issuing Bank shall not permit any such extension if (A) the Issuing Bank has determined that it would not be permitted, or would have no obligation, at such time to issue such Letter of Credit in its revised form (as extended) under the terms hereof or (B) it has received notice (which may be by telephone or in writing) on or before the day that is five Business Days before the Non-Extension Notice Date (x) from the Agent that the Required Lenders have elected not to permit such extension or (y) from the Agent, any Lender or any Loan Party that one or more of the applicable conditions specified in Section 3.02 is not then satisfied, and in each case directing the Issuing Bank not to permit such extension.

(vi) No Issuing Bank shall have any obligation to issue any Letter of Credit hereunder if the expiry date of such requested Letter of Credit would occur more than twelve months after the date of issuance or last extension thereof (without giving effect to any auto-extension features).

(vii) No Issuing Bank shall have any obligation to issue any Letter of Credit hereunder if the expiry date of such requested Letter of Credit would occur more than twelve months after the date of issuance or last extension thereof (without giving effect to any auto-extension features).

(b) Participations. By the Issuance of a Letter of Credit (or an amendment to a Letter of Credit increasing or decreasing the amount thereof) and without any further action on the part of the applicable Issuing Bank or the Lenders, such Issuing Bank hereby grants to each Lender, and each Lender hereby acquires from such Issuing Bank, a participation in such Letter of Credit equal to such Lender’s Ratable Share of the Available Amount of such Letter of Credit. The Company hereby agrees to each such participation. In consideration and in furtherance of the foregoing, each Lender hereby absolutely and unconditionally agrees to pay to the Agent, for the account of such Issuing Bank, such Lender’s Ratable Share of each drawing made under a Letter of Credit funded by such Issuing Bank and not reimbursed by the Company on the date funded, or of any reimbursement payment required to be refunded to the Company for any reason, which amount will be advanced, and deemed to be a Revolving Loan hereunder, regardless of the satisfaction of the conditions set forth in Section 3.02. Each Lender acknowledges and agrees that its obligation to acquire participations pursuant to this paragraph in respect of Letters of Credit is absolute and unconditional and shall not be affected by any circumstance whatsoever, including any amendment, renewal or extension of any Letter of Credit or the occurrence and continuance of a Default or reduction or termination of the Revolving Credit Commitments, and that each such payment shall be made without any offset, abatement, withholding or reduction whatsoever. Each Lender further acknowledges and agrees that its participation in each Letter of Credit will be automatically adjusted to reflect such Lender’s Ratable Share of the Available Amount of such Letter of Credit at each time such Lender’s Revolving Credit Commitment is amended pursuant to an assignment in accordance with Section 9.08 or otherwise pursuant to this Agreement.

(c) Drawing and Reimbursement. The payment by an Issuing Bank of a draft drawn under any Letter of Credit which is not reimbursed by the Company or the Borrower on the date funded shall constitute for all purposes of this Agreement the making by any such Issuing Bank of a Revolving Loan under the Revolving Credit Facility which shall be a Base Rate Revolving Loan, in the amount of such draft, without regard to whether the making of such a Revolving Loan would exceed such Issuing Bank's Unused Revolving Credit Commitment. Each Issuing Bank shall give prompt notice to the Company and the Agent of each drawing under any Letter of Credit issued by it. Upon written demand by such Issuing Bank, with a copy of such demand to the Agent and the Company, each applicable Lender shall pay to the Agent such Lender's Ratable Share of such outstanding Revolving Loan pursuant to Section 2.03(b). Each applicable Lender acknowledges and agrees that its obligation to make Revolving Loans pursuant to this paragraph (c) in respect of Letters of Credit is absolute and unconditional and shall not be affected by any circumstance whatsoever, including any amendment, renewal or extension of any Letter of Credit or the occurrence and continuance of a Default or reduction or termination of the Revolving Credit Commitments, and that each such payment shall be made without any offset, abatement, withholding or reduction whatsoever. Promptly after receipt thereof, the Agent shall transfer such funds to such Issuing Bank. Each Lender agrees to fund its Ratable Share of an outstanding Revolving Loan on (i) the Business Day on which demand therefor is made by such Issuing Bank, provided, that, notice of such demand is given not later than 11:00 a.m. (New York City time) on such Business Day, or (ii) the first Business Day next succeeding such demand if notice of such demand is given after such time. If and to the extent that any Lender shall not have so made the amount of such Revolving Loan available to the Agent, such Lender agrees to pay to the Agent forthwith on demand such amount together with interest thereon, for each day from the date of demand by any such Issuing Bank until the date such amount is paid to the Agent, at the Federal Funds Rate for its account or the account of such Issuing Bank, as applicable. If such Lender shall pay to the Agent such amount for the account of any such Issuing Bank on any Business Day, such amount so paid in respect of principal shall constitute a Revolving Loan made by such Lender on such Business Day for purposes of this Agreement, and the outstanding principal amount of the Revolving Loan made by such Issuing Bank shall be reduced by such amount on such Business Day.

(d) Letter of Credit Reports. Each Issuing Bank shall furnish (A) to the Agent (with a copy to the Company) on the first Business Day of each month a written report summarizing Issuance and expiration dates of Letters of Credit issued by such Issuing Bank during the preceding month and drawings during such month under all Letters of Credit and (B) to the Agent (with a copy to the Company) on the first Business Day of each calendar quarter a written report setting forth the average daily aggregate Available Amount during the preceding calendar quarter of all Letters of Credit issued by such Issuing Bank.

(e) Applicability of ISP and UCP. Unless otherwise expressly agreed by the applicable Issuing Bank and the Company when a Letter of Credit is issued, (i) the rules of the ISP shall apply to each standby Letter of Credit, and (ii) the rules of the Uniform Customs and Practice for Documentary Credits, as most recently published by the International Chamber of Commerce at the time of issuance shall apply to each commercial Letter of Credit.

(f) Failure to Make Revolving Loans. The failure of any Lender to make the Revolving Loan to be made by it on the date specified in Section 2.03(c) shall not relieve any other Lender of its obligation hereunder to make its Revolving Loan on such date, but no Lender shall be responsible for the failure of any other Lender to make the Revolving Loan to be made by such other Lender on such date. No failure by any Lender to make such Revolving Loans shall limit or restrict the availability of any Letter of Credit to the Company.

(g) Letters of Credit Issued for Subsidiaries. Notwithstanding that a Letter of Credit issued or outstanding hereunder is in support of any obligations of, or is for the account of, a Subsidiary, the Company shall be obligated to reimburse the applicable Issuing Bank hereunder for any and all drawings under such Letter of Credit. The Company hereby acknowledges that the issuance of Letters of Credit for the account of Subsidiaries inures to the benefit of the Company, and that the Company's business derives substantial benefits from the businesses of such Subsidiaries.

SECTION 2.04. Fees.

(a) Commitment Fee. The Borrower agrees to pay to the Agent for the account of each applicable Lender a commitment fee on the aggregate amount of such Lender's Unused Revolving Credit Commitment (without giving effect to such Lender's Ratable Share of any outstanding Swingline Loans) from the Closing Date until the Termination Date calculated by multiplying such Lender's Unused Revolving Credit Commitment by the Applicable Percentage in effect from time to time, payable in arrears monthly on the first day of each calendar month and on the Termination Date; provided, however, that no commitment fee shall accrue on any of the Commitments of a Defaulting Lender so long as such Lender shall be a Defaulting Lender.

(b) Letter of Credit Fees. (i) The Borrower shall pay to the Agent for the account of each applicable Lender (other than a Defaulting Lender) a commission on such Lender's Ratable Share of the average daily aggregate Available Amount of all Letters of Credit issued and outstanding from time to time at a rate per annum equal to the Applicable Margin for Eurodollar Rate Revolving Loans in effect from time to time during such calendar quarter, payable in arrears monthly on the first day of each calendar month, and on the Termination Date; provided, that, the Applicable Margin shall be deemed to be 200 basis points above the Applicable Margin in effect if the Borrower is required to pay default interest pursuant to Section 2.07(b).

(ii) The Borrower shall pay to each Issuing Bank, for its own account, a fronting fee of 0.125% of the face amount of all Letters of Credit issued by such Issuing Bank and outstanding from time to time, payable in arrears monthly on the first day of each calendar month and on the Termination Date and such other customary commissions, issuance fees, transfer fees and other customary fees and charges in connection with the Issuance or administration of each Letter of Credit as the Borrower and such Issuing Bank shall agree.

(c) Other Fees. The Company shall pay the fees set forth in the Fee Letter, as such Fee Letter may from time to time be amended by the Company and the Agent and, to the extent any such amendment is adverse to the interests of any Arranger, by such Arranger, it being agreed that an increase in the amount of any administrative agency or other similar fee payable to the Agent is not adverse to the Arrangers.

SECTION 2.05. Termination or Reduction of the Commitments.

(a) Optional. The Borrower shall have the right at any time and without penalty, upon at least three Business Days' notice to the Agent, to terminate in whole or permanently reduce in part the Unissued Letter of Credit Commitments and the Unused Revolving Credit Commitments; provided, that, each partial reduction of a Facility (i) shall be in an aggregate amount of \$5,000,000 and an integral multiple of \$1,000,000 in excess thereof and (ii) if made under the Revolving Credit Facility, shall be made ratably among the Lenders in accordance with their Revolving Credit Commitments in respect of the Revolving Credit Facility.

(b) Mandatory. Unless previously terminated, the Revolving Loan Commitments shall automatically terminate on the Maturity Date. The Letter of Credit Facility shall be permanently reduced from time to time on the date of each reduction in the Revolving Credit Facility by the amount, if any, by which the amount of the Letter of Credit Facility exceeds the Revolving Credit Facility after giving effect to such reduction of the Revolving Credit Facility.

SECTION 2.06. Letter of Credit Drawings. The obligations of the Company under any Letter of Credit Agreement and any other agreement or instrument relating to any Letter of Credit shall be unconditional and irrevocable, and shall be paid strictly in accordance with the terms of this Agreement, such Letter of Credit Agreement and such other agreement or instrument under all circumstances, including, without limitation, the following circumstances (it being understood that any such payment by the Company is without prejudice to, and does not constitute a waiver of, any rights the Company might have or might acquire as a result of the payment by any Lender of any draft or the reimbursement by the Company thereof, including, without limitation, pursuant to Section 9.14):

(a) any lack of validity or enforceability of this Agreement or any Note, or of any Letter of Credit Agreement, any Letter of Credit or any other agreement or instrument relating thereto (such Letter of Credit Agreement, Letter of Credit and related instruments or instruments being, collectively, the "L/C Related Documents");

(b) any change in the time, manner or place of payment of, or in any other term of, all or any of the obligations of Borrower in respect of any L/C Related Document or any other amendment or waiver of or any consent to departure from all or any of the L/C Related Documents;

(c) the existence of any claim, set-off, defense or other right that Borrower may have at any time against any beneficiary or any transferee of a Letter of Credit (or any Persons for which any such beneficiary or any such transferee may be acting), any Issuing Bank, the Agent, any Lender or any other Person, whether in connection with the transactions contemplated by the L/C Related Documents or any unrelated transaction;

(d) any statement or any other document presented under a Letter of Credit proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect;

(e) payment by any Issuing Bank under a Letter of Credit against presentation of a draft or certificate that does not strictly comply with the terms of such Letter of Credit;

(f) any exchange, release or non-perfection of any Collateral or other collateral, or any release or amendment or waiver of or consent to departure from any guarantee, for all or any of the obligations of the Borrower in respect of the L/C Related Documents; or

(g) any other circumstance or happening whatsoever, whether or not similar to any of the foregoing, including, without limitation, any other circumstance that might otherwise constitute a defense available to, or a discharge of, the Company or a guarantor.

SECTION 2.07. Interest on Revolving Loans.

(a) Scheduled Interest. Borrower shall pay interest on the unpaid principal amount of each Revolving Loan owing by Borrower to the Agent (or the Company, at its option, may make such payment on behalf of Borrower) for the account of each Lender from the date of such Revolving Loan until such principal amount shall be paid in full, at the following rates per annum:

(i) Base Rate Revolving Loans. During such periods as such Revolving Loan is a Base Rate Revolving Loan, a rate per annum equal at all times to the sum of (A) the Base Rate in effect from time to time plus (B) the Applicable Margin in effect from time to time, payable in arrears monthly on the first day of each calendar month and on the date such Base Rate Revolving Loan shall be Converted or paid in full.

(ii) Eurodollar Rate Revolving Loans. During such periods as such Revolving Loan is a Eurodollar Rate Revolving Loan, a rate per annum equal at all times during each Interest Period for such Revolving Loan to the sum of (A) the Eurodollar Rate for such Interest Period for such Revolving Loan plus (B) the Applicable Margin in effect from time to time, payable in arrears on the last day of such Interest Period and, if such Interest Period has a duration of more than three months, on the day of every third month during such Interest Period corresponding to the first day of such Interest Period and on the date such Eurodollar Rate Revolving Loan shall be Converted or paid in full.

(b) Default Interest. Upon the occurrence and during the continuance of an Event of Default under Section 6.01(a), the Agent may, and upon the request of the Required Lenders shall, require and notify the Borrower to pay interest ("Default Interest") on (i) the unpaid principal amount of each Revolving Loan owing to each Lender, payable in arrears on the dates referred to in clause (a)(i) or (a)(ii) above, at a rate per annum equal at all times to 2% per annum above the rate per annum required to be paid on such Revolving Loan pursuant to clause (a)(i) or (a)(ii) above and (ii) to the fullest extent permitted by law, the amount of any interest, fee or other amount payable hereunder that is not paid when due, from the date such amount shall be due until such amount shall be paid in full, payable in arrears on the date such amount shall be paid in full and on demand, at a rate per annum equal at all times to 2% per annum above the rate per annum required to be paid on Base Rate Revolving Loans pursuant to clause (a)(i) above, provided, however, that following acceleration of the Revolving Loans pursuant to Section 6.01, Default Interest shall accrue and be payable hereunder whether or not previously required by the Agent.

SECTION 2.08. Interest Rate Determination.

(a) The Agent shall give prompt notice to the Company and the Lenders of the applicable interest rate determined by the Agent for purposes of Section 2.07(a)(i) or (ii).

(b) If, with respect to any Eurodollar Rate Revolving Loans, Lenders owed at least 50% of the then aggregate principal amount of the such outstanding Eurodollar Rate Revolving Loans thereof notify the Agent that the Eurodollar Rate for any Interest Period for such Revolving Loans will not adequately reflect the cost to such Lenders of making, funding or maintaining their respective Eurodollar Rate Revolving Loans for such Interest Period (a "Market Disruption Event"), the Agent shall forthwith so notify the Company and the Lenders, whereupon (i) each Eurodollar Rate Revolving Loan will automatically, on the last day of the then existing Interest Period therefor, Convert into a Base Rate Revolving Loan, and (ii) the obligation of the Lenders to make, or to Convert Revolving Loans into, Eurodollar Rate Revolving Loans shall be suspended until the Agent shall notify the Borrower and such Lenders that the circumstances causing such suspension no longer exist. During any period in which a Market Disruption Event is in effect, Borrower may request that the Agent confirm that the circumstances giving rise to the Market Disruption Event continue to be in effect; provided, that (A) Borrower shall not be permitted to submit any such request more than once in any 30 day period and (B) nothing contained in this Section 2.08 or the failure to provide confirmation of the continued effectiveness of such Market Disruption Event shall in any way affect the Agent's or Required Lenders' right to provide any additional notices of a Market Disruption Event as provided in this Section 2.08. If the Agent has not confirmed after request of such report from the Borrower that a Market Disruption Event has occurred, then such Market Disruption Event shall be deemed to be no longer existing.

(c) If Borrower shall fail to select the duration of any Interest Period for any Eurodollar Rate Revolving Loans in accordance with the provisions contained in the definition of "Interest Period" in Section 1.01, the Agent will forthwith so notify Borrower and the Lenders and such Revolving Loans will automatically, on the last day of the then existing Interest Period therefor, Convert into Base Rate Revolving Loans.

(d) On the date on which the aggregate unpaid principal amount of Eurodollar Rate Revolving Loans comprising any Borrowing shall be reduced, by payment or prepayment or otherwise, to less than \$5,000,000, such Revolving Loans shall automatically Convert into Base Rate Revolving Loans.

(e) Upon the occurrence and during the continuance of any Event of Default under Section 6.01(a) or any Borrowing Base Deficiency, (i) each Eurodollar Rate Revolving Loan will automatically, on the last day of the then existing Interest Period therefor, Convert into a Base Rate Revolving Loan and (ii) the obligation of the Lenders to make, or to Convert Revolving Loans into, Eurodollar Rate Revolving Loans shall be suspended.

(f) If Reuter Screen LIBOR01 is unavailable (and there is no successor or replacement screen available for determining the Eurodollar Rate) for determining the Eurodollar Rate for any Eurodollar Rate Revolving Loans,

(i) the Agent shall forthwith notify the Borrower and the Lenders that the interest rate cannot be determined for such Eurodollar Rate Revolving Loans,

(ii) with respect to Eurodollar Rate Revolving Loans, each such Revolving Loan will automatically, on the last day of the then existing Interest Period therefor, Convert into a Base Rate Revolving Loan (or if such Revolving Loan is then a Base Rate Revolving Loan, will continue as a Base Rate Revolving Loan), and

(iii) the obligation of the Lenders to make Eurodollar Rate Revolving Loans or to Convert Revolving Loans into Eurodollar Rate Revolving Loans shall be suspended until the Agent shall notify the Company and the Lenders that the circumstances causing such suspension no longer exist.

(g) Intentionally Deleted.

(h) Intentionally Deleted.

(i) Maximum Interest Rates. Notwithstanding anything to the contrary contained in any Loan Document, the interest paid or agreed to be paid under the Loan Documents shall not exceed the maximum rate of non-usurious interest permitted by applicable law (the "Maximum Rate"). If the Agent or any Lender shall receive interest in an amount that exceeds the Maximum Rate, the excess interest shall be applied to the principal of the applicable Revolving Loans or, if it exceeds such unpaid principal, refunded to the Borrower, as applicable. In determining whether the interest contracted for, charged, or received by the Agent or a Lender exceeds the Maximum Rate, such Person may, to the extent permitted by applicable law, (a) characterize any payment that is not principal as an expense, fee, or premium rather than interest, (b) exclude voluntary prepayments and the effects thereof, and (c) amortize, prorate, allocate, and spread in equal or unequal parts the total amount of interest throughout the contemplated term of the Obligations hereunder.

(j) Intentionally Deleted.

SECTION 2.09. Optional Conversion of Revolving Loans. Borrower may on any Business Day, upon notice given to the Agent not later than 11:00 a.m. (New York City time) on the third Business Day prior to the date of the proposed Conversion and subject to the provisions of Sections 2.08 and 2.12, Convert all or any portion of the Revolving Loans made to it of one Type comprising the same Borrowing into Revolving Loans of the other Type; provided, however, that any Conversion of Eurodollar Rate Revolving Loans into Base Rate Revolving Loans shall be made only on the last day of an Interest Period for such Eurodollar Rate Revolving Loans, any Conversion of Base Rate Revolving Loans into Eurodollar Rate Revolving Loans shall be in an amount not less than the minimum amount specified in Section 2.02(b), no Conversion of any Revolving Loans shall result in more separate Borrowings than permitted under Section 2.02(b) and each Conversion of Revolving Loans comprising part of the same Borrowing shall be made ratably among the Lenders in accordance with their Commitments. Each such notice of a Conversion shall, within the restrictions specified above, specify (i) the date of such Conversion, (ii) the Revolving Loans to be Converted, and (iii) if such Conversion is into Eurodollar Rate Revolving Loans, the duration of the initial Interest Period for each such Revolving Loan. Each notice of Conversion shall be irrevocable and binding on the Borrower giving such notice.

SECTION 2.10. Repayments of Revolving Loans; Prepayments of Revolving Loans.

(a) Repayment of Revolving Loans. The Borrower shall repay to the Agent for the ratable account of each applicable Lender on the Termination Date the aggregate principal amount of the Revolving Loans made by such Lender to Borrower then outstanding. Subject to 2.01(c), if an Overadvance exists at any time, Borrower shall, on the sooner of the Agent's demand or the first Business Day after Borrower has knowledge thereof, repay Revolving Loans or Cash Collateralize Letters of Credit in an amount sufficient to reduce Revolving Credit Facility Usage to the Borrowing Base. If, after the occurrence and during the continuation of any Cash Control Trigger Event, any asset disposition includes the disposition of Accounts, Inventory, or Eligible Equipment, Borrower shall apply Net Cash Proceeds to repay Revolving Loans in an amount equal to the greater of (a) the net book value of such Accounts, Inventory, and Eligible Equipment or (b) the reduction in the Borrowing Base resulting from the disposition.

(b) Optional Prepayments. Borrower may, at any time, upon notice at least two Business Days' prior to the date of such prepayment, in the case of Eurodollar Rate Revolving Loans, and not later than 11:00 a.m. (New York City time) on the date of such prepayment, in the case of Base Rate Revolving Loans, to the Agent stating the proposed date and aggregate principal amount of the prepayment, and if such notice is given Borrower shall, prepay the outstanding principal amount of the Revolving Loans comprising part of the same Borrowing made to it in whole or in part, together with accrued interest to the date of such prepayment on the principal amount prepaid; provided, that (x) each partial prepayment shall be in an aggregate principal amount of \$5,000,000, or an integral multiple of \$1,000,000 in excess thereof and (y) in the event of any such prepayment of a Eurodollar Rate Revolving Loan, Borrower shall be obligated to reimburse the Lenders in respect thereof pursuant to Section 9.04(c).

(c) Mandatory Prepayments. (i) Borrower shall, in the time periods set forth in Section 2.01(c), prepay (with no corresponding commitment reduction) an aggregate principal amount of the Revolving Loans owed by Borrower and comprising part of the same Borrowings or Cash Collateralize Letters of Credit in an amount equal to the amount by which Revolving Credit Facility Usage exceeds the Line Cap (except as a result of Protective Revolving Loans made under Section 2.01(d) and not outstanding for more than 90 consecutive days) (such amount, the "Excess Usage"); provided that in respect of any prepayment under this subsection directly attributable to any adjustment of Reserves, such prepayment shall be made not later than the Business Day immediately following the date such adjusted Reserves became effective.

(ii) Each prepayment made pursuant to this Section 2.10(c) shall be made together with any interest accrued to the date of such prepayment on the principal amounts prepaid and, in the case of any prepayment of a Eurodollar Rate Revolving Loan on a date other than the last day of an Interest Period or at its maturity, any additional amounts which the Borrower shall be obligated to reimburse to the Lenders in respect thereof pursuant to Section 9.04(c).

(iii) The Agent shall give prompt notice of any prepayment required under this Section 2.10(c) to Lenders.

(d) After the occurrence and during the continuation of any Cash Control Trigger Event, the Net Cash Proceeds of all insurance payments in respect of Equipment or Inventory shall be paid to the Agent and shall, in the Agent's sole discretion, (i) be released to the Borrower or applicable Guarantor for the repair, replacement or restoration thereof, (ii) be held as additional Collateral hereunder or applied as specified in Section 19(b) of the Security Agreement or (iii) be released to the Agent Sweep Account and applied as provided in Section 2.18(h) hereof.

SECTION 2.11. Increased Costs.

(a) If, due to either (i) the introduction of or any change in or in the interpretation of any law or regulation or (ii) the compliance with any guideline or request from any central bank or other governmental authority (whether or not having the force of law), there shall be any increase in the cost to any Lender of agreeing to make or making, funding or maintaining Eurodollar Rate Revolving Loans or of agreeing to issue or of issuing or maintaining or participating in Letters of Credit (excluding for purposes of this Section 2.11 any such increased costs resulting from (x) Taxes (which for purposes of this exclusion shall include withholding taxes that are excluded from Taxes pursuant to Section 2.14(e)) or Other Taxes (as to which Section 2.14 shall govern) and (y) changes in the basis of taxation of overall net income or overall gross income by the United States or by the foreign jurisdiction or state under the laws of which such Lender is organized or has its Applicable Lending Office or any political subdivision thereof), then the Borrower shall from time to time, upon written demand by such Lender (with a copy of such demand to the Agent), pay to the Agent for the account of such Lender additional amounts sufficient to compensate such Lender for such increased cost; provided, however, that before making any such demand, each Lender agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to designate a different Applicable Lending Office if the making of such a designation would avoid the need for, or reduce the amount of, such increased cost and would not, in the judgment of such Lender, be otherwise disadvantageous to such Lender. A certificate as to the amount of such increased cost, submitted to the Borrower and the Agent by such Lender, shall be conclusive and binding for all purposes, absent manifest error.

Notwithstanding anything herein to the contrary, (x) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder or issued in connection therewith and (y) all requests, rules, guidelines or directives promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States regulatory authorities, in each case pursuant to Basel III, shall in each case be deemed to be a "change in law", regardless of the date enacted, adopted or issued.

(b) If any Lender determines that compliance with any law or regulation or any guideline or request from any central bank or other governmental authority (whether or not having the force of law) affects or would affect the amount of capital or liquidity required or expected to be maintained by such Lender or any corporation controlling such Lender and that the amount of such capital or liquidity is increased by or based upon the existence of such Lender's commitment to lend or to issue or participate in Letters of Credit hereunder and other commitments of such type or the issuance or

maintenance of or participation in the Letters of Credit (or similar contingent obligations), then, upon demand by such Lender (with a copy of such demand to the Agent), the Borrower shall pay to the Agent for the account of such Lender, from time to time as specified by such Lender, additional amounts sufficient to compensate such Lender or such corporation in the light of such circumstances, to the extent that such Lender reasonably determines such increase in capital or liquidity to be allocable to the existence of such Lender's commitment to lend or to issue or participate in Letters of Credit hereunder or to the issuance or maintenance of or participation in any Letters of Credit. A certificate as to such amounts submitted to the Borrower and the Agent by such Lender shall be conclusive and binding for all purposes, absent manifest error.

(c) A Lender will only be entitled to such compensation if such Lender provides a certificate to the Agent and the Company setting forth in reasonable detail (i) the amount or amounts necessary to compensate such Lender or its holding company, as the case may be, as specified in paragraph (a) or (b) of this Section and (ii) stating that the claim for additional amounts referred to therein is generally consistent with such Lender's treatment of similarly situated customers of such Lender whose transactions with such Lender are similarly affected by the change in circumstances giving rise to such payment. Such certificate, when delivered to the Company, shall be conclusive absent manifest error. The Borrower shall pay such Lender the amount shown as due on any such certificate within ten (10) days after receipt thereof. Failure or delay on the part of any Lender to demand compensation pursuant to this Section 2.11(c) shall not constitute a waiver of such Lender's right to demand such compensation; provided that Borrower shall not be required to compensate a Lender or the Agent pursuant to this Section 2.11(c) for any increased costs or reductions incurred more than 120 days prior to the date that such Lender or the Agent notifies the Company of the change in law giving rise to such increased costs or reductions and of such Lender's or the Agent's intention to claim compensation therefor; provided further that, if the change in law giving rise to such increased costs or reductions is retroactive, then the 120-day period referred to above shall be extended to include the period of retroactive effect thereof.

SECTION 2.12. Illegality. Notwithstanding any other provision of this Agreement, if any Lender shall notify the Agent that the introduction of or any change in or in the interpretation of any law or regulation makes it unlawful, or any central bank or other governmental authority asserts that it is unlawful, for any Lender or its Eurodollar Lending Office to perform its obligations hereunder to make Eurodollar Rate Revolving Loans or to fund or maintain Eurodollar Rate Revolving Loans hereunder, (a) each Eurodollar Rate Revolving Loan will automatically, upon such demand, Convert into a Base Rate Revolving Loan and (ii) the obligation of the Lenders to make, or to Convert Revolving Loans into, Eurodollar Rate Revolving Loans shall be suspended until the Agent shall notify the Company, on behalf of the Borrower) the Borrower and the Lenders that the circumstances causing such suspension no longer exist; provided, however, that before making any such demand, each Lender agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to designate a different Eurodollar Lending Office if the making of such a designation would allow such Lender or its Eurodollar Lending Office to continue to perform its obligations to make Eurodollar Rate Revolving Loans or to continue to fund or maintain Eurodollar Rate Revolving Loans and would not, in the judgment of such Lender, be otherwise disadvantageous to such Lender.

SECTION 2.13. Payments and Computations.

(a) The Borrower shall make each payment hereunder without condition or deduction for any right of counterclaim, defense, recoupment or set-off, not later than 11:00 a.m. (New York City time) on the day when due in Dollars to the Agent at the Agent's Account in same day funds. The Agent will promptly thereafter cause to be distributed like funds relating to the payment of principal, interest, fees or commissions ratably (other than amounts payable pursuant to Section 2.04, 2.11, 2.14 or 9.04(c)) to the Lenders for the account of their respective Applicable Lending Offices, and like funds

relating to the payment of any other amount payable to any Lender to such Lender for the account of its Applicable Lending Office, in each case to be applied in accordance with the terms of this Agreement. Upon any Assuming Lender becoming a Lender hereunder as a result of a Commitment Increase pursuant to Section 2.21, and upon the Agent's receipt of such Lender's Assumption Agreement and recording of the information contained therein in the Register, from and after the applicable Increase Date the Agent shall treat each Assuming Lender as a Lender under this Agreement and shall make all payments hereunder and under any Notes issued in connection therewith pro rata among the Lenders taking into account the interest assumed thereby by the Assuming Lender. Upon its acceptance of an Assignment and Acceptance and recording of the information contained therein in the Register pursuant to Section 9.08(c), from and after the effective date specified in such Assignment and Acceptance, the Agent shall make all payments hereunder and under the Notes in respect of the interest assigned thereby to the Lender assignee thereunder, and the parties to such Assignment and Acceptance shall make all appropriate adjustments in such payments for periods prior to such effective date directly between themselves.

(b) Borrower hereby authorizes each Lender, if and to the extent payment owed to such Lender is not made when due hereunder or under the Note held by such Lender, to charge from time to time against any or all of Borrower's accounts with such Lender any amount so due.

(c) All computations of interest and of fees and Letter of Credit commissions shall be made by the Agent on the basis of a year of 360 days, in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest or fees or commissions are payable. Each determination by the Agent of an interest rate hereunder shall be conclusive and binding for all purposes, absent manifest error.

(d) Whenever any payment hereunder or under the Notes shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day, and such extension of time shall in such case be included in the computation of payment of interest, fee or commission, as the case may be; provided, however, that, if such extension would cause payment of interest on or principal of Eurodollar Rate Revolving Loans to be made in the next following calendar month, such payment shall be made on the next preceding Business Day.

(e) Unless the Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Lenders hereunder that Borrower will not make such payment in full, the Agent may assume that Borrower has made such payment in full to the Agent on such date and the Agent may, in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent Borrower shall not have so made such payment in full to the Agent, each Lender shall repay to the Agent forthwith on demand such amount distributed to such Lender together with interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Agent, at the Federal Funds Rate.

(f) Subject to Section 6.04, if the Agent receives funds for application to the Obligations of the Borrower under or in respect of the Loan Documents under circumstances for which the Loan Documents do not specify, or the Borrower does not direct, the Revolving Loans to which, or the manner in which, such funds are to be applied, the Agent may, but shall not be obligated to, elect to distribute such funds ratably to the outstanding Obligations, first, toward payment of interest and fees then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of interest and fees then due to such parties, and (ii) second, toward payment of principal and unreimbursed amounts drawn under Letters of Credit then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of principal and such Letter of Credit obligations then due to such parties.

(g) Except to the extent a time of payment of, or period within which payment is required in respect of, any amount payable hereunder or under any of the other Loan Documents is specified in any Loan Document, all amounts payable hereunder or under any of the other Loan Documents shall be due and payable, in arrears, on the first day of each month at any time that Obligations or Commitments are outstanding. Borrower hereby authorizes Agent, from time to time without prior notice to Borrower, to charge all interest, fees, costs, expenses and other amounts payable hereunder or under any of the other Loan Documents when due and payable to the loan account, provided, that, interest and fees (including pursuant to Sections 2.04(a), (b) and (c) and Section 2.07(a)(ii) above shall not be charged to any loan account until (3) Business Days after Agent has provided Borrower with an invoice for any such amount. Any interest, fees, costs, expenses, or other amounts payable hereunder or under any other Loan Document that are charged to a loan account shall thereupon constitute Loans hereunder and shall initially accrue interest at the rate then applicable to Loans that are Base Rate Revolving Loans (unless and until converted into Eurodollar Rate Revolving Loans in accordance with the terms of this Agreement).

SECTION 2.14. Taxes.

(a) Any and all payments by any Loan Party to or for the account of any Lender, any Arranger or the Agent hereunder or under the Notes shall be made, in accordance with Section 2.13 or the applicable provisions of such other documents, free and clear of and without deduction for any and all present or future taxes, levies, imposts, deductions, remittances, charges or withholdings, and all liabilities with respect thereto, excluding, in the case of each Lender, each Arranger and the Agent (i) taxes imposed on its overall net income, and franchise taxes imposed on it in lieu of net income taxes, by the jurisdiction under the laws of which such Lender, such Arranger or the Agent (as the case may be) is organized or in which its principal executive office is located, or any political subdivision thereof and, in the case of each Lender, taxes imposed on its overall net income, and franchise taxes imposed on it in lieu of net income taxes, by the jurisdiction of such Lender's Applicable Lending Office or any political subdivision thereof, and (ii) any amounts required to be withheld under FATCA that would not have been imposed but for the failure of the Agent, Arranger or Lender, as applicable, to satisfy the applicable requirements of FATCA (all such non-excluded taxes, levies, imposts, deductions, charges, withholdings and liabilities in respect of payments hereunder or under the Notes being hereinafter referred to as "Taxes"). If any Loan Party shall be required by law to deduct, remit or withhold any Taxes from or in respect of any sum payable hereunder or under any Note to any Lender, any Arranger or the Agent, (i) the sum payable to such Loan Party shall be increased as may be necessary so that after making all required deductions remittances or withholdings, (including deductions applicable to additional sums payable under this Section 2.14) such Lender, such Arranger or the Agent (as the case may be) receives an amount equal to the sum it would have received had no such deductions been made, (ii) such Loan Party shall make such deductions and (iii) such Loan Party shall pay the full amount deducted, remitted or withheld to the relevant taxation authority or other authority in accordance with applicable law.

(b) In addition, each Loan Party shall pay any present or future stamp or documentary taxes or any other excise or property taxes, charges or similar levies that arise from any payment made by such Loan Party hereunder or under any other Loan Documents or from the execution, delivery or registration of, performing under, or otherwise with respect to, this Agreement or the other Loan Documents (hereinafter referred to as "Other Taxes").

(c) The Loan Parties shall indemnify each Lender, each Arranger and the Agent for and hold it harmless against the full amount of Taxes or Other Taxes (including, without limitation, taxes of any kind imposed or asserted by any jurisdiction on amounts payable under this Section 2.14) imposed on or paid or remitted by such Lender, such Arranger or the Agent (as the case may be) and any liability (including penalties, interest and expenses) arising therefrom or with respect thereto. This indemnification shall be made within 30 days from the date such Lender, such Arranger or the Agent (as the case may be) makes written demand therefor with appropriate supporting documentation.

(d) Within 30 days after the date of any payment of Taxes, the appropriate Loan Party shall furnish to the Agent, at its address referred to in Section 9.02, the original or a certified copy of a receipt evidencing such payment to the extent such a receipt is issued therefor, or other written proof of payment thereof that is reasonably satisfactory to the Agent. In the case of any payment hereunder or under the Notes or any other documents to be delivered hereunder by or on behalf of a Loan Party through an account or branch outside the United States or by or on behalf of a Loan Party by a payor that is not a United States person, if such Loan Party determines that no Taxes are payable in respect thereof, such Loan Party shall furnish, or shall cause such payor to furnish, to the Agent, at such address, an opinion of counsel reasonably acceptable to the Agent stating that such payment is exempt from Taxes. For purposes of this subsection (d) and subsection (e), the terms “United States” and “United States person” shall have the meanings specified in Section 7701 of the Code.

(e) Each Lender organized under the laws of a jurisdiction outside the United States, on or prior to the date of its execution and delivery of this Agreement on or prior to the designation of any different Applicable Lending Office and on the date of the Assumption Agreement or the Assignment and Acceptance pursuant to which it becomes a Lender in the case of each other Lender, and from time to time thereafter as reasonably requested in writing by the Company (but only so long as such Lender remains lawfully able to do so), shall provide each of the Agent and the Company with two original Internal Revenue Service Forms W-8BEN or W-8ECI or (in the case of a Lender that has certified in writing to the Agent that it is not (i) a “bank” as defined in Section 881(c)(3)(A) of the Code), (ii) a 10-percent shareholder (within the meaning of Section 871(h)(3)(B) of the Code) of any Loan Party or (iii) a CFC related to any Loan Party (within the meaning of Section 864(d)(4) of the Code), Internal Revenue Service Form W-8BEN, as appropriate, or any successor or other form prescribed by the Internal Revenue Service, certifying that such Lender is exempt from or entitled to a reduced rate of United States withholding tax on payments pursuant to this Agreement or any other Loan Document or, in the case of a Lender that has certified that it is not a “bank” as described above, certifying that such Lender is a foreign corporation, partnership, estate or trust. If the form provided by a Lender at the time such Lender first becomes a party to this Agreement indicates a United States interest withholding tax rate in excess of zero, withholding tax at such rate shall be considered excluded from Taxes unless and until such Lender provides the appropriate forms certifying that a lesser rate applies, whereupon withholding tax at such lesser rate only shall be considered excluded from Taxes for periods governed by such form; provided, however, that, if at the date of the Assignment and Acceptance pursuant to which a Lender assignee becomes a party to this Agreement, the Lender assignor was entitled to payments under subsection (a) in respect of United States withholding tax with respect to interest paid at such date, then, to such extent, the term Taxes shall include (in addition to withholding taxes that may be imposed in the future or other amounts otherwise includable in Taxes) United States withholding tax, if any, applicable with respect to the Lender assignee on such date. If any form or document referred to in this subsection (e) requires the disclosure of information, other than information necessary to compute the tax payable and information required on the Closing Date by Internal Revenue Service Form W-8BEN or W-8ECI or the related certificate described above, that the Lender reasonably considers to be confidential, the Lender shall give notice thereof to the Company and shall not be obligated to include in such form or document such confidential information, except directly to a governmental authority or other Person subject to a reasonable confidentiality agreement. In addition, upon the written request of the Company, any other certification, identification, information, documentation or other reporting requirement shall be delivered if (i) delivery thereof is required by a change in the law, regulation, administrative practice or any applicable tax treaty as a precondition to exemption from or a reduction in the rate of deduction or withholding; (ii) the Agent or Lender, as the case may be, is legally entitled to make delivery of such item; and (iii) delivery of such item will not result in material additional costs unless Borrower shall have agreed in writing to indemnify Lender or the Agent for such costs.

(f) For any period with respect to which a Lender has failed to provide the Company with the appropriate form, certificate or other document described in Section 2.14(e) (other than if such failure is due to a change in law, or in the interpretation or application thereof, occurring subsequent to the date on which a form, certificate or other document originally was required to be provided, or if such form, certificate or other document otherwise is not required under subsection (e) above), such Lender shall not be entitled to indemnification under Section 2.14(a) or (c) with respect to Taxes imposed by the United States of America by reason of such failure; provided, however, that should a Lender become subject to Taxes because of its failure to deliver a form, certificate or other document required hereunder, the Loan Parties, at such Lender's expense, shall take such steps as the Lender shall reasonably request to assist the Lender to recover such Taxes.

(g) Any Lender claiming any additional amounts payable pursuant to this Section 2.14 agrees to use reasonable efforts (consistent with its internal policy and legal and regulatory restrictions) to change the jurisdiction of its Eurodollar Lending Office if the making of such a change would avoid the need for, or reduce the amount of, any such additional amounts that may thereafter accrue and would not, in the judgment of such Lender, be otherwise disadvantageous to such Lender.

(h) If any Lender determines, in its sole discretion, that it has actually and finally realized, by reason of a refund, deduction or credit of any Taxes paid or reimbursed by a Loan Party pursuant to subsection (a) or (c) above in respect of payments under this Agreement or the other Loan Documents, a current monetary benefit that it would otherwise not have obtained, and that would result in the total payments under this Section 2.14 exceeding the amount needed to make such Lender whole, such Lender shall pay to the applicable Loan Party, with reasonable promptness following the date on which it actually realizes such benefit, an amount equal to the lesser of the amount of such benefit or the amount of such excess, in each case net of all out-of-pocket expenses in securing such refund, deduction or credit; provided, that the Borrower, upon the request of the Agent or such Lender, agrees to repay the amount paid over to any Loan Party to the Agent or such Lender in the event the Agent or such Lender is required to repay such amount to such governmental authority.

(i) If any Loan Party determines in good faith that a reasonable basis exists for contesting the applicability of any Tax or Other Tax, the Agent, the relevant Arranger or the relevant Lender shall cooperate with such Loan Party, upon the request and at the expense of such Loan Party, in challenging such Tax or Other Tax. Nothing in this Section 2.14(i) shall require the Agent, any Arranger or any Lender to disclose the contents of its tax returns or other confidential information to any Person.

SECTION 2.15. Sharing of Payments, Etc. Without expanding the rights of any Lender under this Agreement and, except as otherwise expressly provided in Section 6.04, if any Lender shall obtain any payment (whether voluntary, involuntary, through the exercise of any right of set-off, or otherwise) on account of the Revolving Loans owing to it (other than (x) as payment of a Revolving Loan made by an Issuing Bank pursuant to the first sentence of Section 2.03(c) or (y) pursuant to Section 2.11, 2.14 or 9.04(c)) in excess of its ratable share (according to the proportion of (i) the amount of such Revolving Loans due and payable to such Lender at such time to (ii) the aggregate amount of the Revolving Loans due and payable at such time to all Lenders hereunder) of payments on account of the Revolving Loans obtained by all the Lenders, such Lender shall forthwith purchase from the other Lenders such participations in the Revolving Loans owing to them as shall be necessary to cause such purchasing Lender to share the excess payment ratably with each of them; provided, however, that if all or any portion of such excess payment is thereafter recovered from such purchasing Lender, such purchase from each Lender shall be rescinded and such Lender shall repay to the purchasing Lender the purchase price

to the extent of such Lender's ratable share (according to the proportion of (i) the purchase price paid to such Lender to (ii) the aggregate purchase price paid to all Lenders) of such recovery together with an amount equal to such Lender's ratable share (according to the proportion of (i) the amount of such Lender's required repayment to (ii) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered; provided further that, so long as the Revolving Loans shall not have become due and payable pursuant to Section 6.01, any excess payment received by any Lender shall be shared on a pro rata basis only with other Lenders. The Borrower agrees that any Lender so purchasing a participation from another Lender pursuant to this Section 2.15 may, to the fullest extent permitted by law, exercise all its rights of payment (including the right of set-off) with respect to such participation as fully as if such Lender were the direct creditor of the Loan Parties in the amount of such participation.

SECTION 2.16. Evidence of Debt.

(a) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of Borrower to such Lender resulting from each Revolving Loan owing to such Lender from time to time, including the amounts of principal and interest payable and paid to such Lender from time to time hereunder in respect of Revolving Loans. Borrower agrees that upon notice by any Lender to Borrower (with a copy of such notice to the Agent) to the effect that a Note is required or appropriate in order for such Lender to evidence (whether for purposes of pledge, enforcement or otherwise) the Revolving Loans owing to, or to be made by, such Lender, Borrower shall promptly execute and deliver to such Lender a Note, as applicable, properly completed, payable to the order of such Lender in a principal amount up to the Revolving Credit Commitment of such Lender.

(b) The Register maintained by the Agent pursuant to Section 9.08(e) shall include a control account, and a subsidiary account for each Lender, in which accounts (taken together) shall be recorded (i) the date and amount of each Borrowing made hereunder, the Type of Revolving Loans comprising such Borrowing and, if appropriate, the Interest Period applicable thereto, (ii) the terms of each Assumption Agreement and each Assignment and Acceptance delivered to and accepted by it, (iii) the amount of any principal or interest due and payable or to become due and payable from Borrower to each Lender hereunder and (iv) the amount of any sum received by the Agent from each Borrower hereunder and each Lender's share thereof.

(c) Entries made in good faith by the Agent in the Register pursuant to subsection (b) above, and by each Lender in its account or accounts pursuant to subsection (a) above, shall be prima facie evidence of the amount of principal and interest due and payable or to become due and payable from Borrower to, in the case of the Register, each Lender and, in the case of such account or accounts, such Lender, under this Agreement, absent manifest error; provided, however, that the failure of the Agent or such Lender to make an entry, or any finding that an entry is incorrect, in the Register or such account or accounts shall not limit or otherwise affect the obligations of Borrower under this Agreement with respect to Revolving Loans made and not repaid.

SECTION 2.17. Use of Proceeds. On the Closing Date, the proceeds of the Revolving Loans and the issuance of Letters of Credit hereunder shall be to support outstanding letters of credit under the Existing DIP ABL Credit Agreement and pay costs and expenses related to the Transactions and thereafter to issue Letters of Credit and finance ongoing working capital needs and general corporate purposes of the Borrower.

SECTION 2.18. Cash Management.

(a) Within 60 days after the Closing Date (or such later date as the Agent may specify in its sole discretion), and at all times thereafter, the Loan Parties shall enter into and maintain Control Agreements, with respect to each Concentration Account.

(b) Each Control Agreement for each Concentration Account shall require, during the continuance of a Cash Control Trigger Event (and delivery of notice thereof from the Agent), the ACH or wire transfer on each Business Day of all ledger or available, as applicable, cash receipts held in the Concentration Account to a concentration account maintained by the Agent (an "Agent Sweep Account") located in the United States.

(c) If (i) at any time during the continuance of a Cash Control Trigger Event, any cash or Cash Equivalents owned by a Loan Party are deposited in any account (other than an Excluded Account), or held or invested in any manner (other than (w) in an Excluded Account, (x) in a Concentration Account that is subject to the Control Agreement, or (y) a Deposit Account which is swept daily to a Concentration Account subject to a Control Agreement), or (ii) at any time, a Concentration Account shall cease to be subject to a Control Agreement, the applicable Loan Party shall immediately furnish the Agent with written notice thereof and the Agent may require such Loan Party to close such account and have any such funds transferred to a Concentration Account which is subject to a Control Agreement or maintained with the Agent.

(d) A Loan Party may close any Deposit Account or a Concentration Account, maintain existing Deposit Accounts or Concentration Accounts and/or open new Deposit Accounts or Concentration Accounts, subject to the execution and delivery to the Agent of appropriate Control Agreements with respect to each Concentration Account (except with respect to any Concentration Account maintained with the Agent) consistent with the provisions of this Section 2.18 and otherwise reasonably satisfactory to the Agent. The applicable Loan Party shall furnish the Agent with prior written notice of its intention to open or close a Concentration Account and the Agent shall promptly notify such Loan Party as to whether the Agent shall require a Control Agreement with the Person with whom such account will be maintained.

(e) Each Agent Sweep Account shall at all times be under the sole dominion and control of the Agent. Each Loan Party hereby acknowledges and agrees that (i) it has no right of withdrawal from the Agent Sweep Account until the applicable Cash Control Trigger Event is no longer continuing as set forth in subclause (f), (ii) the funds on deposit in an Agent Sweep Account shall at all times continue to be collateral security for all of the Secured Obligations, and (iii) the funds on deposit in an Agent Sweep Account, shall be applied as provided in Section 2.18(h) of this Agreement and in the Security Agreement. In the event that, notwithstanding the provisions of this Section 2.18, during the continuance of a Cash Control Trigger Event, a Loan Party receives or otherwise has dominion and control of any such proceeds or collections, such proceeds and collections shall be held in trust by such Loan Party for the Agent, shall not be commingled with any of such Loan Party's other funds or deposited in any account of such Loan Party and shall promptly be deposited into a Concentration Account or dealt with in such other fashion as such Loan Party may be instructed by the Agent (except for (i) funds required to be deposited into an Excluded Account and (ii) funds necessary to fund working capital needs of the Company and its Subsidiaries, which funds will be deposited in an account subject to a Control Agreement in the case of subclause (ii)).

(f) Any amounts remaining in an Agent Sweep Account (i) at any time when a Cash Control Trigger Event is no longer continuing for purposes of this Agreement or (ii) after application of amounts received in such Agent Sweep Account as set forth in subsection (h) below, shall be remitted to the primary Concentration Account of the Company maintained with the Agent.

(g) The Agent shall promptly (but in any event within two (2) Business Days) furnish written notice to each Person with whom a Concentration Account is maintained when a Cash Control Trigger Event is no longer continuing for purposes of this Agreement.

(h) (i) Any amounts received in an Agent Sweep Account in the United States shall be applied to the payment (without a corresponding reduction of Commitments) of all of the Revolving Loans made to the Borrower (whether then due or not) and to the payment of all of the other Obligations under the Loan Documents of the Loan Parties (other than contingent obligations) (whether then due or not) in accordance with Section 6.04 (with all Revolving Loans deemed due for purposes thereof); (ii) all payments to be made in accordance with this subsection (h) in respect of Eurodollar Rate Revolving Loans shall be made on the last day of the applicable Interest Period therefor, and shall be held in the applicable Agent Sweep Account pending such payment and (iii) any remaining amounts shall be available for use by the Company and its Subsidiaries for additional working capital needs.

(i) The following shall apply to deposits and payments under and pursuant to this Agreement:

(i) funds shall be deemed to have been deposited to an Agent Sweep Account on the Business Day on which deposited, provided that such deposit is available to the Agent by 2:00 p.m. on that Business Day (except that if the Obligations are being paid in full, by 2:00 p.m. on that Business Day);

(ii) funds paid to the Agent, other than by deposit to an Agent Sweep Account, shall be deemed to have been received on the Business Day when they are good and collected funds, provided that such payment is available to the Agent by 2:00 p.m. on that Business Day (except that if the Obligations are being paid in full, by 2:00 p.m. on that Business Day); and

(iii) if a deposit to an Agent Sweep Account or payment is not available to the Agent until after 2:00 p.m. on a Business Day, such deposit or payment shall be deemed to have been made at 9:00 a.m. on the then next Business Day.

SECTION 2.19. Defaulting Lenders.

(a) In the event that, at any time, (i) any Lender shall be a Defaulting Lender, (ii) such Defaulting Lender shall owe a Defaulted Revolving Loan to Borrower and (iii) Borrower shall be required to make any payment hereunder or under any other Loan Document to or for the account of such Defaulting Lender, then Borrower may, to the fullest extent permitted by applicable law, set off and otherwise apply the Obligation of the Borrower to make such payment to or for the account of such Defaulting Lender against the obligation of such Defaulting Lender to make such Defaulted Revolving Loan. In the event that, on any date, Borrower shall so set off and otherwise apply its obligation to make any such payment against the obligation of such Defaulting Lender to make any such Defaulted Revolving Loan on or prior to such date, the amount so set off and otherwise applied by Borrower shall constitute for all purposes of this Agreement and the other Loan Documents a Revolving Loan by such Defaulting Lender made on the date under the Revolving Credit Facility pursuant to which such Defaulted Revolving Loan was originally required to have been made pursuant to Section 2.01. Such Revolving Loan shall be considered, for all purposes of this Agreement, to comprise part of the Borrowing in connection with which such Defaulted Revolving Loan was originally required to have been made pursuant to Section 2.01, even if the other Revolving Loans comprising such Borrowing shall be Eurodollar Rate Revolving Loans on the date such Revolving Loan is deemed to be made pursuant to this subsection (a). Borrower shall notify the Agent at any time Borrower exercises its right of set-off pursuant to this subsection (a) and shall set forth in such notice (A) the name of the Defaulting Lender

and the Defaulted Revolving Loan required to be made by such Defaulting Lender and (B) the amount set off and otherwise applied in respect of such Defaulted Revolving Loan pursuant to this subsection (a). Any portion of such payment otherwise required to be made by the Borrower to or for the account of such Defaulting Lender which is paid by the Borrower, after giving effect to the amount set off and otherwise applied by the Borrower pursuant to this subsection (a), shall be applied by the Agent as specified in subsection (b) or (c) of this Section 2.19.

(b) In the event that, at any time, (i) any Lender shall be a Defaulting Lender, (ii) such Defaulting Lender shall owe a Defaulted Amount to the Agent or other applicable Lenders and (iii) Borrower shall make any payment hereunder or under any other Loan Document to the Agent for the account of such Defaulting Lender, then the Agent may, on its behalf or on behalf of such other Lenders and to the fullest extent permitted by applicable law, apply at such time the amount so paid by Borrower to or for the account of such Defaulting Lender to the payment of each such Defaulted Amount to the extent required to pay such Defaulted Amount. In the event that the Agent shall so apply any such amount to the payment of any such Defaulted Amount on any date, the amount so applied by the Agent shall constitute for all purposes of this Agreement and the other Loan Documents payment, to such extent, of such Defaulted Amount on such date. Any such amount so applied by the Agent shall be retained by the Agent or distributed by the Agent to such other Lenders, ratably in accordance with the respective portions of such Defaulted Amounts payable at such time to the Agent and such other Lenders and, if the amount of such payment made by Borrower shall at such time be insufficient to pay all Defaulted Amounts owing at such time to the Agent and the other Lenders, in the following order of priority:

(i) *first*, to the Agent for any Defaulted Amount then owing to the Agent in its capacity as Agent; and

(ii) *second*, to the Issuing Banks for any Defaulted Amounts then owing to them, in their capacities as such, ratably in accordance with such respective Defaulted Amounts then owing to the Issuing Banks; and

(iii) *third*, to any other Lenders for any Defaulted Amounts then owing to such other Lenders, ratably in accordance with such respective Defaulted Amounts then owing to such other Lenders.

Any portion of such amount paid by Borrower for the account of such Defaulting Lender remaining, after giving effect to the amount applied by the Agent pursuant to this subsection (b), shall be applied by the Agent as specified in subsection (c) of this Section 2.19.

(c) In the event that, at any time, (i) any Lender shall be a Defaulting Lender, (ii) such Defaulting Lender shall not owe a Defaulted Revolving Loan or a Defaulted Amount and (iii) Borrower, the Agent or any other Lender shall be required to pay or distribute any amount hereunder or under any other Loan Document to or for the account of such Defaulting Lender, then Borrower or such other Lender shall pay such amount to the Agent to be held by the Agent, to the fullest extent permitted by applicable law, in escrow or the Agent shall, to the fullest extent permitted by applicable law, hold in escrow such amount otherwise held by it. Any funds held by the Agent in escrow under this subsection (c) shall be deposited by the Agent in an account with the Agent, in the name and under the control of the Agent, but subject to the provisions of this subsection (c). The terms applicable to such account, including the rate of interest payable with respect to the credit balance of such account from time to time, shall be the Agent's standard terms applicable to escrow accounts maintained with it. Any interest credited to such account from time to time shall be held by the Agent in escrow under, and applied by the Agent from time to time in accordance with the provisions of, this subsection (c). The Agent shall, to the fullest extent permitted by applicable law, apply all funds so held in escrow from time

to time to the extent necessary to make any Revolving Loans required to be made by such Defaulting Lender and to pay any amount payable by such Defaulting Lender hereunder and under the other Loan Documents to the Agent or any other Lender, as and when such Revolving Loans or amounts are required to be made or paid and, if the amount so held in escrow shall at any time be insufficient to make and pay all such Revolving Loans and amounts required to be made or paid at such time, in the following order of priority:

(i) *first*, to the Agent for any amount then due and payable by such Defaulting Lender to the Agent hereunder in its capacity as Agent;

(ii) *second*, to the Issuing Banks for any amounts then due and payable to them hereunder, in their capacities as such, by such Defaulting Lender, ratably in accordance with such respective amounts then due and payable to the Issuing Banks;

(iii) *third*, to the Agent for any amount then due and payable by such Defaulting Lender in respect of Swingline Loans ratably in accordance with such respective amounts and payable to Agent in respect of Swingline Loans;

(iv) *fourth*, to any other Lenders for any amount then due and payable by such Defaulting Lender to such other Lenders hereunder, ratably in accordance with such respective amounts then due and payable to such other Lenders; and

(v) *fifth*, to the Company, as applicable for any Revolving Loan then required to be made by such Defaulting Lender pursuant to a Commitment of such Defaulting Lender.

In the event that any Lender that is a Defaulting Lender shall, at any time, cease to be a Defaulting Lender, any funds held by the Agent in escrow at such time with respect to such Lender shall be distributed by the Agent to such Lender and applied by such Lender to the Obligations owing to such Lender at such time under this Agreement and the other Loan Documents ratably in accordance with the respective amounts of such Obligations outstanding at such time.

(d) The rights and remedies against a Defaulting Lender under this Section 2.19 are in addition to other rights and remedies that Borrower may have against such Defaulting Lender with respect to any Defaulted Revolving Loan and that the Agent or any Lender may have against such Defaulting Lender with respect to any Defaulted Amount.

(e) Anything contained herein to the contrary notwithstanding, in the event that (i) any Lender shall become a Defaulting Lender and (ii) such Defaulting Lender shall fail to cure the default as a result of which it has become a Defaulting Lender within five Business Days after the Company's request that it cure such default, the Company shall have the right (but not the obligation) to repay such Defaulting Lender in an amount equal to the principal of, and all accrued interest on, all outstanding Revolving Loans owing to such Lender, together with all other amounts due and payable to such Lender under the Loan Documents, and such Lender's Commitment hereunder shall be terminated immediately thereafter.

(f) If any Lender becomes, and during the period it remains, a Defaulting Lender or a Potential Defaulting Lender, for purposes of computing the amount of the obligation of each Non-Defaulting Lender to acquire, refinance or fund participations in Letters of Credit pursuant to Section 2.03, the "Ratable Share" of each Non-Defaulting Lender under the Revolving Credit Facility shall be computed without giving effect to the Letter of Credit Commitment of that Defaulting Lender; provided, that: (i) each such reallocation shall be given effect only if, at the date the applicable Lender

becomes a Defaulting Lender, no Default or Event of Default exists; and (ii) the aggregate obligation of each Non-Defaulting Lender to acquire, refinance or fund participations in Letters of Credit under the Revolving Credit Facility shall not exceed the positive difference, if any, of (1) the applicable Revolving Credit Commitment of that Non-Defaulting Lender minus (2) the aggregate Revolving Loans of that Lender under such Revolving Credit Facility.

(g) Each Issuing Bank, may, by notice to the Company and such Defaulting Lender or Potential Defaulting Lender through the Agent, require the Borrower to Cash Collateralize the obligations of Borrower to such Issuing Bank in respect of such Letter of Credit in amount at least equal to the aggregate amount of the unallocated obligations (contingent or otherwise) of such Defaulting Lender or such Potential Defaulting Lender in respect thereof, or to make other arrangements satisfactory to the Agent, and to the applicable Issuing Bank, in their sole discretion to protect them against the risk of non-payment by such Defaulting Lender or Potential Defaulting Lender.

(h) If Borrower Cash Collateralizes any portion of a Defaulting Lender's or a Potential Defaulting Lender's exposure with respect to an outstanding Letter of Credit, Borrower shall not be required to pay any fees under Section 2.04(b)(i) to any Defaulting Lender or Potential Defaulting Lender that is a Lender at any time when the Letter of Credit is so Cash Collateralized.

(i) If any Lender becomes, and during the period it remains, a Defaulting Lender or a Potential Defaulting Lender, for purposes of computing the amount of the obligation of each Non-Defaulting Lender to settle Swingline Loans pursuant to Sections 2.22, the "Ratable Share" of each Non-Defaulting Lender under the Revolving Credit Facility shall be computed without giving effect to such obligation of that Defaulting Lender; provided, that: the aggregate obligation of each Non-Defaulting Lender to settle Swingline Loans shall not exceed the Unused Revolving Credit Commitment of such Non-Defaulting Lender.

SECTION 2.20. Replacement of Certain Lenders. In the event a Lender ("Affected Lender") shall have (i) become a Defaulting Lender under Section 2.19, (ii) requested compensation from the Borrower under Section 2.14 with respect to Taxes or Other Taxes or with respect to increased costs or capital or under Section 2.11 or other additional costs incurred by such Lender which, in any case, are not being incurred generally by the other Lenders, (iii) has not agreed to any consent, waiver or amendment that requires the agreement of all Lenders or all affected Lenders in accordance with the terms of Section 9.01 and as to which the Required Lenders have agreed, or (iv) delivered a notice pursuant to Section 2.12 claiming that such Lender is unable to extend Eurodollar Rate Revolving Loans to the Borrower for reasons not generally applicable to the other Lenders, then, in any case, the Company or the Agent may make written demand on such Affected Lender (with a copy to the Agent in the case of a demand by the Company and a copy to the Company in the case of a demand by the Agent) for the Affected Lender to assign at par, and such Affected Lender shall use commercially reasonable efforts to assign pursuant to one or more duly executed Assignments and Acceptances five Business Days after the date of such demand, to one or more financial institutions that comply with the provisions of Section 9.08 which the Company or the Agent, as the case may be, shall have engaged for such purpose, all of such Affected Lender's rights and obligations under this Agreement and the other Loan Documents (including, without limitation, its Commitment, all Revolving Loans owing to it, all of its participation interests in existing Letters of Credit, and its obligation to participate in additional Letters of Credit hereunder) in accordance with Section 9.08. The Agent is authorized to execute one or more of such Assignments and Acceptances as attorney-in-fact for any Affected Lender failing to execute and deliver the same within 5 Business Days after the date of such demand. Further, with respect to such assignment, the Affected Lender shall have concurrently received, in cash, all amounts due and owing to the Affected Lender hereunder or under any other Loan Document; provided that upon such Affected Lender's replacement, such Affected Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of

Sections 2.11, 2.14 and 9.04, as well as to any fees accrued for its account hereunder and not yet paid, and shall continue to be obligated under Section 8.05 with respect to losses, obligations, liabilities, damages, penalties, actions, judgments, costs, expenses or disbursements for matters which occurred prior to the date the Affected Lender is replaced.

SECTION 2.21. Increase in the Aggregate Revolving Credit Commitments.

(a) Borrower may, at any time, and from time to time, by notice to the Agent, request an increase of the Revolving Credit Facility (a "Commitment Increase"), either from existing Lenders or from additional parties approved by the Agent and the Issuing Banks after consultation with the Borrower (such approval not to be unreasonably withheld, delayed or conditioned and to be limited to approval rights that such party would have with respect to an assignment of the loan). Each Commitment Increase shall be for an amount of \$25,000,000 or an integral multiple of \$1,000,000 in excess thereof (or the remainder of such amount so that all such increases equal \$50,000,000), to be effective as of a date that is at least 90 days prior to the Termination Date (the "Increase Date") as specified in the related notice to the Agent; provided, however that (i) in no event shall the aggregate amount of all such Commitment Increases exceed \$50,000,000, (ii) on the date of any request by the Company for a Commitment Increase and on the related Increase Date, no event shall have occurred and be continuing that constitutes a Default, and (iii) the Revolving Credit Commitment of each Lender or Eligible Assignee shall be in an amount of \$10,000,000 or an integral multiple of \$5,000,000 in excess thereof.

(b) If the applicable Lenders and Eligible Assignees that are asked to participate in the Commitment Increase notify the Agent that they are willing to so increase their respective Revolving Credit Commitments by an aggregate amount that exceeds the amount of the requested Commitment Increase, the requested Commitment Increase shall be allocated among such Lenders and Eligible Assignees willing to participate therein in such amounts as are determined by the Company in consultation with the Agent.

(c) On each Increase Date, each party participating in the Commitment Increase that is not an existing Lender (an "Assuming Lender") shall become a Lender party to this Agreement as of such Increase Date and the Revolving Credit Commitment under the Revolving Credit Facility of each existing Lender participating in the Commitment Increase (an "Increasing Lender") shall be increased by the amount allocated to such Lender by Borrower as of such Increase Date; provided, that, (i) the Agent shall have received on or before such Increase Date the following, each dated such date: (A) certified copies of resolutions of the Board of Directors of Borrower or the Executive Committee of such Board approving the Commitment Increase and the corresponding modifications to this Agreement, (B) a customary opinion of counsel for the Borrower in form and substance reasonably satisfactory to the Agent, (C) an assumption agreement from each Assuming Lender, if any, in form and substance satisfactory to the Company and the Agent (each an "Assumption Agreement"), duly executed by such Eligible Assignee, the Agent and the Company, and (D) confirmation from each Increasing Lender of the increase in the amount of its Revolving Credit Commitment under the Revolving Credit Facility in a writing satisfactory to the Company and the Agent; and (ii) there shall have been paid to each Lender providing an additional Commitment in connection with such increase in the Revolving Credit Facility all fees and expenses due and payable to such Person on or before the effectiveness of such increase.

On each Increase Date, upon fulfillment of the conditions set forth in the immediately preceding sentence of this Section 2.21(c), the Agent shall notify the Lenders (including, without limitation, each Assuming Lender) and the Borrower, on or before 1:00 p.m. (New York City time), by telecopier, of the occurrence of the Commitment Increase to be effected on such Increase Date and shall record in the Register the relevant information with respect to each Increasing Lender and each Assuming Lender on such date. Each Increasing Lender and each Assuming Lender shall, before 2:00 p.m. (New York City time) on the

Increase Date, make available for the account of its Applicable Lending Office to the Agent at the Agent's Account, in same day funds, in the case of such Assuming Lender, an amount equal to such Assuming Lender's ratable portion of the Borrowings under the Revolving Credit Facility then outstanding (calculated based on its Revolving Credit Commitment as a percentage of the aggregate Revolving Credit Commitments under the Revolving Credit Facility outstanding after giving effect to the relevant Commitment Increase) and, in the case of such Increasing Lender, an amount equal to the excess of (i) such Increasing Lender's ratable portion of the Borrowings under the Revolving Credit Facility then outstanding (calculated based on its Revolving Credit Commitment as a percentage of the aggregate Revolving Credit Commitments under the Revolving Credit Facility outstanding after giving effect to the relevant Commitment Increase) over (ii) such Increasing Lender's ratable portion of the Borrowings under the Revolving Credit Facility then outstanding (calculated based on its Revolving Credit Commitment (without giving effect to the relevant Commitment Increase) as a percentage of the aggregate Revolving Credit Commitments under the Revolving Credit Facility (without giving effect to the relevant Commitment Increase)). After the Agent's receipt of such funds from each such Increasing Lender and each such Assuming Lender, the Agent will promptly thereafter cause to be distributed like funds to the other applicable Lenders for the account of their respective Applicable Lending Offices in an amount to each other applicable Lender such that the aggregate amount of the outstanding Revolving Loans owing to each applicable Lender after giving effect to such distribution equals such Lender's ratable portion of the Borrowings under the Revolving Credit Facility then outstanding (calculated based on its Revolving Credit Commitment as a percentage of the aggregate Revolving Credit Commitments under the Revolving Credit Facility outstanding after giving effect to the relevant Commitment Increase).

(d) In connection with any Commitment Increase, this Agreement and the other Loan Documents may be amended in a writing (which may be executed and delivered by the Borrower and the Agent) to reflect any technical changes necessary to give effect to such increase in accordance with its terms as set forth herein.

SECTION 2.22. Swingline Loans; Settlement.

(a) Each Borrowing of Swingline Loans shall be made upon the Borrower's irrevocable notice to the Agent, which may be given by telephone. Each such notice must be received by the Agent not later than 1:00 p.m. on the requested borrowing date, and shall specify (i) the amount to be borrowed, which shall be a minimum of \$250,000, (ii) all Swingline Loans then outstanding shall not exceed \$20,000,000 and (iii) the requested borrowing date, which shall be a Business Day. Each such telephonic notice must be confirmed promptly by delivery to the Agent of a written notice substantially in the form of Exhibit B-2 ("Swingline Loan Notice"). Subject to the terms and conditions hereof, the Agent shall not later than 3:00 p.m. on the borrowing date specified in such Swingline Loan Notice, make the amount of such Swingline Loan available to the Borrower. Swingline Loans shall constitute Revolving Loans for all purposes, except that payments thereon shall be made to the Agent for its own account until Lenders have funded their participations therein as provided below.

(b) Settlement of Revolving Loans, including Swingline Loans, among the Lenders and the Agent shall take place on a date determined from time to time by the Agent (but at least weekly), on a pro rata basis in accordance with a settlement report delivered by the Agent to the Lenders. Between settlement dates, the Agent may in its discretion apply payments on Revolving Loans to Swingline Loans, regardless of any designation by Borrower or any provision herein to the contrary. Each Lender hereby purchases, without recourse or warranty, an undivided pro rata participation in all Swingline Loans outstanding from time to time until settled. If a Swingline Loan cannot be settled among Lenders, whether due to a Loan Party's Insolvency Proceeding or for any other reason, each Lender shall pay the amount of its participation in the Loan to the Agent, in immediately available funds, within one Business Day after the Agent's request therefor. Lenders' obligations to make settlements and to fund

participations are absolute, irrevocable and unconditional, without offset, counterclaim or other defense, and whether or not the Commitments have terminated, an Overadvance exists or the conditions in Article III are satisfied.

SECTION 2.23. Failure to Satisfy Conditions Precedent. If any Lender makes available to the Agent funds for any Revolving Loan to be made by such Lender as provided in the foregoing provisions of this Article II, and such funds are not made available to the Borrower by the Agent because the conditions to the applicable Revolving Loan set forth in Article III are not satisfied or waived in accordance with the terms hereof, the Agent shall return such funds (in like funds as received from such Lender) to such Lender, without interest.

SECTION 2.24. Obligations of Lenders Several. The obligations of the Lenders hereunder to make Revolving Loans, to fund participations in Letters of Credit and to make payments are several and not joint. The failure of any Lender to make any Revolving Loan, to fund any such participation or to make any payment on any date required hereunder shall not relieve any other Lender of its corresponding obligation to do so on such date, and no Lender shall be responsible for the failure of any other Lender to so make its Revolving Loan, to purchase its participation or to make its payment hereunder.

(a) Compliance with Laws. Comply, and cause each of its Restricted Subsidiaries to comply, in all material respects, with all applicable laws, rules, regulations and orders, such compliance to include, without limitation, compliance with ERISA, Environmental Laws and the PATRIOT Act, except where such non-compliance is not reasonably expected to have a Material Adverse Effect.

(b) Payment of Taxes, Etc. Pay and discharge, and cause each of its Restricted Subsidiaries to pay and discharge, before the same shall become delinquent, (i) all taxes, assessments and governmental charges or levies imposed upon it or upon its property and (ii) all material lawful claims that, if unpaid, might by law become a Lien upon its property; provided, however, that neither the Company nor any of its Restricted Subsidiaries shall be required to pay or discharge any such tax, assessment, charge or claim that is being contested in good faith and by proper proceedings and as to which appropriate reserves are being maintained, unless and until any Lien resulting therefrom attaches to its property and becomes enforceable against its other creditors.

(c) Maintenance of Insurance.

(i) Maintain, and cause each Restricted Subsidiary to maintain, insurance with responsible and reputable insurance companies or associations in such amounts and covering such risks as is usually carried by companies engaged in similar businesses and owning similar properties in the same general areas in which the Company or such Restricted Subsidiary operates; provided, however, that the Company and its Restricted Subsidiaries may self-insure to the extent consistent with prudent business practice.

By purchasing any of the insurance referred to in this Section 5.01(c)(ii), the Agent shall not be deemed to have waived any Default or Event of Default arising from the Borrower's failure to maintain such insurance or pay any such premiums in respect thereof.

(d) The Company or any of its Restricted Subsidiaries shall fail to pay any principal of or premium or interest on any Debt (excluding Debt outstanding hereunder of the Company or such Restricted Subsidiary (as the case may be)) that is outstanding in a principal, or in the case of Swap Obligations, net amount of, at least (i) \$25,000,000 in the aggregate in the case of Debt of the Borrower or any of its Restricted Subsidiaries that are domestic Subsidiaries and (ii) \$50,000,000 in the aggregate in the case of Restricted Subsidiaries that are Foreign Subsidiaries, when the same becomes due and payable (whether by scheduled maturity, required prepayment, acceleration, demand or otherwise), and such failure shall continue after the applicable grace period, if any, specified in the agreement or instrument relating to such Debt; or any other event shall occur or condition shall exist under any agreement or instrument relating to any such Debt and shall continue after the applicable grace period, if any, specified in such agreement or instrument, if the effect of such event or condition is to cause, or to permit the holders or beneficiaries of such Debt (or a trustee or agent on behalf of such holders or beneficiaries) to cause, with the giving of notice if required, such Debt to be demanded or to become due or to be repurchased, prepaid, defeased or redeemed (automatically or otherwise), or an offer to repurchase, prepay, defease or redeem such Debt to be made, in each case prior to the stated maturity of such Debt; or any such Debt shall be declared to be due and payable, or required to be prepaid or redeemed (other than by a regularly scheduled required prepayment or redemption), purchased or defeased, or an offer to prepay, redeem, purchase or defease such Debt shall be required to be made, in each case prior to the stated maturity thereof; or

(e) Borrower or any of its Restricted Subsidiaries (other than Immaterial Subsidiaries) shall generally not pay its debts as such debts become due, or shall admit in writing its inability to pay its debts generally, or shall make a general assignment for the benefit of creditors; or any proceeding shall be instituted by or against Borrower, any Loan Party or any Material Subsidiary seeking to adjudicate it a bankrupt or insolvent, or seeking liquidation, winding up, reorganization, arrangement, adjustment, protection, relief, or composition of it or its debts under any law relating to bankruptcy,

insolvency or reorganization or relief of debtors, or seeking the entry of an order for relief or the appointment of a receiver, interim receiver, monitor, trustee, custodian or other similar official for it or for any substantial part of its property and, in the case of any such proceeding instituted against it (but not instituted by it), either such proceeding shall remain undismitted or unstayed for a period of 60 days, or any of the actions sought in such proceeding (including, without limitation, the entry of an order for relief against, or the appointment of a receiver, trustee, custodian or other similar official for, it or for any substantial part of its property) shall occur; or Borrower, any Loan Party or any Material Subsidiary shall take any corporate action to authorize any of the actions set forth above in this subsection (e); provided, that, in the case of any Foreign Subsidiary, such event, individually, or when aggregated with all such events occurring after the Closing Date, would reasonably be expected to have a Material Adverse Effect; or

(f) Other than with respect to the matters set forth on Schedule 6.01(f) (but solely to the extent that neither the Borrower nor any of its Material Subsidiaries (excluding Subsidiaries which would be permitted, at all times while the applicable judgment remains outstanding, to be designated as Immaterial Subsidiaries, without regard for if such designation has been made) has any obligation with respect to judgments relating to items listed on Schedule 6.01(f), judgments or orders for the payment of money in excess of \$25,000,000 (or its US Dollar equivalent) in the aggregate shall be rendered against the Company or any of its Subsidiaries and either (i) enforcement proceedings shall have been commenced by any creditor upon such judgment or order or (ii) there shall be any period of 30 consecutive days during which a stay of enforcement of such judgment or order, by reason of a pending appeal or otherwise, shall not be in effect; or

(g) A Change of Control shall occur; or

(h) Any ERISA Event shall have occurred with respect to a Plan and such ERISA Event could reasonably be expected to result in a Material Adverse Effect; or Any Loan Party or any ERISA Affiliate shall have been notified by the sponsor of a Multiemployer Plan that it has incurred Withdrawal Liability to such Multiemployer Plan in an amount that, when aggregated with all other amounts required to be paid to Multiemployer Plans by the Loan Parties and the ERISA Affiliates as Withdrawal Liability (determined as of the date of such notification), exceeds \$25,000,000; or

(i) Any Loan Party or any ERISA Affiliate shall have been notified by the sponsor of a Multiemployer Plan that it has incurred Withdrawal Liability to such Multiemployer Plan in an amount that, when aggregated with all other amounts required to be paid to Multiemployer Plans by the Loan Parties and the ERISA Affiliates as Withdrawal Liability (determined as of the date of such notification), exceeds \$25,000,000; or

(j) Any Loan Party or any ERISA Affiliate shall have been notified by the sponsor of a Multiemployer Plan that such Multiemployer Plan is in reorganization, insolvent or is being terminated, within the meaning of Title IV of ERISA, or has been determined to be in "endangered" or "critical" status within the meaning of Section 432 of the Code or Section 305 of ERISA, and as a result of such reorganization, insolvency or termination or determination, the aggregate annual contributions of the Loan Parties and the ERISA Affiliates to all Multiemployer Plans that are then in reorganization, insolvent, being terminated or in endangered or critical status have been or will be increased over the amounts contributed to such Multiemployer Plans for the plan years of such Multiemployer Plans immediately preceding the plan year in which such reorganization, insolvency termination or determination, occurs by an amount exceeding \$25,000,000; or

(k) Any provision of any Collateral Document material to the substantial realization of the rights of the Lenders under the Collateral Documents taken as a whole, or any provision of any

other Loan Document after delivery thereof pursuant to Section 3.01 or 5.01(i) or (j) shall for any reason cease to be valid and binding on or enforceable against any Loan Party party to it, or any such Loan Party shall so state in writing;

(l) Any Collateral Document or financing statement after delivery thereof pursuant to Section 3.01 or 5.01(i) or (j) shall for any reason (other than pursuant to the terms thereof) cease to create a valid and perfected first priority lien on and security interest in any of the ABL Priority Collateral having a Value of \$5,000,000 (other than the Specified Collateral as set forth in Section 6(m) of the Security Agreement) purported to be covered thereby; or

(m) The Company or any of its Subsidiaries breaches or violates any material provision of the Chapter 11 Plan, the Confirmation Order or any other material order or stipulation entered by the Bankruptcy Court in the Cases.

then, and in any such event, the Agent (i) shall at the request, or may with the consent, of the Required Lenders, by notice to the Company, declare the obligation of each Lender to make Revolving Loans (other than Revolving Loans to be made by an Issuing Bank or a Lender pursuant to Section 2.03(c)) and of the Issuing Banks to issue Letters of Credit to be terminated, whereupon the same shall forthwith terminate, and (ii) shall at the request, or may with the consent, of the Required Lenders, by notice to the Company, declare the Revolving Loans, all interest thereon and all other amounts payable under this Agreement to be forthwith due and payable, whereupon the Revolving Loans, all such interest and all such amounts shall become and be forthwith due and payable, without presentment, demand, protest or further notice of any kind, all of which are hereby expressly waived by Borrower and each other Loan Party; provided, however, that in the event of an actual or deemed entry of an order for relief with respect to Borrower under the Federal Bankruptcy Code, (A) the obligation of each Lender to make Revolving Loans (other than Revolving Loans to be made by an Issuing Bank or a Lender pursuant to Section 2.03(c)) and of the Issuing Banks to issue Letters of Credit shall automatically be terminated and (B) the Revolving Loans, all such interest and all such amounts shall automatically become and be due and payable, without presentment, demand, protest or any notice of any kind, all of which are hereby expressly waived by Borrower and each other Loan Party.

SECTION 6.02. Actions in Respect of the Letters of Credit upon Default. If any Event of Default shall have occurred and be continuing, the Agent may, or shall at the request, of the Required Lenders, irrespective of whether it is taking any of the actions described in Section 6.01, make demand upon the Borrower to, and forthwith upon such demand the Borrower will, (a) pay to the Agent on behalf of the Lenders in same day funds at the Agent's office designated in such demand, for deposit in the L/C Cash Deposit Account, an amount equal to the aggregate Available Amount of all Letters of Credit then outstanding or (b) make such other arrangements in respect of the outstanding Letters of Credit as shall be acceptable to the Agent and not more disadvantageous to the Borrower than clause (a); provided, however, that in the event of an actual or deemed entry of an order for relief with respect to the Company under the Federal Bankruptcy Code, an amount equal to the aggregate Available Amount of all outstanding Letters of Credit shall be immediately due and payable to the Agent for the account of the Lenders without notice to or demand upon the Borrower, which are expressly waived by the Borrower, to be held in the L/C Cash Deposit Account. If at any time an Event of Default is continuing the Agent determines that any funds held in the L/C Cash Deposit Account are subject to any right or claim of any Person other than the Agent and the Lenders or that the total amount of such funds is less than the aggregate Available Amount of all Letters of Credit, then the Borrower will, forthwith upon demand by the Agent, pay to the Agent, as additional funds to be deposited and held in the L/C Cash Deposit Account, an amount equal to the excess of (i) such aggregate Available Amount over (ii) the total amount of funds, if any, then held in the L/C Cash Deposit Account that the Agent determines to be free and clear of any such right and claim. Upon the drawing of any Letter of Credit, to the extent funds are on deposit

in the L/C Cash Deposit Account, such funds shall be applied to reimburse the Issuing Banks to the extent permitted by applicable law. After all such Letters of Credit shall have expired or been fully drawn upon, if at such time (x) no Event of Default is continuing or (y) all other obligations of the Company hereunder and under the Notes shall have been paid in full, the balance, if any, in such L/C Cash Deposit Account shall be returned to the Borrower. For purposes of this Section 6.02, the term "Available Amount" shall mean 105% of the maximum available amount to be drawn under such Letter of Credit.

SECTION 6.03. Reserved.

SECTION 6.04. Application of Funds.

(a) Payments made by Borrower and other Loan Parties hereunder shall be applied (a) first, as specifically required hereby; (b) second, to Obligations then due and owing; (b) third, to other Obligations specified by Borrower; and (c) fourth, as determined by Agent in its discretion.

(b) Notwithstanding anything to the contrary set forth in any Loan Document, during the occurrence and continuance of an Event of Default, any amounts received by the Agent on account of the Obligations, whether received from or on account of any Loan Party, or in respect of any Collateral, setoff or otherwise, shall be applied by the Agent in the following order:

First, to payment of that portion of the Obligations constituting fees, indemnities, expenses and other amounts (including fees, charges and disbursements of counsel to the Agent and amounts payable under Article II) payable to the Agent in its capacity as such;

Second, to payment of all amounts owing to Agent in respect of Swingline Loans, Overadvance Loans, Protective Revolving Loans, and Revolving Loans and participations that a Defaulting Lender has failed to settle or fund;

Third, to payment of that portion of the Obligations constituting fees, indemnities and other amounts payable to the Issuing Banks (including fees, charges and disbursements of counsel to the respective Issuing Banks payable under the Loan Documents and amounts payable under Article II), ratably among them in proportion to the respective amounts described in this clause Third payable to them;

Fourth, to payment of that portion of the Obligations constituting fees, indemnities and other amounts (other than principal, interest, Letter of Credit fees and commitment fees) payable to the Lenders (including fees, charges and disbursements of counsel to the respective Lenders payable under the Loan Documents and amounts payable under Article II (in each case, other than fees, indemnities and other amounts, and amounts then payable under Article II, arising in respect of Bank Product Obligations and Specified Secured Obligations), ratably among them in proportion to the respective amounts described in this clause Fourth payable to them;

Fifth, to payment of that portion of the Obligations constituting accrued and unpaid Letter of Credit fees, commitment fees and interest on the Revolving Loans, unreimbursed amounts under Letters of Credit and other Obligations arising under the Loan Documents, ratably among the Lenders in proportion to the respective amounts described in this clause Fifth payable to them;

Sixth, to the Agent for the account of the Issuing Banks, to Cash Collateralize that portion of Letter of Credit Obligations comprising the aggregate undrawn amount of Letters of Credit, ratably among the Issuing Banks in proportion to the respective amounts described in this clause Sixth held by them;

Seventh, to the Agent for the payment of that portion of the Obligations constituting unpaid principal of the Revolving Loans, unreimbursed amounts under Letters of Credit and Bank Product Obligations arising under Hedging Agreements but only up to the amount of the Bank Product Reserve, ratably among the Lenders, the Issuing Banks, and the Bank Product Providers in proportion to the respective amounts described in this clause Seventh held by them;

Eighth, to payment of the Bank Product Obligations other than as provided for in clause Seventh above, ratably among the Bank Product Providers in proportion to the respective amounts described in this clause Eighth held by them,

Ninth, to payment of all other Obligations (other than Specified Secured Obligations) ratably among the Lenders and the Issuing Banks in proportion to the respective amounts described in this clause Ninth held by them;

Tenth, to payment of the Specified Secured Obligations, ratably among the Specified Secured Creditors based upon amounts then certified by the applicable Specified Secured Creditor to Agent (in form and substance satisfactory to the Agent) to be then due and payable to such Specified Secured Creditor on account of Specified Secured Obligations, but only up to the amount of the Specified Secured Obligations Reserve then in effect with respect to such Specified Secured Obligations, and

Last, the balance, if any, after all of the Obligations have been paid in full in cash, to the Borrower or as otherwise required by law.

Subject to Section 6.02, amounts used to Cash Collateralize the aggregate undrawn amount of Letters of Credit pursuant to Section 6.04(a) or clause Sixth above, shall be applied to satisfy drawings under such Letters of Credit as they occur. If any amount remains on deposit as cash collateral after all Letters of Credit have either been fully drawn or expired, such remaining amount shall be applied to the other Obligations, if any, in the order set forth above.

Amounts shall be applied to payment of each category of Obligations only after full payment of amounts payable from time to time under all preceding categories. If amounts are insufficient to satisfy a category, they shall be paid ratably among outstanding Obligations in the category. Monies and proceeds obtained from a Loan Party shall not be applied to its Excluded Swap Obligations, but appropriate adjustments shall be made with respect to amounts obtained from other Loan Parties to preserve the allocations in any applicable category. The Agent shall have no obligation to calculate the amount of any Bank Product Obligation or Specified Secured Obligation and may request a reasonably detailed calculation thereof from a Bank Product Provider or a Specified Secured Creditor, as the case may be. If the provider fails to deliver the calculation within five days following request, the Agent may assume the amount is zero. Each holder of Obligations under a Bank Product Agreement or a Specified Secured Creditor Agreement not a party to this Agreement that has given the notice contemplated by the preceding sentence shall, by such notice, be deemed to have acknowledged and accepted the appointment of the Agent pursuant to the terms of Article VIII hereof for itself and its Affiliates as if a "Lender" party hereto. The allocations set forth in this Section are solely to determine the rights and priorities among Secured Parties, and may be changed by agreement of the affected Secured Parties, without the consent of any Loan Party. This Section is not for the benefit of or enforceable by any Loan Party, and each Loan Party irrevocably waives the right to direct the application of any payments or Collateral proceeds subject to this Section.

GUARANTYSECTION 7.01. Guaranty; Limitation of Liability.

(a) Borrower and each Subsidiary Guarantor, jointly and severally, hereby absolutely, unconditionally and irrevocably guarantees the punctual payment when due, whether at scheduled maturity or on any date of a required prepayment or by acceleration, demand or otherwise, of all Obligations of each other Loan Party and each other Subsidiary of the Company now or hereafter existing under or in respect of the Loan Documents or any Bank Product Agreement or any agreement evidencing a Specified Secured Obligation (including, without limitation, any extensions, modifications, substitutions, amendments or renewals of any or all of the foregoing obligations), whether direct or indirect, absolute or contingent, and whether for principal, interest, premiums, fees, indemnities, contract causes of action, costs, expenses or otherwise, exclusive of Excluded Swap Obligations (such obligations being the "Guaranteed Obligations"), and agrees to pay any and all expenses (including, without limitation, reasonable fees and expenses of counsel) incurred by the Agent or any other Lender in enforcing any rights under this Guaranty or any other Loan Document. Without limiting the generality of the foregoing, each Guarantor's liability shall extend to all amounts that constitute part of the Guaranteed Obligations and would be owed by any other Loan Party or Subsidiary of the Company, as applicable, to the Agent or any Lender under or in respect of the Loan Documents or any Bank Product Agreement or any agreement evidencing a Specified Secured Obligation but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving such other Loan Party or Subsidiary, as the case may be.

(b) Each Guarantor, and by its acceptance of this Guaranty, the Agent and each other Lender, hereby confirms that it is the intention of all such Persons that this Guaranty and the obligations of each Subsidiary Guarantor hereunder not constitute a fraudulent transfer or conveyance for purposes of Bankruptcy Law, the Uniform Fraudulent Conveyance Act, the Uniform Fraudulent Transfer Act or any similar foreign, federal or state law to the extent applicable to this Guaranty and the obligations of such Guarantor hereunder. To effectuate the foregoing intention, the Agent, the Lenders and the Guarantors hereby irrevocably agree that the obligations of such Guarantor under this Guaranty at any time shall be limited to the maximum amount as will result in the obligations of such Guarantor under this Guaranty not constituting a fraudulent transfer or conveyance.

(c) Each Subsidiary Guarantor hereby unconditionally and irrevocably agrees that in the event any payment shall be required to be made to the Agent or any Lender under this Guaranty or any guaranty supplement of the Guaranteed Obligations, such Subsidiary Guarantor will contribute, to the maximum extent permitted by law, such amounts to each other Subsidiary Guarantor and each other guarantor so as to maximize the aggregate amount paid to the Agent and the Lenders under or in respect of the Loan Documents.

SECTION 7.02. Guaranty Absolute. Each Guarantor guarantees that the applicable Guaranteed Obligations will be paid strictly in accordance with the terms of the Loan Documents, regardless of any law, regulation or order now or hereafter in effect in any jurisdiction affecting any of such terms or the rights of the Agent or any Lender with respect thereto. The obligations of each Guarantor under or in respect of this Guaranty are independent of the applicable Guaranteed Obligations or any other obligations of any other Loan Party under or in respect of the Loan Documents, and a separate action or actions may be brought and prosecuted against each Guarantor to enforce this Guaranty, irrespective of whether any action is brought against Borrower or any other Loan Party or whether Borrower or any other Loan Party is joined in any such action or actions. The liability of each Guarantor under this Guaranty shall be irrevocable, absolute and unconditional irrespective of, and each Guarantor hereby irrevocably waives any defenses it may now have or hereafter acquire in any way relating to, any or all of the following:

(a) any lack of validity or enforceability of any Loan Document or any agreement or instrument relating thereto;

(b) any change in the time, manner or place of payment of, or in any other term of, all or any of the applicable Guaranteed Obligations or any other obligations of any other Loan Party under or in respect of the Loan Documents, or any other amendment or waiver of or any consent to departure from any Loan Document, including, without limitation, any increase in the applicable Guaranteed Obligations resulting from the extension of additional credit to any Loan Party or any of its Subsidiaries or otherwise;

(c) any taking, exchange, release or non-perfection of any Collateral or any other collateral, or any taking, release or amendment or waiver of, or consent to departure from, any other guaranty, for all or any of the applicable Guaranteed Obligations;

(d) any manner of application of Collateral or any other collateral, or proceeds thereof, to all or any of the applicable Guaranteed Obligations or any manner of sale or other Disposition of any Collateral or any other collateral for all or any of the applicable Guaranteed Obligations or any other obligations of any Loan Party under the Loan Documents or any other assets of any Loan Party or any of its Subsidiaries;

(e) any change, restructuring or termination of the corporate structure or existence of any Loan Party or any of its Subsidiaries;

(f) any failure of the Agent or any Lender to disclose to any Loan Party any information relating to the business, condition (financial or otherwise), operations, performance, properties or prospects of any other Loan Party now or hereafter known to the Agent or such Lender (each Guarantor waiving any duty on the part of the Agent and the Lenders to disclose such information);

(g) the failure of any other Person to execute or deliver this Agreement, any Guaranty Supplement or any other guaranty or agreement or the release or reduction of liability of any Guarantor or other guarantor or surety with respect to the applicable Guaranteed Obligations; or

(h) any other circumstance (including, without limitation, any statute of limitations) or any existence of or reliance on any representation by the Agent or any Lender that might otherwise constitute a defense available to, or a discharge of, any Loan Party or any other guarantor or surety.

This Guaranty shall continue to be effective or be reinstated, as the case may be, if at any time any payment of any of the applicable Guaranteed Obligations is rescinded or must otherwise be returned by the Agent or any Lender or any other Person upon the insolvency, bankruptcy or reorganization of the Borrower or any other Loan Party or otherwise, all as though such payment had not been made.

SECTION 7.03. Waivers and Acknowledgments.

(a) Each Guarantor hereby unconditionally and irrevocably waives promptness, diligence, notice of acceptance, presentment, demand for performance, notice of nonperformance, default, acceleration, protest or dishonor and any other notice with respect to any of the applicable Guaranteed Obligations and this Guaranty and any requirement that the Agent or any Lender protect, secure, perfect or insure any Lien or any property subject thereto or exhaust any right or take any action against any Loan Party or any other Person or any Collateral.

(b) Each Guarantor hereby unconditionally and irrevocably waives any right to revoke this Guaranty and acknowledges that this Guaranty is continuing in nature and applies to all applicable Guaranteed Obligations whether existing now or in the future.

(c) Each Guarantor hereby unconditionally and irrevocably waives (i) any defense arising by reason of any claim or defense based upon an election of remedies by the Agent or any Lender that in any manner impairs, reduces, releases or otherwise adversely affects the subrogation, reimbursement, exoneration, contribution or indemnification rights of such Guarantor or other rights of such Guarantor to proceed against any of the other Loan Parties, any other guarantor or any other Person or any Collateral and (ii) any defense based on any right of set-off or counterclaim against or in respect of the obligations of such Guarantor hereunder.

(d) Each Guarantor hereby unconditionally and irrevocably waives any duty on the part of the Agent or any Lender to disclose to such Guarantor any matter, fact or thing relating to the business, condition (financial or otherwise), operations, performance, properties or prospects of any other Loan Party or any of its Subsidiaries now or hereafter known by the Agent or such Lender.

(e) Each Guarantor acknowledges that it will receive substantial direct and indirect benefits from the financing arrangements contemplated by the Loan Documents and that the waivers set forth in Section 7.02 and this Section 7.03 are knowingly made in contemplation of such benefits.

SECTION 7.04. Subrogation. Each Guarantor hereby unconditionally and irrevocably agrees not to exercise any rights that it may now have or hereafter acquire against Borrower, any other Loan Party or any other insider guarantor that arise from the existence, payment, performance or enforcement of such Guarantor's obligations under or in respect of this Guaranty or any other Loan Document, including, without limitation, any right of subrogation, reimbursement, exoneration, contribution or indemnification and any right to participate in any claim or remedy of the Agent or any Lender against Borrower, any other Loan Party or any other guarantor of some or all of the Guaranteed Obligations or any Collateral, whether or not such claim, remedy or right arises in equity or under contract, statute or common law, including, without limitation, the right to take or receive from Borrower, any other Loan Party or any other insider guarantor, directly or indirectly, in cash or other property or by set-off or in any other manner, payment or security on account of such claim, remedy or right, unless and until all of the applicable Guaranteed Obligations and all other amounts payable under this Guaranty shall have been paid in full in cash, all Letters of Credit shall have expired or been terminated and the Commitments shall have expired or been terminated. If any amount shall be paid to any Guarantor in violation of the immediately preceding sentence at any time prior to the latest of (a) the payment in full in cash of the applicable Guaranteed Obligations and all other amounts payable under this Guaranty, (b) the Termination Date and (c) the latest date of expiration or termination of all Letters of Credit, such amount shall be received and held in trust for the benefit of the Agent and the Lenders, shall be segregated from other property and funds of such Guarantor and shall forthwith be paid or delivered to the Agent in the same form as so received (with any necessary endorsement or assignment) to be credited and applied to the applicable Guaranteed Obligations and all other amounts payable under this Guaranty by such Guarantor, whether matured or unmatured, in accordance with the terms of the Loan Documents, or to be held as Collateral for any applicable Guaranteed Obligations or other amounts payable under this Guaranty by such Guarantor thereafter arising. If (i) any Guarantor shall make payment to the Agent or any Lender of all or any part of the applicable Guaranteed Obligations, (ii) all of the applicable Guaranteed Obligations and all other amounts payable under this Guaranty by such Guarantor shall have been paid in full in cash, (iii) the Termination Date shall have occurred and (iv), all Letters of Credit shall have expired or been terminated, the Agent and the Lenders will, at such Guarantor's request and expense, execute and deliver to such Guarantor appropriate documents, without recourse and without representation or warranty, necessary to evidence the transfer by subrogation to such Guarantor of an interest in the applicable Guaranteed Obligations resulting from such payment made by such Guarantor pursuant to this Guaranty.

SECTION 7.05. Guaranty Supplements. Upon the execution and delivery by any Person of a guaranty supplement in substantially the form of Exhibit E hereto (each, a "Guaranty Supplement"), (a) such Person shall be referred to as an "Additional Guarantor" and shall become and be a Guarantor hereunder, and each reference in this Guaranty to a "Guarantor" shall also mean and be a reference to such Additional Guarantor, and (b) each reference herein to "this Guaranty," "hereunder," "hereof" or words of like import referring to this Guaranty, and each reference in any other Loan Document to the "Guaranty," "thereunder," "thereof" or words of like import referring to this Guaranty, shall mean and be a reference to this Guaranty as supplemented by such Guaranty Supplement.

SECTION 7.06. Subordination.

Each Guarantor hereby subordinates any and all debts, liabilities and other obligations owed to such Guarantor by each other Loan Party (the "Subordinated Obligations") to the applicable Guaranteed Obligations to the extent and in the manner hereinafter set forth in this Section 7.06:

(a) Prohibited Payments, Etc. Except during the continuance of an Event of Default, each Guarantor may receive regularly scheduled payments from any other Loan Party on account of the Subordinated Obligations. After the occurrence and during the continuance of any Event of Default, however, unless the Required Lenders otherwise agree, no Guarantor shall demand, accept or take any action to collect any payment on account of the Subordinated Obligations.

(b) Prior Payment of Guaranteed Obligations. In any proceeding under any Bankruptcy Law relating to any other Loan Party, each Guarantor agrees that the Lenders shall be entitled to receive payment in full in cash of all applicable Guaranteed Obligations (including all interest and expenses accruing after the commencement of a proceeding under any Bankruptcy Law, whether or not constituting an allowed claim in such proceeding ("Post-Petition Interest")) before such Guarantor receives payment of any Subordinated Obligations.

(c) Turn-Over. After the occurrence and during the continuance of any Event of Default, each Guarantor shall, if the Agent (with the consent or at the direction of the Required Lenders) so requests, collect, enforce and receive payments on account of the Subordinated Obligations as trustee for the Agent and the Lenders and deliver such payments to the Agent on account of the applicable Guaranteed Obligations (including all Post-Petition Interest), together with any necessary endorsements or other instruments of transfer, but without reducing or affecting in any manner the liability of such Guarantor under the other provisions of this Guaranty.

(d) Agent Authorization. After the occurrence and during the continuance of any Event of Default, the Agent is authorized and empowered (but without any obligation to so do), in its discretion, (i) in the name of each Guarantor, to collect and enforce, and to submit claims in respect of, the Subordinated Obligations and to apply any amounts received thereon to the applicable Guaranteed Obligations (including any and all Post-Petition Interest), and (ii) to require each Guarantor (A) to collect and enforce, and to submit claims in respect of, the Subordinated Obligations and (B) to pay any amounts received on such obligations to the Agent for application to the applicable Guaranteed Obligations (including any and all Post-Petition Interest).

SECTION 7.07. Continuing Guaranty; Assignments. This Guaranty is a continuing guaranty and shall (a) except as provided in the next succeeding sentence, remain in full force and effect until the latest of (i) the payment in full in cash of the applicable Guaranteed Obligations and all other amounts

payable under this Guaranty, (ii) the Termination Date and (iii) the latest date of expiration or termination of all Letters of Credit, (b) be binding upon each Guarantor, its successors and assigns and (c) inure to the benefit of and be enforceable by the Agent and the Lenders and their successors, permitted transferees and permitted assigns. Upon the sale of a Guarantor or any or all of the assets of any Guarantor to the extent permitted in accordance with the terms of the Loan Documents or upon such Guarantor otherwise ceasing to be a Subsidiary of the Company organized under the laws of a state of the United States of America without violation of the terms of this Agreement, such Guarantor (and its Subsidiaries) or such assets shall be automatically released from this Guaranty or any Guaranty Supplement, and all pledges and security interests of the equity of such Guarantor or any Subsidiary of such Guarantor and all other pledges and security interests in the assets of such Guarantor and any of its Subsidiaries shall be released as provided in Section 9.16. Without limiting the generality of clause (c) above, the Agent or any Lender may assign or otherwise transfer all or any portion of its rights and obligations under this Agreement (including, without limitation, all or any portion of its Commitments, the Revolving Loans owing to it and any Note or Notes held by it) to any other Person, and such other Person shall thereupon become vested with all the benefits in respect thereof granted to such Lender herein or otherwise, in each case as and to the extent provided in Section 9.08. No Guarantor shall have the right to assign its rights hereunder or any interest herein without the prior written consent of the Lenders.

SECTION 7.08. Qualified ECPs. Each Loan Party that is a Qualified ECP when its guaranty of or grant of Lien as security for a Swap Obligation becomes effective hereby jointly and severally, absolutely, unconditionally and irrevocably undertakes to provide funds or other support to each Specified Loan Party with respect to such Swap Obligation as may be needed by such Specified Loan Party from time to time to honor all of its obligations under the Loan Documents in respect of such Swap Obligation (but, in each case, only up to the maximum amount of such liability that can be hereby incurred without rendering such Qualified ECP's obligations and undertakings under this Section 7.08 voidable under any applicable fraudulent transfer or conveyance act). The obligations and undertakings of each Qualified ECP under this Section shall remain in full force and effect until full payment of all Guaranteed Obligations. Each Loan Party intends this Section to constitute, and this Section shall be deemed to constitute, a guarantee of the obligations of, and a "keepwell, support or other agreement" for the benefit of, each Loan Party for all purposes of the Commodity Exchange Act.

ARTICLE VIII

THE AGENT

SECTION 8.01. Authorization and Action.

(a) Pursuant to Section 8.07, each Lender hereby irrevocably appoints Bank of America to act on its behalf as the Agent hereunder and under the other Loan Documents, including the Term Loan Intercreditor Agreement, and authorizes the Agent to enter into this Agreement and the other Loan Documents to which it is a party, including the Term Loan Intercreditor Agreement, to take such actions on its behalf and to exercise such powers as are delegated to the Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto.

(b) Each of the Lenders hereby agrees that the Agent in its various capacities under the Term Loan Intercreditor Agreement may take such actions on its behalf as is contemplated by the terms of the Term Loan Intercreditor Agreement. Each Lender hereunder (i) consents to any subordination of Liens provided for in the Term Loan Intercreditor Agreement, (ii) agrees that it will be bound by and will take no actions contrary to the provisions of the Term Loan Intercreditor Agreement, (iii) authorizes and instructs the Agent to enter into the Term Loan Intercreditor Agreement as Agent and on behalf of such Lender and (iv) agrees that the Agent may take such actions on behalf of such Lender as is contemplated by the terms of the Term Loan Intercreditor Agreement.

(c) The provisions of this Article are solely for the benefit of the Agent, the Issuing Banks, and the Lenders, and neither Borrower nor any other Loan Party shall have rights as a third party beneficiary of any of such provisions.

SECTION 8.02. Agent Individually.

(a) The Person serving as the Agent hereunder shall have the same rights and powers in its capacity as a Lender as any other Lender and may exercise the same as though it were not the Agent and the term “Lender” or “Lenders” shall, unless otherwise expressly indicated or unless the context otherwise requires, include the Person serving as the Agent hereunder in its individual capacity. Such Person and its Affiliates may accept deposits from, lend money to, act as the financial advisor or in any other advisory capacity for and generally engage in any kind of business with the Borrower or any of their Subsidiaries or other Affiliate thereof as if such Person were not the Agent hereunder and without any duty to account therefor to the Lenders.

(b) Each Lender understands that the Person serving as Agent, acting in its individual capacity, and its Affiliates (collectively, the “Agent’s Group”) are engaged in a wide range of financial services and businesses (including investment management, financing, securities trading, corporate and investment banking and research) (such services and businesses are collectively referred to in this Section 8.02 as “Activities”) and may engage in the Activities with or on behalf of one or more of the Loan Parties or their respective Affiliates. Furthermore, the Agent’s Group may, in undertaking the Activities, engage in trading in financial products or undertake other investment businesses for its own account or on behalf of others (including the Loan Parties and their Affiliates and including holding, for its own account or on behalf of others, equity, debt and similar positions in the Borrower, another Loan Party or their respective Affiliates), including trading in or holding long, short or derivative positions in securities, loans or other financial products of one or more of the Loan Parties or their Affiliates. Each Lender understands and agrees that in engaging in the Activities, the Agent’s Group may receive or otherwise obtain information concerning the Loan Parties or their Affiliates (including information concerning the ability of the Loan Parties to perform their respective Obligations hereunder and under the other Loan Documents) which information may not be available to any of the Lenders that are not members of the Agent’s Group. None of the Agent nor any member of the Agent’s Group shall have any duty to disclose to any Lender or use on behalf of the Lenders, and shall not be liable for the failure to so disclose or use, any information whatsoever about or derived from the Activities or otherwise (including any information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of any Loan Party or any Affiliate of any Loan Party) or to account for any revenue or profits obtained in connection with the Activities, except that the Agent shall deliver or otherwise make available to each Lender such documents as are expressly required by any Loan Document to be transmitted by the Agent to the Lenders.

(c) Each Lender further understands that there may be situations where members of the Agent’s Group or their respective customers (including the Loan Parties and their Affiliates) either now have or may in the future have interests or take actions that may conflict with the interests of any one or more of the Lenders (including the interests of the Lenders hereunder and under the other Loan Documents). Each Lender agrees that no member of the Agent’s Group is or shall be required to restrict its activities as a result of the Person serving as Agent being a member of the Agent’s Group, and that each member of the Agent’s Group may undertake any Activities without further consultation with or notification to any Lender. None of (i) this Agreement nor any other Loan Document, (ii) the receipt by the Agent’s Group of information (including Borrower Information) concerning the Loan Parties or their

Affiliates (including information concerning the ability of the Loan Parties to perform their respective Obligations hereunder and under the other Loan Documents) nor (iii) any other matter shall give rise to any fiduciary, equitable or contractual duties (including without limitation any duty of trust or confidence) owing by the Agent or any member of the Agent's Group to any Lender including any such duty that would prevent or restrict the Agent's Group from acting on behalf of customers (including the Loan Parties or their Affiliates) or for its own account.

SECTION 8.03. Duties of Agent; Exculpatory Provisions.

(a) The Agent's duties hereunder and under the other Loan Documents are solely ministerial and administrative in nature and the Agent shall not have any duties or obligations except those expressly set forth herein and in the other Loan Documents. Without limiting the generality of the foregoing, (i) the Agent shall not be subject to any fiduciary or other implied duties, regardless of whether a Default has occurred and is continuing, (ii) the Agent shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that the Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents), provided that the Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Agent or any of its Affiliates to liability or that is contrary to any Loan Document or applicable law and (iii) the Agent shall not, except as expressly set forth herein and in the other Loan Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Company or any of its Affiliates that is communicated to or obtained by the Person serving as the Agent or any of its Affiliates in any capacity.

(b) The Agent shall not be liable for any action taken or not taken by it (i) with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary, or as the Agent shall believe in good faith shall be necessary, under the circumstances as provided in Sections 9.01 or 9.03) or (ii) in the absence of its own gross negligence or willful misconduct. The Agent shall be deemed not to have knowledge of any Default or the event or events that give or may give rise to any Default unless and until the Company or any Lender shall have given notice to the Agent describing such Default and such event or events.

(c) Neither the Agent nor any member of the Agent's Group shall be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty, representation or other information made or supplied in or in connection with this Agreement, any other Loan Document or the information presented to the other Lenders by the Company, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith or the adequacy, accuracy and/or completeness of the information contained therein, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default, (iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any other agreement, instrument or document or the perfection or priority of any Lien or security interest created or purported to be created by the Collateral Documents or (v) the satisfaction of any condition set forth in Article III or elsewhere herein, other than (but subject to the foregoing clause (ii)) to confirm receipt of items expressly required to be delivered to the Agent.

(d) Nothing in this Agreement or any other Loan Document shall require the Agent or any of its Related Parties to carry out any "know your customer" or other checks in relation to any Person on behalf of any Lender and each Lender confirms to the Agent that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Agent or any of its Related Parties.

SECTION 8.04. Reliance by Agent. The Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Revolving Loan, or the issuance of a Letter of Credit, that by its terms must be fulfilled to the satisfaction of a Lender, the Agent may presume that such condition is satisfactory to such Lender unless an officer of the Agent responsible for the transactions contemplated hereby shall have received notice to the contrary from such Lender prior to the making of such Revolving Loan or the issuance of such Letter of Credit, and in the case of a Borrowing, such Lender shall not have made available to the Agent such Lender's ratable portion of such Borrowing. The Agent may consult with legal counsel (who may be counsel for the Company or any other Loan Party), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

SECTION 8.05. Indemnification.

(a) Each Lender severally agrees to indemnify the Agent (to the extent not promptly reimbursed by the Company) from and against such Lender's Ratable Share of any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever that may be imposed on, incurred by, or asserted against the Agent in any way relating to or arising out of this Agreement or any action taken or omitted by the Agent under this Agreement (collectively, the "Indemnified Costs"), provided that no Lender shall be liable for any portion of the Indemnified Costs resulting from the Agent's gross negligence or willful misconduct as found in a non-appealable judgment by a court of competent jurisdiction. Without limitation of the foregoing, each Lender agrees to reimburse the Agent promptly upon demand for its ratable share of any reasonable out-of-pocket expenses (including reasonable counsel fees) incurred by the Agent in connection with the preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement, to the extent that the Agent is not promptly reimbursed for such expenses by the Company. In the case of any investigation, litigation or proceeding giving rise to any Indemnified Costs, this Section 8.05 applies whether any such investigation, litigation or proceeding is brought by the Agent, any Lender or a third party.

(b) Each Lender severally agrees to indemnify the Issuing Banks (to the extent not promptly reimbursed by the Company) from and against such Lender's Ratable Share of any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever that may be imposed on, incurred by, or asserted against any such Issuing Bank in any way relating to or arising out of the L/C Related Documents or any action taken or omitted by such Issuing Bank hereunder or in connection herewith; provided, however, that no Lender shall be liable for any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements resulting from such Issuing Bank's gross negligence or willful misconduct as found in a non-appealable judgment by a court of competent jurisdiction. Without limitation of the foregoing, each Lender agrees to reimburse any such Issuing Bank promptly upon demand for its Ratable Share of any costs and expenses (including, without limitation, fees and expenses of counsel) payable by the Company under Section 9.04, to the extent that such Issuing Bank is not promptly reimbursed for such costs and expenses by the Company.

(c) The failure of any Lender to reimburse the Agent or any Issuing Bank promptly upon demand for its ratable share of any amount required to be paid by the Lenders to the Agent as provided herein shall not relieve any other Lender of its obligation hereunder to reimburse the Agent or any Issuing Bank for its ratable share of such amount, but no Lender shall be responsible for the failure of any other Lender to reimburse the Agent or any Issuing Bank for such other Lender's ratable share of such amount. Without prejudice to the survival of any other agreement of any Lender hereunder, the agreement and obligations of each Lender contained in this Section 8.05 shall survive the payment in full of principal, interest and all other amounts payable hereunder and under the Notes. Each of the Agent and each Issuing Bank agrees to return to the Lenders their respective ratable shares of any amounts paid under this Section 8.05 that are subsequently reimbursed by the Company.

SECTION 8.06. Delegation of Duties. The Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Loan Document by or through any one or more co-agents or sub-agents appointed by the Agent. The Agent and any such co-agent or sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. Each such co-agent and sub-agent and the Related Parties of the Agent and each such co-agent and sub-agent (including their respective Affiliates in connection with the syndication of the Revolving Credit Facility) shall be entitled to the benefits of all provisions of this Article VIII and Article IX (as though such co-agents and sub-agents were the "Agent" under the Loan Documents) as if set forth in full herein with respect thereto.

SECTION 8.07. Resignation of Agent.

(a) The Agent may at any time give notice of its resignation to the Lenders and the Company. Upon receipt of any such notice of resignation, the Required Lenders shall have the right, in consultation with the Company, to appoint a successor, which shall be a bank with an office in New York, New York, or an Affiliate of any such bank with an office in New York, New York. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after the retiring Agent gives notice of its resignation (such 30-day period, the "Lender Appointment Period"), then the retiring Agent may on behalf of the Lenders, appoint a successor Agent meeting the qualifications set forth above. In addition and without any obligation on the part of the retiring Agent to appoint, on behalf of the Lenders, a successor Agent, the retiring Agent may at any time upon or after the end of the Lender Appointment Period notify the Company and the Lenders that no qualifying Person has accepted appointment as successor Agent and the effective date of such retiring Agent's resignation. Upon the resignation effective date established in such notice and regardless of whether a successor Agent has been appointed and accepted such appointment, the retiring Agent's resignation shall nonetheless become effective and (i) the retiring Agent shall be discharged from its duties and obligations as Agent hereunder and under the other Loan Documents and (ii) all payments, communications and determinations provided to be made by, to or through the Agent shall instead be made by or to each Lender directly, until such time as the Required Lenders appoint a successor Agent as provided for above in this paragraph. Upon the acceptance of a successor's appointment as Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties as Agent of the retiring (or retired) Agent, and the retiring Agent shall be discharged from all of its duties and obligations as Agent hereunder or under the other Loan Documents (if not already discharged therefrom as provided above in this paragraph). The fees payable by the Company to a successor Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Company and such successor. After the retiring Agent's resignation hereunder and under the other Loan Documents, the provisions of this Article and Section 9.04 shall continue in effect for the benefit of such retiring Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring Agent was acting as Agent.

(b) Any resignation pursuant to this Section by a Person acting as Agent shall, unless such Person shall notify the Company and the Lenders otherwise, also act to relieve such Person and its Affiliates of any obligation to issue new, or extend existing, Letters of Credit where such issuance or extension is to occur on or after the effective date of such resignation. Upon the acceptance of a successor's appointment as Agent hereunder, (i) such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring Issuing Bank, (ii) the retiring Issuing Bank shall be discharged from all of its duties and obligations hereunder or under the other Loan Documents arising on or after the effective date of such successor's appointment, and (iii) the successor Issuing Bank shall issue letters of credit in substitution for the Letters of Credit, if any, outstanding at the time of such succession or make other arrangement satisfactory to the retiring Issuing Bank to effectively assume the obligations of the retiring Issuing Bank with respect to such Letters of Credit.

SECTION 8.08. Non-Reliance on Agent and Other Lenders.

(a) Each Lender confirms to the Agent, each other Lender and each of their respective Related Parties that it (i) possesses (individually or through its Related Parties) such knowledge and experience in financial and business matters that it is capable, without reliance on the Agent, any other Lender or any of their respective Related Parties, of evaluating the merits and risks (including tax, legal, regulatory, credit, accounting and other financial matters) of (x) entering into this Agreement, (y) making Revolving Loans and other extensions of credit hereunder and under the other Loan Documents and (z) in taking or not taking actions hereunder and thereunder, (ii) is financially able to bear such risks and (iii) has determined that entering into this Agreement and making Revolving Loans and other extensions of credit hereunder and under the other Loan Documents is suitable and appropriate for it.

(b) Each Lender acknowledges that (i) it is solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with this Agreement and the other Loan Documents, (ii) that it has, independently and without reliance upon the Agent, any other Lender or any of their respective Related Parties, made its own appraisal and investigation of all risks associated with, and its own credit analysis and decision to enter into, this Agreement based on such documents and information, as it has deemed appropriate and (iii) it will, independently and without reliance upon the Agent, any other Lender or any of their respective Related Parties, continue to be solely responsible for making its own appraisal and investigation of all risks arising under or in connection with, and its own credit analysis and decision to take or not take action under, this Agreement and the other Loan Documents based on such documents and information as it shall from time to time deem appropriate, which may include, in each case:

(A) the financial condition, status and capitalization of the Company and each other Loan Party;

(B) the legality, validity, effectiveness, adequacy or enforceability of this Agreement and each other Loan Document and any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Loan Document;

(C) determining compliance or non-compliance with any condition hereunder to the making of a Revolving Loan, or the issuance of a Letter of Credit and the form and substance of all evidence delivered in connection with establishing the satisfaction of each such condition;

(D) the adequacy, accuracy and/or completeness of any information delivered by the Agent, any other Lender or by any of their respective Related Parties under or in connection with this Agreement or any other Loan Document, the transactions contemplated hereby and thereby or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Loan Document.

SECTION 8.09. No Other Duties, etc. Anything herein to the contrary notwithstanding, none of the Persons acting as, Arranger or bookrunner or syndication agent listed on the cover page hereof shall have any powers, duties or responsibilities under this Agreement or any of the other Loan Documents, except in its capacity, as applicable, as a Lender hereunder.

SECTION 8.10. Agent May File Proofs of Claim. In case of the pendency of any proceeding under any Bankruptcy Law or any other judicial proceeding relative to any Loan Party, the Agent (irrespective of whether the principal of any Revolving Loan or Letter of Credit Obligation shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Agent shall have made any demand on Borrower) shall be entitled and empowered, by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Revolving Loans, Letter of Credit Obligations and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders, the Issuing Banks and the Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders, the Issuing Banks and the Agent and their respective agents and counsel and all other amounts due the Lenders, the Issuing Banks and the Agent hereunder) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, interim receiver, monitor, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender and Issuing Bank to make such payments to the Agent and, if the Agent shall consent to the making of such payments directly to the Lenders and Issuing Bank, to pay to the Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Agent and its agents and counsel, and any other amounts due the Agent hereunder.

Nothing contained herein shall be deemed to authorize the Agent to authorize or consent to or accept or adopt on behalf of any Lender or Issuing Bank any plan of reorganization, arrangement, adjustment or composition or proposal affecting the Obligations or the rights of any Lender or Issuing Bank to authorize the Agent to vote in respect of the claim of any Lender or Issuing Bank or in any such proceeding.

SECTION 8.11. Intercreditor Arrangements. Each of the Lenders hereby authorizes and directs the Agent to enter into one or more Intercreditor Agreements (other than the Term Loan Intercreditor Agreement) on behalf of such Lender, with the consent of Required Lenders. Each of the Lenders hereby agrees that the Agent in its various capacities thereunder may take such actions on its behalf as is contemplated by the terms of any such Intercreditor Agreements. With respect to any such Intercreditor Agreement executed and delivered by the Agent in accordance with this Agreement, each Lender hereunder (a) consents to any subordination of Liens provided for in such Intercreditor Agreement, (b) agrees that it will be bound by and will take no actions contrary to the provisions of such Intercreditor Agreement, (c) authorizes and instructs the Agent to enter into such Intercreditor Agreement as Agent and on behalf of such Lender and (d) agrees that the Agent may take such actions on behalf of such Lender as is contemplated by the terms of such Intercreditor Agreement.

SECTION 8.12. Reserved.

SECTION 8.13. Bank Product Obligations and Specified Secured Obligations.

(a) Each Bank Product Provider shall be deemed a third party beneficiary of the provisions of the Loan Documents for purposes of any reference in a Loan Document to the parties for whom the Agent is acting. The Agent hereby agrees to act as agent for such Bank Product Providers and, as a result of entering into a Bank Product Agreement, the applicable Bank Product Provider shall be automatically deemed to have appointed the Agent as its agent and to have accepted the benefits of the Loan Documents; provided, that, the rights and benefits of each Bank Product Provider under the Loan Documents consist exclusively of such Bank Product Provider's being a beneficiary of the Liens and guarantees granted to the Agent and the right to share in proceeds of the Collateral as more fully set forth in the Loan Documents. In addition, each Bank Product Provider, as a result of entering into a Bank Product Agreement, shall be automatically deemed to have agreed that the Agent shall have the right, but shall have no obligation, to establish, maintain, reduce, or release Reserves in respect of the Bank Product Obligations and that if Reserves are established there is no obligation on the part of the Agent to determine or insure whether the amount of any such Reserve is appropriate or not. In connection with any such distribution of payments or proceeds of Collateral, the Agent shall be entitled to assume no amounts are due or owing to any Bank Product Provider unless such Bank Product Provider has provided a written certification (setting forth a reasonably detailed calculation) to the Agent as to the amounts that are due and owing to it and such written certification is received by the Agent a reasonable period of time prior to the making of such distribution. The Agent shall have no obligation to calculate the amount due and payable with respect to any Bank Products, but may rely upon the written certification of the amount due and payable from the relevant Bank Product Provider. In the absence of an updated certification, the Agent shall be entitled to assume that the amount due and payable to the applicable Bank Product Provider is the amount last certified to the Agent by such Bank Product Provider as being due and payable (less any distributions made to such Bank Product Provider on account thereof). Any Loan Party or any of its Subsidiaries may obtain Bank Products from any Bank Product Provider, although no Loan Party or any of its Subsidiaries is required to do so. Each Loan Party acknowledges and agrees that no Bank Product Provider has committed to provide any Bank Products and that the providing of Bank Products by any Bank Product Provider is in the sole and absolute discretion of such Bank Product Provider. Notwithstanding anything to the contrary in this Agreement or any other Loan Document, no Bank Product Provider or holder of any Bank Product shall have any voting or approval rights hereunder (or be deemed a Lender) solely by virtue of its status as the Bank Product Provider or holder of such agreements or products or the Obligations owing thereunder, nor shall the consent of any such Bank Product Provider or holder be required (other than in their capacities as Lenders, to the extent applicable) for any matter hereunder or under any of the other Loan Documents, including as to any matter relating to the Collateral or the release of Collateral or Guarantors.

(b) Each Specified Secured Creditor shall be deemed a third party beneficiary of the provisions of the Loan Documents for purposes of any reference in a Loan Document to the parties for whom the Agent is acting. The Agent hereby agrees to act as agent for such Specified Secured Creditors and, as a result of entering into a Specified Secured Creditor Agreement, the applicable Specified Secured Creditor shall be automatically deemed to have appointed the Agent as its agent and to have accepted the benefits of the Loan Documents; provided, that, the rights and benefits of each Specified Secured Creditor under the Loan Documents consist exclusively of such Specified Secured Creditor's being a beneficiary of the Liens and guarantees granted to the Agent and the right to share in proceeds of the Collateral as more fully set forth in the Loan Documents. In addition, each Specified Secured Creditor, as a result of entering into a Specified Secured Creditor Agreement, shall be automatically deemed to have agreed that the Agent shall have the right, but shall have no obligation (except as set forth in the Specified Secured Creditor Agreement), to establish, maintain, reduce, or release Reserves in respect of the Specified Secured Obligations and that if Reserves are established there is no obligation on the part of Agent to determine or insure whether the amount of any such Reserve is appropriate or not. In connection with

any distribution of payments or proceeds of Collateral, the Agent shall be entitled to assume no amounts are due or owing to any Specified Secured Creditor unless such Specified Secured Creditor has provided a written certification (setting forth a reasonably detailed calculation) to the Agent as to the amounts that are due and owing to it and such written certification is received by the Agent a reasonable period of time prior to the making of such distribution. The Agent shall have no obligation to calculate the amount due and payable with respect to any Specified Secured Obligations, but may rely upon the written certification of the amount due and payable from the relevant Specified Secured Creditor. In the absence of an updated certification, the Agent shall be entitled to assume that the amount due and payable to the applicable Specified Secured Creditor is the amount last certified to the Agent by such Specified Secured Creditor as being due and payable (less any distributions made to such Specified Secured Creditor on account thereof). Notwithstanding anything to the contrary in this Agreement or any other Loan Document, no Specified Secured Creditor shall have any voting or approval rights hereunder (or be deemed a Lender) solely by virtue of its status as the provider or holder of such agreements or products or the Obligations owing thereunder, nor shall the consent of any such Specified Secured Creditor be required (other than in their capacities as Lenders, to the extent applicable) for any matter hereunder or under any of the other Loan Documents, including as to any matter relating to the Collateral or the release of Collateral or Guarantors.

(c) Each Bank Product Provider and Specified Secured Creditor, by delivery of a notice to Agent of a Bank Product or the Specified Secured Obligations Agreement, agrees to be bound by the Loan Documents, including Sections 6.04, 8.13 and 9.02(d). Each Bank Product Provider and Specified Secured Creditor, shall severally, shall indemnify and hold harmless Agent or any of its Related Parties, to the extent not reimbursed by Loan Parties, against all claims that may be incurred by or asserted against Agent or any of its Related Parties in connection with such provider's Bank Product Obligations or Specified Secured Obligations.

(d) No Bank Product Provider or Specified Secured Creditor, as the case may be, that obtains the benefits of Section 6.04, any Guaranty or any Collateral by virtue of the provisions hereof or of any Guaranty or any Collateral Document shall have any right to notice of any action or to consent to, direct or object to any action hereunder or under any other Loan Document or otherwise in respect of the Collateral (including the release or impairment of any Collateral) other than in its capacity as a Lender and, in such case, only to the extent expressly provided in the Loan Documents. Notwithstanding any other provision of this Article VIII to the contrary, the Agent shall not be required to verify the payment of, or that other satisfactory arrangements have been made with respect to, Bank Product Obligations or Specified Secured Obligations.

SECTION 8.14. Parallel Debt and Dutch Security Rights. For the purpose of ensuring and preserving the validity and continuity of the security rights to be granted pursuant to Security Documents that are governed by the laws of The Netherlands (including, but not limited to, a Dutch notarial deed of pledge relating to shares in the share capital of Eastman Kodak Holdings B.V.), the parties hereto agree as follows:

(a) The Borrower hereby irrevocably and unconditionally undertakes to pay to Agent, as creditor in its own right and acting on its own behalf, and not as agent or representative of any other person, amounts equal to and in the currency of the amounts payable by the Borrower to the Lenders in respect of the Obligations of the Borrower (other than under the Parallel Debt (as defined hereafter)) from time to time as and when such amounts fall due for payment (the "Parallel Debt").

(b) Each of the parties hereto acknowledges that:

(i) the Parallel Debt represents Agent's own separate and independent claim to receive payment of the Parallel Debt from the Borrower; and

(ii) the Parallel Debt constitutes an undertaking, obligation and liability of the Borrower to Agent which is transferable, separate and independent from, and without prejudice to, the Obligations of the Borrower,

(iii) it being understood that the amounts owed by the Borrower to the Agent under this Agreement shall at any time never exceed the aggregate of the amounts owed by the Borrower to the Lenders under the Obligations of the Borrower at any such time.

(c) The Parallel Debt will become due and payable as and to the extent one or more of the Obligations of the Borrower becomes due and payable, without any further notice being required.

(d) To the extent Agent irrevocably received any amount in payment of the Parallel Debt (the "Received Amount"), the Obligations of the Borrower shall be reduced by an aggregate amount equal to the Received Amount as if the Received Amount was received as a payment of such Obligations."

ARTICLE IX

MISCELLANEOUS

SECTION 9.01. Amendments, Waivers. No amendment or waiver of any provision of this Agreement or any of the other Loan Documents, nor consent to any departure by any Loan Party therefrom, shall in any event be effective unless the same shall be in writing and signed by the Required Lenders, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided, however, that

(a) no amendment, waiver or consent shall, unless in writing and signed by all the Lenders, do any of the following:

(i) change the percentage of the Commitments or of the aggregate unpaid principal amount of the Revolving Loans, or the number of Lenders, that shall be required for the Lenders or any of them to take any action hereunder,

(ii) release all or substantially all of the Collateral in any transaction or series of related transactions,

(iii) release one or more Guarantors (or otherwise limit such Guarantors' liability with respect to the Obligations owing to the Agent, and the Lenders under the Guaranties) if such release or limitation is in respect of all or substantially all of the value of the Guaranties, taken as a whole, to the Lenders,

(iv) amend this Section 9.01 or the definition of "Required Lenders", "Supermajority Lenders", or any other provision hereof specifying the number or percentage of Lenders required to amend, waive or otherwise modify any rights hereunder or make any determination or grant any consent hereunder,

(v) change Section 2.05(a) in a manner that would alter the pro rata reduction or termination of Commitments required thereby,

(vi) increase the advance rates set forth in the definition of "Loan Value";

(vii) amend, modify or change the provisions of Section 6.04 without the written consent of each Lender; or

(viii) except as expressly permitted herein or in any other Loan Document, subordinate the Obligations hereunder or the Liens granted hereunder or under the other Loan Documents, to any other Debt or Lien, as the case may be,

(b) no amendment, waiver or consent shall, unless in writing and signed by each Lender affected thereby, do any of the following:

(i) increase the Commitment of such Lender,

(ii) reduce or forgive the principal of, or interest on, the Revolving Loans or any fees or other amounts payable hereunder,

(iii) postpone any date fixed for any payment of principal of, or interest on, the Revolving Loans or any fees or other amounts payable hereunder, or

(iv) change the order of application of any reduction in the Commitments or any prepayment of Revolving Loans among the Facilities from the application thereof set forth in Section 6.04 or

(c) no amendment, waiver or consent shall, unless in writing and signed by the Supermajority Lenders, add new asset categories to the Borrowing Base or otherwise cause the Borrowing Base or availability under the Revolving Credit Facility provided for herein to be increased (other than changes in Reserves implemented by the Agent in its Permitted Discretion, and the changes to the advance rates set forth in the definition of Loan Value); provided further that (x) no amendment, waiver or consent shall, unless in writing and signed by the Agent in addition to the Lenders required above to take such action, affect the rights or duties of the Agent under this Agreement or any Note and (y) no amendment, waiver or consent shall, unless in writing and signed by the Issuing Banks in addition to the Lenders required above to take such action, adversely affect the rights or obligations of the Issuing Banks in their capacities as such under this Agreement, provided, however, notwithstanding clauses (ii) and (iii) of clause (a) above, no consent or waiver or other approval of any Lender shall be required for any release of a Guaranty or Guaranty Supplement as provided in Section 7.07 or any release of Collateral as provided in Section 9.16 or in any Collateral Document.

SECTION 9.02. Notices, Etc.

(a) Notices Generally. Except in the case of notices and other communications expressly permitted to be given by telephone (and except as provided in subsection (b) below), all notices and other communications provided for herein shall be in writing and shall be delivered by hand or overnight courier service, mailed by certified or registered mail or sent by telecopier as follows, and all notices and other communications expressly permitted hereunder to be given by telephone shall be made to the applicable telephone number, as follows:

(i) if to Borrower, the Agent, or any Issuing Bank, to the address, telecopier number, electronic mail address or telephone number specified for such Person on Schedule 9.02; and

(ii) if to any other Lender, to the address, telecopier number, electronic mail address or telephone number specified in its Administrative Questionnaire (including, as appropriate, notices delivered solely to the Person designated by a Lender on its Administrative Questionnaire then in effect for the delivery of notices that may contain material non-public information relating to Borrower).

Notices and other communications sent by hand or overnight courier service, or mailed by certified or registered mail, shall be deemed to have been given when received; notices and other communications sent by telecopier shall be deemed to have been given when sent (except that, if not given during normal business hours for the recipient, shall be deemed to have been given at the opening of business on the next business day for the recipient). Notices and other communications delivered through electronic communications to the extent provided in subsection (b) below, shall be effective as provided in such subsection (b).

(b) Notices and other communications to the Lenders and the Issuing Banks hereunder may be delivered or furnished by electronic communication (including e-mail and Internet or intranet websites) pursuant to procedures approved by the Agent, provided that the foregoing shall not apply to notices to any Lender or Issuing Bank pursuant to Article II if such Lender or Issuing Bank, as applicable, has notified the Agent that it is incapable of receiving notices under such Article by electronic communication. The Agent or Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it, provided that approval of such procedures may be limited to particular notices or communications.

(c) Electronic Communications. Unless the Agent otherwise prescribes, (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender's receipt of an acknowledgement from the intended recipient (such as by the "return receipt requested" function, as available, return e-mail or other written acknowledgement), provided that if such notice or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next business day for the recipient, and (ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient at its e-mail address as described in the foregoing clause (i) of notification that such notice or communication is available and identifying the website address therefor.

(d) The Platform. THE PLATFORM IS PROVIDED "AS IS" AND "AS AVAILABLE." THE AGENT PARTIES (AS DEFINED BELOW) DO NOT WARRANT THE ACCURACY OR COMPLETENESS OF THE LOAN PARTY MATERIALS OR THE ADEQUACY OF THE PLATFORM, AND EXPRESSLY DISCLAIM LIABILITY FOR ERRORS IN OR OMISSIONS FROM THE LOAN PARTY MATERIALS. NO WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD PARTY RIGHTS OR FREEDOM FROM VIRUSES OR OTHER CODE DEFECTS, IS MADE BY ANY AGENT PARTY IN CONNECTION WITH THE LOAN PARTY MATERIALS OR THE PLATFORM. In no event shall the Agent, any Arranger or any of their respective Related Parties (collectively, the "Agent Parties") have any liability to the Borrower, any Lender, any Issuing Bank or any other Person for losses, claims, damages, liabilities or expenses of any kind (whether in tort, contract or otherwise) arising out of the Borrower's or the Agent's or the Arrangers' transmission of Loan Party Materials through the Internet, except to the extent that such losses, claims, damages, liabilities or expenses are determined by a court of competent jurisdiction by a final and nonappealable judgment to have resulted from the bad faith, gross negligence or willful misconduct of such Agent Party; provided, however, that in no event shall any Agent Party have any liability to the Borrower, any Lender, any Issuing Bank or any other Person for indirect, special, incidental, consequential or punitive damages (as opposed to direct or actual damages).

(e) Change of Address, Etc. Each of the Borrower, the Agent and each Issuing Bank may change its address, telecopier or telephone number for notices and other communications hereunder by notice to the other parties hereto. Each other Lender may change its address, telecopier or telephone number for notices and other communications hereunder by notice to the Borrower and the Agent. In addition, each Lender agrees to notify the Agent from time to time to ensure that the Agent has on record (i) an effective address, contact name, telephone number, telecopier number and electronic mail address to which notices and other communications may be sent and (ii) accurate wire instructions for such Lender. Furthermore, each Public Lender agrees to cause at least one individual at or on behalf of such Public Lender to at all times have selected the “Private Side Information” or similar designation on the content declaration screen of the Platform in order to enable such Public Lender or its delegate, in accordance with such Public Lender’s compliance procedures and applicable law, including United States Federal and state securities laws, to make reference to Loan Party Materials that are not made available through the “Public Side Information” portion of the Platform and that may contain material non-public information with respect to the Borrower or their securities for purposes of United States Federal or state securities laws.

(f) Reliance by Agent, Issuing Banks and Lenders. The Agent, the Issuing Banks and the Lenders shall be entitled to rely and act upon any notices (including telephonic Notices of Borrowing) purportedly given by or on behalf of the Borrower even if (i) such notices were not made in a manner specified herein, were incomplete or were not preceded or followed by any other form of notice specified herein, or (ii) the terms thereof, as understood by the recipient, varied from any confirmation thereof. The Borrower shall indemnify the Agent, each Issuing Bank, each Lender and the Related Parties of each of them from all losses, costs, expenses and liabilities resulting from the reliance by such Person on each notice purportedly given by or on behalf of Borrower. All telephonic notices to and other telephonic communications with the Agent may be recorded by the Agent, and each of the parties hereto hereby consents to such recording.

SECTION 9.03. No Waiver; Remedies. No failure on the part of any Lender or the Agent to exercise, and no delay in exercising, any right hereunder or under any Note shall operate as a waiver thereof; nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right. The remedies herein provided are cumulative and not exclusive of any remedies provided by law.

Notwithstanding anything to the contrary contained herein or in any other Loan Document, the authority to enforce rights and remedies hereunder and under the other Loan Documents against the Loan Parties or any of them shall be vested exclusively in, and all actions and proceedings at law in connection with such enforcement shall be instituted and maintained exclusively by, the Agent in accordance with Section 6.01 for the benefit of all the Lenders and the Issuing Banks; provided, however, that the foregoing shall not prohibit (a) the Agent from exercising on its own behalf the rights and remedies that inure to its benefit (solely in its capacity as Agent) hereunder and under the other Loan Documents, (b) each Issuing Bank from exercising the rights and remedies that inure to its benefit (solely in its capacity as an Issuing Bank, as the case may be) hereunder and under the other Loan Documents, (c) any Lender from exercising setoff rights in accordance with Section 9.06 (subject to the terms of Section 2.15), or (d) any Lender from filing proofs of claim or appearing and filing pleadings on its own behalf during the pendency of a proceeding relative to any Loan Party under any Bankruptcy Law; and provided, further, that if at any time there is no Person acting as Agent hereunder and under the other Loan Documents, then (i) the Required Lenders shall have the rights otherwise ascribed to the Agent pursuant to Article VI and (ii) in addition to the matters set forth in clauses (b), (c) and (d) of the preceding proviso and subject to Section 2.15, any Lender may, with the consent of the Required Lenders, enforce any rights and remedies available to it and as authorized by the Required Lenders.

SECTION 9.04. Costs and Expenses.

(a) The Company agrees to pay on demand all reasonable out of pocket costs and expenses of the Agent, and each Issuing Bank in connection with the preparation, execution, delivery, administration, modification and amendment of this Agreement, the Notes and the other documents to be delivered hereunder, including, without limitation, (A) all due diligence, syndication (including printing, distribution and bank meetings), transportation, computer, duplication, appraisal, consultant, and audit expenses, (B) the reasonable fees and expenses of counsel for the Agent, and each Issuing Bank with respect thereto, (C) fees and expenses incurred in connection with the creation, perfection or protection of the liens under the Loan Documents (including all reasonable search, filing and recording fees) and (D) costs associated with insurance reviews, Collateral audits, field exams, collateral valuations and collateral reviews to the extent provided herein, provided, however, the Company shall not be required to pay fees or expenses of more than one counsel in any jurisdiction where the Collateral is located, with respect to advising such Agent, and each Issuing Bank as to its rights and responsibilities, or the perfection, protection or preservation of rights or interests, under the Loan Documents, with respect to negotiations with any Loan Party or with other creditors of any Loan Party or any of its Subsidiaries arising out of any Default or any events or circumstances that may give rise to a Default and with respect to presenting claims in or otherwise participating in or monitoring any bankruptcy, insolvency or other similar proceeding involving creditors' rights generally and any proceeding ancillary thereto. The Company further agrees to pay on demand all costs and expenses of the Agent, each Issuing Bank and each Lender, if any (including, without limitation, reasonable counsel fees and expenses), in connection with the enforcement (whether through negotiations, legal proceedings or otherwise) of the Loan Documents, whether in any action, suit or litigation, or any bankruptcy, insolvency or other similar proceeding affecting creditors' rights generally, including, without limitation, reasonable fees and expenses of counsel for the Agent, each Issuing Bank and each Lender in connection with the enforcement of rights under this Agreement and the other Loan Documents.

(b) The Company agrees to indemnify and hold harmless the Agent, each Arranger, each Issuing Bank and each Lender and each of their Related Parties (each, an "Indemnified Party") from and against any and all claims, damages, losses, liabilities and expenses (including, without limitation, reasonable fees and expenses of counsel) incurred by or asserted or awarded against any Indemnified Party, in each case arising out of or in connection with or by reason of (including, without limitation, in connection with any investigation, litigation or proceeding or preparation of a defense in connection therewith) (i) the Notes, this Agreement, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Revolving Loans or Letters of Credit (which, for the avoidance of doubt, does not include any Taxes or Other Taxes which shall be governed by Section 2.14) or (ii) the actual or alleged presence of Hazardous Materials on any property of the Company or any of its Subsidiaries or any Environmental Action relating in any way to the Company or any of its Subsidiaries, except to the extent such claim, damage, loss, liability or expense resulted from such Indemnified Party's gross negligence or willful misconduct as found in a non-appealable judgment by a court of competent jurisdiction. In the case of an investigation, litigation or other proceeding to which the indemnity in this Section 9.04(b) applies, such indemnity shall be effective whether or not such investigation, litigation or proceeding is brought by any Loan Party, its directors, equityholders or creditors or an Indemnified Party or any other Person, whether or not any Indemnified Party is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated. The Company and each Indemnified Party agrees not to assert any claim for special, indirect, consequential or punitive damages against the Company, the Agent, any Lender, any of their Affiliates, or any of their respective directors, officers, employees, attorneys and agents, on any theory of liability, arising out of or otherwise relating to the Notes, this Agreement, any of the transactions contemplated herein or the actual or proposed use of the proceeds of the Revolving Loans.

(c) If any payment of principal of, or Conversion of, any Eurodollar Rate Revolving Loan is made by Borrower to or for the account of a Lender other than on the last day of the Interest Period for such Revolving Loan, as a result of a payment or Conversion pursuant to Section 2.08(d) or (e), 2.10 or 2.12, acceleration of the maturity of the Notes pursuant to Section 6.01 or for any other reason, or by an Eligible Assignee to a Lender other than on the last day of the Interest Period for such Revolving Loan upon an assignment of rights and obligations under this Agreement pursuant to Section 9.08 as a result of a demand by the Company pursuant to Section 9.08(a), Borrower shall, upon demand by such Lender (with a copy of such demand to the Agent), pay to the Agent for the account of such Lender any amounts required to compensate such Lender for any additional losses, costs or expenses that it may reasonably incur as a result of such payment or Conversion, including, without limitation, any loss (excluding loss of anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by any Lender to fund or maintain such Revolving Loan.

(d) Without prejudice to the survival of any other agreement of any Loan Party hereunder or under any other Loan Document, the agreements and obligations of the Borrower contained in Sections 2.11, 2.14 and 9.04 shall survive the payment in full of principal, interest and all other amounts payable hereunder and under the Notes.

(e) No Indemnified Party referred to in subsection (b) above shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed to such unintended recipients by such Indemnified Party through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents or the transactions contemplated hereby or thereby other than for direct or actual damages resulting from the gross negligence or willful misconduct of such Indemnified Party as determined by a final and nonappealable judgment of a court of competent jurisdiction.

(f) All amounts due under this Section shall be payable not later than ten Business Days after demand therefor.

(g) The agreements in this Section shall survive the resignation of the Agent, and any Issuing Bank, the replacement of any Lender, the termination of the aggregate Commitments and the repayment, satisfaction or discharge of all the other Obligations.

SECTION 9.05. Payments Set Aside. To the extent that any payment by or on behalf of Borrower is made to the Agent, any Issuing Bank or any Lender, or the Agent, any Issuing Bank or any Lender exercises its right of setoff, and such payment or the proceeds of such setoff or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required (including pursuant to any settlement entered into by the Agent, such Issuing Bank or such Lender in its discretion) to be repaid to a trustee, receiver or any other party, in connection with any proceeding under any Bankruptcy Law or otherwise, then (a) to the extent of such recovery, the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such setoff had not occurred, and (b) each Lender and each Issuing Bank severally agrees to pay to the Agent upon demand its applicable share (without duplication) of any amount so recovered from or repaid by the Agent, plus interest thereon from the date of such demand to the date such payment is made at a rate per annum equal to the Federal Funds Rate from time to time in effect. The obligations of the Lenders and the Issuing Banks under clause (b) of the preceding sentence shall survive the payment in full of the Obligations and the termination of this Agreement.

SECTION 9.06. Right of Set-off. Upon (i) the occurrence and during the continuance of any Event of Default and (ii) the making of the request or the granting of the consent specified by Section 6.01 to authorize the Agent to declare the Revolving Loans due and payable pursuant to the provisions of Section 6.01, the Agent, each Issuing Bank, and each Lender and each of their respective Affiliates is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other indebtedness at any time owing by the Agent, such Issuing Bank, or such Lender or such Affiliate to or for the credit or the account of Borrower against any and all of the obligations of Borrower now or hereafter existing under this Agreement and any Note held by the Agent, such Issuing Bank, or such Lender, whether or not such Lender shall have made any demand under this Agreement or such Note and although such obligations may be unmatured, provided, however, that no such right shall exist against any deposit designated as being for the benefit of any governmental authority, provided, further, that in the event that any Defaulting Lender shall exercise any such right of setoff, (x) all amounts so set off shall be paid over immediately to the Agent for further application in accordance with the provisions of Section 2.19 and, pending such payment, shall be segregated by such Defaulting Lender from its other funds and deemed held in trust for the benefit of the Agent and the Lenders, and (y) the Defaulting Lender shall provide promptly to the Agent a statement describing in reasonable detail the Obligations owing to such Defaulting Lender as to which it exercised such right of setoff. Each Lender agrees promptly to notify the Borrower after any such set-off and application, provided that the failure to give such notice shall not affect the validity of such set-off and application. The rights of each Lender, the Agent, each Issuing Bank, and each such Affiliate under this Section are in addition to other rights and remedies (including, without limitation, other rights of set-off) that the Agent, the Issuing Banks, the Lenders or such Affiliates may have.

SECTION 9.07. Binding Effect. This Agreement shall become effective in accordance with Section 3.01 and thereafter shall be binding upon and inure to the benefit of the Borrower, the Agent, and each Lender and their respective successors and assigns, except that Borrower shall not have the right to assign its rights hereunder or any interest herein without the prior written consent of all of the Lenders.

SECTION 9.08. Assignments and Participations.

(a) Each Lender may, with the consent of the Agent (not to be unreasonably withheld or delayed) in the case of an assignment to a Person who is not an Affiliate of such Lender and, if demanded by the Company so long as no Event of Default shall have occurred and be continuing and only with respect to any Affected Lender, upon at least five Business Days' notice to such Lender and the Agent, shall, assign to one or more Eligible Assignees all or a portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of its Commitment or Commitments, the Revolving Loans owing to it, its participations in Letters of Credit, if any, and the Note or Notes held by it); provided, however, that (i) each such assignment shall be of a constant, and not a varying, percentage of all rights and obligations under this Agreement with respect to one or more Facilities, (ii) except in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund with respect to a Lender, or an assignment of all of a Lender's rights and obligations under this Agreement, the amount of (x) the Revolving Credit Commitment of the assigning Lender being assigned pursuant to each such assignment (determined as of the date of the Assignment and Acceptance with respect to such assignment) shall in no event be less than \$5,000,000 or an integral multiple of \$1,000,000 in excess thereof and (y) the Unissued Letter of Credit Commitment of the assigning Lender being assigned pursuant to each such assignment (determined as of the date of the Assignment and Acceptance with respect to such assignment) shall in no event be less than \$1,000,000 or an integral multiple of \$1,000,000 in excess thereof, in each case, unless the Company and the Agent otherwise agree, (iii) each such assignment shall be to an Eligible Assignee, (iv) each such assignment made as a result of a demand by the Company pursuant to this Section 9.08(a) shall be arranged by the Company after consultation with the Agent and shall be either an assignment of

all of the rights and obligations of the assigning Lender under this Agreement or an assignment of a portion of such rights and obligations made concurrently with another such assignment or other such assignments that together cover all of the rights and obligations of the assigning Lender under this Agreement, (v) no Lender shall be obligated to make any such assignment as a result of a demand by the Company pursuant to this Section 9.08(a) unless and until such Lender shall have received one or more payments from either the Borrower or one or more Eligible Assignees in an aggregate amount at least equal to the aggregate outstanding principal amount of the Revolving Loans owing to such Lender, together with accrued interest thereon to the date of payment of such principal amount and all other amounts payable to such Lender under this Agreement, and (vi) the parties to each such assignment shall execute and deliver to the Agent, for its acceptance and recording in the Register, an Assignment and Acceptance (and the assignee, if it is not a Lender, shall deliver to the Agent an Administrative Questionnaire), together with any Note subject to such assignment and a processing and recordation fee of \$3,500 payable by the parties to each such assignment; provided, however, that (x) only one such fee shall be payable in connection with simultaneous assignments to or by two or more Approved Funds with respect to a Lender and (y) in the case of each assignment made as a result of a demand by the Company, such recordation fee shall be payable by the Company except that no such recordation fee shall be payable in the case of an assignment made at the request of the Company to an Eligible Assignee that is an existing Lender. Upon such execution, delivery, acceptance and recording, from and after the effective date specified in each Assignment and Acceptance, (x) the assignee thereunder shall be a party hereto and, to the extent that rights and obligations hereunder have been assigned to it pursuant to such Assignment and Acceptance, have the rights and obligations of a Lender hereunder and (y) the Lender assignor thereunder shall, to the extent that rights and obligations hereunder have been assigned by it pursuant to such Assignment and Acceptance, relinquish its rights (other than its rights under Sections 2.11, 2.14 and 9.04 to the extent any claim thereunder relates to an event arising prior to such assignment) and be released from its obligations (other than its obligations under Section 9.06 to the extent any claim thereunder relates to an event arising prior to such assignment) under this Agreement (and, in the case of an Assignment and Acceptance covering all or the remaining portion of an assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto).

(b) By executing and delivering an Assignment and Acceptance, the Lender assignor thereunder and the assignee thereunder confirm to and agree with each other and the other parties hereto as follows: (i) other than as provided in such Assignment and Acceptance, such assigning Lender makes no representation or warranty and assumes no responsibility with respect to any statements, warranties or representations made in or in connection with this Agreement or the execution, legality, validity, enforceability, genuineness, sufficiency or value of, or the perfection or priority of any lien or security interest created or purported to be created under or in connection with, this Agreement or any other instrument or document furnished pursuant hereto; (ii) such assigning Lender makes no representation or warranty and assumes no responsibility with respect to the financial condition of any Loan Party or the performance or observance by any Loan Party of any of its obligations under any Loan Document or any other instrument or document furnished pursuant hereto; (iii) such assignee confirms that it has received a copy of this Agreement, together with copies of the financial statements referred to in Section 5.01(h) and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into such Assignment and Acceptance; (iv) such assignee will, independently and without reliance upon the Agent, such assigning Lender or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement; (v) such assignee confirms that it is an Eligible Assignee; (vi) such assignee appoints and authorizes the Agent to take such action as agent on its behalf and to exercise such powers and discretion under this Agreement and the other Loan Documents as are delegated to the Agent by the terms hereof, together with such powers and discretion as are reasonably incidental thereto; and (vii) such assignee agrees that it will perform in accordance with their terms all of the obligations that by the terms of this Agreement are required to be performed by it as a Lender.

(c) Upon its receipt of an Assignment and Acceptance executed by an assigning Lender and an assignee representing that it is an Eligible Assignee, together with any Note or Notes subject to such assignment, the Agent shall, if such Assignment and Acceptance has been completed and is in substantially the form of Exhibit C hereto, (i) accept such Assignment and Acceptance, (ii) record the information contained therein in the Register and (iii) give prompt notice thereof to the Company

(d) In connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions thereto set forth herein, the parties to the assignment shall make such additional payments to the Agent in an aggregate amount sufficient, upon distribution thereof as appropriate (which may be outright payment, purchases by the assignee of participations or subparticipations, or other compensating actions, including funding, with the consent of the Borrower and the Agent, the applicable pro rata share of Revolving Loans previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to the Agent or any Lender hereunder (and interest accrued thereon) and (y) acquire (and fund as appropriate) its full pro rata share of all Revolving Loans and participations in Letters of Credit in accordance with its Ratable Share. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder shall become effective under applicable law without compliance with the provisions of this paragraph, then the assignee of such interest shall be deemed to be a Defaulting Lender for all purposes of this Agreement until such compliance occurs.

(e) The Agent shall maintain at its address referred to in Section 9.02 a copy of each Assumption Agreement and each Assignment and Acceptance delivered to and accepted by it and a register for the recordation of the names and addresses of the Lenders and the Commitment of, and principal amount of the Revolving Loans owing to, each Lender from time to time (the "Register"). The entries in the Register shall be conclusive and binding for all purposes, absent manifest error, and the Borrower, the Agent and the Lenders may treat each Person whose name is recorded in the Register as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by Borrower or any Lender at any reasonable time and from time to time upon reasonable prior notice.

(f) Each Lender may sell participations to one or more banks or other entities (other than the Company or any of its Affiliates) in or to all or a portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of its Commitment, the Revolving Loans owing to it and any Note or Notes held by it); provided, however, that (i) such Lender's obligations under this Agreement (including, without limitation, its Commitment to the Borrower hereunder) shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, (iii) such Lender shall remain the holder of any such Note for all purposes of this Agreement, (iv) the Borrower, the Agent and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement and (v) no participant under any such participation shall have any right to approve any amendment or waiver of any provision of any Loan Document, or any consent to any departure by any Loan Party therefrom, provided, however, that any agreement between a Lender and such participant may provide that the Lender will not, without the consent of participant, agree to any such amendment, waiver or consent which would reduce the principal of, or interest on, the Revolving Loans or any fees or other amounts payable hereunder, in each case to the extent subject to such participation, or postpone any date fixed for any payment of principal of, or interest on, the Revolving Loans or any fees or other amounts payable hereunder, in each case to the extent subject to such participation.

(g) Any Lender may, in connection with any assignment or participation or proposed assignment or participation pursuant to this Section 9.08, disclose to the assignee or participant or

proposed assignee or participant, any information relating to the Borrower furnished to such Lender by or on behalf of the Borrower; provided that, prior to any such disclosure, the assignee or participant or proposed assignee or participant shall agree to preserve the confidentiality of Borrower Information relating to the Borrower received by it from such Lender.

(h) Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank or other central bank; provided, that, no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledge or assignee for such Lender as a party hereto.

(i) Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register in the United States on which it enters the name and address of each participant and the principal amounts and stated interest of each participant's interest in the Loans, Commitments or other obligations under this Agreement (the "Participant Register"); provided, that no Lender shall have any obligation to disclose all or any portion of the Participant Register to any Person (including the identity of any participant or any information relating to a participant's interest in any Commitments, Loans, or its other obligations under this Agreement) except to the extent that such disclosure is necessary to establish that the Loans are in registered form under Treas. Reg. § 5f.103-1(c). The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each person whose name is recorded in the Participant Register as owner of such participation for all purposes of this Agreement.

(j) The Agent may conclusively rely on the list of Disqualified Institutions provided by the Borrower (or any supplement thereto) for all purposes of this Agreement and the other Loan Documents, including in approving or declining to approve a Person as an Eligible Assignee, executing and delivering any Assignment and Acceptance, making any recording in the Register in respect of such Assignment and Acceptance or otherwise, and shall have no liability of any kind to any Loan Party or any Affiliate thereof, any Lender or any other Person if such list of Disqualified Institutions (or any supplement thereto) is incorrect or if any Person is incorrectly identified in such list of Disqualified Institutions (or any supplement thereto) as a Person to whom no assignment is to be made.

SECTION 9.09. Confidentiality. Neither the Agent nor any Lender may disclose to any Person any confidential, proprietary or non-public information of any Loan Party furnished to the Agent or the Lenders by any Loan Party, including, without limitation (1) earnings and other financial information and forecasts, budgets, projections, plans, (including, without limitation, any confirmations of publicly disclosed advice regarding any material matter); (2) mergers, acquisitions, tender offers, joint ventures or changes in assets; (3) new products or discoveries or developments regarding any Loan Party's customers or suppliers; (4) changes in control or in management; (5) changes in auditors or auditor notifications to the Loan Party; (6) securities redemptions, splits, repurchase plans, changes in dividends, changes in rights of holders or sales of additional securities; and (7) negative news relating to such matters as physical damage to properties from significant events, loss of significant contractual relationship, material litigation, defaults under contracts or securities, bankruptcy or receivership (such information being referred to collectively herein as the "Borrower Information"), except that each of the Agent, and each of the Lenders may disclose Borrower Information (i) to its Affiliates and to its and its Affiliates' managers, administrators, partners, employees, trustees, officers, directors, agents, advisors and other representatives solely for purposes of this Agreement, any Notes and the transactions contemplated hereby (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of Borrower Information and instructed to keep such Borrower Information confidential on terms substantially no less restrictive than those provided herein), (ii) to the extent requested by any regulatory authority purporting to have jurisdiction over it (including any self-regulating authority, such as the

National Association of Insurance Commissioners), provided, to the extent permitted by law and practicable under the circumstances, the Agent or such Lender shall provide the Company with prompt notice of such requested disclosure so that the Company may seek a protective order prior to the time when the Agent or such Lender is required to make such disclosure, (iii) to the extent required by applicable laws or regulations or by any subpoena or similar legal process, provided, to the extent permitted by law and practicable under the circumstances, the Agent or such Lender shall provide the Company with prompt notice of such requested disclosure so that the Company may seek a protective order prior to the time when the Agent or such Lender is required to make such disclosure, (iv) subject to this Section 9.09, to any other Lender to this Agreement which has requested such information, (v) in connection with the exercise of any remedies hereunder or any suit, action or proceeding relating to this Agreement or the enforcement of rights hereunder, (vi) subject to an agreement containing provisions no less restrictive than those of this Section 9.09, to any assignee or participant or prospective assignee or participant or any pledge referred to in Section 9.08(h), (vii) to the extent such Borrower Information (A) is or becomes generally available to the public on a non-confidential basis other than as a result of a breach of this Section 9.09 by the Agent or such Lender, or (B) is or becomes legally available to the Agent or such Lender on a nonconfidential basis from a source other than a Loan Party, provided that the source of such information was not known by the Agent or such Lender to be bound by a confidentiality agreement with or other contractual, legal or fiduciary obligations of confidentiality to a Loan Party or any other party with respect to such information, (viii) with the consent of the Company, (ix) to any party hereto and (x) subject to the Agent's or the applicable Lender's receipt of an agreement containing provisions no less restrictive than those of this Section, to any actual or prospective party (or its managers, administrators, trustees, partners, directors, officers, employees, agents, advisors and other representatives) to any swap, derivative or other transaction under which payments are to be made by reference to the Company and its Obligations, this Agreement or payments hereunder. Any Person required to maintain the confidentiality of Borrower Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Borrower Information as such Person would accord to its own confidential information

SECTION 9.10. Execution in Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by telecopier or in .pdf (or similar electronic format) shall be effective as delivery of a manually executed counterpart of this Agreement.

SECTION 9.11. Survival of Representations and Warranties. All representations and warranties made hereunder and in any other Loan Document or other document delivered pursuant hereto or thereto shall survive the execution and delivery hereof and thereof. Such representations and warranties have been or will be relied upon by the Agent, and each Lender, regardless of any investigation made by the Agent or any Lender or on their behalf and notwithstanding that the Agent, or any Lender may have had notice or knowledge of any Default at the time of any Revolving Loan, and shall continue in full force and effect as long as any Revolving Loan or any other Obligation hereunder shall remain unpaid or unsatisfied or any Letter of Credit shall remain outstanding.

SECTION 9.12. Severability. If any provision of this Agreement or the other Loan Documents is held to be illegal, invalid or unenforceable, (a) the legality, validity and enforceability of the remaining provisions of this Agreement and the other Loan Documents shall not be affected or impaired thereby and (b) the parties shall endeavor in good faith negotiations to replace the illegal, invalid or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the illegal, invalid or unenforceable provisions. The invalidity of a provision in a particular jurisdiction shall

not invalidate or render unenforceable such provision in any other jurisdiction. Without limiting the foregoing provisions of this Section 9.12, if and to the extent that the enforceability of any provisions in this Agreement relating to Defaulting Lenders shall be limited by Bankruptcy Laws, as determined in good faith by the Agent or the Issuing Banks, as applicable, then such provisions shall be deemed to be in effect only to the extent not so limited

SECTION 9.13. Jurisdiction.

(a) GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

(b) SUBMISSION TO JURISDICTION. BORROWER AND EACH OTHER LOAN PARTY IRREVOCABLY AND UNCONDITIONALLY SUBMITS, FOR ITSELF AND ITS PROPERTY, TO THE EXCLUSIVE JURISDICTION OF THE COURTS OF THE STATE OF NEW YORK IN THE BOROUGH OF MANHATTAN AND OF THE UNITED STATES DISTRICT COURT OF THE SOUTHERN DISTRICT OF NEW YORK, AND ANY APPELLATE COURT FROM ANY THEREOF, IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT, OR FOR RECOGNITION OR ENFORCEMENT OF ANY JUDGMENT, AND EACH OF THE PARTIES HERETO IRREVOCABLY AND UNCONDITIONALLY AGREES THAT ALL CLAIMS IN RESPECT OF ANY SUCH ACTION OR PROCEEDING MAY BE HEARD AND DETERMINED IN SUCH NEW YORK STATE COURT OR, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, IN SUCH FEDERAL COURT. EACH OF THE PARTIES HERETO AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW. NOTHING IN THIS AGREEMENT OR IN ANY OTHER LOAN DOCUMENT SHALL AFFECT ANY RIGHT THAT THE AGENT, ANY LENDER OR ANY ISSUING BANK MAY OTHERWISE HAVE TO BRING ANY ACTION OR PROCEEDING RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT AGAINST THE BORROWER OR ANY OTHER LOAN PARTIES OR ITS PROPERTIES IN THE COURTS OF ANY JURISDICTION.

(c) WAIVER OF VENUE. EACH BORROWER AND EACH OTHER LOAN PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY OBJECTION THAT IT MAY NOW OR HEREAFTER HAVE TO THE LAYING OF VENUE OF ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT IN ANY COURT REFERRED TO IN PARAGRAPH (B) OF THIS SECTION. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, THE DEFENSE OF AN INCONVENIENT FORUM TO THE MAINTENANCE OF SUCH ACTION OR PROCEEDING IN ANY SUCH COURT.

(d) SERVICE OF PROCESS. EACH PARTY HERETO IRREVOCABLY CONSENTS TO SERVICE OF PROCESS IN THE MANNER PROVIDED FOR NOTICES IN SECTION 9.02. NOTHING IN THIS AGREEMENT WILL AFFECT THE RIGHT OF ANY PARTY HERETO TO SERVE PROCESS IN ANY OTHER MANNER PERMITTED BY APPLICABLE LAW.

(e) EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT OR THE

TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PERSON HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PERSON WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.

SECTION 9.14. No Liability of the Issuing Banks. Each Lender and each Loan Party agree that, in paying any drawing under a Letter of Credit, no Issuing Bank shall have any responsibility to obtain any document, other than any sight draft, certificates and documents expressly required by the Letter of Credit, or to ascertain or inquire as to the validity or accuracy of any such document or the authority of the Person executing or delivering any such document. Each Loan Party assumes all risks of the acts or omissions of any beneficiary or transferee of any Letter of Credit with respect to its use of such Letter of Credit. Neither an Issuing Bank nor any of its officers or directors shall be liable or responsible for: (a) the use that may be made of any Letter of Credit or any acts or omissions of any beneficiary or transferee in connection therewith; (b) the validity, sufficiency or genuineness of documents, or of any endorsement thereon, even if such documents should prove to be in any or all respects invalid, insufficient, fraudulent or forged; (c) payment by such Issuing Bank against presentation of documents that do not comply with the terms of a Letter of Credit, including failure of any documents to bear any reference or adequate reference to the Letter of Credit; or (d) any other circumstances whatsoever in making or failing to make payment under any Letter of Credit, except that the Borrower shall have a claim against such Issuing Bank, and such Issuing Bank shall be liable to the Borrower, to the extent of any direct, but not consequential, damages suffered by the Company that the Company proves were caused by such Issuing Bank's willful misconduct or gross negligence as found in a final non-appealable judgment by a court of competent jurisdiction. In furtherance and not in limitation of the foregoing, each Issuing Bank may accept documents that appear on their face to be in order, without responsibility for further investigation, regardless of any notice or information to the contrary and no Issuing Bank shall be responsible for the validity or sufficiency of any instrument transferring or assigning or purporting to transfer or assign a Letter of Credit or the rights or benefits thereunder or proceeds thereof, in whole or in part, which may prove to be invalid or ineffective for any reason; provided that nothing herein shall be deemed to excuse such Issuing Bank if it acts with gross negligence or willful misconduct in accepting such documents as found in a final non-appealable judgment by a court of competent jurisdiction.

SECTION 9.15. PATRIOT Act Notice. Each Lender, and the Agent (for itself and not on behalf of any Lender) hereby notifies each Loan Party that pursuant to the requirements of the PATRIOT Act, it is required to obtain, verify and record information that identifies such Loan Party, which information includes the name and address of such Loan Party and other information that will allow such Lender or the Agent, as applicable, to identify such Loan Party in accordance with the PATRIOT Act. Each Loan Party shall provide such information and take such actions as are reasonably requested by the Agent or any Lenders in order to assist the Agent and the Lenders in maintaining compliance with its ongoing obligations under applicable "know your customer" and anti-money laundering rules and regulations, including the PATRIOT Act.

SECTION 9.16. Release of Collateral; Termination of Loan Documents.

(a) (i) Upon the sale, lease, transfer or other Disposition of any item of Collateral of any Loan Party in accordance with the terms of the Loan Documents, including, without limitation, as a result of the sale, in accordance with the terms of the Loan Documents, of the Loan Party that owns such Collateral, (ii) upon a Subsidiary being designated an Immaterial Subsidiary or an Excluded Subsidiary,

in accordance with the Loan Documents, (iii) at any time a Loan Party's guarantee of the obligations under the Loan Documents ceases as provided in Section 7.07, the security interests granted by the Loan Documents with respect to such items of Collateral and/or Loan Party shall immediately terminate and automatically be released (so long as in the case of Dispositions by any Loan Party pursuant to the terms of the Loan Documents (other than Dispositions of Collateral not comprising TMM Assets) and in respect of clauses (ii) and (iii) above, Agent has received a written certification by Borrower that such Disposition or other transaction, as applicable is permitted under the terms of the Loan Documents (and Agent shall be entitled to rely conclusively upon such certification without further inquiry)), and the Agent will, at the Company's expense, execute and deliver to such Loan Party such documents as such Loan Party may reasonably request to evidence the release of such item of Collateral from the assignment and security interest granted under the Collateral Documents.

(b) Upon the latest of (i) the payment in full in cash of all Obligations under the Loan Documents, (ii) the termination in full of the Commitments and (iii) the latest date of expiration or termination of all Letters of Credit (or receipt by the Agent of an irrevocable notice from each Issuing Bank with a Letter of Credit outstanding that it will not seek to enforce any rights that it has or may have in accordance with Section 2.03 against the Agent or the Lenders), (x) except as otherwise specifically stated in this Agreement or the other Loan Documents, this Agreement and the other Loan Documents shall terminate and be of no further force or effect, (y) the Agent shall release or cause the release of all Collateral from the Liens of the Loan Documents and the Guarantors of all Obligations under each Guaranty, and will, at the Company's expense, execute and deliver such documents as the Company may reasonably request to evidence the release of Collateral from the assignment and security interest granted under the Collateral Documents and the obligations of the Guarantors and (z) each Lender that has requested and received a Note shall return such Note to the Company marked "cancelled" or "paid in full"; provided, however, that the Lenders' obligations under Section 9.09 shall continue until the earlier of (x) the date that is three years after the termination of this Agreement and (y) the date that is three months after the latest date that is the subject of the Projections delivered in accordance with Section 5.01(h)(viii), and the Lender's obligations under this Section 9.16 shall survive until satisfied.

SECTION 9.17. Judgment Currency.

(a) If for the purposes of obtaining judgment in any court it is necessary to convert a sum due hereunder in Dollars into another currency, the parties hereto agree, to the fullest extent that they may effectively do so, that the rate of exchange used shall be that at which in accordance with normal banking procedures the Agent could purchase Dollars with such other currency at the exchange rate on the Business Day preceding that on which final judgment is given.

(b) The obligation of each Loan Party in respect of any sum due from it in any currency (the "Primary Currency") to any Lender or the Agent hereunder shall, notwithstanding any judgment in any other currency, be discharged only to the extent that on the Business Day following receipt by such Lender or the Agent (as the case may be), of any sum adjudged to be so due in such other currency, such Lender or the Agent (as the case may be) may in accordance with normal banking procedures purchase the applicable Primary Currency with such other currency; if the amount of the applicable Primary Currency so purchased is less than such sum due to such Lender or the Agent (as the case may be) in the applicable Primary Currency, each Loan Party agrees, as a separate obligation and notwithstanding any such judgment, to indemnify such Lender or the Agent (as the case may be) against such loss, and if the amount of the applicable Primary Currency so purchased exceeds such sum due to any Lender or the Agent (as the case may be) in the applicable Primary Currency, such Lender or the Agent (as the case may be) agrees to remit to such Loan Party such excess.

SECTION 9.18. No Fiduciary Duty. In connection with all aspects of each transaction contemplated hereby (including in connection with any amendment, waiver or other modification hereof or of any other Loan Document), each Loan Party acknowledges and agrees, and acknowledges its Affiliates' understanding, that: (i) (A) the arranging and other services regarding this Agreement provided by the Agent, the Arrangers and the Lenders are arm's-length commercial transactions between the Loan Parties and their respective Affiliates, on the one hand, and the Agent, the Arrangers and the Lenders, on the other hand, (B) each of the Loan Parties has consulted its own legal, accounting, regulatory and tax advisors to the extent it has deemed appropriate, and (C) the Loan Parties are capable of evaluating, and understand and accept, the terms, risks and conditions of the transactions contemplated hereby and by the other Loan Documents; (ii) (A) the Agent, the Arrangers and the Lender each are and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, have not been, are not, and will not be acting as an advisor, agent or fiduciary for the Loan Parties or any of their respective Affiliates, or any other Person and (B) neither the Agent, the Arrangers nor the Lenders have any obligation to the Loan Parties or any of their respective Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the other Loan Documents; and (iii) the Agent, the Arrangers and the Lenders and their respective Affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Loan Parties and their respective Affiliates, and neither the Agent, the Arrangers nor the Lenders have any obligation to disclose any of such interests to the Loan Parties or their respective Affiliates. To the fullest extent permitted by law, each Loan Party hereby waives and releases any claims that it may have against the Agent, the Arrangers and the Lenders with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of any transaction contemplated hereby.

SECTION 9.19. Electronic Execution of Assignments and Certain Other Documents. The words "execution," "signed," "signature," and words of like import in any Assumption Agreement or in any amendment or other modification hereof (including waivers and consents) shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act or similar foreign laws.

Capitalized terms not otherwise defined herein shall have the respective meanings given to them in the Credit Agreement.

_____,¹¹ in its capacity other than as a Lender (in such capacity, "Bank Product Provider"), has established a Bank Product consisting of _____¹² with _____¹³ (the "Loan Party"), as set forth in the _____¹⁴, dated as of _____, 20____, by and between Bank Product Provider and such Loan Party (as the same now exists or may hereafter be further amended, amended and restated, modified, supplemented, extended, renewed, restated or replaced, the "Specified Bank Product Agreement"). Schedule 1 sets forth, as of the date hereof, Bank Product Provider's reasonable determination of the credit exposure (and mark-to-market exposure) of such Loan Party and its Subsidiaries in respect of the Bank Products provided by Bank Product Provider pursuant to the Specified Bank Product Agreement.

Accordingly, the parties hereto confirm and agree with Agent as follows:

1. The Borrower and Bank Product Provider intend that the obligations owing by the [Loan Party] to Bank Product Provider arising under or pursuant to the Specified Bank Product Agreement, whether now existing or hereafter arising (such obligations and amounts collectively,

¹³ Insert name of Loan Party that is obtaining such arrangements.

the “Specified Bank Product Obligations”) shall constitute “Bank Product Obligations” under the Credit Agreement and this Notice (“Notice”) shall serve as the notice required under the definition of the term “Bank Product Obligations” in the Credit Agreement for such purpose; provided, that, the maximum amount of Specified Bank Product Obligations to be secured by the Collateral is \$[].

2. Upon the acceptance by Agent of this Notice duly executed by Bank Product Provider and Borrower, the Specified Bank Product Obligations shall constitute Bank Product Obligations (which in turn shall constitute Obligations), subject to the other terms and conditions herein and in the Credit Agreement applicable to such Bank Product Obligations as from time to time in effect. In no event shall any of the Specified Bank Product Obligations secured by the Collateral, or the rights of Bank Product Provider to any proceeds of the Collateral or otherwise to any payment under the Credit Agreement or any of the other Loan Documents in respect of the Specified Bank Product Obligations be entitled to be paid or to receive cash collateral except in the order of priority set forth in Section 6.04 of the Credit Agreement. Bank Product Provider understands and agrees that its rights and benefits under the Loan Documents consist solely of being a beneficiary of the Liens on the Collateral granted to Agent for the benefit of Agent and the other Secured Parties under the Loan Documents and the right to share in proceeds of the Collateral to the extent set forth in the Credit Agreement.

3. Bank Product Provider appoints Agent as agent solely for the purpose of acquiring, holding and enforcing any and all Liens on Collateral granted by any of the Loan Parties to secure the Specified Bank Product Obligations, together with such powers and discretion as are reasonably incidental thereto and in the same manner and on the same terms set forth in Article VIII of the Credit Agreement for a Lender and such Article VIII shall in all respects be applicable to the benefits of Agent with respect to Bank Product Provider in such capacity and Bank Product Provider agrees to be bound by such terms and conditions as applicable to a Lender, together with Sections 2.14, 8.05, 9.06, 9.09, 9.18 of the Credit Agreement and the Term Loan Intercreditor Agreement; provided, that, in no event shall Bank Product Provider in such capacity be deemed a Lender or Issuing Bank under the Credit Agreement or any of the other Loan Documents or, in its capacity as a Bank Product Provider, entitled to the benefits of a Lender or Issuing Bank thereunder. Without limiting the generality of the foregoing, Bank Product Provider agrees and shall be bound by Section 8.13 of the Credit Agreement. Except as otherwise expressly set forth herein or in any other Loan Document, Bank Product Provider shall not have any right to notice of any action or to consent to, direct or object to any action hereunder or under any other Loan Document or otherwise in respect of the Collateral (including the release or impairment of any Collateral) other than in its separate capacity as a Lender and, in such case, only to the extent expressly provided in the Loan Documents. Bank Product Provider authorizes and consents to the disclosure of any information concerning the Bank Products under the Specified Bank Product Agreement and the Specified Bank Product Obligations to any other Credit Party at any time and from time to time; provided, that, in no event shall such disclosure be deemed a representation or warranty by Agent of the accuracy or completeness of such information.

4. Bank Product Provider acknowledges and agrees that Agent shall have the right (to the extent permitted pursuant to the Credit Agreement), but shall have no obligation to establish, maintain, adjust or terminate any Bank Product Reserves in respect of any of the Specified Bank Product Obligations and that if Bank Product Reserves are established there is no obligation of Agent to determine or insure whether the amount of any such reserve is appropriate or not

(including whether it is sufficient in amount). Agent is hereby irrevocably authorized, subject to the provisions of the Credit Agreement, to establish and adjust such Bank Product Reserves without any inquiry as to the right or authority of Bank Product Provider or the accuracy of such information and Agent is and shall be fully protected in acting in accordance with the information provided to it by Bank Product Provider with respect to the Specified Bank Product Obligations without further inquiry. Nothing contained herein shall be construed as an assumption by Agent or any Lender of the obligations or liabilities of any Loan Party or any of its Affiliates to Bank Product Provider or any other person pursuant to the Specified Bank Product Agreement or otherwise.

5. All notices and other communications provided for hereunder shall be given in the form and manner provided in Section 9.02 of the Credit Agreement, and, if to Bank Product Provider at its address set forth below its signature hereto. Agent and Lenders are relying upon this Notice. This Notice will be binding upon Bank Product Provider, Loan Parties and their respective successors and assigns and inure to the benefit of Agent and its successors and assigns. This Notice may not be amended, modified, supplemented or terminated orally or by course of conduct or otherwise but only by a written agreement signed by the parties hereto. This Notice shall be governed by and construed in accordance with the laws of the State of New York but excluding any principles of conflicts of laws or other rule of law that would cause the application of the law of any jurisdiction other than the laws of the State of New York.

6. This Notice is being delivered to the Agent no later than ten (10) days following the later of the Closing Date or creation of the Bank Product specified above.

This Notice may be executed in any number of counterparts, but all of such counterparts shall together constitute but one and the same agreement. In making proof of this agreement, it shall not be necessary to produce or account for more than one counterpart thereof signed by each of the parties hereto. This Notice may be executed and delivered by telecopier or other electronic method of transmission (including by email with a "pdf") with the same force and effect as if it were a manually executed and delivered counterpart.

Schedule 1 sets forth, as of the date hereof, Specified Secured Obligations Provider’s reasonable determination of the credit exposure (and mark-to-market exposure) of such Loan Party and its Subsidiaries in respect of the Specified Secured Obligations provided by Specified Secured Obligations Provider pursuant to the Specified Secured Obligations Agreement.

Accordingly, the parties hereto confirm and agree with Agent as follows:

1. The Borrower and Specified Secured Obligations Provider intend that the obligations owing by the [Loan Party] to Specified Secured Obligations Provider arising under or pursuant to _____

- ¹⁷ Insert name of Loan Party that is obtaining such arrangements.
- ¹⁸ Insert title of Secured Obligations Agreement.

the Specified Secured Obligations Agreement, whether now existing or hereafter arising (such obligations and amounts collectively, the "Specified Secured Obligations") shall constitute "Specified Secured Obligations" under the Credit Agreement and this Notice ("Notice") shall serve as the notice required under the definition of the term "Specified Secured Obligations" in the Credit Agreement for such purpose.

2. Upon the acceptance by Agent of this Notice duly executed by Specified Secured Obligations Provider and Borrower, the Specified Secured Obligations shall constitute "Specified Secured Obligation" under the Credit Agreement (which in turn shall constitute Obligations), subject to the other terms and conditions herein and in the Credit Agreement applicable to such Specified Secured Obligations as from time to time in effect. In no event shall any of the Specified Secured Obligations secured by the Collateral, or the rights of Specified Secured Obligations Provider to any proceeds of the Collateral or otherwise to any payment under the Credit Agreement or any of the other Loan Documents in respect of the Specified Secured Obligations be entitled to be paid or to receive cash collateral except in the order of priority set forth in Section 6.04 of the Credit Agreement. Specified Secured Obligations Provider understands and agrees that its rights and benefits under the Loan Documents consist solely of being a beneficiary of the Liens on the Collateral granted to Agent for the benefit of Agent and the other Secured Parties under the Loan Documents and the right to share in proceeds of the Collateral to the extent set forth in the Credit Agreement.

3. Specified Secured Obligations Provider appoints Agent as agent solely for the purpose of acquiring, holding and enforcing any and all Liens on Collateral granted by any of the Loan Parties to secure the Specified Secured Obligations, together with such powers and discretion as are reasonably incidental thereto and in the same manner and on the same terms set forth in Article VIII of the Credit Agreement for a Lender and such Article VIII shall in all respects be applicable to the benefits of Agent with respect to Specified Secured Obligations Provider in such capacity and Specified Secured Obligations Provider agrees to be bound by such terms and conditions as applicable to a Lender, together with Sections 2.14, 8.05, 9.06, 9.09, 9.18 of the Credit Agreement and the Term Loan Intercreditor Agreement; provided, that, in no event shall Specified Secured Obligations Provider in such capacity be deemed a Lender or Issuing Bank under the Credit Agreement or any of the other Loan Documents or, in its capacity as a Specified Secured Obligations Provider, entitled to the benefits of a Lender or Issuing Bank thereunder. Without limiting the generality of the foregoing, Specified Secured Obligations Provider agrees and shall be bound by Section 8.13 of the Credit Agreement. Except as otherwise expressly set forth herein or in any other Loan Document, Specified Secured Obligations Provider shall not have any right to notice of any action or to consent to, direct or object to any action hereunder or under any other Loan Document or otherwise in respect of the Collateral (including the release or impairment of any Collateral) other than in its separate capacity as a Lender and, in such case, only to the extent expressly provided in the Loan Documents. Specified Secured Obligations Provider authorizes and consents to the disclosure of any information concerning the Specified Secured Obligations under the Specified Secured Obligations Agreement and the Specified Secured Obligations to any other Credit Party at any time and from time to time; provided, that, in no event shall such disclosure be deemed a representation or warranty by Agent of the accuracy or completeness of such information.

4. Agent shall have no obligation to calculate the amount due and payable with respect to any Specified Secured Obligations. On a monthly basis (not later than the 10th Business Day of

each calendar month) or as more frequently as Agent shall request, the Specified Secured Obligations Provider agrees to provide Agent with a written report, in form and substance satisfactory to Agent, detailing Specified Secured Obligations Provider's reasonable determination of the credit exposure (and mark-to-market exposure) of each Loan Party and its Subsidiaries in respect of the Specified Secured Obligations provided by Specified Secured Obligations Provider pursuant to the Specified Secured Obligations Agreements. If Agent does not receive such written report within the time period provided above, and until Agent receives such written report, Agent shall be entitled to assume that the reasonable determination of the credit exposure of each Loan Party and its Subsidiaries with respect to the Specified Secured Obligations provided pursuant to the Specified Secured Obligations Agreements is zero.

5. Upon the request of Specified Secured Obligations Provider and the delivery to Agent of a written report, in form and substance satisfactory to Agent, detailing Specified Secured Obligations Provider's reasonable determination of the credit exposure (and mark-to-market exposure) of each Loan Party and its Subsidiaries in respect of the Specified Secured Obligations provided by Specified Secured Obligations Provider pursuant to the Specified Secured Obligations Agreements, Agent will promptly establish reserves equal to the sum of all such credit exposure (and mark-to-market exposure); provided, that, the maximum amount of Specified Secured Obligations to be secured by the Collateral is \$[]. Specified Secured Obligations Provider further acknowledges and agrees that Agent shall establish and maintain the reserves in respect of any of the Specified Secured Obligations arising out of the Specified Secured Obligations Agreements as determined pursuant to this agreement and that if reserves are established there is no obligation on the part of Agent to determine or insure whether the amount of any such reserve is appropriate or not. Specified Secured Obligations Provider acknowledges and agrees that Agent shall be entitled to rely on the information in the reports described above to establish the Specified Secured Obligations Reserve Amount in respect of the Specified Secured Obligations arising under the Specified Secured Obligations Agreements. Upon receipt of any request from the Specified Secured Obligations Provider, Agent shall increase or decrease the reserve as requested by Specified Secured Obligations Provider, provided, that, as of the date of any such increase and after giving effect thereto, the aggregate amount of the increase of any such reserve shall not result in (a) an Overadvance (as such term is defined in the Credit Agreement) or (b) the aggregate amount of all Reserves established or maintained in respect of Specified Secured Obligations described herein or in any other Specified Secured Obligations Provider Notice exceeding \$25,000,000. Agent is hereby irrevocably authorized, subject to the provisions of the Credit Agreement, to comply with such request from Specified Secured Obligations Provider without any inquiry as to such Specified Secured Obligations Provider's right or authority to request such increase or decrease as the case may be and Agent is and shall be fully protected in acting in accordance therewith.

6. All notices and other communications provided for hereunder shall be given in the form and manner provided in Section 9.02 of the Credit Agreement, and, if to Specified Secured Obligations Provider at its address set forth below its signature hereto. Agent and Lenders are relying upon this Notice. This Notice will be binding upon Specified Secured Obligations Provider, Loan Parties and their respective successors and assigns and inure to the benefit of Agent and its successors and assigns. Notwithstanding anything herein or in any other Loan Document, the Grantors shall not be required to perfect the Agent's security interest in (i) motor vehicles and other assets subject to certificates of title to the extent a Lien thereon cannot be perfected by the filing of a UCC financing statement, (ii) Letter-of-Credit Rights, (iii) disbursement accounts and (iv) any property as to which the Agent shall agree in writing that the cost of obtaining a security interest or perfection thereof would be excessive in relation to the value of the security to be afforded thereby. For purposes of this Agreement, "**Requirements of Law**" shall mean, as to any Person, the certificate of incorporation and by-laws or other organizational or governing documents of such Person, and any law, treaty, rule or regulation or determination of an arbitrator or a court or other Governmental Authority, in each case applicable to or binding upon such Person or any of its property or to which such Person or any of its property is subject.

Without limiting the generality of the foregoing, this Agreement secures, as to each Grantor, the payment of all amounts that constitute part of the Secured Obligations and would be owed by such Grantor or Subsidiary of the Company, as applicable, to any Secured Party under the Loan Documents, the Specified Secured Creditor Agreements or the Bank Product Agreements but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving any of the Loan Parties and other Subsidiaries of the Company.

Section 3. **Grantors Remain Liable.** Anything herein to the contrary notwithstanding, (a) each Grantor shall remain liable under the contracts and agreements included in such Grantor's Collateral to perform all of its duties and obligations thereunder to the extent set forth therein to the same extent as if this Agreement had not been executed, (b) the exercise by the Agent of any of the rights hereunder shall not release any Grantor from any of its duties or obligations under the contracts and agreements included in the Collateral and (c) no Secured Party shall have any obligation or liability under the contracts and agreements included in the Collateral by reason of this Agreement or any other Loan Document, nor shall any Secured Party be obligated to perform any of the obligations or duties of any Grantor thereunder or to take any action to collect or enforce any claim for payment assigned hereunder.

With respect to any Pledged Equity existing on the Closing Date, the transfer or assignment of which is subject to (x) certain corporate actions by the holders of or issuers of Initial Pledged Equity issued by Foreign Subsidiaries which have not occurred as of the Closing Date despite the Grantors' use of commercially reasonable efforts to cause such corporate actions to occur prior to the Closing Date or (y) governmental approvals or consents which have not been obtained as of the Closing Date despite the Grantors' use of commercially reasonable efforts to cause such approvals or consents to be obtained prior to the Closing Date, the Grantors shall cause such corporate actions to occur or shall obtain such approvals or consents within 45 days after the Closing Date (or such later date as the Administrative Agent shall reasonably agree).

(b) With respect to any Security Collateral representing interests in which any Grantor has any right, title or interest and that constitutes an uncertificated security, such Grantor will use commercially reasonable efforts (or in the case of a wholly-owned Subsidiary, take all actions necessary) to cause (i) the issuers of such Security Collateral and (ii) any securities intermediary which is the holder of any such Security Collateral, to cause the Agent to have and

retain, subject to the Intercreditor Agreement, Control over such Security Collateral. Without limiting the foregoing, such Grantor will, with respect to any such Security Collateral held with a securities intermediary, use commercially reasonable efforts to cause such securities intermediary to enter into a control agreement with the Agent, in form and substance reasonably satisfactory to the Agent, giving the Agent Control, subject to the Intercreditor Agreement.

(c) With respect to any securities or commodity account and any Security Collateral that constitutes a security entitlement (other than a security entitlement which is an uncertificated security, which for the avoidance of doubt shall be subject to the preceding Section 4(b)), within 60 days after the Closing Date (or such later date as the Administrative Agent shall reasonably agree), the relevant Grantor will cause the securities intermediary with respect to such security or commodity account or security entitlement to identify in its records the Agent as the entitlement holder thereof or enter into a control agreement with the Agent, in form and substance reasonably satisfactory to the Agent, giving the Agent Control, subject to the Intercreditor Agreement.

(d) Subject to the Intercreditor Agreement and upon the occurrence and during the continuance of an Event of Default, each Grantor shall cause the Security Collateral to be registered in the name of the Agent or such of its nominees as the Agent shall direct, subject only to the revocable rights specified in Section 12(a). In addition, the Agent shall have the right upon the occurrence and during the continuance of an Event of Default to convert Security Collateral consisting of financial assets credited to any securities account or the L/C Cash Deposit Account to Security Collateral consisting of financial assets held directly by the Agent, and to convert Security Collateral consisting of financial assets held directly by the Agent to Security Collateral consisting of financial assets credited to any securities or commodity account or the L/C Cash Deposit Account.

(e) Upon the occurrence and during the continuance of an Event of Default, each Grantor will notify each issuer of Security Collateral granted by it hereunder that such Security Collateral is subject to the security interest granted hereunder.

Section 20. Grant of Intellectual Property License. For the purpose of enabling Agent, upon the occurrence and during the continuance of an Event of Default, to exercise rights and remedies under Section 19 hereof at such time as Agent shall be lawfully entitled to exercise such rights and remedies, and for no other purpose, each Grantor hereby grants to Agent, to the extent assignable, an irrevocable, non-exclusive license (exercisable without payment of royalty or other compensation to such Grantor), subject, in the case of Trademarks, to sufficient rights to quality control and inspection in favor of such Grantor to avoid the risk of invalidation of such Trademarks, to use, assign, license or sublicense any of the Intellectual Property, including any labels, Patents, Trademarks, trade names, URLs, domain names, industrial designs, Copyrights, and advertising matter, now owned or hereafter acquired, developed or created by such Grantor, wherever the same may be located.
