REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Savings and Investment
Plan Committee and the Participants of
Eastman Kodak Employees' Savings
and Investment Plan

We have audited the accompanying statements of net assets available for benefits of Eastman Kodak Employees' Savings and Investment Plan (the Plan) as of December 30, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Eastman Kodak Employees' Savings and Investment Plan as of December 30, 2005 and 2004, and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 30, 2005, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Respectfully submitted,

EASTMAN KODAK EMPLOYEES' SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 30, 2005 AND 2004

NOTE 1: DESCRIPTION OF PLAN

General

The Eastman Kodak Employees' Savings and Investment Plan (the Plan or SIP) is a defined contribution plan of a controlled group of corporations consisting of Eastman Kodak Company and certain subsidiaries operating in the United States (Kodak or the Company). The principal provisions of the Plan are described below and are provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the Employee Retirement Income Security Act of 1974.

Regular full-time, regular part-time, supplementary or conditional employees of Kodak are eligible to participate in the Plan. Kodak Ambassadors, co-ops and special program employees are not eligible to participate in the Plan.

The Plan is administered by the Savings and Investment Plan Committee (SIPCO), which is the Plan Administrator and named fiduciary. The Trust is administered by Mellon Financial Corporation (Mellon or the Plan Trustee).

Plan participants are able to direct the investment of their Plan holdings (employer and employee) into various investment options offered under the Plan on a daily basis. The investment options consist of thirty-six funds comprised of common and preferred stocks, corporate bonds, mutual funds, common/collective trusts (pooled) funds, group annuity and other investment contracts, and U.S. government securities.

Administrative Expenses

The Plan provides for the payment of certain administrative expenses by the Trust, including fees for investment advisors, the record keeper, the Plan Trustee, attorneys and accountants. The record keeper is T. Rowe Price Retirement Plan Services, Inc.

Contributions

The Plan includes a salary reduction provision allowing eligible Kodak participants to defer up to a certain percentage of qualifying compensation as defined in the Plan. The maximum deferral for Plan years 2005 and 2004 was limited to 75% of the aggregate of qualifying compensation and wage dividend, but not more than the statutory limit. Effective January 1, 2000, the Company began to match SIP contributions for an amount up to 3% of wages for employees who contributed up to 5% of their wages to SIP and who also participated in the Cash Balance Plus portion of the Kodak Retirement Income Plan. All contributions to the Plan are immediately vested. Mellon invests participant and employer contributions to the Plan into the investment funds, as directed by the participant. Participants are eligible to make transfers between investment funds on a daily basis. Company match funds cannot be used for loans or hardship withdrawals.

NOTE 1: DESCRIPTION OF PLAN (continued)

Loans

The Plan Administrator may grant a loan to a participant provided that the aggregate of the participant's outstanding loans will not exceed the lesser of: 1) \$50,000 less the highest outstanding loan balance during the previous 12 months, or 2) 50% of the current value of the participant's account excluding any Company match funds. A new loan must be at least \$1,000 and repaid over a period not to exceed five years from the date of the loan. In accordance with the Plan provisions, the rate of interest is fixed at the discretion of the Plan Administrator. Interest is charged at the lesser of the maximum legal rate or the prime rate. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.00% to 9.5% in 2005 and 2004, which are commensurate with local prevailing rates as determined by the Plan Administrator.

Distributions

Distributions from the Plan are made under the following circumstances:

1. The Plan Administrator, or its designee makes approval of hardship withdrawals. Hardship withdrawals will only be granted a) in order to meet obligations relating to the payment of substantial out-of-pocket medical (or dental) bills for the participant, the participant's spouse or any of the participant's dependents, b) for the purchase or construction of a primary residence, c) for tuition, room and board or other post-secondary educational expenses, or d) for payments to prevent eviction/foreclosure.
2. Upon attaining age 59 1/2, a participant may elect to receive a lump sum cash distribution from the Plan while still actively employed.
3. Upon separation from service for any reason except death, the full value of a participant's account is distributed as a lump sum if the account balance is less than a certain amount as defined in the Plan and the participant is not retirement eligible. Otherwise, the full value of the account is distributed when and as designated by the participant in a lump sum payment, or in monthly or annual installments. If the participant does not make an appropriate designation, the account is paid in a lump sum cash payment in February following the year the participant turns age 65.
4. In the event of death, the value of a participant's account is paid in a lump sum to a designated beneficiary, if any, or to the decedent's estate, except if there is a surviving spouse, then the entire sum will be paid to such spouse unless the spouse consents to the beneficiary designation of the participant.
5. The Plan Trustee is authorized to honor "qualified domestic relations orders" issued and served in accordance with Section 414(p) of the Internal Revenue Code.

NOTE 1: DESCRIPTION OF PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, if applicable, and an allocation of Plan earnings, and charged with the participant's withdrawals and with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Termination

While Kodak expects to continue the Plan, it has the right to discontinue contributions and amend or terminate the Plan at any time. In the event that contributions to the Plan are discontinued, the Plan Trustee will continue to administer the Trust. In the event of the termination of the Trust as a result of or incident to termination of the Plan, the participants will be paid in accordance with the provisions of the Plan and ERISA.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan operates on a fiscal year ending December 30.

The Plan's financial statements have been prepared on the accrual basis of accounting. Distributions to participants are recorded when paid.

Investment Valuation and Income Recognition

The group annuity and other investment contracts are included in the financial statements at contract value because they are fully benefit responsive. In aggregate, the recorded value of the group annuity and other investment contracts approximates their fair value. Interest rates on these contracts remain fixed and are not reset until a contract matures, or as required under the contract. There is no minimum crediting interest rates under the terms of the contracts. Effective annual yields on these contracts ranged between 4.92% and 8.15% in 2005 and 3.72% and 8.39% in 2004, depending on the date of the contribution, transfer or rollover. The blended rate of return on the Fixed Income Fund was approximately 6.09% in 2005 and 6.30% in 2004.

Interest in common/collective trusts (pooled) funds reflects fair value based on the unit prices quoted by the fund, representing the fair value of the underlying investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at December 30. Current values of all other investments are based upon active market quotations on national exchanges, if available, at December 30, or, if not available, upon amounts believed by the Plan Administrator to be realizable at that time. Loans to participants are valued at cost, which approximates fair value.

Investments in futures contracts have daily variation margin payments that are made to or received from the counterparty for changes in the market value of futures contracts and are recorded as realized gains and losses. Accordingly, there is no net value for these investments. The Plan's investment in futures contracts was not material during 2005 or 2004.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, credit and market volatility. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risk in the near term could have a material effect on participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

In the normal course of business, the Plan enters into agreements that contain a variety of representations and warranties, which provide general indemnifications. The Plan's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Plan that have not yet occurred. However, based on experience, the Plan expects the risk of loss to be remote.

NOTE 3: INVESTMENTS

The Plan Trustee is not required to furnish a bond in connection with the custody of investments or other assets of the Plan.

The Plan Trustee is authorized to keep any portion of any of the foregoing funds in cash or liquid investments, as it may deem advisable.

The Plan Trustee reinvests all dividends, interest or gains derived from investments in each Fund in the respective Fund.

NOTE 4: NET REALIZED AND UNREALIZED GAINS (LOSSES) FROM INVESTMENTS

Net realized and unrealized gains / (losses) from investments for the fiscal year ended on December 30 are:

TOTAL			\$ 941,936 =====

NOTE 6: FEDERAL INCOME TAX STATUS

In November 2002, the Plan received a favorable tax determination letter from the Internal Revenue Service (IRS) in which the IRS stated that the Plan is in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving such letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7: RELATED PARTY TRANSACTIONS

During 2005 and 2004, certain Plan investments were shares of mutual funds managed by T. Rowe Price. T. Rowe Price Retirement Plan Services, Inc. has been the record keeper since January 1, 2002; therefore, these transactions constitute related party transactions. Fees paid by the Plan to T. Rowe Price for management services amounted to \$1,592,994 and \$2,178,638 for the fiscal years ended December 30, 2005 and 2004, respectively.

The Kodak Stock Fund, the SIP Smaller Stock Fund, and the Fixed Income Fund hold small amounts of cash invested in short-term investments. Mellon Trust, the parent of the Plan Trustee, manages these short-term investments; therefore, these transactions constitute related party transactions.

NOTE 7: RELATED PARTY TRANSACTIONS (continued)

The Kodak Stock Fund is not actively managed, but Mellon buys, sells and holds the assets for this fund including the cash that is necessary to maintain liquidity. During the years ended December 30, 2005 and 2004, the Plan purchased shares in the Fund in the amount of \$6,757,910 and \$11,009,627, sold shares in the Fund in the amount of \$19,336,937 and \$29,634,400, and had net appreciation/(depreciation) in the Fund in the amount of \$(29,271,889) and \$26,456,658, respectively. The total value of the Plan's investment in the Fund was \$73,792,558 and \$117,094,457 at December 30, 2005 and 2004, respectively.

NOTE 8: SUBSEQUENT EVENT

Effective April 3, 2006, the Plan changed the investment options available to the participants. The Plan added the following tier one investment options: T.Rowe Price Retirement 2005, T.Rowe Price Retirement 2015, T.Rowe Price Retirement 2025, T.Rowe Price Retirement 2035, and T.Rowe Price Retirement 2045. The Plan also eliminated the Plan's tier three funds, which were the following investment options: PIMCO Opportunity Fund, American Century Emerging Markets Fund, Artisan International Fund, Batterymarch Small Cap Equity Fund, Cohen & Steers Realty Fund, Fidelity Growth & Income Fund, Fidelity Puritan Fund, First Eagle Fund of America, Growth Fund of America, Hotchkis & Wiley Mid-Cap Value Fund, MFS International Discovery Fund, Morgan Stanley Institutional International Equity Fund, PIMCO Total Return Fund, Salomon Brothers Institutional High Yield Fund, SIP Managed International Stock Fund, Skyline Special Equities Fund, T.Rowe Price Blue Chip Growth Fund, T.Rowe Price Equity Income Fund, T.Rowe Price New Era Fund, T.Rowe Price Science & Technology Fund, T.Rowe Price Small Cap Value Fund, Templeton Developing Markets Fund, and Turner Midcap Growth Fund. These funds are being replaced by a brokerage window that allows participants to invest in a variety of mutual funds. On December 28, 2006, any participant who has a balance remaining in a tier three fund will have their balance transferred to a T.Rowe Price Retirement Fund whose target date is closest to the year they reach age 65. Participants who had contributions being directed to a tier three fund will have their contributions directed to a T.Rowe Price Retirement Fund whose target date is closest to the year they reach age 65, effective April 4, 2006, unless they specify otherwise.
