To the Savings and Investment
Plan Committee and the Participants of the Eastman Kodak Employees' Savings
and Investment Plan

In our opinion, the financial statements and related schedules listed in the index appearing on page 2 of this Annual Report on Form 11-K present fairly, in all material respects, the net assets of the Eastman Kodak Employees' Savings and Investment Plan at December 30, 2000 and 1999, and the changes in net assets for each of the three fiscal years in the period ended December 30, 2000, in conformity with accounting principles generally accepted in the United States. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for the opinion expressed above.

PricewaterhouseCoopers LLP

(See accompanying notes to financial statements)

NOTE 1: DESCRIPTION OF PLAN
General
The Eastman Kodak Employees' Savings and Investment Plan (the Plan or SIP) is a defined contribution plan of a controlled group of corporations consisting of Eastman Kodak Company and certain United States subsidiaries operating in the United States (Kodak or the Company). The principal provisions of the Plan are described below and are provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Regular full-time, regular part-time, supplementary or conditional employees of Kodak are eligible to participate in the Plan. Kodak Ambassadors, co-ops and special program employees are not eligible to participate in the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974.

The Plan is administered by the Savings and Investment Plan Committee (SIPCO), which is the Plan Administrator and named fiduciary. The Trusts, forming part of the Plan, are administered by Boston Safe Deposit and Trust Company (Boston Safe) and until September 1998, Fidelity Management Trust Company (Fidelity) (together the Plan Trustees).

Plan Amendments and Other Changes
Effective February 1, 2001, the Acorn International Fund was replaced by the Artisan International Fund. Participants in the Acorn International Fund had the opportunity to elect to transfer their balance to the Artisan International Fund. If no election was made, any account balance remaining as of January 31, 2001 was automatically transferred to the Fixed Income Fund. Effective October 1, 2000, transfers, deferrals and rollovers into the Acorn International Fund were not allowed after November 30, 2000.

Effective April 1, 2000, the Newport Tiger Fund was replaced by the Matthews Pacific Tiger Fund I. Participants in the Newport Tiger Fund had the opportunity to elect to transfer their balance to the Matthews Fund. If no election was made, any account balance remaining as of March 30, 2000 was automatically transferred to the Fixed Income Fund. Also effective April 1, 2000, participants transfering all or any portion of their account into certain funds, were not able to transfer any portion of their account out of those funds or reallocate among funds until the first business day following the seventh calendar day of such transfer.

Effective January 1, 2000, the Company began to match SIP contributions for an amount up to $3 \%$ of wages for employees who contributed up to $5 \%$ of their wages to SIP and who also participated in the Cash Balance Plus portion of the Kodak Retirement Income Plan. This matching contribution is allocated to one or more of the funds in the same manner as the participant's elective contributions are allocated on the date the match is received. Participants are immediately vested in the SIP Company match but those funds cannot be used for loans or hardship withdrawals.

Effective December 31, 1998, the maximum salary deferral rate was increased from 18 percent to 20 percent of pay for eligible Kodak participants.

During plan years ended December 30, 1997 and 1994, Kodak sold the sales, marketing and equipment service operations of its Office Imaging business to Danka Business Systems PLC (Danka) and its Clinical Diagnostics Division (CDD) to Johnson \& Johnson, respectively. Since those plan years, the account balances of the Office Imaging and CDD participants were reported as a liability in the accompanying financial statements. In June 1998, a determination letter was received from the IRS with respect to the SIP and the successor plans. In September 1998, the account balances of active Office Imaging and CDD participants were transferred to the respective successor plans. The account balances of Office Imaging and CDD participants who terminated or retired prior to September 1998 were not transferred to the successor plans and continue to remain in SIP. An adjustment to reflect the account balances of these participants was recorded in the 1998 Statement of Changes in Net Assets.

On December 31, 1993, Kodak spun off its worldwide chemical business, Eastman Chemical Company (ECC or Eastman). Subsequent to the spin-off, account balances of the ECC participants were liquidated and the proceeds invested in newly-created funds within the Plan that were managed until September 1998 by Fidelity, the trustee for ECC participants. Since January 1, 1994, all salary deferrals of ECC participants have been contributed to the Eastman Investment Plan (EIP). The provisions of the Plan described below with respect to loans and distributions applied equally to the ECC participants in the Plan until September 1998. Updated determination letters from the IRS with respect to the SIP and EIP plans have been received, and the account balances of ECC participants were transferred from SIP to EIP in September 1998. Until that time, the balances of these participants were reflected as a liability in the accompanying financial statements.

## Administrative Expenses

The Plan provides for the payment of certain administrative expenses by the Trusts, including fees for investment advisors, recordkeepers, the Plan Trustees, attorneys and accountants. The recordkeepers are Hewitt Associates and until September 1998, Fidelity.

The Plan includes a salary reduction provision allowing eligible Kodak participants to defer up to a certain percentage of qualifying compensation as defined in the Plan. The maximum deferral for Plan year 2000 was limited to $20 \%$ ( $20 \%$ for Plan year 1999 and $18 \%$ for Plan year 1998) of the aggregate of qualifying compensation and Wage Dividend, but not more than the statutory limit of $\$ 10,500$ for calendar year 2000 ( $\$ 10,000$ for calendar years 1999 and 1998). All contributions to the Plan are immediately vested. Boston Safe invests contributions to the Plan into the investment funds described in Note 3, as directed by the participant. Participants are eligible to make transfers between investment funds on a daily basis.

## Loans

The Plan Administrator may grant a loan to a participant provided that the aggregate of the participant's outstanding loans will not exceed the lesser of: 1) $\$ 50,000$ less the highest outstanding loan balance during the previous 12 months, or 2) $50 \%$ of the current value of the participant's account excluding any Company match funds. A new loan must be at least $\$ 1,000$ and repaid within four years of the date of the loan. In accordance with the Plan provisions, the rate of interest is fixed at the discretion of the Plan Administrator. Interest is charged at the lesser of the maximum legal rate or the prime rate. (See Note 4.)

## Distributions

Distributions from the Plan are made under the following circumstances: 1. Approval of hardship withdrawals is made by the Plan Administrator or its designee. Hardship withdrawals will only be granted a) in order to meet obligations relating to the payment of substantial out-of-pocket medical (or dental) bills for the participant, the participant's spouse or any of the participant's dependents, b) for the purchase or construction of a primary residence, c) for tuition, room and board or other post-secondary educational expenses, or d) for payments to prevent eviction/foreclosure.
2. Upon attaining age $591 / 2$, a participant may elect to receive a lump sum cash distribution from the Plan while still actively employed.
3. Upon separation from service for any reason except death, the full value of a participant's account is distributed as a lump sum if the account balance is less than a certain amount as defined in the Plan and the participant is not retirement eligible. Otherwise, the full value of the account is distributed when and as designated by the participant in a lump sum payment, or in monthly or annual installments. If an appropriate designation is not made by the participant, the account is paid in a lump sum cash payment in February following the year the participant turns age 65.
4. In the event of death, the value of a participant's account is paid in a lump sum to a designated beneficiary, if any, or to the decedent's estate, except that if there is a surviving spouse, then the entire sum will be paid to such spouse unless the spouse consents to the beneficiary designation of the participant.
5. The Plan Trustee is authorized to honor "qualified domestic relations orders" issued and served in accordance with Section 414(p) of the Internal Revenue Code.

Plan Termination
While Kodak expects to continue the Plan, it has the right to discontinue contributions and amend or terminate the Plan at any time. In the event that contributions to the Plan are discontinued, the Plan Trustee will continue to administer the Trust. In the event of the termination of the Trust as a result of or incident to termination of the Plan, the pro rata value of the participants' accounts will be paid in accordance with the provisions of the Plan.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES
Basis of Accounting
The Plan operates on a fiscal year ending December 30.
The Plan's financial statements have been prepared on the accrual basis of accounting. Distributions payable to participants are recorded when the request for payment meeting the provisions of the Plan is received

Investment Valuation and Income Recognition
The group annuity contracts are included in the financial statements at contract value because they are fully benefit responsive. In aggregate, the recorded value of the group annuity contracts approximates their fair value. Interest rates on these contracts remain fixed and are not reset until a contract matures. There are no minimum crediting interest rates under the terms of the contracts. Interest in common/collective trusts (pooled) funds reflects market values as determined by the managers of such funds. Fair values of all other investments are based upon active market quotations on national exchanges, if available, at December 30, or, if not available, upon amounts believed by the Plan Administrator to be realizable at that time.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at year end and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## Reclassifications

Certain account balances at December 30, 1999 have been reclassified to conform to the 2000 presentation.

NOTE 3: INVESTMENTS
The Plan Trustee is not required to furnish a bond in connection with the custody of investments or other assets of the Plan.

The Plan Trustee is authorized to keep any portion of any of the foregoing funds in cash or liquid investments as it may deem advisable.

All dividends, interest or gains derived from investments in each Fund are reinvested in the respective Fund by the Plan Trustee.

Funds at Boston Safe
TIER I: TIME HORIZON FUNDS - All Time Horizon Funds are pre-mixed portfolios of TIER II Funds.

5 to 8 Year Time Horizon Fund
This fund is designed for participants who expect to withdraw from the Plan and use these funds relatively soon, or for participants who have a low tolerance for volatility. The fund is broadly diversified, and has a 45/55 mix of equity and fixed income.

8 to 20 Year Time Horizon Fund

This fund is designed for participants who expect to leave their funds invested for a reasonably long period of time, and/or for participants who are willing to accept some volatility. The fund is broadly diversified, but has a 75/25 mix of equity and fixed income.

20 or More Year Time Horizon Fund
This fund is designed for participants who expect to leave their funds invested for a long period of time, and/or for participants who are willing to accept more volatility. The fund is broadly diversified in equities.

The fund's assets are invested primarily in contracts with insurance companies. Effective annual yields on these contracts ranged between 5.08\% and $10.10 \%$ in 2000, 1999 and 1998, respectively, depending on the date of the contribution, transfer or rollover. The blended rate of return on the Fixed Income Fund was approximately $7.6 \%$ in 2000 (7.6\% in 1999 and $7.9 \%$ in 1998)

Lehman Brothers Aggregate Bond Index Fund
This fund is designed to duplicate the total return of the overall U.S. bond market. It is composed of securities found in the Lehman Brothers Government/Corporate Bond Index, Mortgage-Backed Securities Index, and AssetBacked Securities Index.

S\&P 500 Large Stock Index Fund
This fund invests in all 500 stocks that compose the Standard \& Poor's 500 Index.

Non-U.S. Stock Index Fund
This fund is composed of two indices: one covering securities from non-U.S. developed countries (MSCI EAFE Index), and the other covering securities from non-U.S. developing countries (MSCI Emerging Markets Free Index ex-Malaysia).

Russell 2000 Small Stock Index Fund

This fund is designed to replicate the returns of the Russell 2000 Index, which represents the small company segment of the U.S. stock market. The index consists of the 2,000 smallest securities of the largest 3,000 U.S. stocks and is recognized as a standard measure of performance for the small company segment of the U.S. stock market.

Kodak Stock Fund
This fund consists primarily of shares of Eastman Kodak Company common stock.

TIER III: MANAGED FUNDS
PIMCO Total Return Fund

This is an intermediate maturity bond fund with a total return orientation. The average quality rating of bonds in the portfolio is investment grade, including U.S. government, corporate, and mortgage-backed securities. Up to $10 \%$ of assets may be in "high yield," below investment grade bonds, and up to $20 \%$ may be in foreign bonds of currencies other than the U.S. dollar but generally hedged back to the dollar.

This is a corporate, credit sensitive bond fund seeking to provide a combination of high current income and long-term total return. Securities with high yields are usually rated below investment grade and are commonly referred to as "junk bonds."

Fidelity Puritan Fund
This fund is a balanced fund of stocks and bonds managed to produce high current income with preservation of capital and consideration for potential growth of capital.
T. Rowe Price Equity Income Fund

This is a large company stock fund with a current income orientation. Its goal is to provide substantial dividend income and also long-term capital appreciation.

Fidelity Growth and Income Fund
This is a large company stock fund managed with a value orientation. Its goal is high total return through a combination of current income and capital appreciation.

Putnam Investors Fund
This is a large company stock fund managed with a blended growth/value orientation. Its goal is long-term growth of capital from a portfolio primarily consisting of quality common stock.

Putnam Vista Fund
This is a mid-size company stock fund with a growth orientation. The goal is above-average growth.

PBHG Growth Fund
This is a mid-size company stock fund with an aggressive growth orientation. The fund's goal is capital appreciation.
T. Rowe Price Small-Cap Value Fund

This is a small company stock fund with a value orientation. The fund seeks long-term capital growth.

Skyline Special Equity Fund
This is a small company stock fund with a value orientation. Its goal is maximum capital appreciation. Between February 1, 1998 and April 8, 1999, this fund was closed to transfers and rollovers but remained open to salary and wage dividend deferrals.

This is a small company fund with an aggressive growth orientation. The fund seeks capital appreciation.

MAS Value Fund
This is a multi-sized company stock fund with a value orientation. Its goal is to provide above-average long-term total return consisting of both capital appreciation and income.

RogersCasey Smaller Stock Fund
This fund is a multi-sized company stock fund, with a smaller sized company orientation, utilizing a multiple manager approach. The fund seeks to provide consistency of total returns over time through use of experienced investment managers with a blend of growth, value, and benchmark-related styles.

MFS Institutional Research Fund
This is a multi-sized company stock fund with a blended growth/value orientation. Its goal is long-term growth of capital and future income.

Putnam Voyager Fund
This is a multi-sized company stock fund with an aggressive growth orientation. The fund seeks maximum growth.

Cohen \& Steers Realty Fund
This is a specialty stock fund investing primarily in Real Estate Investment Trusts. The fund seeks maximum total return through both current income and capital appreciation.

First Eagle Fund of America
This is a specialty stock fund investing primarily in stocks of undervalued companies that are being restructured to increase returns to shareholders. The fund's goal is capital appreciation.
T. Rowe Price Blue Chip Growth Fund

This is a specialty stock fund investing primarily in stocks of large- and mid-size companies that are "blue chip" - that is, high-quality growth companies. The fund seeks long-term growth of capital; income is secondary.
T. Rowe Price New Era Fund

This is a specialty stock fund investing primarily in companies that own or develop natural resources and other basic commodities intended to act as a hedge against inflation. The fund seeks long-term capital appreciation.

This is an aggressive specialty stock fund investing in multi-sized companies expected to benefit from scientific and technological progress. The fund seeks long-term growth of capital.

Morgan Stanley Dean Witter Institutional International Equity Fund
This is an international stock fund investing primarily in developed countries with a large company, value orientation. The fund seeks long-term capital appreciation.

Russell International Stock Fund
This fund is an international stock fund using a multiple manager approach, with $90 \%$ allocated to managers of stocks in developed markets and $10 \%$ allocated to managers of stocks in emerging markets. The fund seeks to provide consistency of total returns over time through use of experienced investment managers with a blend of growth, value, and benchmark-related styles.

## Acorn International Fund

This is an international stock fund with an all-markets approach, investing in small- to mid-size companies with a value orientation primarily in developed countries but also in emerging markets. The fund seeks long-term growth of capital. Between October 30, 1999 and March 31, 2000, this fund was closed to transfers and rollovers. After November 30, 2000, transfers, deferrals and rollovers into this fund were not allowed. Effective February 1, 2001, this fund was replaced (See Note 1).

State Street Emerging Markets Index Fund
This is an indexed emerging markets stock fund, diversified across regions, countries, and securities in the benchmark. The fund seeks maximum capital appreciation. Between October 30, 1999 and March 31, 2000, this fund had been closed to transfers and rollovers.

Templeton Developing Markets Fund
This is an emerging markets stock fund, diversified across regions and countries, with a value orientation. The fund seeks long-term capital appreciation. Between October 30, 1999 and March 31, 2000, this fund was closed to transfers and rollovers.

Matthews Pacific Tiger Fund I (formerly Newport Tiger Fund)
This is an emerging markets stock fund with a regional focus on the Pacific Basin excluding Japan. The fund seeks capital appreciation.

This is an emerging markets stock fund with a regional focus on Latin America. The fund seeks long-term capital appreciation.

Funds at Fidelity

As discussed in Note 1, the Funds at Fidelity have been transferred to the successor plan as of September 1998. However, these funds are described below for purposes of understanding the financial statements herein.

The Kodak Stock Fund consisted of shares of Eastman Kodak Company common stock.

The Eastman Stock Fund consisted primarily of shares of Eastman Chemical Company common stock.

The Fidelity Managed Income Portfolio was a fixed income fund consisting of investment contracts with one or more financial institutions that paid interest to the fund. The rate of interest paid to the fund changed as investment contracts matured and new contracts were purchased.

The Fidelity Fund sought long-term capital growth and reasonable current income. It focused on investments in companies that the fund's manager believed were marked by solid balance sheets and good prospects for growth. Investments were diversified across a variety of market sectors.

The Fidelity Puritan Fund was a balanced fund of stocks and bonds managed to produce high current income with preservation of capital and consideration for potential growth of capital.

The Fidelity Magellan Fund was a growth fund seeking long-term capital appreciation by investing in stocks, and corporate securities convertible into stocks, of domestic, multinational and foreign companies that the fund's manager believed offered potential for growth, which also led to a correspondingly higher level of risk.

The Fidelity Contrafund was a growth fund seeking long-term capital appreciation by investing primarily in securities of companies believed by the fund's manager to be out of favor and undervalued.

The Fidelity International Growth \& Income Fund, a growth and income mutual fund that invested internationally, sought to increase the value of investments over the long term through capital growth while also providing current income.

The Fidelity U.S. Equity Index Portfolio was an index mutual fund that sought to duplicate the composition and total return of the Standard \& Poor's Composite Index of 500 Stocks.

The number of participants in each fund was as follows:

The total number of participants in the Plan was less than the sum of the number of participants shown above because many participants invest in more than one fund.

NOTE 4: LOANS TO PARTICIPANTS
The Plan Trustee makes loans to participants in accordance with Plan provisions. A loan made to a participant of the Plan is accounted for as a fund-to-fund transfer from the participant's investment account to a fund known as the "Loan Fund." The Plan's receivables for participant loan notes receivable are recorded as assets of the Loan Fund. As the loan is repaid, both the principal and interest are allocated to fund(s) to which the participant's current contributions are directed. The portion of the loan payment representing principal is accounted for as a fund-to-fund transfer from the Loan Fund to the participant's investment fund(s) and the portion of the loan payment representing interest is accounted for as income in the same fund(s). No plan participant benefits from the interest earned on a loan other than the participant who originated the loan.

NOTE 4: LOANS TO PARTICIPANTS (Cont'd)
Interest income earned on loans to participants for the fiscal years ended December 30 was:

|  | (in thousands) |  |  |
| :---: | :---: | :---: | :---: |
|  | 2000 | 1999 | 1998 |

Consistent with Department of Labor regulations, the components of net realized and unrealized gains and losses from investments are calculated for purposes of Form 5500 based on an investment's current value at the beginning of the year, or acquisition cost if acquired during the year (revalued cost). For purposes of determining realized gains and losses, the revalued costs of investments sold are determined based upon a weighted average basis.

NOTE 6: UNIT VALUES AND PARTICIPANT UNITS

## NOTE 8: FEDERAL INCOME TAX STATUS

In June 1998, the Plan received a favorable tax determination letter from the Internal Revenue Service in which the Internal Revenue Service stated that the Plan is in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving such letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 9: RELATED PARTY TRANSACTIONS
During 1998, certain Plan investments were shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company was the trustee for ECC participants until September 1998; therefore, these transactions constitute related party transactions. Fees paid by the Plan to Fidelity Investments for management services amounted to $\$ 41,000$ for the fiscal year ended December 30, 1998.

Investment securities are exposed to various risks, such as interest rate and market. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risk in the near term could have materially affected participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.
